However, disruptions to business worldwide and economic slowdown may have its eventual impact on the Group. A definitive assessment of the impact is not possible in view of the highly uncertain economic environment and the scenario is still evolving. The Group has assessed the impact of pandemic on its financial results/position based up to the date of approval of these financial results and expects to recover the carrying value of its assets. The Group continues to monitor the economic effects of the pandemic while taking steps to improve its execution efficiencies and the financial outcome. The results for the quarter and nine months ended December 31, 2020 are therefore not comparable with those for the previous year's quarter and nine months ended December 31, 2019.
