Huge Area for parking & other ancillary services.

Our Offerings

We offer a comprehensive repertoire of solutions to our customers

CARGO HANDLING SERVICE

Variety of cargoes (agro, machinery, heavy lifts, chemicals, foodstuff, grains, steel, project cargoes, hazardous goods etc.) are handled for stuffing into containers, de-stuffing from import containers, clearing cargoes and transporting. Cargoes requiring special focus surveys, fumigation, testing approvals, bar-coding, packaging, shrink-wrapping, weighments, and large and over-dimensional cargoes are handled deftly and in a manner which befits that type.

BONDED WAREHOUSING FACILITY

Import shipments occasionally require cargoes to be bonded and thereafter to be cleared in either small parcels or in entirety. These are kept in our bonded warehouses. Importers have the facility of keeping their imported goods without paying customs duty for a period of time as regulated by the Customs Department and clearing them for their use at intervals when deemed fit.

PRIVATE FREIGHT TERMINAL

Our CFSs/ICD are facilitated with Private Freight Terminals (PFTs). This enables storage of cargo in huge quantum in railway wagons for its subsequent transportation from either port to our facilities or from our facilities to port. These PFTs at CFS and ICD are connected to the Indian Railway Network.

DOMESTIC WAREHOUSE FACILITY

Cargo from Multi-Modal Operations, Exim Operations and Hub & Spoke Operations required domestic warehouse facility. All such Cargo is stored in the State of Art Domestic Warehouses to provide One Stop Solution for all the Manufacturing and Trading Industry. This also enables vendor Managed Inventory, cross-docking and warehousing for in-house 3 PL Business.

FACILITIES FOR HAZARDOUS CARGO

Two of the three CFSs and ICD have been duly approved by the Customs Department for storing and handling hazardous cargoes. All categories of hazardous cargoes as classified in the International Maritime Dangerous Goods (IMDG) Code can be handled at those CFS/ ICD. Hazardous goods are kept in continuous surveillance of trained personnel with constant monitoring through proper system supported by fire-fighting arrangements for emergencies.

REEFER CONTAINERS

All refrigerated containers (reefers) are handled at Navkar CFSs/ICD and are facilitated with plug points. Temperature controlled cargoes are stored in cold chambers at our CFS/ICD and cleared for exports and imports as required.

CONTAINER'S REPAIR AND MAINTENANCE

Navkar carries out repairs to all types of containers. Every container is meticulously inspected and surveyed with strict adherence to the directives issued by the Containers Shipping Lines in that respect. Washing, cleaning, removal of debris, left-overs, old stickers is carried out to get the containers ready for the operations in respect of next cargo.

CONTAINER TRAIN OPERATIONS

Success of container train operator in the domestic space depends on the number of domestic container and capability of containers to carry different type of cargo. Company has invested heavily in procurement of domestic containers of different type. With 6 trains in domestic/Exim circuit company is focused to provide End-To-End Multi-Modal Logistics spanning across various mode of transport namely Rail and Road.

Chairman's Message

Building a strong foundation

Dear Shareholders

I hope this letter finds you in good health and high spirits. It is with great pleasure that I present to you our 15th Annual Report for the Financial Year (FY) 2022-23 and express my deepest gratitude for your unwavering support.

First and foremost, I want to acknowledge the exceptional commitment shown by each and every one of you as shareholders. Your steadfast belief in our vision, coupled with your trust in our management team, has been the driving force behind our continued success. I assure you that we remain fully dedicated to creating sustainable value and delivering long-term growth for our esteemed shareholders.

Over the past year, we have faced numerous challenges, both global and local, which have tested our resilience and adaptability. Nevertheless, I am pleased to report that we have successfully navigated these hurdles, demonstrating the strength of our business model and the agility of our workforce. Despite the uncertain economic climate, we have achieved significant milestones, surpassing our targets and witnessing notable growth in key areas. Post the pandemic, ocean freight rates have dropped which has provided an impetus to the import and export business.

Our unwavering commitment to innovation and continuous improvement has allowed us to strengthen our market position and expand our presence in new territories. Most notably, our greenfield investment in the Saurashtra region will allow us to cater to the export and import business being routed through the Mundra port and domestic business as well. Our existing facilities will not only help us cross sell, but also create a synergy between them. We have been able

to stay ahead of the curve, capitalizing on emerging opportunities and meeting the evolving needs of our customers. By leveraging cutting-edge technologies and investing in new product offerings based on cargo profiles, boutique solution have been innovated upon. As a result, we have not only fortified our core business but also diversified our revenue streams, reducing our reliance on any single market or product.

I am particularly delighted to share with you that our company is now a debt free company. Our key financial ratios are an indicator of how healthy our balance sheet stands as on the end of the last fiscal year. Improvements in our cash turnaround cycle and further improvements in our asset utilisation have contributed in maintaining our bottom line. Furthermore, we have implemented stringent cost-control measures and optimised operational efficiencies to enhance our profitability and ensure sustainable value creation for our shareholders.

However, none of these accomplishments would have been possible without the exceptional talent and dedication of our employees. Their tireless efforts, combined with their unwavering commitment to our core values, have been instrumental in driving our success. As an organization, we remain committed to fostering a culture of diversity, inclusion, and continuous learning, which allows us to attract and retain top-tier talent. We firmly believe that our people are our most valuable asset and will continue to invest in their professional development and well-being.

Looking ahead, we anticipate a future where we further consolidate our CFS activities and augment growth in the ICD and CTO business. Our strategic roadmap focuses

*Change the way you see things,
and the things you see will change*

on further strengthening our market position, exploring new avenues for growth, and staying at the forefront of industry trends. We will continue to adapt, innovate, and seize opportunities, guided by our unwavering commitment to creating sustainable value for our shareholders while fulfilling our responsibilities towards our employees, customers, and the communities in which we operate.

We are confident about our growth strategy, staying firmly focused on our unique value proposition, arrangement with vendors and growing our client base to deliver robust growth and create long-term value for our stakeholders. As we look ahead, we are more optimistic than ever of the enormous opportunity lying ahead of us.

I take this opportunity to thank the shareholders, investors, bankers, board members, senior executives, customers and our employees for their continued faith and support. We hope our association in the coming years will only get better. Together we all must dream of taking our Company to the next level of growth. We have many more milestones to accomplish, and we are confident that our stakeholders will always remain our partner in this exciting journey.

With Warm Regards

Shantilal J Mehta

Chairman

Singh (DIN: 02814440) was appointed as an Independent Director on the Board of Directors of your Company ("the Board") with effect from August 23, 2018 for a first term of five consecutive years pursuant to the provisions of Section 149 of the Companies Act, 2013 ("the Act") read with the Companies (Appointment and Qualifications of Directors) Rules, 2014 by the Members at their 10th Annual General Meeting held on September 26, 2018. He holds office as an Independent Director of the Company up to August 22, 2023 ("first term" in line with the explanation to Sections 149(10) and 149(11) of the Act).

In terms of Section 149(10) read with Section 152 of the Act, an Independent Director shall hold office for a term of up to five consecutive years on the Board of a company, but shall be eligible for re-appointment on passing of a Special Resolution by the company and disclosure of such appointment in the Board's Report. In compliance thereof, the approval of the Members for re-appointment of the said Independent Director through Special Resolution is being sought at this Annual General Meeting.

The Board on the recommendation of Nomination and Remuneration Committee approved the re-appointment of Mr. Sandeep Singh, from August 23, 2023 to August 22, 2028 (both days inclusive). The Company has received notice in writing from a Member under Section 160 of the Act proposing the candidature of Mr. Sandeep Singh for the office of Independent Director of the Company. The Company has received declaration from Mr. Sandeep Singh confirming that he meets the criteria of independence as prescribed under Section 149(6) of the Act and Regulation 16(1)(b) of the Securities and Exchange Board of India ("SEBI") (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the SEBI Listing Regulations").

Mr. Sandeep K. Singh is not disqualified from being appointed as a director in terms of Section 164 of the Companies Act, 2013 ("the Act"), and has given his consent to act as an Independent Director. He is not debarred from holding the office of a Director pursuant to any order of SEBI or any other such authority. He does not hold any equity shares by himself or on beneficial basis for any other person in the Company as on date of this Notice.

In accordance with the provisions of Section 150 of the Act read with the applicable rules made thereunder, Mr. Sandeep Singh has confirmed that he has registered himself with the Independent Directors Databank maintained by the Indian Institute of Corporate Affairs ("ICA").

The Nomination and Remuneration Committee ("NRC") and the Board at their respective Meetings held on May 29, 2023 taking into account the declarations and consent received, the external business environment, the business knowledge,

acumen, experience including proficiency, skills and the substantial contributions made by Mr. Sandeep Singh during his respective tenure, formed an opinion that he confirms to the criteria of independence prescribed under the Act and the SEBI Listing Regulations, is a person of integrity and possess relevant expertise, proficiency and experience to continue as Independent Director of the Company.

Further the performance evaluation of Mr. Sandeep Singh was carried out by the Board and the NRC based on various criteria, inter-alia, including attendance at Board and Committee Meetings and his advice, inputs and contribution therein, skills possessed, experience, ability to challenge views of others in a constructive manner, knowledge acquired with regard to the Company's business, understanding of industry, etc. Given the high performance ratings received by him in his performance evaluation, the Board, basis the recommendation of NRC, is of the view that continued association of Mr. Sandeep Singh as an Independent Director of the Company would be of immense benefit and value to the Company.

Mr. Sandeep K. Singh would continue to be entitled to receive sitting fees for attending the Meetings of the Board of Directors and Committees thereof, re-imbursment for expenses incurred in connection with attending Board/ Committee meetings and as may be approved by the NRC and the Board within the limits approved by the Board of the Company from time to time, as permitted by law with requisite approvals.

Details of Mr. Sandeep K. Singh are provided in the "Annexure - I" to the Notice, pursuant to the provisions of (i) Listing Regulations and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

Copy of draft letter of appointment of Mr. Sandeep Singh setting out the terms and conditions of appointment is available for inspection by the members at the registered office of the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board recommends the Special Resolution set out at Item No. 07 of the Notice for approval by the members.

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins at 09:00 a.m. on Monday 07th August 2023 and will end at 5.00 p.m. on Wednesday 09th August 2023. During this period shareholders' of the Navkar Corporation Limited ("Company"), holding shares either in physical form or in dematerialized form, as on the cut-off date of 03rd August, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/**

CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

BUSINESS OVERVIEW AND STATE OF COMPANY'S AFFAIRS:

The Company operates into (a) Container Freight Stations or CFSs (b) Inland Container Depot or ICD and (c) Rail Terminals also referred to as Private Freight Terminals or PFTs by the Indian Railways.

Container Freight Stations

Container Freight Stations serve as gateway ports. In our case, our three Container Freight Stations serves the gateway port of Nhava Sheva (also called Jawaharlal Nehru Port Trust). Company has three Container Freight Stations two at Ajiwali and one at Somathane – all in Panvel Taluka, Maharashtra, import containers nominated by container shipping lines or consignees are required to be evacuated from the port premises and transported to our Container Freight Station. After arrival at the CFS, the import laden container is stacked and stored awaiting clearance by the consignee's clearing agent. The process of customs clearance of goods is carried out by the Customs Broker (earlier referred to as Custom House Agent). Similarly, CFS provides all the services for Export Cargoes. Our CFS provides all the services that are needed to facilitate the clearance of the cargoes (Exim and Domestic). To service the needs of customs clearance and delivery of the goods or the laden container itself, we are required to have an array of equipment (both big and small) that include Reach Stackers, Forklifts, Cranes, slings, trailers, and other cargo handling equipment. For storage purposes there are warehouses which are marked for the storage of export and import goods. Open areas are marked for stacking and storing import and export containers. As a CFS we provide all the range of services that fall within the guidelines for handling cargoes and containers from the Container Yard (CY) of the port's terminal to the CFS and handover of the goods or the laden container at the CFS. Facilities for parking, container storing and repairs are available here.

Railway Terminals

Navkar operates two railway terminals referred to as Private Freight Terminals (PFTs). These terminals are at our Somathane (Panvel) facility and at ICD Morbi. The PFT at Somathane is served with three railway tracks.

The railway terminals are used for handling export rakes of agro products, domestic rakes and container rakes (referred to as BLC rakes. The PFTs handle all types of railway rakes (Exim and domestic) at Somathane. All rakes arriving with cargoes are handled as per the guidelines of the Indian railways.

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE REPORT

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Corporate Governance is based on preserving core beliefs and ethical business conduct while maintaining a strong commitment to maximise long-term stakeholder value. The Company is focused towards bringing transparency in all its dealings, adhering to well-defined corporate values and leveraging the corporate resources for long term value creation.

The Company continues to strengthen its governance principles to generate long-term value for its various stakeholders on a sustainable basis thus, ensuring ethical and responsible leadership both at the Board and at the Management levels.

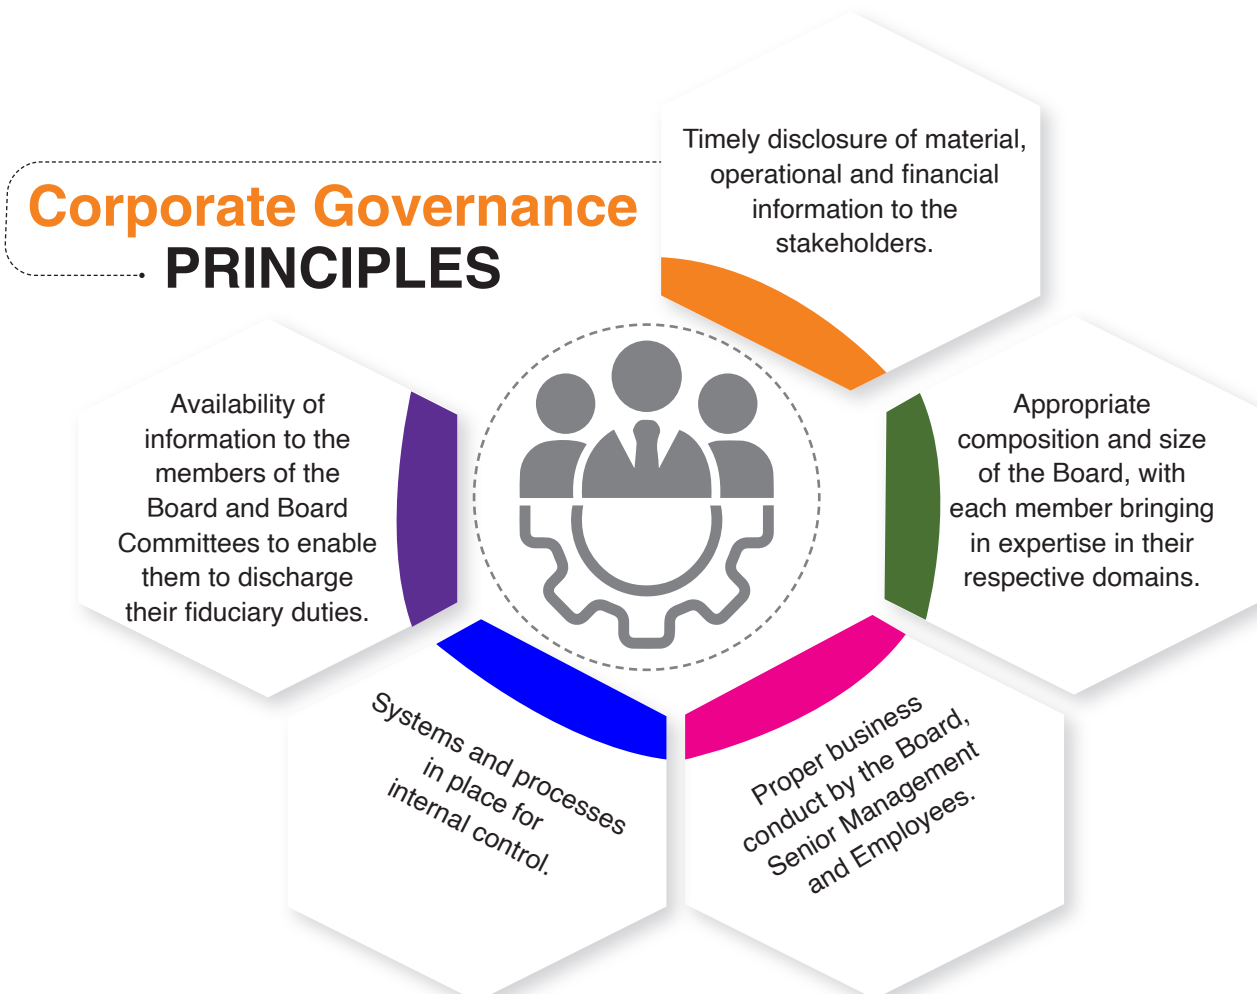

Responsible corporate conduct is integral to the way we do our business. Our actions are governed by our values and principles, which are reinforced at all levels within the Company. We are committed to doing things the right way which means taking business decisions and acting in a way that is ethical and is in compliance with applicable legislation. Our Code of Business Principles ('the Code') is an extension of our values and reflects our continued commitment to ethical business practices across our operations. We acknowledge our individual and collective responsibilities to manage our business activities with integrity. Our Code inspires us to set

standards which not only meet applicable legislation but go beyond in many areas of our functioning.

We strongly believe that efficient governance at all levels is necessary to drive change, towards a more resilient and responsible future. In order to continue to sustain as a progressive company balancing financial return to investors with unwavering focus on being socially responsible, there is a need to constantly reinvent and upgrade our governance models in synchronization with the demands of the contemporary times.

The Board of Directors are responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long-term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board. We keep our governance practices under continuous review and benchmark ourselves to best practices across the globe.

The Company is in compliance with the requirements stipulated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time ("the SEBI Listing Regulations") with respect to corporate governance. The Company's Governance framework is based on the following principles:

BOARD OF DIRECTORS:

The Board of Directors is an apex body and an enlightened board creates a culture of leadership providing long-term vision and improving governance practices. They play a crucial role in guiding, overseeing, monitoring strategy, performance and long-term success of the Company as a whole through strategic direction.

The Board of Directors owns a fiduciary position, exercises appropriate control and independent judgement, monitors effectiveness of Company's governance and supervises the strategic decisions on behalf of the shareholders and other stakeholders. Our Board represents a confluence of complementary skills, attributes, perspectives, expertise in critical areas and diverse backgrounds.

MANAGEMENT DISCUSSION AND ANALYSIS

Logistics is of critical importance for both businesses and the economy. It is an integral activity for economic growth as it involves the management of flow of goods from the place of origination to the place of consumption. The sector comprises shipping, port operation, warehousing, rail, road, air freight, express cargo and other value-added services. Businesses need logistics services for reaching out to their customers within tight timelines and delivering products. The express industry, by creating and integrating door to door linkage across domestic and international regions along with shipment tracking facilities, serves the need for time sensitive logistics service.

OVERVIEW

Navkar Corporation Limited (hereinafter referred to as 'the Company', 'Navkar') is one of India's largest Container Freight Stations (CFSs) and Inland Container Depots (ICDs), Rail Terminals, Container Train Operator, Warehousing and other Logistics Solution providers. The Company provide a wide range of customised, technology-enabled integrated logistics solutions and corporate mobility services. Our strength lies in our wide bouquet of offerings enabled by our extensive network of strategically located warehouses and our transportation network.

Usually, a CFS is located near the gateway port (off-dock facility located near service ports) whereas an Inland Container Depots (ICD) (also known as a dry port) is located in the hinterland. Growth of Indian container traffic has led to the demand for transit facilities such as CFS and ICD, which offer services for containerization of break bulk cargo and also handles custom activities. CFS and ICD facilities are an integral component of the logistics sector infrastructure and it is a facilitator of import-export (Exim) trade of the country. CFS/ICD is a common user facility with public authority status equipped with fixed installations and offering services for handling and temporary storage of import/export laden and empty containers carried under Customs transit by any applicable mode of transport placed under Customs control. All the activities related to clearance of goods for home use, warehousing, temporary admissions, re-export, temporary storage for onward transit and outright export, transshipment, take place from such Stations. Over the years, factors such as considerable increase in trade volumes and persistent shift towards containerization of cargo have made way for increased role of CFS/ICD in India. Being an extension for the port and a custodian for the Customs Department CFS/ICD perform a critical role in the export and import trade. They help in providing the critical service between the ship's hook and the door of the customer. Important procedures such as stuffing/de-stuffing of cargo, aggregation/segregation of cargo and examination/clearance related activities are carried out at the CFS/ICD, which make them an integral part of the existing export-import value chain.

Container train operations have become integral part in servicing movement to and from port. Movement of containers on rail network has lot of benefits and Indian Railway has taken lot of initiatives to promote the rail linked movement. With rise of fuel cost which is used in road movement the

rail movement has become more economical. Domestic cargo movement has taken an upward jump in recent years and expected to grow at a significant pace in time to come.

Private freight terminals are the entity assist the domestic movement in containerized and non-containerized form. New focus in promoting rail movement has come from the PMO office in the form of Gati Shakti Scheme. This has given a new impetus to the private investment to enter into building more and more terminal. Biggest challenge in moving the cargo on Indian Railway network is availability of terminal and first and last mile which will be taken care of by this initiative.

It is clearly evident that the container sector in India is playing an important part in trade and commerce. It is penetrating deeper and deeper into the country and remote areas. Movement of goods using containers has many benefits. It makes transshipment of cargoes easier, protects the cargo from nature's adversities and ensures safety of movement of cargo. And also integration with different modes of transportation can ensure further efficiency of transportation. Containerization in the world is proceeding at a fast pace. And it should not be forgotten that a sound transport system helps both domestic and international business to grow in a country. With each passing year, container penetration in both domestic and international traffic, is increasing.

The dynamics in the container business will continue to transform as the requirement to embrace advanced infrastructure, digitization, innovative business practices, process automation and transparency etc grows. Additionally, implementation of advanced technology, enhancements in soft and hard infrastructure are also playing a key role for these transformational changes in the industry. The growth of the Indian container installed capacity and throughput has both grown. Global and Indian operators are trying to attract transshipment cargo which could trigger inclusive growth in box trade. Few major and private players are also trying hard to establish themselves as transshipment hubs apart from serving as a gateway port. These transformational changes in box business are aiding the Indian container market to reach at the next level.

INDUSTRY OVERVIEW AND TRENDS

The Indian economy is the fifth largest in the world and we have our sights set on becoming a \$5 trillion economy by 2025. One of the big drivers of this growth is expected to come with the expansion of the logistics industry in India which employs 22 million people and acts as the backbone for multiple industries. Investing in infrastructural development by creating dedicated freight corridors, improving connectivity by road, rail and the sea, and enabling technology driven solutions for improved visibility across the supply chain will be critical if India is to accelerate and sustain GDP growth. India is one of the countries with the largest population and an expansive geographical coverage which contributes to many of the factors that influence logistics in the country. The pandemic has seen a shift with countless challenges unique to each region. The logistics industry is seeing its fair share of ups and downs but trends suggest better growth for this sector in the coming year.

As of 2021, the size of the logistics industry in India was valued at \$250 billion with the market poised to grow to an impressive \$380 billion by 2025, registering a healthy growth rate of 10%-12% year on year. However, the ecosystem is still coming to grips with many challenges, with India ranking 44th in the Logistics Performance Index (LPI) released by the World Bank, and industry watchers agreeing that the cost of logistics needs to be brought down. The year 2022 was a hit-and-miss for many of the key players in the industry. ICRA's reports suggested a growth rate of 14-17 % for the 21-22 fiscal year. Moreover, around 14.4 % of the GDP is accounted for by the logistics industry. A substantial amount of the population that are employed work in this sector. In India, the cost of logistics hovers around 12%- 13% of GDP mark which is much higher compared to BRICS countries, or US and Germany that are at 11%, 9.5 % and 8%, respectively. The Government has already outlined many steps to bring this number down to 8% by 2030, in order to drive enterprise efficiency.

As regards the Union Budget of 2023, expectations center around implementation of plans outlined as part of the National Logistics Policy (NLP) that PM Modi launched in September 2022. Aimed at enhancing economic growth, increasing employment and improving the competitiveness of domestic products in local markets and abroad, the NLP will establish a single-window e-logistics market and promote the seamless movement of goods across the country. This was a natural next step following the Gati Shakti National Master Plan that seeks to urgently improve first and last-mile connectivity, which continues to be a roadblock for e-commerce players, MSMEs across the board. With the unorganized sector amounting to over 90% of the logistics industry, there is a need for less-fragmented communication between various stakeholders. A technology driven framework can bridge the gap between manufacturers, government bodies, customs, shippers, service providers by enabling information exchange in a secure, confidential and real time or near real time manner, as outlined by the Unified Logistics Interface Platform (ULIP.)

The Indian Logistics Industry

The logistics industry in India, considered to be the lifeline of the country, holds unprecedented importance as it connects various markets, suppliers and customers dotted across the country, and has now been firmly embedded as an integral part of the national GDP value chain.

Based on service offerings, the logistics sector can be sub-divided into road transportation, freight forwarding, warehousing and value-added services and other logistics services such as container logistics, cold chain logistics, coastal shipping, and so on. Road transportation dominates India's logistics spends, given the vast landscape and confidence on expensive road transportation. The road transportation segment can be further divided into inbound transportation, outbound transportation and distribution, express and last-mile transportation.

The logistics industry has traditionally been highly fragmented, with several thousand unorganised entities that provide basic services such as brokerage and documentation holding a dominant share of the overall market. However, recently, the sector has been witnessing transformation, with the use of technology by both new age start-ups and established players to enhance cargo visibility, reducing errors by digitising documentation processes and by bringing transparency in pricing. The sector is expected to witness steady growth in the

medium to long-term timeline, on account of growing imports and exports, supported by various infrastructure development measures taken by the government.

The Government has undertaken various measures to develop the logistics infrastructure in the country. Some key measures are listed below:

1. Logistics sector has been granted infrastructure status allowing the sector to have access to funds at easier terms with enhanced limits.
2. National Logistics Policy has been drafted to focus on the development of a fully integrated logistics network with best-in-class technology and automation. The National Logistics Policy will enable the creation of a single point of reference for all logistics and trade facilitation matters in the country, which will also function as a knowledge and information-sharing platform.
3. Planning for commencement of Western Dedicated Freight Corridor (DFC) and Eastern DFC.
4. Fitment of FASTag has been mandated by the Ministry of Road Transport and highways to ensure 100% e-tolling at toll booths. FASTag will ensure ease of payments, and reduction of waiting time at tolls.

Railway Terminals:

Company operates two Railway Terminals referred to as Private Freight Terminals (PFTs). These terminals are at our Somathane (Panvel) facility and at Wadharva (Morbi). Our terminal at Somathane is converted into Gati Shakti Terminal and terminal at Wadharva is green Field Gati Shakti Terminal. GCT at Somathane is served with three railway tracks and GCT at Wadharva has Four rail tracks. Our GCT terminals are capable of handling all types of rakes. At present we handle Bulk, bagged, Steel Coil, Steel, plates, containerized cargo. By providing a transit point we can easily generate good volume of agri cargo coming from Hinterland and bound for export. Railway terminals are assisted with first mile/ last mile transport, warehousing, cargo/container storage, and all types of cargo handling to provide end to end services to our customers.

Container Train operations:

Company has strategically diversified in successful container train operations by riding on the success of EXIM containerized movement to/from port to ICD. With category 2 License company has procured license of Arshiya and is the Category – 1 License holder for container train operations. Since then company has started procuring container rakes. We operate 6 owned rakes and other rakes on short term lease basis as and when required. Success of container train operator in the domestic space depends on the number of domestic container and capability of containers to carry different type of cargos. Company has invested heavily in procurement of domestic containers of different type. With 4 trains in domestic circuit we are achieving approx. 24,000 Km haulage of various types of more than 50,000 MT cargo on monthly basis.

SEGMENT-WISE PERFORMANCE

The Company is engaged in the business of providing services of CFS/ICD and other related services. There is no other reportable segment.

OUTLOOK

As per Indian container market trend over the last few years, installed capacities and handled volume have been growing proportionately which were a positive sign for the industry. Year over year growth of Indian container installed capacity and throughput were rising. Global and Indian operators are trying to attract transshipment cargo which could trigger inclusive growth in box trade. The surge in India's EXIM trade is expected to continue, entailing persistent augmentation in container traffic in the years to come. Container freight stations form an important part of the EXIM supply chain, and their role in managing and sustaining such growth will be crucial. Enhanced infrastructural facilities, seamless and uninterrupted operations, standardized charges and transparency on crucial aspects such as selection of CFSs can potentially go a long way in improving operations at container freight stations as well as strengthening the logistics supply chain as a whole.

All in all, it is hard to miss the role of logistics in the progress of the nation. It ensures that the consumers procure their goods on time from producers. Moreover, the logistics industry's performance can also be linked with the health of the economic demand. Often operating volumes of logistics firms swell during economic prosperity and drop during economic downturns.

India is projected to grow to US\$26t by FY48. India's transportation and logistics sector can act as the backbone to support this fast-paced growth, which the country is poised to achieve in the next 25 years.

India's target to have US\$1t merchandise export by 2030 will be a significant driver to push trade, thereby increasing freight movement.

Vision@2047 aims to set specific targets for 10 sectors to transition India into a developed nation by 2047.

Vision@ 2047 is a guiding principle which is being supported by multiple regulatory and government initiatives to revamp India's logistics sector.

RISK AND CONCERNS

The Company is dedicated to identifying and managing the risks it is exposed to, both internal and external, and has put in place mechanisms to handle the same proactively

SWOT ANALYSIS

STRENGTHS

Our capabilities and resources that enable us to grow and sustain in the competitive Logistic Sector

- Strategically Located facilities in terms of Geographical Location, Cargo catchment, conducive eco-system, and Infrastructure development from Nodal agencies
- Agility: Ability to understand and fulfillment of customer's requirement.
- In house resources for fulfillment of customer's requirement thus eradicating chances of failure due to external dependencies
- All services under one roof to provide end to end services to the customers in EXIM and Domestic trade.

WEAKNESSES

Aspects of the business that can be improved to minimize risks in our business

- Dependent on global market.
- Major dependency on Policies from various Govt. agencies.
- Agri cargo export is dependent on weather conditions which contributes to a significant portion of revenue.

OPPORTUNITY

We are consistently identifying potential areas where we can grow and enhance market and brand prominence

- Cross selling of services across various facilities, customers, and offerings
- Exploring new businesses in new geographies because of strong support from the existing customers.
- Focus on consumption-based commodities enabling high volume.
- Rightly placed at the time when lot of push from Govt. is in place for reduction of logistics cost.
- Bursting Indian Manufacturing industry which require support from Logistics Service providers

THREATS

We are identifying potential threats to our business, owing to evolving macroeconomic factors and consumer perceptions

- Growing competition from other Logistics Sectors.
- Policy decision from Govt. related to EXIM trade by introduction of DPD.
- Malpractices from Un-organized players due to lack of tracking mechanism of any irregularities.
- Time and again slow down due to macro-economic scenarios.

and competently. The Company also recognises that these risks could adversely affect its ability to create value for all stakeholders and has taken steps to mitigate the same. Following are the major risks to which the Company is exposed to are:

1. The Company operates in a highly competitive industry dominated by many unorganised players. Many segments within the logistics industry are highly commoditised and have low barriers to entry or exit, leading to a market with a very high degree of fragmentation.
2. There is increase of competition from other organised and unorganised third-party logistics or people transport providers may lead to a reduction in revenues, profit margin and a loss of market share. To mitigate this, the Company creates value through integrated technology-based solutions, transport network-based solutions, and skill development of its employees.
3. The Company's business is primarily dependent on Indian EXIM Trade which, in turn, is dependent on global economic conditions. All the factors which can affect global economic conditions have direct impact on the CFS/ICD business. Given the projected growth in the Indian economy and expected recovery in global trade, rising spending in the infrastructure and manufacturing space, it is estimated that imports will continue to rise steadily.
4. Changes in political conditions, microeconomic conditions. Inflation rate, infrastructural development rates, tax rates, Government's regulatory policies, credit norms, etc. could be seen as risk factors affecting CFS/ICD business.

The Company built a strong relationship with most of the leading carriers/liners and as a result are able to obtain competitive commercial terms and operational advantages. Company also counter this risk with the quality of its infrastructure, customer-centric approach and ability to innovate customer specific solutions, focusing on pricing and aggressive marketing strategy, disciplined project executions, coupled with prudent financial and human resources

management and better control over costs. Any damage to cargo, equipment, life and third parties may adversely affect the Company. The Company took insurance policies and suitable safety in contractual obligations to mitigate such kind of risks.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has robust Internal Control Systems and processes in place for smooth and efficient conduct of business and it complies with relevant laws and regulations. It has well documented system of internal financial controls in place, in the form of delegation of powers, policies and procedures that cover critical as well as important activities of financial and other operating functions. The procedure are in the form of manuals, guidelines, delegation of powers and IT system and controls which are effected through people operating in various departments within the Company at different levels at each stage of the processes. These are designed to ensure compliance to the internal financial controls as detailed in the Companies Act, 2013.

The Company uses Tracker Software that connects all parts of the organization, to record data for accounting, consolidation and management information purposes. The organization continuously assess the effectiveness of its internal controls through extensive internal audits, which are being conducted on regular basis by experienced independent firms of Chartered Accountants in close co-ordination with Company's own internal audit Department.

A well-defined internal control framework has been developed identifying key controls and independent external auditors verifies the adequacy and effectiveness of the internal financial control system through regular periodic audit and system review, provides assurance on the compliance of internal polices & procedures of the Company and certify the appropriateness of internal controls. Internal audit firms directly report to the management at higher level. The functioning of the internal audit as well as internal financial control systems are periodically reviewed by the Audit committee to ensure comprehensive coverage of the areas and necessary

directions are issued whenever required to further strengthen the internal financial control system & procedures keeping in view the dynamic business environment in which the Company operates.

Reports of the auditors are reviewed, compliances are ensured and the reports along with the compliances are apprised to Audit committee periodically. Proactive steps have been taken to ensure compliance with various upcoming regulations through deployment of cross functional teams. The

Company at all times encourages the employees to adopt fair, compliant and ethical practices. In addition, implementation and effectiveness of internal financial controls during 2022-23 was also reported by the internal and statutory Auditors of the Company.

FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To the Members of NAVKAR CORPORATION LIMITED,

Report on the Audit of Ind AS Financial Statements – 31st March, 2023

Opinion

We have audited the accompanying Ind AS financial statements of NAVKAR CORPORATION LIMITED ('the Company'), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the Ind AS financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as 'the Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act, and the Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Emphasis of Matter Para above, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters	How our audit addressed the key audit matter
1. Revenue from contracts with customers (Described in Note 2 (K) of the Ind AS financial statements)	
<p>Assessment of Revenue from contracts with customers as a basis of accounting:</p> <p>Revenue from contracts with customers is recognized when control of the goods or services rendered are transferred to the customer, at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.</p> <p>The Company is engaged in Container Freight Station (CFS) and Inland Container Depot (ICD) operations and related activities. It has developed procedures to record the revenue on the basis of the movement of the cargo and revenue accrues as per Indian Accounting Standard 115.</p> <p>Due to different terms with different customers and transaction price, there is a risk that the revenue or discounts or rebates; might not be recorded correctly.</p> <p>Revenue is a key parameter to ascertain the Company's performance. The Company focuses on revenue as a key performance measure, which could create an incentive for revenue to be recognized before the risk and rewards have been transferred.</p> <p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers', it has been considered to be a key audit matter in our audit of these Ind AS financial statements.</p>	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> We assessed the design and tested the operating effectiveness of internal controls related to revenue recognition, discounts and rebates. We performed sample tests of individual sales transaction and traced to related documents, considering the terms of performance. We tested cut-off procedures with respect to year-end sales transactions made. We also performed analytical procedures of revenue by streams to identify any unusual trends. We have identified invoices booked in tracker software and with books of account and verified the reconciliation for differences. <p>Conclusion</p> <p>Based on our combination of procedures involving enquiry, observation, and inspection of evidence in respect of operation of these controls, we have concluded that the revenue has been recognized in accordance with the relevant Ind AS's.</p>

2. Capitalization of property, plant and equipment and related depreciation	
<p>The company has incurred significant capital expenditure on account of execution of its Morbi Project and other fixed assets to improve operational efficiency at other locations amounting to INR 325.79 crores and further expenditure of INR 225.71 crores towards Capital Work in Progress. We considered Capital expenditure as a Key audit matter due to:</p> <ul style="list-style-type: none"> • Significance of amount incurred on such items during the year ended March 31, 2023. • Judgment and estimate required by management in assessing assets meeting the capitalization criteria set out in Ind AS 16 Property, Plant and Equipment. • Judgment involved in determining the eligibility of costs including borrowing cost and other directly attributable costs like employee cost for capitalization as per the criteria set out in Ind AS 16 Property, Plant and Equipment along with Ind AS 23 Borrowing Costs. 	<p>Our procedures included the following :</p> <ul style="list-style-type: none"> • We obtained an understanding of the Company's capitalization policy and assessed for compliance with the relevant accounting standards. • We performed substantive testing on a sample basis for element of capitalized costs along with reconciliation directly attributable cost, including verification of underlying supporting evidence and understanding nature of the costs capitalized. • In relation to borrowing costs we obtained the supporting calculations, verified the inputs to the calculation and tested the arithmetical accuracy of the model. <p>Conclusion: Based on the procedures performed no issues were noted from our testing with respect to capitalization of work in progress and Property, Plant and Equipment.</p>

Other Information

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Director Report but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Ind AS Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records,

relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT - March 31, 2023

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of NAVKAR CORPORATION LIMITED

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets
 - (a) A. The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Right of Use Assets and Investment Property.
 - B. The Company is maintaining proper records showing full particulars of Intangible Assets.
 - (b) The Property, Plant and Equipment have been physically verified by the Management according to phased program designed to cover all the items over a period of 2-3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the Program, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
 - (c) According to the information and explanations given by the management, the title deeds of immovable properties including investment properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company as at balance sheet date.
 - (d) According to the information and explanations given to us, the Company has not revalued its Property,

Plant and Equipment (including Right of Use assets) and its intangible assets. Accordingly, the requirements under paragraph 3(i) (d) of the Order are not applicable to the Company.

- (e) According to the information and explanations given to us, no proceeding initiated or pending against company as at March 31, 2023 for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.
- ii. In respect of the Company's Inventory
 - (a) The physical verification of inventory has been conducted at reasonable intervals by the Management during the year. In our opinion and according to the information and explanations given to us, the coverage and procedures of such verification by the Management is appropriate having regards to the size of the Company and the nature of its operations. No discrepancies of 10% or more in aggregate for each class of inventory were noticed on such physical verification.
 - (b) The company has been sanctioned new and existing working capital loans of Rs. 57.49 crores which is in excess of Rs. 5 crore, in aggregate, during the year, from banks or financial institutions on the basis of security of current assets (Trade Receivables). In our opinion and according to the information and explanations given to us, the quarterly returns or statements filed by the company with such banks or financial institutions have differences with books of accounts, due to understatement of trade receivables in the quarterly returns / statement.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT - March 31, 2023

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of NAVKAR CORPORATION LIMITED

Report on the Internal Financial Controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Ind AS financial statements of NAVKAR CORPORATION LIMITED ("the Company") as of March 31, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these Ind AS financial statements and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Ind AS Financial Statements

A company's internal financial control over financial reporting with reference to these Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these Ind AS financial statements includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial

reporting with reference to Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

Note 1: Company Overview

Navkar Corporation Limited ("the Company") is a public limited Company domiciled in India having its registered office at 205-206, J. K. Chambers, Sector-17, Vashi, Navi Mumbai, - 400 703. The Company was incorporated on September 29, 2008 under the provisions of the erstwhile Companies Act, 1956.

The Company is engaged in providing Container Freight Station (CFS) facilities and Inland Container Depot (ICD) and is focused on capitalizing the available opportunities in the logistics space in western India. Our CFS is largely dependent on EXIM container traffic in and out of western Indian Ports. The equity shares of the Company were listed on The National Stock Exchange of India Limited and BSE Limited on September 9, 2015.

The financial statements are authorized for issue in accordance with a resolution of Board of Directors on May 29, 2023.

Note 2: Summary of Significant Accounting Policies

A. Basis of preparation of financial statements

(i) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind-AS") under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified). The Ind-AS are prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a Change in the accounting policy hitherto in use.

New Accounting standards issued but Not Effective.

Ministry of company Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2022.

(ii) Basis of preparation

The financial statements have been prepared on historical cost basis except the following:

- Certain financial assets and liabilities (including derivative instruments) are measured at fair value.
- Defined benefit plans- plan assets measured at fair value; and

The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise stated.

(iii) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current. A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities as classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

B. Use of estimates

The preparation of the financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note C below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

C. Critical accounting estimates

(i) Income taxes

The Company's major tax jurisdiction is India. Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

(ii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

(iii) Defined benefit plans

Gratuity liability, wherever applicable, is provided for on the basis of an actuarial valuation done as per projected unit credit method, carried out by an independent actuary at the end of the year. The Company's gratuity benefit scheme is a defined benefit plan.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increase and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

(iv) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(v) Revenue from contracts with customers

The Company's contracts with customers include promises to provide the services to the customers. Revenue is recognized on satisfaction of each performance obligation (distinct services) as per the terms of the contract. Performance obligations are treated as distinct obligation:

- a. When it is identifiable separately from other obligations in the contract
- b. Its progress can be measured separately
- c. Transaction price to the performance obligation can be allocated
- d. The customer will not be required to re-perform the services already performed in case it decides to terminate the contract at that stage
- e. There will not be any impairment in the value of services already performed
- f. The customer can get the rest of the performance without intervention.

Judgement is required to determine the transaction price for the contract. The transaction price could be either fixed amount of customer consideration or variable consideration with elements such as schemes, incentives, cash discounts etc. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each period.

Estimates of rebates and discounts are sensitive to changes in circumstances and the Company's past experience regarding returns and rebate entitlements may not be representative of customer's actual returns and rebate entitlements in the future.

Costs to obtain a contract are generally expensed as incurred. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

D. Property, Plant and Equipment

Land (including Land Developments) is carried at historical cost. All other items of property, plant and equipment are stated in the balance sheet at historical cost less accumulated depreciation and, accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Borrowing cost relating to acquisition of tangible assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred. Capital work in progress is stated at cost.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

Subsequent to recognition, property, plant and equipment (excluding freehold land) are measured at cost less accumulated depreciation and accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Company recognizes such parts as individual assets with estimate of an asset's expected useful lives and are depreciated accordingly. The useful lives and residual values of the Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

Depreciation

The Company depreciates property, plant and equipment (others than freehold land) over their estimated useful lives using the straight-line method. Management, based on a technical evaluation, evaluates the useful lives of the assets reflecting the number of years over which these assets are expected to remain in service. The estimated useful lives of assets are as follows:

Description of Asset	Estimated useful lives In Years
Building	3 to 60
Computer & Printer	3
Furniture & Fixtures	10
Railways Slidings	20
Roads	10
Networks & Servers	3 to 6
Office Equipments	5
Electrical Installation	10
Plant & Machinery	10 to 20
Motor Vehicles	8 to 20

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Assets individually costing less than Rs. 5,000 are fully depreciated in the year of acquisition.

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets"

E. Investment property

Investment property is property that is held for long-term rental yields or for capital appreciation (including property under construction for such purposes) or both, and that is not occupied by the Company, is classified as investment property.

Investment property is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is stated at cost less accumulated impairment loss, if any.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

Though the Company measures investment using cost based measurement, the fair value of investment disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer.

Investment property is derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net sale proceeds and the carrying amount of the asset is recognised in Statement of Profit and Loss in the period of de-recognition.

Transfers are made to (or from) investment properties only when there is a change in use. Transfers between investment property and property, plant and equipment do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

F. Intangible Assets

Intangible assets are stated at cost, net of accumulated amortisation and impairment losses, if any. Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The amortization period and the amortisation method are reviewed at the end of each financial year. Intangible assets acquired separately are measured on initial recognition at cost.

Description of Asset	Estimated useful lives In Years
Software	3
Licenses & Approval	Period of remaining useful life

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment at every reporting period or whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each financial period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with infinite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset.

Research costs are expensed as incurred. Software product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use or sell the software and the costs can be measured reliably. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use.

Capital work in progress includes the cost of intangible assets including expenditure incurred on survey, evaluation & investigation of projects that are not yet ready for their intended use and the cost of assets not put to use before the Balance Sheet date. However, at any stage, if management decides to abandon a project the expenditure incurred thereon is charged to the Statement of Profit and Loss.

G. Impairment of Non-Financial Assets

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made.

Asset whose carrying value exceeds their recoverable amount are written down to the recoverable amount and an impairment loss is recognized in the Statement of Profit and Loss. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

H. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial Instruments are further divided in two parts viz. Financial Assets and Financial Liabilities.

Part I - Financial Assets

A. Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction cost, that are attributable to the acquisition of the financial asset. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

B. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

I. Financial Assets at amortised cost:

Financial Assets are measured at the amortised costs if both the following conditions are met:

- The assets are held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amounts outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised costs using the effective interest rate (EIR) method.

II. Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income)

Financial Assets are classified as at the FVTOCI if following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows (i.e. SPPI) and selling the financial assets

Financial instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

III. Financial Assets at FVTPL (Fair Value through Profit or Loss)

FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a financial instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any financial instrument as at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

IV. Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair values. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind-AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair values in other comprehensive income. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair values with all changes recognized in the Statement of Profit and Loss.

C. De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, or not transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement along with its associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

D. Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, trade receivables and bank balance;
- Financial assets that are debt instruments and are measured as at FVTOCI
- Loan commitments which are not measured as at FVTPL
- Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of expected credit losses on trade receivables, or contract revenue receivables to 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The application of simplified approach does not require the Company to track changes in credit risk. Unbilled revenue which are not fair valued through Statement of Profit and Loss are measured at an amount equal to lifetime ECL. Trade receivables and unbilled revenues are presented net of impairment in the Balance Sheet.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

updated and changes in the forward-looking estimates are analyzed. On that basis, the Company estimates the following provision matrix at the reporting date.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of Profit and Loss. This amount is grouped under the head 'other expenses'. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowances reduces the net carrying amounts until the assets meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amounts.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair values, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amounts' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increase in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase / origination.

Part II - Financial Liabilities

a) Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

All financial liabilities are recognised initially at fair values and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through Statement of Profit and Loss, loans and borrowings, payables, or as derivatives designated as hedging instruments at an effective hedge, as appropriate.

b) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through Statement of Profit and Loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair values through Statement of Profit and Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair values through Statement of Profit and Loss are designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risks are recognized in OCI.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

These gains / losses are not subsequently transferred to Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair values of such liabilities are recognised in the Statement of Profit and Loss. The Company has not designated any financial liability at fair value through Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to borrowings.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities under borrowings. The dividends on these preference shares, if any are recognised in the Statement of Profit and Loss as finance cost.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

c) De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified. Such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

I. Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

Derivative financial instruments, are such as forward currency contracts, option's and interest rate swaps to hedge its foreign currency risks and interest rate risks, respectively.

Such derivative financial instrument is initially recognized at fair value on the date on which a derivative contract is entered into and is subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair values are positive and as financial liabilities when the fair values are negative.

The purchase contracts that meet the definition of a derivative under Ind-AS 109 are recognised in the Statement of Profit and Loss. Any gains or losses arising from changes in the fair values of derivatives are taken directly to Statement of profit and Loss.

J. Inventories

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs to sell. Inventories are revalued at regular intervals providing for obsolescence and other losses, where considered necessary. Cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of purchased inventory is determined after deducting rebates and discounts.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

K. Recognition of Revenue

Cargo Handling Services:

The Company is engaged in Container Freight Station (CFS) and Inland Container Depot (ICD) operations and related activities.

Ind AS 115 "Revenue from Contracts with Customers" provides a control - based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;
- Identify the performance obligations;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations;
- Recognize revenue when and when as an entity satisfies performance obligations

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer, at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognized when no significant uncertainty exists as to its realization or collection. Import and export stuffed containers' ground rent charges and cargo storage charges are accounted to the extent of recoverability of maximum days and import and export container handling and delivery charges are accounted on accrual basis.

Revenue and expenses for sale of abandoned cargo are recognised when auctioned after necessary approvals from appropriate authorities are obtained.

The amount recognised as revenue in its Statement of Profit and Loss is exclusive of Goods and Service Tax and is net of discounts.

Auction Sale:

Company auctions imported goods other than the goods lying in the bonded warehouses and goods meant for export after the expiry of specified time limit after giving due notice to the party. Bids are invited and goods are sold to the party which bids highest amount. Company recognises the revenue as when the risk and rewards associated with the goods are transferred to the party and bid amount is due or received.

Transportation:

Company provides transportation services to its customer by Road and Rail. Revenue from transportation by road is accounted for as and when the performance obligation is done and mutually agreed consideration for the rendered services is due or received. Such revenue is recorded as income from Goods and Transport Agency services whereas the income from transportation through railway is clubbed with Cargo Handling Services income as bundled services.

Repairs & Maintenance Services:

Company provides Maintenance and Repair Services to containers of Shipping lines. Company accounts for a revenue as and when the agreed services are rendered and consideration for the rendered services is due or received.

Electronic Data Interchange:

Company facilitates document processing related to import and export of goods to its customer. Recognises the income once the service is rendered and consideration for the rendered service is due or received.

Contract balances:

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (h) Financial Instruments.

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

Contract liabilities

A contract liabilities are the obligations to transfer goods or perform services as agreed with the customer for which the Company has received consideration (or an amount of consideration is due) from the customer. A contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

L. Other Income

Dividend income from investments is recognized when the shareholder's right to receive payment has been established, provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

M. Provisions and Contingent Liabilities

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the company expects some or all of the provisions to be reimbursed, the expense relating to the provisions are presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrences or non-occurrences of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The does not recognize a contingent liability but discloses its existence in the financial statements. Payments in respect of such liabilities, if any are shown as advances.

N. Accounting for Taxation of Income

(i) Current taxes

Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in other comprehensive income or equity respectively. Current income tax is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by and as applicable to the balance sheet date. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax ("MAT") under the provisions of the Income Tax Act, 1961 is recognised at current tax rate in the Statement of Profit and Loss. The credit available under the Income Tax act, 1961 in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the individual Company will pay normal income tax during the period for which the MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

(ii) Deferred taxes

Deferred income tax assets and liabilities are recognized for all differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax includes MAT credit mat credit available paid as per the provisions of the Income Tax Act and the rules prescribe thereunder as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e. the period for which MAT credit is allowed to be carried forward. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

O. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation techniques

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair values are measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting date.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair values, and for non-recurring measurement, such as assets held for distribution in the event of discontinued operations.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

P. Foreign Currency-Transactions and Balances

The Company's functional currency is INR and accordingly, the financial statements are presented in INR in lacs.

Transactions in foreign currencies are initially recorded by the company in their functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The Gains and losses arising on account of differences in foreign exchange rates on settlement/ or translation dates of monetary assets and liabilities are recognised in the Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction for

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

future productive use. These are included in the cost of the respective assets when they are regarded as an adjustment to interest costs on the foreign currency borrowings.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. The related revenue and expense are recognized using the same exchange rate. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction. Other comprehensive income, net of taxes, includes translation differences on non-monetary financial assets measured at fair value at the reporting date, such as equities classified as financial instruments and measured at fair value through other comprehensive income (FVOCI).

Q. Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

R. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Company as a Lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination

NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2023

option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever as per the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

S. Employee Benefits

a) Short-term obligations

Short Term Liabilities for wages and salaries, expected cost of the bonus and ex-gratia including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the undiscounted amounts of the benefits when the liabilities are settled. All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Other Long-term employee benefit obligations

The liabilities for compensated absences (annual leave) which are not expected to be settled wholly within 12 months after the end of the period in which the employee render the related service are presented as non-current employee benefits obligations. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit method. The benefits are discounted using the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions (i.e. actuarial losses/ gains) are recognised in the Statement of Profit and Loss.

The obligations are presented as current in the balance sheet, if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post-employment obligations

The Company operates the following post-employment schemes:

- (i) Defined benefit plans such as gratuity
- (ii) Defined contribution plans such as provident fund.

Defined benefit plan - Gratuity Obligations

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the "The Payment of Gratuity Act, 1972". The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is actuarially determined using the Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have a terms approximating to the terms of the obligation.

The net interest cost, calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets, is recognised as employee benefit expenses in the Statement of Profit and Loss.

Remeasurement of gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the other comprehensive income in the year in which they arise and are not subsequently reclassified to Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

Defined Contribution Plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulatory authorities. The Company has no further obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense as and when they are due.

T. Earnings Per Share

Basic Earnings per Share (EPS) amounts are calculated by dividing the profit for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the reporting period.

Diluted earnings per share is the adjusted figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Weighted average number of equity shares that would have been outstanding assuming the conversion of all the dilutive potential equity.

U. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of changes in values.

V. Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

W. Segment Reporting

The Company identifies operating segments based on the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

The Company operates in a single reporting segment and does not meet the quantitative thresholds laid down under the Ind AS 108 – “Segment Reporting” for reportable segments, it has not been considered for segment reporting.

X. Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Note 44 : Financial Risk Management Objectives and Policies

The Company's principal financial liabilities, other than derivatives, comprises of loans and borrowings, trade and other payables, and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations directly or indirectly. The Company's principal financial assets include loans, trade and other receivables, cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The below note explains the sources of risk which the entity is exposed to and how the entity manages the risk :

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost.	Aging analysis and Credit ratings	Diversification of bank deposits and credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market Risk - foreign exchange	Future commercial transactions. Recognised financial liabilities not denominated in Indian Rupee (INR)	Cash flow forecasting and Sensitivity analysis	Forward foreign exchange contracts and Foreign currency options
Market Risk - interest rate	Long-Term borrowings at variable rates	Sensitivity analysis	Interest rate swaps

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. The Company is in the business of CFS activities. Credit quality of a customer is assessed by the management on regular basis with market information and individual credit limits are defined accordingly. Outstanding customer receivables are regularly monitored and any further services to major customers are approved by the senior management.

An impairment analysis is performed at each reporting date on an individual basis for major customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 11.

On account of adoption of Ind-AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customers.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made generally in the fixed deposits. The investment limits are set to minimise the concentration of risks and therefore mitigate financial loss to make payments for vendors.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2023 and March 31, 2022 is the carrying amounts as stated in balance sheet. The Company's maximum exposure relating to financial derivative instruments is noted in the liquidity table below.

Liquidity Risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans, preference shares and unsecured loans. The Company has access to a sufficient variety of sources of funding which can be rolled over with existing lenders. The Company believes that the working capital is sufficient to meet its current requirements.

Market risk comprises two types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company's policy is to keep balance between its borrowings at fixed rates of interest. To manage this, the Company enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

The exposure of the Company to interest rate changes at the end of the reporting period are as under:

Particulars	(₹ in Lakhs)	
	As at March 31, 2023	As at March 31, 2022
Variable Rate Borrowing	-	44,780.64
Fixed Rate Borrowing	-	12,278.24
Total	-	57,058.88

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows :

Particulars	(₹ in Lakhs)	
	Increase/ Decrease in basis points	Effect on Profit before Tax
March 31, 2023	+ 1%	-
	- 1%	-
March 31, 2022	+ 1%	(304.24)
	- 1%	304.24

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the borrowings converted in the foreign currency and purchase of stores and spares from out of the India. The Company manages its foreign currency risk by hedging repayment of principals that are expected to be paid within the period of loan. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. The Company hedges its exposure to fluctuations on the translation into INR of its foreign payables in foreign currencies and by using foreign currency option and forward contracts.

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign exchange rate, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Note 45 : Capital Management

For the purpose of the Company's capital management, capital includes issued equity share capital, securities premium and all other reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the value of the share and to reduce the cost of capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company can adjust the dividend payment to shareholders, issue new shares, etc. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The Company includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents.

IV. Sensitivity Analysis

The below sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

a. Gratuity

A quantitative sensitivity analysis for significant assumption as at March 31, 2023 and March 31, 2022 are as shown below:

Particulars	Change in Discount Rate	Increase/ (Decrease) in Present Value of Obligations	Change in Salary Escalation Rate	Increase/ (Decrease) in Present Value of Obligations

	-0.50%	5.26	-0.50%	(4.88)

V. Risk Exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed:

Interest risk	A decrease in the market yields in the government bond will increase the plan liability.
Longevity risk	The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Notes:

- During the previous year current maturities of long term debt as disclosed under Note No. 26 includes an amount of ₹ 13,211.69 lakh. This has not been considered as current liability while calculating the Current ratio for the FY 21-22. The Company has prepaid all its loan liabilities during the Current year. Ideally it is not liable to pay such portion of Loans outstanding within next one year, hence only the current maturities as such is considered for calculating the Debt Service Coverage ratio. Also, such portion of current maturities is treated as part of capital employed and not current liabilities while calculating the ratios namely "Return on Capital Employed" and "Net Capital Turnover Ratio" in above table. Further the same treatment has been given to arrive at the Net Capital Turnover Ratio in the previous year under the above table.

Formulas for Computation of above ratios are as under :

Current Ratio	Current assets / Current liabilities
Debt - Equity Ratio	Total Borrowings / Total Equity
Debt Service Coverage Ratio (DSCR)	Earning before interest, tax and depreciation / Interest expense + Principal repayments made during the period for long term borrowings
Debtors Turnover Ratio	Revenue from credit operations for trailing 12 months / Average gross trade receivables
Net Profit Margin (%)	Net Profit after tax / Revenue from operations
Return on Equity (ROE)(%)	Net Profit after tax / Average Shareholder's Equity
Trade Payables Turnover Ratio (%)	Credit Purchases of services / Average Trade Payables
Return on Capital Employed (%)	Earnings before interest and tax / Capital Employed
Return on Investments (%)	Total Comprehensive Income/Average total assets
Net Capital Turnover Ratio (%)	Revenue from operations for trailing 12 months / Working Capital
Inventory Turnover Ratio	Revenue from operation / Average Inventory
