**Sr. General Manager & Company Secretary**

## Diesel Vehicles' Share in PV Sales Slip 25% in Past Year, to Continue Falling

**New Delhi:** Diesel was the preferred choice for passenger vehicles five to seven years ago but not anymore. Share of diesel vehicles in sales of passenger vehicles reduced by a fourth in the past year and the trend is expected to accelerate, given the recent hike in

prices of petrol and diesel fuel. Industry estimates show the gap between petrol and diesel retail prices has narrowed substantially to ₹5 (from the peak of ₹31 in FY12) post the recent spate of price hikes, wiping out gains in running costs of diesel vehicles, which have traditionally offered higher fuel economy. In a dozen-odd states, including Delhi, Gujarat, Goa, Telangana, the price differential between petrol and diesel is zero or less than ₹5. **Sharmistha Mukherjee**
