eternal love for their bowl of YiPPee! noodles. Acclaimed for its differentiated, long and slurpy noodles, the brand invited consumers' on its Facebook event page to capture and share their YiPPee! noodle eating moments. In doing so, the fun and excitement

ITC Ltd.'s Sunfeast YiPPee!'s 10th Anniversary celebrations make a **GUINNESS WORLD** RECORDS® achievement

filled activity translated into achieving a GUINNESS WORLD RECORDS® title for 'Most photos of people eating noodles uploaded to Facebook in one hour'. All participants will also be receiving a memorabilia in the form of an official letter of participation by Guinness World Records and Sunfeast YiPPee! Elaborating on the

occasion and achievement, Mr. Hemant Malik, Divisional Chief Executive, Foods Division, ITC Ltd. shared "Doing things the better way has been YiPPee!'s DNA since its inception in 2010, paving the way for consumers to exercise their preference for their brand of noodles that was unique and differentiated. The GUINNESS WORLD RECORDS® feat aptly reflects India's love for Sunfeast YiPPee! noodles and we are glad to have enabled a befitting celebration of India's noodle-loving spirit to a global audience. A heartfelt gratitude goes out to our consumers for making YiPPee! one of the most popular noodles brand in the country. We look forward to their continued love and support as YiPPee! forays into another exciting decade with innovation and differentiation as its cornerstones". Conceptualized to offer consumer experiences beyond the traditional instant noodles, YiPPee! was launched in 2010 at the backdrop of a growing need for variety in the category. With the confluence of ITC's institutional strengths such as its deep consumer insights, sourcing expertise, distribution strength, cutting edge R&D as well as the cuisine expertise of ITC's hotel chefs, coupled with the benefits of Aashirvaad Atta, infusions of real vegetables, a choice of masala, a round block to avoid breaking the noodle thereby ensuring long slurp worthy noodle strands and a special scientific process that avoids lumping gave the brand a major breakthrough in the category by enriching the overall consumer experience. To propagate its offering of long and nonsticky noodles, across all age groups and expand to newer geographies, earlier this year, YiPPee! roped Mahendra Singh Dhoni as its brand ambassador.

Dean of the state-run Sassoon General Hospital Dr Muralidhar Tambe told this to PTI on Saturday. "The phase-III trial of 'Covishield' vaccine will begin at Sassoon hospital from next week. It is likely to start on Monday. Some volunteers have already come forward for the trial. Around 150 to 200 volunteers will be administered the vaccine candidate dose," he said. "From Saturday, the hospital started enrolling volunteers for the trial. Those who are willing to volunteer for the vaccination should contact the hospital,"

Under phase-II, trials were conducted at Bharti Vidyapeeth Medical College and also KEM Hospital in the city. The SII has partnered with British-Swedish pharma company AstraZeneca for manufacturing the COVID-19 vaccine candidate, developed by the University of Oxford. Earlier this month. the SII had paused the clinical trials of the vaccine candidate in the country. The Drugs Controller General of India (DCGI) had on September 11 directed the SII to suspend any new recruitment in the phase-II and III clinical trial of the vaccine till further orders after AstraZeneca paused the trials in other countries because of "an unexplained illness' in a participant in the study. However, on September 15, the DCGI gave permission to the SII to resume clinical trial of the vaccine.
