## Happiest Minds Technologies Deploys Solar Plant at its Bengaluru Campus: Carbon Neutrality by 2030

**San Jose, London, and Bengaluru, September 16, 2022:** Happiest Minds Technologies Limited (NSE: HAPSTMNDS), a 'Born Digital . Born Agile' digital transformation and IT Solutions Company today announced commissioning of a 183kWp Solar Power Plant at its Smiles 2 campus at Madivala, Bengaluru.

Happiest Minds aims to achieve carbon neutrality in its operations by 2030 and aspires to be known for its high levels of ESG standards. The new solar power plant is a step in its road map to achieve its vision and be part of a cleaner energy future and building long-term business sustainability.

The 183 kWp solar power plant deployed by EcoSoch Solar will generate 256 MWh of electricity per year and is estimated to reduce 210 MT of carbon emissions annually and 5200 MT over its lifecycle.

**Venkatraman Narayanan, MD & CFO, Happiest Minds Technologies** said, "At Happiest Minds, we are consciously embedding sustainability in every aspect of our business by striving for more mindful ways to reduce the impact on the planet, whilst providing digital, agile, and sustainable solutions to our customers. Our Mission statement for the Company is 'Happiest People . Happiest Customers' which also contextually extends to 'Happiest Planet . Happiest Business'".

In line with India's Intended Nationally Determined Contributions (INDCs) target to achieve about 40% cumulative electric power installed capacity from non-fossil fuel-based energy resources and to reduce the emission intensity of its GDP by 33% to 35% from 2005 level by 2030, Happiest Minds aims to lead the way in contributing to the country's solar energy target. Its environment group called D'Carbon – Clean, Assured and Responsible Building of Outcomes towards Neutrality is on a mission to achieve Net Zero Carbon Emissions and further drive high-impact climate action.

## **About Happiest Minds Technologies:**

[Happiest Minds' Technologies](#) Limited (NSE: HAPPSTMNDS), a Mindful IT Company, enables [digital transformation](#) for enterprises and technology providers by delivering seamless customer experiences, business efficiency and actionable insights. We do this by leveraging a spectrum of disruptive technologies such as [artificial intelligence](#), [blockchain](#), [cloud](#), [digital process automation](#), [internet of things](#), robotics/drones, [security](#), [virtual/augmented reality](#), and more.
