Industry Overview:

The Government of India had announced a vibrant steel policy recently in which the need for growth of the domestic steel industry to strengthen the Make-in-India concept was recognized. The domestic steel production is now improving and consequently the demand for Ferro Alloy Products has also improved.

It is expected that at the current rate of GDP growth, the steel demand will grow threefold in next 15 years to reach a demand of 230 Million MT by 2030-31. It is anticipated that a crude steel capacity of 300 Million MT will be required by 2030-31, based on the demand projections as mentioned above. The expected demand for Ferro Alloys is 4 Million Tons per annum in 2030-31 based on the demand for steel.

Performance of your Company:

During the financial year under review, the total revenue for the Company was Rs.4384.13 Lakhs against Rs.1263.69 Lakhs in the previous year. The Company incurred an operational loss of Rs.2224.80 Lakhs compared to Rs.682.14 Lakhs in the previous year.

**Prospects:**

The medium to long-term economic outlook in India continues to look promising and though there is slowdown in economy, it is important to note that the Government's initiative to continue to liberalize the economy and focus on social sector spending in building both hard and soft infrastructure. Steel is the most crucial ingredient in industrial development, infrastructure and construction industry and is, therefore, of strategic importance for national transformation. The progress in domestic steel industry is a pre-requisite for India to succeed in its industrial vision for 'Make-in India'. This presents good potential growth of Ferro Alloys industry in the Country as it solely depends on steel industry hence Ferro Alloy Industry can run its industry profitably subject to other market driven factors.

Outlook of your Company:

Your Company suspended its manufacturing operations from 10th October 2019 due to unfavorable market and other conditions. However, keeping in view of the encouragement given by the Telangana Government by way of giving uninterrupted and quality power supply along with reasonable power tariff to Ferro Alloy Industry, we hope that your company will resume its manufacturing operations subject to current depressed economic situation's impact on the Company's profitability and operational efficiency.

Projects under Implementation- Thermal Power Plant -120 MW (2x60MW):

You are aware that your Company is setting up 120MW (2x60MW) Coal Based Captive Power Plant at Bodepalli (Village & Gram Panchayat), Sirpur Kagaznagar Mandal, Asifabad, Komaram Bhim District, Telangana State. The Company has obtained most of the clearances such as Environmental Clearance (EC), Consent for Establishment (CFE), NoC from Forest Department, Permission for water drawal and Airport Authority. Your Company has decided to setup the Captive power Project on priority basis through VBC Power Company Limited, a Special Purpose Vehicle Company and initiated the steps to hive off the power project division and demerge the said power division into VBC Power Company Limited. The company has obtained a Fuel Supply Agreement with Western Coal fields by giving a Bank Guarantee of Rs.5.24 crores.

Dividend & Reserves:

As the Company incurred losses during the year under review, the Directors could not recommend dividend for the Financial Year 2019-20, also due to inadequate profits and no amount has been transferred to Reserves.

Share Capital:

The Paid-up Share Capital as on 31st March 2020 was Rs.16.39 Cr. During the year under review, the company has issued 42,27,410 Equity Shares by converting convertible warrants.

Deposits:

Your Company has not accepted any deposits within the meaning of Section 73 of the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014 and as such, no amount of principal and interest was outstanding as on 31st March 2020.

Details of Subsidiary/Joint Ventures/Associate Companies:

Information pursuant to sub-section (3) of section 129 of the Act, i.e., the statement containing the salient features of the financial statement of a company's subsidiary or subsidiaries, associate company

or companies and joint venture or ventures is not applicable during the year, as there are no Subsidiary/ Joint Venture Companies.

However, your Company has promoted the following two power companies by way of Equity Investments:

Investment in KGPL 445 MW Gas Based Power Plant:

Konaseema Gas Power Limited (KGPL) (Associate Company), in which your Company has invested in equity, could not operate its plant during the financial year under review as there is no domestic natural gas supply. KGPL suspended its manufacturing operations due to non-availability of Gas (i.e., raw material) and as a result, the KGPL could not service its debts to the Financial Institutions/Banks. IDBI Bank, one of the Term Loan Lenders of KGPL, filed a petition U/s 7 of the Insolvency and Bankruptcy Code (IBC), 2016 against KGPL before Hon'ble National Company Law Tribunal (NCLT), Hyderabad. Hon'ble NCLT admitted said petition and appointed Interim Resolution Professional to initiate Corporate Insolvency Resolution Process(CIRP) against KGPL vide its Order dated 18.12.2018. However, the Hon'ble NCLT ordered for liquidation of the Company as resolution plan has not been approved by Committee of Creditors.

Investment in OPCL 20 MW Dam Based Hydel Power Plant:

20 MW Dam Based Hydro Electric Power Project by Orissa Power Consortium Limited (OPCL), in which your Company has invested in equity has generated 82.97 million units during the financial year 2019-20 and the said generation is below the designed energy level due to failure of monsoon and in turn low inflow to the Plant from upstream Rengali HEPP. OPCL established 3.42 MWp Solar Power Project and achieved COD on 31.10.2016 and generated 4.35 MU during the financial year under review. Your Company is holding Equity Share Capital of about 13.43% in OPCL.

Presentation of Financial Statements:

The Financial Statements for the year ended 31st March 2020 are prepared in due compliance of the Indian Accounting Standards.

Corporate Social Responsibility Policy:

Section 135 of the Companies Act, 2013 relating to Corporate Social Responsibility is not applicable and hence the Company has not adopted any Corporate Social Responsibility Policy.

Cash Flow Statement:

A Cash Flow Statement for the year 2019-20 is annexed to the Statement of Accounts.

Board of Directors and Key Managerial Personnel:

- a) Resignation of Directors:
 - i) Shri Vijay Govind Gejji, Managing Director resigned w.e.f 21.08.2020 and Board acknowledges hereby his invaluable services given to Company.

Policy on Directors Appointment and Remuneration Policy:

The Board, on recommendation of Nomination & Remuneration Committee, has framed a policy for selection and appointment of Directors, Senior Management and their remuneration. The Policy is also available on the website of the Company i.e., www.vbcfal.in

Auditors:

The Auditors, M/s C.V. Ramana Rao,, Chartered Accountants were appointed as Statutory Auditors to hold office till the conclusion of AGM to be held in the year 2022. However, M/s C.V. Ramana Rao,, Chartered Accountants submitted their resignation on 8th August 2020. Therefore, Board of Directors have appointed M/s Pavuluri & Associates, Chartered Accountants, Hyderabad in their place on 21.08.2020. As per the provisions of the Companies Act, 2013, the said appointment has to be approved by the Members in their ensuing General Meeting. Accordingly, Board of Directors recommended their appointment for a term of five years.

**Auditors' Report:**

The following is the reply of the Board on the qualifications made by the Auditors in their Report:

No	Audit Qualification	Reply given by the Board
a	Non-provision of shortfall of deemed energy charges for earlier years amounting to Rs 56,54,81,522/-, pending disposal of company's petition before TSERC as stated in Note No. 2.33 to the standalone Ind AS financial statements has resulted in understatement of the loss for the year.	Company approached Telangana State Electricity Regulatory Commission(TSERC) with a request to waive the demand as the said amounts relating to deemed energy charges. As the TSSPDCL imposed said deemed energy charges even period relating to power cuts/ power holidays/non supply of power due to acute power shortage in the erstwhile undivided state of Andhra Pradesh. Therefore the company is confident to get a favourable decision from TSERC/TSSPDCL and hence, the Board did not provide for any liability..
b	As stated in Note No. 2.04c the company has not measured its Investments in Equity Instruments designed to be measured at Fair Value through Other Comprehensive Income at fair values as required by Indian Accounting Standard "Financial Instruments" (Ind AS 109) which is not in compliance with the provisions of section 133 of the Companies Act, 2013.	We approached by the investment companies and they informed that due to COVID-19 and consequential lockdown and absence of public transport system etc., the qualified staff is not available for the finalisation of matters relating to investments.
c	As stated in Note No. 2.41 that balances lying in the lenders', sundry creditors, like, suppliers', service providers', employees' and customers' accounts are subject to confirmation.	Company is yet to receive conformations from parties.
d	Provision towards present liability in respect of future payments of gratuity and leave encashment has not been made using Projected Unit Credit method as required by Ind AS 19 "Employee Benefits", which is non compliance with the provisions of section 133 of the Companies Act, 2013.	As per the company's assessment, the required liability has been created. Hence no impact on Financial Statements.
e	As stated in Note No. 2.40 the company has not conducted the impairment test of its cash generating assets despite of the indication of asset remaining idle as required by Ind AS 36 "Impairment of Assets", which is non compliance with the provisions of section 133 of the Companies Act, 2013.	Non availability of technical staff due to COVID-19, we could not conduct impairment status of assets. However, the Board is confident to get benefits from all the assets in future, therefore no provision has been made for impairment.

f	No physical verification of inventories has been carried out during the year. Accordingly, we are unable to express our opinion on the realisability of the amount at which the same are stated in the books of account.	The company is having a system to make periodical physical verification of stock / inventories and also arriving at the values. However, we could not conduct physical verification due to COVID-19 pandemic for the Financial Year ended 31st March,2020.

ANNEXURE - III

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. BACKGROUND

The Management Discussion and Analysis sets out the developments in the business environment and the Company's performance since our last report. This analysis supplements the Directors' Report and the Audited Financial Statements forming part of this Annual Report.

2. INDUSTRY STRUCTURE

Ferro Alloy Industry was established to cater to the needs of steel industry. Ferro alloys are used as additives and deoxidizing agents in steel manufacture. Steel producers use Ferro manganese, Silico Manganese and Ferro Silicon, while stainless steel units use Ferro chrome and charge chrome.

The Government of India had announced a vibrant steel policy recently in which the need for growth of the domestic steel industry to strengthen the Make-in-India concept was recognized. The domestic steel production is now improving and consequently the demand for Ferro Alloy Products has also improved.

3. OPERATIONS, OPPORTUNITIES & THREATS OPERATIONS: This has been dealt with in the Directors' Report.

OPPORTUNITIES:

India's natural resources and geographical position is well poised to benefit from the growing demand for steel and steel making raw materials. However, for the Ferro alloys industry, high energy costs have hampered the growth and remedial measures expected to push the growth.

It is expected that at the current rate of GDP growth, the steel demand will grow threefold in next 15 years to reach a demand of 230 Million MT by 2030-31. It is anticipated that a crude steel capacity of 300 Million MT will be required by 2030-31, based on the demand projections as mentioned above. The demand for Ferro Alloys is 4 Million Tons in 2030-31 based on the demand for steel.

THREATS:

The manufacture of Ferro alloys is highly power intensive and therefore the cost of power is critical to the competitiveness of the products. On an average, 50% of the total cost per ton of Ferro alloys is accounted for by power. Repeated power tariff hikes by state run power utility company have put the Industry in a fix. Further the problems of this industry are aggravated because of the high input cost of power including FSA charges.

This is the major threat that this industry is facing and in order to be competitive on a global scale, it is necessary for an Indian Ferro alloys Industry to have captive power to tide over the situation in power starved country like India.

4. SEGMENT-WISE PERFORMANCE OR PRODUCT-WISE PERFORMANCE

The Company has only one business segment i.e., Ferro Alloys.

5. OUTLOOK

Long term outlook of your company will be encouraging because of the following reasons:

The Company is in the process of setting up Captive Power Plant of 120 MW (2x60MW) capacity at Bodepalli Village, Sirpur Kaghaznagar Mandal, Adilabad District in the State of Telangana State through VBC Power Company Limited, a Special Purpose Vehicle (SPV) Company.

6. RISKS & CONCERNS

- a. In a time frame for setting up of captive power plant and coming into production will depend upon the financial closure of the project and approval of hive off scheme.
- b. Government regulations, like reduction in import duties, anti dumping duty and increase in power tariffs by SPDC of Telangana Limited and shortage of power, may also affect the profitability of the Company, since 40% or more production costs account for power.

7. INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has sound internal control system, which ensures that all the assets are protected against loss from unauthorized use and all transactions are recorded and reported correctly.

The internal control system is supplemented by an extensive programme of internal audits and reviews by the Management. The internal control systems are designed to ensure that the financial and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets.

Further, all internal control functions and its entire gamut of activities are covered by independent audit, conducted by separate internal auditors, whose findings are reviewed regularly by the Audit Committee and Management of the Company.

8. DISCUSSIONS ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

This has been dealt with in the Directors' Report

9. HUMAN RESOURCE DEVELOPMENT

Human capital is one of the key elements of your Company. The Company's human resource policies are aimed at motivating its employees to deliver high quality performance and reward talent with adequate compensation and accelerated career growth opportunities.

Your Company believes that an on-going learning process is vital for growth in the fast changing business environment and for this purpose, your Company has been conducting various training and development workshops for improving the knowledge levels of the employees at all levels.

10. INDUSTRIAL RELATIONS

This has been dealt with in the Directors' Report. Cautionary Statement:

Certain statements made in the Management Discussion and Analysis Report relating to the Company's objectives, projections, outlook, expectations, estimates, etc., may constitute 'forward looking statements' within the meaning of applicable laws and regulations. Actual results may differ from such expectations, projections, etc., whether expressed or implied. Several factors could make a significant difference to the Company's operations. These include climatic conditions, economic conditions affecting demand and supply, Government Regulations and taxation, natural calamities etc., over which the Company does not have any control.

INDEPENDENT AUDITOR'S REPORT

To
THE MEMBERS OF
VBC Ferro Alloys Limited,
Hyderabad

Report on the Audit of the Standalone Ind AS Financial Statements

Qualified Opinion:

We have audited the accompanying standalone Ind AS financial statements of VBC Ferro Alloys Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in the Basis for Qualified Opinion section of our report, the accompanying standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

- a) Non-provision of shortfall of deemed energy charges for earlier years amounting to Rs 56,54,81,522/-, pending disposal of company's petition before TSERC as stated in Note No. 2.33 to the standalone Ind AS financial statements has resulted in understatement of the loss for the year.
- b) As stated in Note No. 2.04c the company has not measured its Investments in Equity Instruments designed to be measured at Fair Value through Other Comprehensive Income at fair values as required by Indian Accounting Standard "Financial Instruments" (Ind AS 109) which is not in compliance with the provisions of section 133 of the Companies Act, 2013.
- c) As stated in Note No. 2.41 that balances lying in the lenders', sundry creditors, like, suppliers', service providers', employees' and customers' accounts are subject to confirmation.
- d) Provision towards present liability in respect of future payments of gratuity and leave encashment has not been made using Projected Unit Credit method as required by Ind AS 19 "Employee Benefits", which is non compliance with the provisions of section 133 of the Companies Act, 2013.
- e) As stated in Note No. 2.40 the company has not conducted the impairment test of its cash generating assets despite of the indication of asset remaining idle as required by Ind AS 36 "Impairment of Assets", which is non compliance with the provisions of section 133 of the Companies Act, 2013.
- f) No physical verification of inventories has been carried out during the year. Accordingly, we are unable to express our opinion on the realisability of the amount at which the same are stated in the books of account.

We conducted our audit of the Standalone Ind AS Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for Qualified opinion on the standalone Ind AS financial statements.

Emphasis of Matter Paragraphs:

We draw attention to the following matters in the Notes to the standalone Ind AS financial statements:

- a. Further to the continuous spreading of COVID -19 across India, the Indian Government announced a strict 21-day lockdown on March 24, 2020, which was further extended till 31st July 2020 across the India to contain the spread of the virus. This has resulted in restriction on physical visits to the registered office and factory premises of the company and to rely on alternative audit procedures as per the Standards on Auditing prescribed by the Institute of Chartered Accountants of India (ICAI).
- b. As a result of the above, the statutory audit of the company has been carried out based on remote access of the data as provided at our office premises. This has been carried out based on the advisory on "Specific Considerations while conducting Distance Audit/ Remote Audit under current Covid-19 situation" issued by the Auditing and Assurance Standards Board of ICAI. We have been represented by the Whole Time Director of the company that the data provided for our audit purposes is correct, complete, reliable and are directly generated by the accounting system of the company without any further manual modifications.
- c. If we have carried out the audit physically at the client locations, we might have been able to verify further sufficient appropriate audit evidence regarding the documentation supporting the financial transactions.
- d. Note No. 2.04 with marks (#) that 124.589 Lakhs of shares acquired by the company in Konaseema Gas Power Limited, the title in respect of which is not transferred in the name of the company.
- e. Note No. 2.26a that cost of materials consumed includes the loss of the raw materials due to the loss of the technical properties and usability of the materials in the production due to passage of time besides consumption.

Our opinion is not modified in respect of these matters.

Material Uncertainty related to Going Concern

We draw attention to Note 2.35 in the financial statements, the events or conditions mentioned in the said note indicate that material uncertainties exist that may cast significant doubt on the Company's ability to continue as a going concern.

Our opinion is not modified in preparation of accounts on "going concern" basis for the year under report.

Key Audit Matters

We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board of Directors' Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The above specified reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the above specified reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance,

but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS Financial Statements, including the disclosures, and whether the Standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure- A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and, except for the matters described in the Basis for Qualified Opinion section above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) Except for the effects of the matter described in the Basis for Qualified Opinion section above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) Except for the effects of the matter described in the Basis for Qualified Opinion section above, in our opinion, the aforesaid Standalone Ind AS Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) As written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, have not been provided to us, we are unable to state whether any of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, we are unable to express any opinion as required under section 143 (3) of the Act 2013, as we could not carry -out any verification or review of its internal financial controls over financial reporting due to covid 19 lockdown restrictions.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

The remuneration paid to the Directors by the company is in accordance with the provisions of the sec.197.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i The Company has disclosed the impact of pending litigations on its financial position in its Standalone Ind AS Financial Statements.

- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii. The unpaid dividend amounting to Rs 563,316/- has not been transferred to the Investor Education and Protection Fund as required to be transferred by the Company during the year.

1. Significant Accounting Policies

1.1 Company overview

VBC Ferro Alloys Limited (VBCFAL) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956 and has its registered office at 6-2-913/914, Third Floor, Progressive Towers, Khairatabad, Hyderabad - 500004. The securities of the company are listed in BSE Limited.

The Company is engaged in the business of manufacturing Ferro Alloys at Rudraram Village, Patancheru Mandal, Medak District, Telangana.

The financial statements for the year ended March 31, 2020 were approved by the Board of Directors and authorized for issue on 8th August, 2020.

1.2 Basis of preparation of financial statements

1.2.1 Statement of Compliance with Ind AS

These financial statements are the standalone financial statements prepared in accordance with Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013, read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2016 and therefore Ind ASs issued, notified and made effective till the financial statements are authorized have been considered for the purpose of preparation of these financial statements and guidelines issued by the Securities and Exchange Board of India (SEBI).

These are the Company's first Ind AS Financial Statements and the date of transition to Ind AS, as required has been considered to be April 1, 2016.

1.2.2 Recent Accounting Pronouncements –Standards issued but not yet effective

On 28 March 2018, the Ministry of Corporate Affairs notified the Companies (Indian Accounting Standards) (Amendments) Rules, 2018. The key amendments to the Ind AS Rules are:

- Introduction of new revenue standard Ind AS 115 "Revenue from contracts with customers" and omitted Ind AS 11 "Construction contracts" and Ind AS 18 "Revenue".
- Appendix B, Foreign Currency Transactions and Advance Consideration to Ind AS 21 "The Effect of Changes in Foreign Exchange Rates".
- Amendment to Ind AS 40 "Investment property",
- Amendments to Ind As 12 "Income Taxes",
- Amendment to Ind As 28 "Investments in Associates and Joint ventures" and
- Amendment to Ind AS 112 "Disclosure of interests in other entities"
- Consequential amendments to other Ind AS due to notification of Ind AS 115 and other amendments referred above.

These amendment rules are effective from the reporting periods beginning on or after 1st April, 2018.

Amendment to Ind AS 40:

The amendment lays down the principles regarding when a company should transfer asset to, or from, investment property. As the Company does not have any investment property, this amendment does not have any impact on the financial statements of the Company.

Amendment to Ind AS 21:

The appendix clarifies that the date of transaction, for the purpose of determining the exchange rate to use on initial recognition of the asset, expense or income, should be the date on which an entity initially recognises the non-monetary asset or liability arising from the advance consideration. The effect of this amendment on the financial statements of the Company will be evaluated.

Amendment to Ind AS 12:

The amendment clarifies the requirements for recognising deferred tax asset on unrealised losses. The effect of this amendment on the financial statements of the Company will be evaluated.

Amendment to Ind AS 28:

The amendment provides clarification requiring to measure investments separately for each associate or joint venture. . The effect of this amendment on the financial statements of the Company will be evaluated.

Amendment to Ind AS 112:

The amendment clarifies that disclosure requirement for interests in other entities also apply to interests that are classified as held for sale or as discontinued operations in accordance with Ind AS 105 “Non-current Assets held for sale and Discontinued operations”. The effect of this amendment on the financial statements of the Company will be evaluated.

The Company will adopt these amendments from their applicability date.

1.2.3 Basis of Preparation

For all periods up to and including year ended 31st March, 2017, the Company prepared its financial statements in accordance with the requirements of previous Generally Accepted Accounting Principles, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006 (“Previous GAAP”). These financial statements for the year ended 31st March, 2020 are the third financial statements of the Company prepared in accordance with Ind AS. The date of transition to Ind AS is 1st April, 2016. Details of the exceptions and optional exemptions availed by the Company and principal adjustments along with related reconciliations are detailed in Note 5 (First-time Adoption).

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are approved for issue by the Board of Directors has been considered in preparing these financial statements.

1.3 Use of Estimates:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that

require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 3. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are effected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.4 Current and non-current classification

All assets and liabilities in the balance sheet are presented based on current/ non-current classification.

An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle
- held primarily for the purpose of trading
- expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is:

- expected to be settled in normal operating cycle
- held primarily for the purpose of trading
- due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

1.5 Property, Plant and Equipment:

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and impairment loss, if any. Historical cost includes all costs directly attributable to bringing the asset to the location and condition necessary for its intended use and initial estimation of dismantling and site restoration costs. Subsequent costs relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Property, Plant and Equipment are componentized and are depreciated separately over their estimated useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Depreciation on buildings and plant and machinery is charged under straight line method and on the remaining assets under the diminishing balance method. The residual values, useful lives and

methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Directly attributable expenditure (including finance costs relating to borrowed funds for construction or acquisition of property, plant and equipments) incurred on projects under implementation are treated as expenditure during construction pending for allocation to the assets and are shown under CWIP. CWIP is stated at the amount expended upto balance sheet date on assets or property, plant and equipment that are not yet ready for their intended use.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

1.6 Investment in Associates:

Investments in associates are carried at cost.

1.7 Inventories:

Inventories are valued at the lower of the cost (net of eligible input tax credits) or net realisable value (except by-products, waste and scrap which are valued at estimated net realisable value). Cost is computed on annual weighted average basis.

Costs incurred in bringing each product to its present location and condition, are accounted for as follows:

- Raw materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.
- Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.
- Stores and spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

1.8 Cash and cash equivalents:

Cash and cash equivalents include cash on hand and at bank, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash which are subject to an insignificant risk of changes in value and are held for meeting short-term cash commitments. Equity investments and bank borrowings are excluded from cash equivalents. However, bank overdrafts which are repayable on demand are included as a component of cash and cash equivalents.

1.9 Trade receivables:

Receivables are initially recognized at fair value, which in most cases approximates the nominal value of consideration receivable. If there is a subsequent indication that those assets may be impaired, they are reviewed for impairment and an allowance is recognized.

1.10 Trade payables:

Trade Payables are recognized for amounts to be paid for goods or services acquired in the ordinary course of the business whether billed by the supplier/service provider or not. Trade payables are classified as current liabilities.

1.11 Provisions, contingent assets and contingent liabilities:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

The Company has ongoing litigations with various regulatory authorities and third parties. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset, and is recognised as an asset.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

1.12 Revenue recognition:

Revenue is recognised to the extent it is probable that economic benefits would flow to the Company and the revenue can be reliably measured, regardless of when the revenue proceeds is received from customers.

Revenue is measured at the fair value of the consideration received or receivable and net of returns, trade allowances rebates and amounts collected on behalf of third parties and excluding taxes, levies or duties collected on behalf of the government/ other statutory bodies.

a. Sale of products:

Sale of products is recognized, when significant risks and rewards of ownership pass to the dealer / customer, as per terms of contract and it is probable that the economic benefits associated with the transaction will flow to the Company.

b. Dividend income:

Dividends are recognized in profit or loss only when the right to receive payment is established,

it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be reliably measured.

c. Unbilled income:

Unbilled income represents the value of services rendered but not yet been invoiced on the reporting date due to contractual terms.

1.13 Expenses:

All expenses are accounted for on accrual basis.

1.14 Employee Benefits include:

(i) Short term employee benefits-

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

The company recognises a liability and an expense for bonus only when it has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of obligation can be made.

(ii) Post employment benefits-

The company operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity; and
- (b) Defined contribution plans such as provident and pension funds.

Defined Benefit Plans -The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

Defined Contribution Plans- The Company pays provident fund contributions to publicly administered provident funds as per local regulations. It has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.15 Income Taxes:

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

1.16 Prior period items

In case prior period adjustments are material in nature the Company prepares the restated financial statement as required under Ind AS 8 - "Accounting Policies, Changes in Accounting Estimates and Errors". Immaterial items pertaining to prior periods are shown under respective items in the Statement of Profit and Loss.

1.17 Earnings Per Share:

The basic earnings per share are computed by dividing the net profit/(loss) after tax for the period from continuing operations attributable to equity shareholders by the weighted average number of equity shares outstanding during the year as per IND AS-33.

Diluted earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are determined as at the end of each period presented. Dilutive potential equity shares are determined independently for each period presented.

1.18 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.19 Impairment of assets:

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs of disposal and value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

1.20 Non Derivative Financial Instruments:

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

1.20.1 Initial Recognition-

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added/ deducted to/from the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

1.20.2 Subsequent measurement-

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

(i) Debt instruments at amortised cost

A debt instrument is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The amortisation of EIR is included in finance income in the profit or loss. The impairment losses and gain/loss on de-recognition are recognised in the profit or loss.

(ii) Debt instruments at fair value through other comprehensive income

A debt instrument is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments under this category are measured at fair value at each reporting date. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit & loss. On de-recognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

(iii) Debt instruments, derivatives and equity instruments at fair value through profit or loss

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL (residual category).

In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred

to as 'accounting mismatch'). The company has not designated any debt instrument as at FVTPL.

All equity instruments in scope of Ind AS 109 are measured at fair value by the Company. Equity investments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The classification is made on initial recognition and is irrecoverable.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

(iv) Equity instruments measured at fair value through other comprehensive income

The Company has made an irrevocable election to present the subsequent fair value changes in 'other comprehensive income' for its investments in equity instruments that are not held for trading. Fair value changes on the instrument, impairment losses & reversals and foreign exchange gain or loss are recognized in the OCI. Dividends are recognised in the Profit & Loss. There is no recycling of the amounts from OCI to Profit & Loss, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Financial liabilities are classified in two measurement categories:

- Financial liability measured at amortised cost
- Financial liability measured at fair value through profit or loss

(i) **Financial liabilities measured at fair value through profit or loss** include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

(ii) **Financial liability measured at amortised cost**

All other financial liabilities are subsequently carried at amortized cost using effective interest rate (EIR) method, thereby resulting in amortisation of transaction costs and interest expenses through Profit & Loss over the life of the instrument. The EIR amortisation is included as finance costs in the statement of profit and loss.

1.20.3 Reclassification of financial assets-

The company reclassifies its financial assets only when there is a change in entity's business model for managing its financial assets.

1.20.4 Derecognition of financial instruments-

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind. AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

1.20.5 Impairment of financial assets-

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- a. Trade receivables
- b. Financial assets measured at amortized cost (other than trade receivables)
- c. Financial assets measured at fair value through other comprehensive income.

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of Profit and Loss under the head 'Other expenses'.

1.20.6 Offsetting of financial instruments-

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

1.20.7 Fair Value of Financial instruments-

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For trade and other receivables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

The production activities have been closed due to un-remunerative market price and the same is continued due to Pandemic/COVID-19. However, the books of account are maintained under "going concern" concept, as the Company is planning to restart its activities in the month of October 2020 hoping for stability in market conditions and remunerative market prices due to the Central Governments initiatives to boost the steel industry with mega projects. We anticipate a recovery from the Pandemic conditions by that time.
