10. Members are requested to notify to the Company change in their addresses immediately.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING ARE AS UNDER:

- (i) The voting period begins on **Tuesday 27th September, 2022** at **9.00 A.M** and ends on **Thursday 29th September, 2022** at **5.00 P.M.** During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date **Thursday 22nd September, 2022** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated **09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants.** Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular **no. SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

ANNEXURE-D

MANAGEMENT DISCUSSION & ANALYSIS REPORT

Your Directors are pleased to present before you the Company's Management Discussion and Analysis Report for the year ended on 31.03.2022.

The management of the company is presenting herein the overview, opportunities and threats, initiatives by the company and overall strategy of the company and its outlook for the future. This outlook is based on management's own assessment and it may differ materially from those expressed or implied depending upon global and Indian demand-supply conditions, changes in government regulations, tax regimes and economic developments within India and overseas.

INDUSTRY STRUCTURE AND DEVELOPMENT

The Dairy Industry plays an important role in the socio-economic development of India. India's production of milk has strongly increased over time with significant technical, policy and institutional support. This led to significant changes in the Indian dairy sector. In fact, the Indian dairy sector has undergone significant structural changes over time and some interesting patterns are unfolding along the milk value chain.

Dairy industry in India is instrumental in providing cheap nutritional food to the vast population of India and also generates huge employment opportunities for people in the rural places. India's dairy industry is largely traditional, local and informal. Milk production is dominated by smallholders. Approximately 78 percent of milk producers are marginal and small farmers and they together contribute around 68 percent to total milk production. This trend holds true more or less across all the states. A series of efforts have been made to promote organized milk marketing in the country and several policy initiatives have been taken to develop formal milk marketing and processing institutions in the country. The Indian foods industry is growing rapidly. The Agricultural and Processed Food Products Export Development Authority (APEDA), under the Ministry of Commerce, is investing a substantial share of its budgeted allocation in promoting technology upgradation and value addition in key segments (rice, wheat, pulses oilseeds, spices, and dairy products among others).

The prospectus of the country's dairy sector is increasingly attractive. The sector's growth is being catalyzed by modern retail format growth, making it possible to stock a large product variety under one roof coupled with customer centric distribution schemes.

QUALITY & FOOD SAFETY POLICY

The Company's Quality Policy is: -

“Company is committed to manufacture and supply nutritional and safe products to satisfy customer requirements by a motivated team using eco-friendly measures with continual improvement in quality and food safety”

The Company has consistently shown quality improvement with regard to various processes, keeping strict control on deviations. Customer complaints are resolved using laid down systems of quality assurance. Several initiatives are being taken to further improve customer satisfaction in consonance with the Company's quality policy.

OPPORTUNITIES & THREATS

Strengths and Opportunities:

- Great potential for export of milk products.

- Established and expanding domestic market for dairy products.
- Increasing demand for fluid milk as well as value added Products.
- By product Utilization for import substitution.
- Huge Employment generation & opportunities for Self employment.
- Liberalized Government policies in dairy sector.
- Availability of large resources of unconventional feeds and fodders for Dairy owners.
- Availability of diverse germ plasm of dairy cattle and buffaloes that have unique features like heat tolerance, disease resistance, draft ability and ability to survive, breed and produce under stress conditions.

Weaknesses and Threats:

- Entry of Multi National Companies manufacturing dairy products in domestic market.
- Increasing chemical contaminants as well as residual antibiotics in milk.
- Poor microbiological quality of milk.
- Incentive on export of quality feed ingredients particularly cakes.
- Deficiency of molasses, a rich source of energy and binding agent in feed industry and constituent of urea molasses mineral lick.
- Excessive grazing pressure on marginal and small community lands resulting in complete degradation of land.
- Extinction of the indigenous breeds of cattle due to indiscriminate use of crossbreeding programmed to enhance milk production.

The liberalization of the Dairy Industry is likely to be exploited by multi-nationals. They will be interested in manufacturing milk products which yield high profits. It will create milk shortage in the country adversely affecting the consumer.

The analysis also shows that the 'strengths' and 'opportunities' far outweigh 'weaknesses' and 'threats'. Strengths & opportunities are fundamental and weaknesses & threats are transitory.

SEGMENT WISE / PRODUCT WISE PERFORMANCE

The Company is primarily engaged in the business of manufacture, purchase and sales of a wide range of Dairy products like ghee, skimmed milk powder, whole milk powder, dairy whitener, lactose and milk. The income from these activities and export of dairy products is not materially significant in financial terms. Accordingly segment information has not been disclosed.

OUTLOOK

The growth in the Indian economy and the Indian Dairy industries sales is expected further increase in 2022 over 2021.

The future growth expected in the domestic Dairy industries will give a fillip to the dairy industry may face stagnation for couple of years after a phenomenon growth in the past. The Indian dairy industry as whole offers great potential considering the low penetration along with rising income levels and a rapidly growing middle class. These factors will witness a boost in demand for the customers. With the dairy industries fast growing in term of volume.

RISK AND CONCERNS

The major risk and concerns attributed to the performance of the company are:

- a. Although the export sales are less in comparison to domestic sales, fluctuation in foreign exchange rates and international prices of dairy products may influence the performance of the company.

- b. Increase in input costs, change in tax structure, change in interest rates, changes in Government policies/ laws of land, development and stability of Indian economy against the negative external and internal forces may also impact the overall performance of the company.
- c. Profitability may be affected on account of competition from existing and prospective manufacturers of the company's products.
- d. Dairy business is primarily influenced by monsoon. Unfavorable monsoon may affect the milk availability and Company may not get milk upto installed capacity and demand.

ADEQUACY OF INTERNAL CONTROL SYSTEMS

The Company has an adequate system of internal controls to ensure that transactions are properly authorised, recorded, and reported, apart from safeguarding its assets. Such internal controls are according to the nature of its business and size of its operations, in order to ensure that all assets are safeguarded against loss from unauthorized use or disposition and that all transactions are authorized, recorded and reported correctly and adequately. The internal control system is supplemented by well-documented policies, guidelines and procedures and reviews carried out by the Company's internal audit function, which submits reports periodically to the Management and the Audit Committee of the Board.

The performance of the Company is regularly reviewed by the Audit Committee and/or the Board of Directors to ensure that it is in consonance with the overall corporate policy and in line with pre-set objectives. The Audit Committee of the Board is headed by a non-executive independent Director and all audit findings are reported on a quarterly basis to it.

HUMAN RESOURCE DEVELOPMENT

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF KMG MILK FOOD LIMITED**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **KMG MILK FOOD LIMITED** (“the Company”), which comprise the Balance Sheet as at March 31st, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement, the Statement of Changes in Equity for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the Ind AS financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2022, the loss and other comprehensive expenses, Cash Flow Statement, and statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no Key Audit Matters to communicate in our audit report.

Emphasis of Matter

We draw attention to the following matter:

- The Internal Auditor has not been appointed by the Company during the financial year to which this report related.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, Cash flows of the company, changes in equity of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
-
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

“Annexure B” to the Independent Auditor’s Report of even date on the Financial Statements of KMG Milk Food Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of KMG Milk Food Limited (“the Company”) as of March 31st, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. Further, as per the Section 138 of the Companies Act, 2013 read with Rule 13 of Companies (Accounts) Rules, 2014, the Internal Auditor required to be appointed by the Company therefore it is advisable to the company to do the internal audit through the Internal Auditor or a firm of internal auditors.

Registered office of the company has been shifted from **New Delhi to Haryana** dated 21st January, 1999.

The name of the company has been changed from M/S Rahul Dairy & Allied Products Ltd. to **M/s KMG Milk Food Limited** dated 27th September, 2002. The Company is listed on the Bombay Stock Exchange. The address of the Company's registered office is 9th Kilometer Stone Pipli Toambala, Village Masana, Kurukshetra, Haryana.

The main activity of the company is Processing of Milk and manufacturing & processing of Milk related products.

2. BASIS OF PREPARATION

2.1 Statement of compliance

This financial statements has been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except as stated otherwise.

2.3 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest hundred rupees, except as stated otherwise.

2.4 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as noncurrent.

2.5 Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Based on the above definition and nature of business, the Company has ascertained its operating cycle as less than 12 months for the purpose of current/non-current classification of assets and liabilities.

2.6 Use of estimates and judgments

In preparing the financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

2.7 Impact of Covid-19 (pandemic)

The Company has taken into account all the possible impacts of COVID-19 in preparation of these financial statements, including but not limited to its assessment of, liquidity and going concern assumption, recoverable values of its financial and non-financial assets, impact on revenue recognition owing to changes in cost budgets of fixed price contracts, impact on leases and impact on effectiveness of its hedges. The Company has carried out this assessment based on available internal and external sources of information up to the date of approval of these financial statements and believes that the impact of COVID-19 is not material to these financial statements and expects to recover the carrying amount of its assets. The impact of COVID-19 on the financial statements may differ from that estimated as at the date of approval of these financial statements owing to the nature and duration of COVID-19.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 Property, plant and equipment and depreciation

3.1.1 Initial recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation/ amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of

bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

3.1.2 Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

3.1.3 Derecognition

Property, plant and equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized in the statement of profit and loss.

3.1.4 Depreciation

Depreciation is calculated on the depreciable amount of property, plant and equipment over their estimated useful lives using the written down value method and is generally recognized in the statement of profit and loss.

Depreciation on additions to/deductions from property, plant & equipment during the year is charged on pro-rata basis from/up to the date in which the asset is available for use/disposed.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets. Where it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably, subsequent expenditure on a PPE along with its unamortized depreciable amount is charged off prospectively over the revised useful life determined by assessment.

The Company has used the following useful lives to provide the depreciation on its assets:-

Particulars	Useful lives estimated by the management (Years)	Useful lives as per Schedule II
Office Equipment	05	05
Furniture & Fixtures	10	10
Vehicles	08	08
Plant & Machinery	15	15
Building	30	30
Building- Guest House	60	60
Building – Fence walls	05	05
Computer	03	03

3.2 Intangible assets and intangible assets under development and amortization

3.2.1 Recognition and measurement

Intangible assets that are acquired by the Company, which have finite useful lives, are measured at cost less accumulated amortization and accumulated impairment losses. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

Expenditure incurred which are eligible for capitalizations under intangible assets are carried as intangible assets under development till they are ready for their intended use.

3.2.2 Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

3.2.3 Amortization

Amortization is computed to write off the depreciable amount of intangible assets over their estimated useful lives using the straight-line method and is included in amortization in Statement of Profit and Loss.

Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

3.3 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

3.4 Provisions and contingent liabilities

The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of obligation can be made. A disclosure is made for possible future obligations that may but probably will not require outflow of resources or where a reliable estimate cannot be made, as a contingent liability in the financial statements.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of

the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of

outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

3.5 Revenue

Revenue from the sale of goods is recognised when delivery has taken place and control of the goods has been transferred to the customer and when there are no longer any unfulfilled obligation.

Revenue is measured at fair value of the consideration received or receivable, after deduction of any discount, price concession, volume rebates and any taxes or duties collected on behalf of the government such as goods and services, milk cess etc. Accumulated experience is used to estimate the provision discount, prices concession and rebates. Revenue is recognised to the extent that is highly probable a significant reversal will not occur.

Revenue is measured at the value of the consideration received or receivable and amounts receivable for services provided in the normal course of business. The Company recognizes revenue when the amount of revenue and related cost can be reliably measured, and it is probable that the collectability of the related receivables is reasonably assured.

Interest income is recognized, when no significant uncertainty as to measurability or collectability exists, on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Dividend income is recognized in profit or loss on the date that the Company's right to receive payment is established.

Profit on sale of investments is determined as the difference between the sales price and carrying value of the investments on disposal of the investments

3.6 Employee Benefits

3.6.1 Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the services are classified as short-term employee benefits. Benefits such as salaries, wages, bonus, etc. are recognized in the Statement of Profit and Loss in the period in which the employee renders the related services. Such obligations are measured on an undiscounted basis.

3.6.2 Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefits expense in profit or loss in the period during which services are rendered by employees.

The Company pays fixed contribution to Provident Fund at predetermined rates to regional provident fund commissioner. The contributions to the fund for the year are recognized as expense and are charged to the profit or loss.

3.6.3 Defined benefit plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's liability towards gratuity is in the nature of defined benefit plans.

The Company's net obligation in respect of defined benefit plan is calculated separately by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service costs. Any actuarial gains or losses are recognized in statement of profit and loss in the period in which they arise.

3.6.4 Other long term employee benefits

Benefits under the Company's compensated absences constitute other long term employee benefit. Cost of long-term benefit by way of accumulating compensated absences arising during the tenure of the service is calculated taking into account the pattern of availment of leave. In respect of encashment of leave, the defined benefit is calculated taking into account all types of decrements and qualifying salary projected up to the assumed date of encashment.

The present value of obligations under such long-term benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method as at period end.

3.7 Foreign currency transactions and translation

Transactions in foreign currencies are translated at the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

3.8 Income Tax

Income tax expense comprises current and deferred tax. Current tax expense is recognized in profit or loss. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted and as applicable at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation

purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority.

Deferred tax is recognized in profit or loss. A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as deferred tax asset only to the extent it is probable that sufficient taxable profit will be available to allow all or part of MAT credit to be utilised during the specified period, i.e., the period for which such credit is allowed to be utilised.

3.9 Earning per share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.10 Inventories

- Raw materials, components, stores and spares are valued at cost. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components, stores and spares is determined on First in First out method (FIFO).

- Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods is determined on actual allocation of cost.

- Traded goods are valued at lower of cost and net realizable value. Cost of purchase and other costs in bringing the inventories to their present location and condition.

- Saleable scrap, whose cost is not identifiable, is valued at net realisable value.

- Stores and Spares which do not meet the definition of property, plant and equipment are accounted as inventories.

- Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

3.11 Leases

At inception of a contract, the Company assesses whether a contract is, or contain a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Payment made towards short term leases (leases for which non-cancellable term is 12 months or lesser) are recognised in the statement of Profit and Loss as rental expenses over the tenor of such leases.

3.12 Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the borrowings and exchange differences to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. All other borrowing costs are charged in the statement of profit and loss in the year they occur.

3.13 Indirect Tax

Goods and Service Tax

– GST Expenses and assets are recognized net of the amount of Goods and Service Tax paid, except:

(i) When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable

(ii) When receivables and payables are stated with the amount of tax included.

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

3.14 Impairment of assets

The Company assesses at the balance sheet date whether there is any indication that any asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

3.15 Recent accounting pronouncements

On March 24, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021.

Some of the key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

- a) Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.

- b) Specified format for disclosure of shareholding of promoters.
- c) Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- d) If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- e) Specific disclosure under ‘additional regulatory requirement’ such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.
- f) Realignment of presentation of following financial statement captions:
 - Security deposits to be presented under other noncurrent assets (earlier: under loans)
 - Current maturities of long-term borrowings to be disclosed separately under borrowings (earlier: under other current liabilities)
- g) Disclosure of charges/ satisfaction yet to be registered with ROC beyond the statutory period along with details and reasons thereof
- h) Prescribed disclosures where loans/ advances in the nature of loans were granted to promoters, directors, KMPs and the related parties (as defined under 2013 Act), either severally or jointly with any other person that are:
 - Repayable on demand or
 - Without specifying any terms/ period of repayment
- i) Disclosure of prescribed ratios e.g. current ratio, debt-equity ratio (Explain items included in numerator and denominator and any change in the ratio >25% as compared to the preceding year)
- j) Disclosure of the following where borrowings are made from banks/ FI on the basis of security of current assets:
 - Whether quarterly returns/ statements of current assets filed with banks/ FI are in agreement with the books
 - Summary of reconciliation and reasons of material discrepancies (if any)
- k) Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head ‘additional information’ in the notes forming part of financial statements.

The Company is assessed the impact of these changes and will accordingly incorporate the same for the financial statements for the year ended March 31, 2022.
