## Erickson Incorporated selects Ramco for ERP Transformation Project

Leading aviation services provider will modernize global air operations, manufacturing, and MRO services

**Portland, U.S.A. / New Jersey, U.S.A – July 02, 2019** – [Erickson Incorporated](#), has selected [Ramco Systems](#) to implement its [Aviation M&E MRO Solution V5.8](#). Erickson's advanced enterprise solutions integration will link all Maintenance, Supply Chain Management, Safety & Quality, Flight Operations, MRO Sales, and Manufacturing functions into a single system. Modules will include EFB (electronic flight bag), Mobility, Optimization Solution, Hubs, Dashboards and Chatbot.

Erickson, a key American aerospace manufacturer and global aviation service provider, will utilize V5.8 to connect over 700+ users across three business units - Commercial Aviation Services, Defense and National Security as well as Manufacturing and MRO (Maintenance, Repair & Overhaul) on a global basis. Offline mobile capability will enable Erickson users to carry out operations in remote locations without internet connectivity. The system will also provide scalability as well as the flexibility to manage multiple organization units and provide visibility across business operations.

“Ramco's deep domain expertise and integrated suite of aerial operations, manufacturing, and MRO systems are a great match for our needs at Erickson,” said **Doug Kitani, CEO, Erickson Incorporated**. “Ramco will provide us an automated technology environment, enabling real time visibility and management of the many complex facets of our company.”

“Partnership with Erickson signals trust from yet another leader in the aviation community,” said **Virender Aggarwal, CEO, Ramco Systems**. “Ramco's Aviation Suite strives to always offer innovative solutions to our clients. Our ability to address the complete breadth of Heli, MRO & Defense software needs with ERP Finance and HR on a single platform has been a key differentiator. We are looking forward to working with Erickson as they embrace digital technologies to address business challenges and increase process efficiencies.”

[Ramco Aviation Software](#) is trusted by 22,000+ users to manage 4,000+ aircraft globally. Accessible on cloud and mobile, Ramco Aviation Software continues to innovate with '[Anywhere Apps](#)', significantly reducing transaction time both during aircraft-on-ground (AOG) conditions and critical aircraft turnarounds. Ramco is changing the paradigm of enterprise software with Artificial Intelligence and Machine Learning based solutions, powered by cool new features such as voice-based transactions on \*Google Assistant or Alexa, chatbots, mail bots, HUBs and cognitive solutions. With 75+ Aviation leaders onboard, Ramco is the solution of choice for several large airlines and top heli-operators and multiple MROs around the world.
