Double whammy strikes grape growers in Nashik

Loss of export market due to Russia-Ukraine war and unseasonal rains force distress sale

NANDA KASABE
Nashik, March 22

BHUSHAN RIKAME HAD earmarked his two-acre grape-growing plot for exports to the European Union. But on Saturday, the 31-year-old farmer had to sell his entire crop in a local mandi in Ahmedabad as unseasonal rains caused cracking of the fruit. "The grapes were to be sold at ₹80 per kg for the European market. But I had to sell at ₹10-12 per kg at the mandi, and ended up losing ₹250,000 per acre as the actual cost of production was ₹300,000 per acre," he said.

It's been a double whammy for grape farmers in Nashik, one of the largest grape growing belts in the country. The Russian invasion of Ukraine has made exports uncertain and unseasonal rains have increased domestic availability of grapes, forcing farmers to sell their produce at throwaway prices.

Suresh Kalamkar, another grape farmer points out that at least 30 bundles of newspapers are required to cover the fruit for an acre before harvesting the crop. "One kg of paper costs ₹30 and we have pay ₹3,000 per acre to cover the fruit. A similar amount is required to be paid to labourers for removal of the paper sheets and harvesting the fruit," he says. Kalamkar was hoping to get ₹70-80 per kg for his fruit. But since the European Union rejects cracking in grapes, his hopes of good exports have been dashed.

"Now I can only get ₹10-15 per kg for this, he said, showing the cracked fruit. Kalamkar has also begun diversifying from grapes to other short-term vegetables that can get him

Grape exports

Country	2018-19		2019-20		2020-21	
	Quantity (Tonnes)	Value (\$ million)	Quantity (Tonnes)	Value (\$ million)	Quantity (Tonnes)	Value (\$ million)
Russia	30,293.17	44.39	23,736.47	36.53	24,228.01	32.19
Ukraine	123.41	0.16	187.56	0.29	252.19	0.3
China	2,677.38	5.48	1,911.27	4.4	1,708.08	3.23

Source: DGCI

better prices. Due to the recent unseasonal rains last week, of the total grape damage on 869.20 hectare in Nashik district, grapes on 780 hectares were damaged in Niphad taluka alone.

Pruning of the grapes began from September 15 and ever since there have been rains almost every month, affecting the flowering initially. When the sugar content is high, then cracking began. "The life of a farmer is tough," Kalamkar said, adding farmers have to keep awake at nights to ensure that the vineyards are irrigated as there is load shedding during the day.

Grape growers have been facing losses for the last three years — Covid impacted sales for two years and cracking of grapes last year, said Ravindra Nimse, president of the Nashik branch of Maharashtra State Grape Growers Association.

Kailash Bhosale, vice-chairman of Maharashtra Grape Growers' Association, said farmers have exported 15,000 tonne of grapes to Russia and 1,000 tonne to Ukraine. The usual exports to

these countries are 24,000 tonne and 2,300 tonne, respectively. But exports to both countries have now come to a grinding halt.

The loss of exports to Europe is particularly worrying as of the 129,000 tonnes grapes exported in 2020-21 (December-April), 96,000 tonne were exported to European countries alone. The situation is so bad now that at least a third of grape growers are wanting to shift from grape cultivation and shift to other crops. This is a 365-day crop and requires to be looked after throughout the year, Bhosale says.

Significantly, this season, grape growers had decided to fix prices of grapes to be sold to traders in anticipation of a good crop. Jagannath Khapre, president, Grape Exporters Association (GEA) points out that while official export figures are available for Europe and UK, there is no official record of exports to Bangladesh, Sri Lanka, China or Russia. Figures that are shared are usually taken from exporters and these may not be accurate, he says. Khapre however agrees that exports this year have slowed not only to Russia but also European countries.

Govt's FY23 food subsidy bill may be ₹26,000 crore lower

SANDIP DAS
New Delhi, March 22

THE GOVERNMENT'S FOOD subsidy expenses next fiscal may decline by around ₹26,000 crore, mainly because of anticipated lower volume of procurement of wheat in the rabi marketing session beginning on April 1. Procurement of the cereal may be around 34 million tonne, as against the target of 44 million tonne.

An anticipated surge in wheat exports because of global demand is currently pushing up domestic prices above the minimum support price (MSP). In Madhya Pradesh, for instance, mandi prices are currently around ₹2,100-₹2,350 per quintal against the MSP of ₹2,015 a quintal. There is expected to be a sharp fall in procurement by agencies in the state because of export prospects and its proximity to Kandla and Mundra ports, from where most of India's shipments take place.

"We anticipate a much lower wheat procurement this season against the target as prices are ruling above MSP," Faiz Ahmed Kidwai, principal secretary, department of food and civil supplies, Madhya Pradesh, told FE. In Madhya Pradesh, the target was to procure 12.9 MT of wheat, which looks

HIGH EXPORT DEMAND

Anticipated surge in wheat exports is pushing up domestic prices above MSP

As a result, wheat procurement is likely to be around 34MT, as against a target of 44MT

Wheat exports could cross 10 MT in FY23; mostly to be from MP

unlikely to materialise.

This season, the target was set for wheat procurement for Punjab (13.2 MT), Haryana (8.5 MT), Uttar Pradesh (6 MT) and Bihar (1 MT). In these states, arrivals of wheat will pick up after April 1.

Wheat exports could be upwards of 10 MT in 2022-23 and the shipments would mostly from Madhya Pradesh. India traditionally exports wheat to South Asian neighbours and northern Africa. Traders say exports from other wheat-producing states, especially Punjab and Haryana, will be challenging because of the absence of requisite transportation infrastructure, higher cost of transport to ports in the western region, and higher levies on grain purchase.

While Punjab and Haryana impose levies such as mandi fee, arthia commissions, and rural development cess of 8.5% and 6.5% respectively on the wheat purchase by traders, Madhya Pradesh and Uttar Pradesh have levies of 3.5% and 3.8% respectively.

In 2021-22, India is expected to export a record 7 MT of wheat.

The economic cost of wheat for the Food Corporation of India (FCI), which includes MSP paid to farmers, storage, transportation and other incidental expenses for 2022-23, is estimated at ₹2,589 a quintal. "There will be substantial reduction in expenses towards food subsidy, because of lower procurement of wheat," a food ministry official said.

The Union Budget for 2022-23 has made a provision of ₹2.06 lakh crore under food subsidy. Wheat has a share of 45% of the total food subsidy expenses.

Supply of grains for the public distribution system under the National Food Security Act won't be impacted by factors such as higher exports and lower procurement, as stocks with the FCI are very high. At the beginning of this month, FCI was saddled with wheat stocks of 23.4 MT, much higher than the buffer norm of 7.46 MT.

According to official sources, the government has firming up the export strategy in a series of inter-ministerial meetings over the last few weeks. It reckons that Russia and Ukraine, which conventionally used to have a combined share of more than quarter of the global wheat trade, may remain absent from the key markets for several months.

"We anticipate the surge in exports, especially from Madhya Pradesh, to continue in coming months. Farmers will be realising much better prices than the MSP announced by the government," said Kunal Shah, joint director at Shah Corporation, a wheat trading firm based in Vashi, Navi Mumbai.

6. Non Disposal Undertaking/Power of Attorney to hold 51% shares of the Borrower during construction period plus two years thereafter and 26% during the balance tenor of the facility, subject to provisions of the concession agreement.
The aforesaid the Suspended Director of borrower Company was requested to pay interest and other charges and also the instalments of the principal in accordance with the terms of the sanction letter and loan agreements executed by the borrowers / guarantors. However, the borrower has failed for payment of dues and committed default in performing the conditions in the loan agreement, causing thereby classification of the account as NPA as per RBI guidelines.
The status of the account is enumerated hereunder:
(Rs. In crores)

S.No.	Date of NPA	Dues on 07.03.2022	Total Dues : 306.55
1.	28.11.2018 (B)	Book Balance : 134.90 MOI : 171.65	
2.	29.11.2018 (e-AB)	Book Balance : 37.83 MOI : 37.48	Total Dues : 75.31

In view of the default committed by the Suspended Director of borrower Company the case was examined by the WDSC on 17.02.2022 with a view to ascertain willful default on the part of the Suspended Director of borrower Company as per the guidelines laid down by the RBI. It was observed by the Willful Defaulter Screening Committee that the Suspended Director of borrower Company had prima facie committed various willful irregularities/default as detailed hereunder and accordingly meets the criteria to be classified as willful Defaulter in terms of the guidelines laid down by the RBI.
The irregularities/default/default as extracted out by the screening committee and directed to be communicated to the Suspended Director of borrower Company calling for their submission as to why they should not be a declared as willful defaulter as per RBI guidelines are enumerated as under:
Cause of Action:
Diversion of funds in term of clause 2.1.3(b) read with 2.2.1(b) & 2.2.1(c)
The holding company ITNL was handling 28 roads project and 6 bridges projects. While reviewing financial position of the holding company, it is observed that current assets constitute trade receivables from the related parties and short term loans & advances recoverable from the related parties. Whereas current liabilities constitute maturity of NCD and interest accrued thereon. The round tripping of funds (justifying utilization as advance payment and project management cost) and funds withdrawn immediately on disbursement might have been utilized for funding the other projects.
In view of the above detailed Diversion of funds in term of clause 2.1.3(b) read with 2.2.1(b) & 2.2.1(c) of the RBI Master Circular No. No. RB/2015-16/100 DBR.No.CID.BC.22/20.16.003/2015-16 dated 01.07.2015, each of you are required by the WDSC to show cause as to why each of you should not be a declared a willful defaulter for the reported capacity to reasons specified hereinabove.
Please ensure that your reply should reach us on or before 31.03.2022 failing which the committee would be constrained to proceed further in the matter based on the evidence on record treating as if you have no reason/explanation to offer in rebuttal.
