Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

5. We have examined the relevant records of the Company in accordance with the applicable Generally Accepted Auditing Standards in India, the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India ('ICAI'), standards on Auditing specified under section 142 (10) of the Companies Act, 2013 and Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

7. Based on the procedures performed by us and to the best of our information and according to explanations given to us, in our opinion, we certify that the Company has complied, in all material respects, with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations.
8. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on Use

9. The certificate is addressed to and provided to the Members of the Company solely for the purpose to enable the Company to comply with requirement of aforesaid Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

MANAGEMENT DISCUSSION & ANALYSIS

1. INDUSTRY STRUCTURE & DEVELOPMENTS:

The Textile Industry is one of the oldest Industry in the country and plays a pivotal role in the country's economy in terms of Industrial Production, Employment and foreign exchange earnings. The Textile Industry has achieved a good growth in last two decades in terms of installed spindles and yarn production and India's installed spindles were expanded to 55.00 million at the end of March, 2022 and much capacity not added during the year 2021-22. Second largest yarn production capacity in the world next to China. This could happen due to buoyant domestic and international demand, conducive Government Policies. Indian Textile sector contributes to over 2% to the country's Gross Domestic Product (GDP), accounting for 7% of Industrial Production, over 15% to the country's export and also employs about 4.5 crores workers directly. In addition, this industry provides indirect employment to large number of workforce and also helps to develop many related ancillaries which generates further employment. It is the second largest employment provider after the agricultural sector.

India's textiles sector is one of the oldest industries in the Indian economy, dating back to several centuries. Cotton production is expected to reach 36.0 million bales and consumption is expected to reach 114 million bales in FY22 growth over the previous year.

Defence Research and Development Organisation (DRDO) is helping the Indian textile industry to produce yarns and eliminate dependence on import of Chinese and other foreign clothing for military uniforms. Indian defense sector has expressed support towards the Indian technical textile sector

Under Union Budget 2020-21, a National Technical Textiles Mission is proposed for a period from 2020-21 to 2023-24 at an estimated outlay of Rs.1,480 crores.

The Directorate General of Foreign Trade (DGFT) has revised rates for incentives under the Merchandise Exports from India Scheme (MEIS) for two subsectors of Textiles Industry.

It is hoped that textile industry may perform better after arrival of new cotton crop in Oct-Nov 2022 since it is expected that cotton crop is likely to be stable and prices are forecasted to be relatively stable, as well as realization on exports due to stable Government. These are favourable indicators for the reasonable growth of textile industry in the country.

IMPACT OF COVID-19 ON THE INDIAN TEXTILE INDUSTRY

In the face of the unprecedented Covid-19 pandemic, declared as a global pandemic by the World Health Organization, has globally infected more than a million people and taken several lives. In addition to immense human grief, the virus is taking its toll on the global economy. The outbreak has affected the textile & apparel industry globally as well as in India. The spread of the virus is having serious implications and companies have started feeling the impact because of supply chain disruptions, declining exports and uncertainty in orders.

The Government of India has announced a special economic package viz. Aatma Nirbhar Bharat Abhiyaan for boosting economy of the country and making India self-reliant. Relief and credit support measures have been announced for various sectors to revive their businesses which have suffered due to lock down necessitated by Covid-19 pandemic

COTTON SCENARIO:

Cotton Scenario for New Cotton Season 2021-22(From Oct, 2021)

Initially it was feared that untimely rains in October 1st & 2nd week might have caused extensive damage to the standing cotton crop in Maharashtra/Telangana/AP. Unseasonal rains Effected Gujarat and Some Parts of Maharashtra in the Months of December, 2021 and January, 2022.

Quality issues due to rain damage were mostly reported in northern belts of Punjab & Haryana and also in MP & North Maharashtra (Khandesh belt). Cotton quality in Gujarat is also at acceptable levels. Cotton quality in Telangana & Vidarbha is good by all parameters and therefore in good demand from southern mills. Now that the field moisture (natural moisture) is down in Kappa's the staple length also seems to be down from initial tests of 30 mm+ to now at 29.5 to 30 mm only. There were No second and third Pickings of Cotton this Season and Low yield Noticed in all the cotton Belts. Good quality 30 mm+ cotton is expected to be available in open market in the months of January 2023 / February only.

MANAGEMENT DISCUSSION & ANALYSIS (Contd.,)

Cotton Association of India (CAI) Has released its December Estimate of Cotton Crop for the Season and CAI Has reduced its CROP Estimate for the 2021-2022 season BY 12 Lakh Bales. On 13th May, CAI Reduced further production by 11.50 Lakh Bales; Final estimation was 323 Lakh Bales. Arrivals of Cotton till 30th April, 2021 was 279 Lakh Bales(170 kgs each). The previous cotton season ended on a high of Rs.64,500/- per candy. The unprecedented hike in cotton prices continued in new cotton as well.

Govt. of India Removed Duty on Imported cotton on 13th April 2022, after that New York cotton futures Jumped By 10% Initially and reached 150 cents on 16th May 2022. Raw cotton Price Touched Rs.13,500 rs+ /quintal on 12th May 2022, The new cotton season started off at prices ranging from Rs.58,000/- pc and went on climbing Rs.70500 LEVEL In DEC 2021 and Now it reaches new heights of Rs.80,000/- pc and reached Rs.1,10,000 rs/ Candy by 10th May 2022. Owing to steady demand from International Markets, MNCs and Exporters and support from future exchanges such as MCX and New York Futures. High cotton Prices this season had become a subject of Concern to the Domestic textile Industry as the Units are facing Not only spike in raw Material but also shortage in availability. APRIL, 2022 to October 2022 was a challenging Period for the SPINNING MILLS, 20% of the cotton MILLS Changed to PC and other Blends in INDIA Due to Non availability of the cotton. It is advised to keep buying quality cotton at every dip to keep averaging out.

MARKETING:

The last financial year, was very good for the spinning industry which has seen records sales and margin. However towards the end of March, the market has seen sharp downtrend with the raw cotton prices soaring and the yarn prices not keeping up the pace. The coming quarters will be quite challenging.

2. OPPORTUNITIES AND THREATS:

The future of Indian Textile industry is highly depending on availability of raw material at a competitive price. With the introduction of HYBRIDS and BT Cotton, the cotton production in India is increasing however, depends on timing and quantum of monsoon rains and it is expected that the supply of quality cotton will be comfortable in the coming season.

Chinese exports of Textiles and clothing are declining especially to USA due to devaluation of currency, thus, provides an opportunity to India for improving its export performance. In long run, the prospectus of Indian Textile Industry is likely to be bright. However, there is a recession in international markets such as Europe and other Asian countries.

However, fluctuation in cotton price, exchange rates, availability of labour are threats to the industry. Withdrawal of DEPB is another set back to the industry, however, new schemes are introduced which are in temporary nature. The availability of workers is also a problem.

Spinning units are highly capital intensive and has to maintain large Raw Material inventory levels due to its seasonality. Your Company makes all efforts to have efficient inventory management and constant efforts are being made to monitor the inventory levels keeping in view of interest costs.

Your company has a system of assessing the risks on an ongoing basis. This includes an effective internal control and management reporting system. Further, the framework also captures the existing practices to manage commodity price risk, interest risk, and foreign exchange risk etc. An important aspect of this framework is to promote a balanced approach that considers risk and return.

Expect things to be better after September, 2022 when the European markets are back from summer holidays.

3. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE:

The Company is mainly engaged in the business of manufacture and export of cotton yarn and accordingly this is the only Single Reportable Segment.

4. OUTLOOK:

The Company continues to be an important player in the field of cotton yarn in medium and fine count segment yarns. There are good prospects for increasing exports of cotton yarn to Asian countries. The company is making all efforts to explore new markets apart from current markets.

MANAGEMENT DISCUSSION & ANALYSIS (Contd.,)**5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:**

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition and that all transactions are authorised, recorded and reported correctly.

The internal control is supplemented by an extensive programme of internal audits, review by management and documented policies, guidelines and procedures. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets.

6. FINANCIAL AND OPERATIONAL PERFORMANCE:

Please refer Director's Report on performance review.

7. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS

(INCLUDING NUMBER OF PEOPLE EMPLOYED) :

The Company recognizes the importance and contribution of its human resources for its growth and development and is committed to the development of its people. The company has been adopting methods and practices for Human Resources Development. With utmost respect to human values, Company served its human resources with integrity through a variety of services by using appropriate training, motivation techniques and employee welfare activities etc. Industrial relations were cordial and satisfactory As on 31st March 2022, the Company has about 496 (including casuals etc.) employees.

8. CAUTIONARY STATEMENT :

Statements made in this report describing the Company's projections, estimates, expectations or predictions may be 'forward looking predictions' within the meaning of applicable securities laws and regulations. Actual results may differ from such estimates, projections, etc. whether expressed or implied. Factors which would make a significant difference to the Company's operations include availability of quality raw cotton, market prices in the domestic and overseas markets, changes in Govt. regulations and tax laws, economic conditions affecting demand/supplies and other environmental factors over which the Company does not have any control.

The Members of
GTN Industries Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of GTN Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

INDEPENDENT AUDITORS' REPORT (Contd.,)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2) As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

INDEPENDENT AUDITORS' REPORT (Contd.,)

ANNEXURE A TO THE AUDITORS' REPORT

ANNEXURE A REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE TO THE MEMBERS OF M/s. GTN INDUSTRIES LIMITED FOR THE YEAR ENDED 31ST MARCH, 2022.

On the basis of our examination of the books and records of the Company carried out in accordance with the auditing standards generally accepted in India and according to the information and explanations given to us, we state that:

- i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
(B) The Company has maintained proper records showing full particulars of intangible assets.
 - b) All the Property, Plant and Equipment have been physically verified by the management at reasonable intervals during the year, which in our opinion is reasonable having regard to the size of the Company and nature of its fixed assets. No material discrepancies were noticed on such verification.
 - c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, we report that, the title in respect of self-constructed buildings, disclosed in the financial statements included under Plant, Property and Equipment are held in the name of the Company as at the balance sheet date.
 - d) The Company has not carried out revaluation of its property, plant and equipment during the year. Accordingly, reporting requirements of paragraph 3(i)(d) of the Order are not applicable to the Company.
 - e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii) a) According to the information and explanation given to us, the management has conducted physical verification of inventory at reasonable intervals during the year. Inventory in-transit have been verified by the management with reference to the subsequent receipt of goods. The discrepancies noticed on verification between the physical stock and book records were not material in relation to the operations of the Company and have been properly dealt with in the books of account.
b) As disclosed in Note 19 to the financial statements, the Company has been sanctioned working capital limits in excess of INR five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns/statements filed by the Company during the year with such banks are broadly, in all material respects, in agreement with the books of accounts.
- iii) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting requirements of clause 3(iii) of the Order are not applicable to the Company.
- iv) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, made investments, issued guarantees and security in terms of Section 185 and 186 of the Act. Accordingly, the reporting requirements of clause 3(iv) of the Order are not applicable to the Company.
- v) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, no deposits within the meaning of directives issued by RBI (Reserve Bank of India) and Sections 73 to 76 or any other relevant provisions of the Act and rules framed thereunder have been accepted by the Company. Accordingly, reporting requirements of paragraph 3(v) of the Order are not applicable to the Company.
- vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Companies Act, 2013, related to the manufacturing activities, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- vii) a) According to the information and explanations given to us and on the basis of our examination of records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory

INDEPENDENT AUDITORS' REPORT (Contd.,)

dues including provident fund, employees' state insurance, goods and services tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues, have been regularly deposited with the appropriate authorities. According to the information and explanations given to us there were no outstanding statutory dues as on 31st March, 2022 for a period of more than six months from the date they became payable.

- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no dues of goods and service tax or sales tax or wealth tax or service tax or duty of customs or duty of excise or value added tax which have not been deposited with the appropriate authorities on account of any dispute, except the following:

Name of Statute	Nature of dues	Period to which amount relatives	Amount (Rs. In Lakhs)	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	AY-2011-12	12.79	CIT (Appeals), Cochin

viii) According to the information and explanation given to us and on the basis of our examination of the records of the Company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix) a) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans to banks. The Company does not have any loans from financial institutions and Government or dues to debenture holders.

b) According to the information and explanation given to us and on the basis of our examination of the records of the Company, we report that the Company has not been declared as a wilful defaulter by any bank or financial institution or government or any government authority.

ANNEXURE B TO THE AUDITORS' REPORT

ANNEXURE 'B' REFERRED TO IN PARAGRAPH 2(f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE TO THE MEMBERS OF GTN INDUSTRIES LIMITED FOR THE YEAR ENDED 31ST MARCH, 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GTN Industries Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

ANNEXURE B TO THE AUDITORS' REPORT

- 4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the organisation from time to time.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, broadly in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022**NOTE 1: SIGNIFICANT ACCOUNTING POLICIES****1.1 COMPANY OVERVIEW**

GTN Industries Limited (the “Company”) is a public limited company incorporated and domiciles in India and has its registered office at Chitkul Village, Patancheru Mandal, Sangareddy District, Telangana. It is incorporated under the Companies Act, 1956 and its shares are listed with BSE Ltd

GTN Industries Limited has its Registered Office at Chitkul Village, Patancheru Mandal, Sangareddy District, Telangana. It is engaged in the business of Spinning and Doubling of Yarn. The Company has its production facilities in the state of Telangana and Maharashtra.

1.2 BASIS OF ACCOUNTING

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with rule 4 of the Companies (Indian Accounting standards) Rules, 2015 as amended and other relevant provisions of the Act.

The financial statements of the Company are prepared in accordance with the Indian Generally Accepted Accounting Principal (GAAP) on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value (refer accounting policy on financial instruments)
- Defined Benefit and other Long-term Employee Benefits,

1.3 USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

Depreciation/amortisation:

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Straight Line Method (SLM). Depreciation is provided based on useful life of the assets as prescribed in Schedule II of the Companies Act, 2013.

Individual Assets costing less than Rs. 5,000 are fully depreciated in the year of purchase.

Depreciation on assets added/sold or discarded during the year is being provided on pro-rata basis up to the date on which such assets are added/sold or discarded.

Gains/Losses on disposals/de-recognition of property, plant and equipment are determined by comparing proceeds with carrying amount and these are recognized in Statement of Profit & Loss.

1.5 IMPAIRMENT OF NON FINANCIAL ASSETS

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a Group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

1.6 REVENUE RECOGNITION

The Company recognizes revenue, when or as control over distinct goods or services is transferred to the customer; i.e., when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, non-cash consideration and consideration payable to the customer, if any. The Company considers whether there are other promises in the contract that are separate performance obligations to which the transaction price needs to be allocated.

Variable Consideration

If the consideration in a contract includes a variable amount, the company estimates the amount of consideration to which it will be entitled to in exchange for transferring goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved.

The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration. Consideration is also adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Company reasonably estimates those.

Revenue is recognized for each performance obligation either at a point in time or over time.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)**Sale of goods:**

Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. Export sales are recognized based on the shipped-on board date as per bill of lading, which is when substantial risks and rewards of ownership are passed to the customers. Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

1.7 GOVERNMENT GRANTS

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Such grants are deducted in reporting the related expense. When the grant relates to an asset, it is recognized as income over the expected useful life of the asset.

In case a non-monetary asset is given free of cost it is recognised at a fair value. When loan or similar assistance are provided by government or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is recognized as government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received.

1.8 INVENTORIES

Inventories includes Raw Material, Work-in-Progress, finished goods, Stores & spares, Consumables and Packing Materials and are valued at lower of cost and net realizable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw Material and Components – Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined using Specific Identification Method.

Finished/Semi-Finished Goods – Cost includes cost of direct material, labour, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis.

Stores, Spare Parts, Consumables, Packing Materials etc. – Cost is determined on weighted average cost basis.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

Adequate allowance is made for obsolete and slow moving items.

1.9 FINANCIAL INSTRUMENTS**Financial assets - Initial recognition**

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)**Subsequent measurement**

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

(c) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities**Initial Recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings:

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)**De-recognition**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The Company designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

The Company documents at the inception of hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset cash flow of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transaction at the inception of each hedge relationship.

Cash flows hedge that qualify for the hedge accounting

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit & loss, except for the effective portion of cash flow hedge which is recognized in other comprehensive income and presented as separate Branch of equity which is later reclassified to statement of profit and loss when the hedge item affects profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.10 FAIR VALUE MEASUREMENT:

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1— Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.11 EMPLOYEE BENEFITS

The Company provides following post-employment plans:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund and Superannuation fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.
- (c) Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss as and when incurred.
- (d) Other benefits comprising of discretionary long service awards are recognized as and when determined.

1.12 LEASES**As a Lessee:**

The Company's lease asset classes generally consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset;
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The Company did not have any long-term leases, the adoption of this Standard did not have any impact on the loss for the quarter and year ended 31st March, 2022.

As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

1.13 FOREIGN CURRENCY TRANSACTIONS**a) Initial Recognition**

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non-monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

1.14 TAXES ON INCOME

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any.

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset is recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

1.15 PROVISIONS AND CONTINGENCIES

A provision is recognised when there is a present legal or constructive obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.16 CASH AND CASH EQUIVALENTS

Cash and Cash equivalents include Cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

1.17 CASH FLOW STATEMENT

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

1.18 BORROWING COST

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

1.19 EARNINGS PER SHARE

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

1.20 SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Managing Director as CODM which assesses the operational performance and position of the Company and makes strategic decisions.

1.21 RECENT ACCOUNTING PRONOUNCEMENTS

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below:

- a) **Ind AS 16 – Property, plant and equipment** – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022.
- b) **Ind AS 37 - Provisions, contingent liabilities and contingent assets** – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.
- c) **Ind AS 103 – Business combinations** – The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.
- d) **Ind AS 109 – Financial instruments** – The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Company is in the process of evaluating the impact of these amendments.

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)**35. RISK MANAGEMENT - FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The company's activity expose it to market risk, liquidity risk, commodity risk and credit risk. In order to minimise any adverse effects on the financial performance of the company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures and interest rate swaps to hedge variable interest rate exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments. The Company's financial risk management policy is set by the Managing Director and governed by overall direction of Board of Directors of the Company.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

S.No.	Risk	Exposure arising from	Measurement	Management
A	Credit risk	Cash and cash equivalents, trade receivables, derivative financial instruments	Ageing analysis Credit ratings	Credit limits and letters of credit and Performance guarantees.
B	Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
C	Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Interest rate swaps
D	Market risk – foreign exchange	Future commercial transactions recognised financial assets and liabilities not denominated in INR.	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
E	Commodity risk	Purchase of Raw Material	Fluctuation of Raw Cotton Price and Currency rates	Procurement and inventory strategy

A. CREDIT RISK

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- iv) Significant increase in credit risk on other financial instruments of the same counterparty

NOTES TO IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.,)

The company categorises financial assets based on the assumptions, inputs and factors specific to the class of financial assets into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit-impaired.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

Provision for expected credit losses:

Description of category	Category	Basis for recognition of expected credit loss provision		
		Investments	Loans and deposits	Trade Receivables
Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil	High-quality assets, negligible credit risk			
Assets where there is low risk of default and where the counter-party has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past	Quality assets, low credit risk		12 month expected credit losses	
Assets where the probability of default is considered moderate, counter-party where the capacity to meet the obligations is not strong	Standard assets, moderate credit risk			
Assets where there has been a significant increase in credit risk since initial recognition. Assets where the payments are more than 180 days past due	Substandard assets, relatively high credit risk			Life time expected credit (simplified approach)
Assets where there is a high probability of default. In general, assets where contractual payments are more than 180 days past due are categorised as low quality assets. Also includes assets where the credit risk of counter-party has increased significantly though payments may not be more than 180 days past due	Low quality assets, very high credit risk		Life time expected credit losses	
Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the company. Where loans or receivables have been written off, the company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.	Doubtful assets, credit-impaired			Asset is written off
