Forward-looking Statements

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements—written and oral—that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

Our Identity

Incorporated in 1986, we, at Indo Rama Synthetics (India) Ltd., have emerged as the largest dedicated polyester manufacturer in India. With nearly three decades of market presence, we are one of the country's most cost-efficient polyester producers. Our investments in innovation and capacity expansion allow us to integrate value for our large customer base.

We have an integrated production facility in Butibori, near Nagpur, Maharashtra. We believe polyester will be the 'fibre of future', which encouraged us to foray into this business with confidence. Our well-defined quality and process management systems have enabled us to enjoy global presence.

Our Mission

To be the preferred polyester business partner by focusing on customer delight and innovation to attain sustainable growth.

OUR ACCREDITATIONS

Our commitment to quality, occupational safety, health and environment management has helped us achieve major certifications like:

- ISO-9001:2008 for Quality Management System (QMS) for ensuring stringent quality protocol
- ISO-14001:2004 Certification for globally benchmarked Environment Management System (EMS)
- OEKO Tex Certification for meeting Human and Ecological requirements
- REACH - Substance of Very High Concern (SVHC) for human health and environment safety

Our Awards and Accolades

Conferred the Energy Conservation Award in the petrochemical sector by the Maharashtra State Energy Development Agency (MEDA) for FY 2015-16

Received the Highest Exporter and Highest Importer award in Central India from M/s Container Corporation of India Ltd.

Chairman and Managing Director's Message

Dear Shareholders,

The last few quarters have been testing for us. Our indomitable will to hold our ground even in the face of unfavourable economic and industry trends ensured we perform with resilience.

In these trying times our innate strengths came to the fore. We reassessed our strategies in line with the larger macro picture and have made some significant changes to drive our growth-focussed and opportunity-driven strategies.

However, before we deep dive into our performance and future-focussed blueprint for growth, it is essential that we discuss the market and industry landscape, as we perform against this backdrop.

Economic megatrends shaping the industry

The narrative for global economy during FY 2018-19 can be divided into two parts. The beginning of the financial year witnessed healthy momentum in global trade and manufacturing as a result of cyclical upswing that had begun in the last quarter of 2016. But a few months into the financial year, international economic activity began to moderate and perceive heightened risks.

Several factors like disruptions in Germany's auto sector; macroeconomic stress in Argentina and Turkey; tighter credit strategies in China; weakened commodity prices; rising rhetoric around protectionism amid the impending US-China tariff war; normalised monetary policy among some large economies and volatile oil prices played spoilsport. Besides, some large emerging market and developing economies (EMDEs) lost momentum, the effects of which spilled into the global economy.

However, against this tepid growth landscape, India delivered a solid performance of 6.8% during FY 2018-19 and emerged as the fastest growing major economy in the world. The country's progress was a result of its inherent strengths. India's prospects

appear promising in the foreseeable future as its domestic consumption—which powers 60% of its GDP—is expected to grow into a \$5 trillion opportunity by 2025.

Textile industry

The global textile market was valued at ~\$858 billion in 2018 and is expected to generate ~\$1,207 billion by 2025, at a CAGR of around 5% between 2019 and 2025 (Source: Zion Market Research). The textile industry's growth will largely depend on the growth of other industries such as automobile, apparel and housing, as well as changing lifestyles.

The domestic textile industry is projected to reach \$300 billion by 2030 from \$130 billion in November 2018. Rising per capita income, favourable demographics and a shift in preference to branded products are expected to strengthen demand for textile in India. Besides, enhanced policy focus on the industry, including 100% foreign direct investment (FDI) through the automatic route and the allocation of ₹30 crore (\$4 million) for the Integrated

Textile Parks in the FY 2018-19 Union Budget will further drive its growth (Source: IBEF).

India remains the second largest producer of manmade fibre (MMF) and filaments globally after China. The country's MMF industry has been wading through a lean phase for the last few financial years. In the last couple of years, the industry witnessed softened demand due to rise in imports, greater competition from cotton yarn, fall in realisations and short-term loss of production owing to demonetisation (Source: CARE Ratings Report).

At Indo Rama, we are reviewing these developments with a critical eye to capitalise on the upcoming opportunities and scrutinise the challenges to our growth.

Navigating challenging times

During FY 2018-19, we delivered another year of resilient performance, as we posted ₹1699.37 crore in revenues, despite several headwinds.

The global textile market was valued at ~\$858 billion in 2018 and is expected to generate ~\$1,207 billion by 2025, at a CAGR of around 5% between 2019 and 2025.

Our operational EBIDTA stood at ₹(88.58) crore in FY 2018-19 vis-à-vis ₹60.22 crore in FY 2017-18. During FY 2018-19, we registered a net loss of ₹271.06 crore. GST on Purified Terephthalic Acid (PTA), Mono Ethylene Glycol (MEG) & Polyester is 18% while on Textile & Apparel it is 5% & 12%, which is affecting the industry. Lowering this to 5% & 12% will help in industry for its true prospects. Liquidity and NBFC crises effected the domestic economy during the year.

With volatility in oil prices, the prices of our raw materials—PTA and MEG—which are crude oil derivatives fluctuated, impacting our cost of production. This was primarily due to Brent crude’s high prices that remained over \$70 per barrel (on an average) throughout the year under review.

During the year under review, we issued equity shares worth over ₹300 crore to raise funds for long-term working capital and future growth investments. We firmly believe that this capital infusion in our business will enable us to turn the tide in India’s optimistic economic environment.

Strengthening our teams

Over the years, we have fostered a culture of meritocracy across Indo Rama, promoting transparency and knowledge sharing across all levels of the organisation. Our operational ecosystem offers every employee an equal opportunity to contribute towards realising our organisational objectives. Additionally, we concentrate on enhancing the capabilities of our people to make them future-ready.

A responsible corporate citizen

We are also conscious of our impact on the environment and therefore focus

on water conservation through our 5R approach – reduction at source, reuse, recycling, recovery and rethinking alternative and improved solutions for it. We have successfully reduced our specific water consumption over the last few years. We also engage in providing education and skill training by supporting the education of ~1,200 students in Ira International School and collaborating with ITI Nagpur and ITI Butibori, respectively.

Besides, the health of our people and the communities around us is very important for the realisation of our vision. Therefore, we are actively engaged in several healthcare initiatives like free health check-up and eye camps in and around our plant. We also support pulse polio immunisation drive in the area.

Geared for growth

We are prepared to leverage the market opportunities ahead of us to facilitate sustainable growth, steering

with a customer-focussed and value-driven approach. Going forward, we will concentrate further on improving our product quality, people engagement and giving back to the society.

Before concluding, I want to thank our business associates, employees, shareholders and customers, on behalf of our Board, for their support and encouragement. We are confident that this continued support will help us soon turn the course of the organisation.

Regards

O.P. Lohia
Chairman and Managing Director

Management Discussion and Analysis

Global economy

- The global expansion has weakened. Global growth for 2018 is estimated at 3.7 percent, as in the October 2018 World Economic Outlook (WEO) forecast, despite weaker performance in some economies, notably Europe and Asia. The global economy is projected to grow at 3.5 percent in 2019 and 3.6 percent in 2020, 0.2 and 0.1 percentage point below last October's projections.
- The global growth forecast for 2019 and 2020 had already been revised downward in the last WEO, partly because of the negative effects of tariff increases enacted in the United States and China earlier that year. The further downward revision since October in part reflects carry over from softer momentum in the second half of 2018—including in Germany following the introduction of new automobile fuel emission standards and in Italy where concerns about sovereign and financial risks have weighed on domestic demand—but also weakening financial market sentiment as well as a contraction in Turkey now projected to be deeper than anticipated.
- Risks to global growth tilt to the downside. An escalation of trade tensions beyond those already incorporated in the forecast remains a key source of risk to the outlook. Financial conditions have already tightened since the fall. A range of triggers beyond escalating trade tensions could spark a further deterioration in risk sentiment with adverse growth implications, especially given the high levels of public and private debt. These potential triggers include a “no-deal” withdrawal of the United Kingdom from the European Union and a greater-than-envisaged slowdown in China.
- The main shared policy priority is for countries to resolve cooperatively and quickly their trade disagreements and the resulting policy uncertainty, rather than raising harmful barriers further and destabilizing an already slowing global economy. Across all economies, measures to boost potential output growth, enhance inclusiveness, and strengthen fiscal and financial buffers in an environment of high debt burdens and tighter financial conditions are imperatives.

Indian Economy Indian Economy

India's GDP is estimated to have increased 7.2 per cent in 2017-18 and 7 per cent in 2018-19. India has retained its position as the third largest startup base in the world with over 4,750 technology start-ups.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves were US\$ 405.64 Billion in the week up to March 15, 2019, according to data from the RBI. The interim Union Budget for 2019-20 was announced by Mr Piyush Goyal, Union Minister for Finance, Corporate Affairs, Railways and Coal, Government of India, in Parliament on February 01, 2019. It focuses on supporting the needy farmers, economically less privileged, workers in the unorganised sector and salaried employees, while continuing the Government of India's push towards better physical and social infrastructure.

Total expenditure for 2019-20 is budgeted at ₹2,784,200 Crore (US\$ 391.53 Billion), an increase of 13.30 per cent from 2018-19 (revised estimates). Numerous foreign companies are setting up their facilities in India on account of various government initiatives like Make in India and Digital India. Mr. Narendra Modi, Prime Minister of India, has launched the Make in India initiative with an aim to boost the manufacturing sector of Indian economy, to increase the purchasing power of an average Indian consumer, which would further boost demand, and hence spur development, in addition to benefiting investors. The Government of India, under the Make in India initiative, is trying to give boost to the contribution made by the manufacturing sector and aims to take it up to 25 per cent of the GDP from the current 17 per cent. Besides, the Government has also come up with Digital India initiative,

which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

Global trade scenario

World merchandise trade volume is forecast to grow 2.6% in 2019, accompanied by GDP growth of 2.6%. With trade tensions running high, no one should be surprised by this outlook. Trade cannot play its full role in driving growth when we see such high levels of uncertainty. It is increasingly urgent that we resolve tensions and focus on charting a positive path forward for global trade which responds to the real challenges in today's economy – such as the technological revolution and the imperative of creating jobs and boosting development. WTO members are working to do this and are discussing ways to strengthen and safeguard the trading system.

Weak import demand in Europe and Asia dampened global trade volume growth in 2018 due to the large share of these regions in world trade. If we forget the fundamental importance of the rules-based trading system we would risk weakening it, which would be an historic mistake with repercussions for jobs, growth and stability around the world."

The above-average trade growth of 4.6% in 2017 suggested that trade could recover some of its earlier dynamism, but this has not materialized. Trade only grew slightly faster than output in 2018, and this relative weakness is expected to extend into at least 2019. This is partly explained by slower growth in the European Union, which has a larger share in world trade than in world GDP. Trade growth in 2020 is expected to out-pace GDP growth due to faster GDP growth in developing economies.

Indian textile industry

Introduction

India's textiles sector is one of the oldest industries in Indian economy dating back several centuries. India's overall textile exports during FY 2017-18 stood at US\$ 39.2 Billion in FY18 and is expected to increase to US\$ 82.00 Billion by 2021 from US\$ 31.65 Billion in FY19*.

The Indian textiles industry is extremely varied, with the hand-spun and hand-woven textiles sectors at one end of the spectrum, while the capital intensive sophisticated mills sector at the other end of the spectrum. The decentralised power looms/ hosiery and knitting sector form the largest component of the textiles sector. The close linkage of the textile industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles make

the Indian textiles sector unique in comparison to the industries of other countries. The Indian textile industry has the capacity to produce a wide variety of products suitable to different market segments, both within India and across the world.

Market Size

The Indian textiles industry, currently estimated at around US\$ 150 Billion, is expected to reach US\$ 250 Billion by 2019. India's textiles industry contributed seven per cent of the industry output (in value terms) of India in 2017-18. It contributed two per cent to the GDP of India and employs more than 45 million people in 2017-18. The sector contributed 15 per cent to the export earnings of India in 2017-18.

The production of raw cotton in India is estimated to have reached 36.1 million bales in FY19^.

Investment

The textiles sector has witnessed a spurt in investment during the last five years. The industry (including dyed and printed) attracted Foreign Direct Investment (FDI) worth US\$ 3.09 Billion during April 2000 to December 2018.

Some of the major investments in the Indian textiles industry are as follows:

- In May 2018, textiles sector recorded investments worth ₹27,000 Crore (US\$ 4.19 Billion) since June 2017.
- The Government of India announced a Special Package to boost exports by US\$ 31 Billion, create one crore job opportunities and attract investments worth ₹800.00 Billion (US\$ 11.93 Billion) during 2018-2020. As of August 2018, it generated additional investments worth ₹253.45 Billion (US\$ 3.78 Billion) and exports worth ₹57.28 Billion (US\$ 854.42 Million).

Government Initiatives

The Indian government has come up with a number of export promotion policies for the textiles sector. It has also allowed 100 per cent FDI in the Indian textiles sector under the automatic route.

Initiatives taken by Government of India are:

- The Directorate General of Foreign Trade (DGFT) has revised rates for incentives under the Merchandise Exports from India Scheme (MEIS) for two subsectors of Textiles Industry - Readymade garments and Made ups - from 2 per cent to 4 per cent.
- As of August 2018, the Government of India has increased the basic custom duty to 20 per cent from 10 per cent on 501 textile products, to boost Make in India and indigenous production.

The Government of India announced a Special Package to boost exports by US\$ 31 Billion, create one crore job

opportunity and attract investments worth ₹80,000 Crore (US\$ 11.93 Billion) during 2018-

Raw material Dynamics

For Polyester Industry the main raw materials are Purified Terephthalic Acid (PTA) and Mono Ethylene Glycol (MEG). These are derivatives of petrochemical industry. Any change in crude oil price affects the prices of PTA & MEG.

During the last financial year, the price of Brent crude varied between US\$ 57 per barrel and US\$ 80 per barrel. This led to volatility in the prices of feedstock Paraxylene (PX), which resulted in volatility in the prices of PTA and MEG as well. The price of PX varied between US\$ 963 pmt. to US\$ 1328 pmt.

Purified Terephthalic Acid (PTA)

The PTA price varied between US\$ 779 pmt to US\$ 1060 pmt. The price of PTA increased due to firming up of crude oil and feedstock PX prices, shutting down of inefficient PTA capacities in China and elsewhere, as well as good performance by downstream polyester industry. Tightening of the PTA market also resulted in increase in the average PTA-PX Delta to US\$ 144 pmt. from about US\$ 89 pmt. in the previous year.

The demand supply situation of PTA in India is more or less balanced at present, but it may become tight, going forward, due to delay in restart of IOCL PTA plant, and commissioning of the JBF PTA project.

Mono Ethylene Glycol (MEG)

The MEG price varied between US\$ 1012 pmt. to US\$ 616 pmt. The MEG-Ethylene Delta reduced to \$ 165 pmt. from \$ 209 pmt. in the previous year. Significant decrease in price of MEG as well as MEG-Ethylene Delta took place due to easing of the MEG market caused by higher inventory of MEG as well as speculative tendencies in China.

Power business

Indo Rama's captive power plant (CPP), complete with coal-based thermal power of 40 MW capacity and 31.08 MW FO-based DG capacity, is sufficient to meet the Company's demand. The coal-based thermal power source enables an uninterrupted power supply for processes and production. The DG-based power sets are used sparingly to meet contingencies and emergencies. The Company's combined power generation capabilities are integrated into a common power supply pool, wherefrom the required amount of power is fed to different sources for captive power consumption.

The CPP also caters to the demand of processed DM water and steam, through extraction from turbines to production facilities. We import cheaper power by open access on available opportunities during ASD of power boilers and TG sets as well as in off-peak hours.

The Company continues to monitor its power use, internally and externally, to find out avenues for reducing cost of power in polyester production – thereby, contributing to core business profitability.

People at Indo Rama

Our people are the heart of our business and a critical lever for our growth. We implement a systematic performance management strategy, while investing heavily in human resource initiatives to attract and retain the best talent. In order to maximise employee satisfaction, we provide comprehensive learning opportunities and good long-term prospects. We ensure free flow of knowledge across all tiers of the management, in an endeavour to maintain transparency and a collaborative spirit.

We have classified various risks and their mitigation process:

Risks	Mitigation measures
Cost Risk Cost of raw materials fluctuate as polyester making raw materials are crude oil price sensitive	<ul style="list-style-type: none"> The Company procures its raw materials locally driving costs down. Renegotiating with vendors and alternative sourcing of raw materials has helped the company to optimise cost of raw materials. Moreover, the Company's energy audits identified key ways to save on energy costs.
Quality Risk A drop-in quality of products may impair the Company's image	<ul style="list-style-type: none"> The Company has stout quality measures in place. Its fully-equipped laboratory ensures quality of products. Our strong technology backup helps in maintaining the quality. The company enjoys quality certification – ISO-9001:2008. Our fully-equipped quality-control laboratory with contemporary equipment ensures continuous supply of high-standard products.
Employee Risk Inability to attract and retain skilled workforce can have a negative impact on our growth.	<ul style="list-style-type: none"> Indo Rama follows a uniform and merit-based recruitment process. It is sustained by a structured and precise selection procedure to avoid discrimination. Impartial assessment process and unbiased performance appraisal help retain skilled workforce. The Company encourages people with rewards and recognitions. Arranging employee engagement activities to strengthen relationships and develop a pleasant work environment.
Technological Risk Technological obsolescence may hurt our operational performance	<ul style="list-style-type: none"> We have several technical collaborations with technology leaders in Japan, Germany and USA. Re-engineering and improvisation helps the organisation in optimisation. Continuous investment in technology up-gradations has enabled us to stay at the cutting-edge A strong team monitors the entire process to ensure stability.
Customer Risk Inability to reach demand pockets and not catering to evolving needs may have a detrimental effect	<ul style="list-style-type: none"> We maintain a strong sales and marketing team to increase market penetration. Indo Rama takes various measures to increase customer satisfaction. The marketing department tries to maintain long-term relations with customers to ensure repeat business. Market trends are analysed to derive demand trends for customers.
Competition Risk Competition from other players might affect business.	<ul style="list-style-type: none"> We are widening customer base and catering to specific needs to gain customer trust With an expanded value-added product portfolio, we now can address a broader client base.
Forex Risk Volatility in global currencies can impact profit margins.	<ul style="list-style-type: none"> Maintaining an equilibrium between exports receipts and import payments, create a natural hedge against currency fluctuations affect. We encourage forward contracts to safeguard against currency volatility.

Safety, health and environment

At Indo Rama, we believe that an organisation's sustainability is directly proportional to the health, safety and environment management. We endeavour to demonstrate environmental and social responsibility at every step.

We are devoted to benefit communities – workforce, public and environment. Our safety, health and environment objectives include complying with all applicable laws relevant to the industry. The management believes in sharing responsibility throughout the hierarchy in conforming to the existing laws.

Risk Management

A comprehensive risk management process is indispensable for survival in today's capricious business world. With rising globalisation, we continuously evolve our risk management system. It is enabling our business to achieve its strategic objectives; and deliver sustainable, long-term growth and a commitment to responsible business practices. Our risk management system is prudently decentralised to facilitate risk mitigation at transaction levels.

Furthermore, we believe in enriching the well-being aspects of people around our facilities.

Fire & Safety

- We abide by all statutory compliance as per Factories Act 1948, Maharashtra Factories Rules 1963 and Maharashtra Fire Prevention and Life Safety Measures Rules.
- There is a continuous effort from Management of Indorama for creating awareness on fire and safety among employees including their family members and contractor workers.

- No major fire incidents took place in 2018-19.
- Well-defined and updated on-site Emergency Management Plan to tackle any major emergency inside and outside plant premises.
- Conducted mock drills on various emergency scenarios to ensure emergency preparedness.
- Imparted fire and safety training to over 3500 employees including contractor workers, which include refresher safety training. Environment

At Indo Rama, we adopt several measures to maintain ecological balance in and around our production facilities – particularly with regard to solid hazardous waste management. Polymer and fibre wastes are sold to authorised parties for reuse and we ensure that hazardous wastes reach the registered recyclers. In FY 2018-19, we sustained our efforts to protect the environment in the following manner:

- Reduced hazardous waste quantity, as compared to last financial year
- Increased waste water distribution for recycling waste water through the Common Effluent Treatment Plant (CETP)
- Used waste water in sprinklers systems for fly ash and suppressed dust
- Celebrated World Environment Day on 5th June and organised plantation activity at our premises
- Constructed new rain water drain to avoid rain water clogging in neighbouring factories
- Recycled waste water using the RO plant and converted waste water to raw water
- Continued the rain water harvesting system at the CPP Plant
- Used gravity channels for sewage water at the staff colony and plant, reducing pumping cost
- Conducted internal audits of Environmental Management Systems (EMS)

Information Technology (IT)

Due to obsolescence in technology of IBM server which was hosting ERP SAP, a new server from IBM P8-S824 was purchased by IRSL, and installed in the Data Center -Butibori. All historical data of SAP was also migrated to these IBM servers.

Process developed as per Govt policy, the necessary data is generated from SAP for E-Way bills. Finally this data is uploaded on E-way bill portal.

Control developed in SAP for blocking of customer code automatically in case customer outstanding exceed given limit.

Daily plant maintenance compliance report developed in SAP and being auto generated to the designated users over the mail

Internal controls and their adequacy

Indo Rama has a robust internal control system in place designed to achieve efficacy of systems, processes and controls. Internal audit is carried out by an independent agency and internal enterprise risk management team. All the major areas and processes are covered in the review plan, drawn in consultation with the senior management. Standard operating procedure compliance and management-approved policies are reviewed and areas of improvement, if any, are identified. Internal audit process verifies whether all systems and processes are commensurate with the business size and structure. Adequate internal control systems safeguard the assets of the company with timely identification and intervention to assuage risks. The internal audit report is discussed with the senior management and members of Audit Committee to keep a check on the existing systems and take corrective action to further enhance the control measures.

Statutory compliance

The Chairman and Managing Director makes a declaration at each Board Meeting regarding the compliance with the provisions of various statutes, after obtaining confirmation from all the units of the company. The Company Secretary ensures compliance accordance to SEBI regulations and provisions of the Listing Regulations.

Cautionary statement

The Management of Indo Rama has prepared and is responsible for the financial statements that appear in this report. These are in conformity with accounting principles generally accepted in India. The Management also accepts responsibility for the preparation of other financial information that is included in this report. Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. The Management has made these statements based on its current expectations and projections about future events. Wherever possible, it has tried to identify such statements by using words such as 'anticipate', 'estimate', 'expect', 'project', 'intend', 'plan', 'believe' and words of similar substance. Such statements, however, involve known and unknown risks, significant changes in the political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, interest and other costs which may actual results to differ materially. The management cannot guarantee that these forward-looking statements will be realised, although it believes that it has been prudent in making these assumptions. The Management undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Report on Corporate Governance

A report on Corporate Governance is set out in Compliance with the Corporate Governance requirements as stipulated in Regulation 34(3) read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and SEBI (Listing obligations and Disclosure Requirements) (Amendments) Regulations, 2018, will be collectively referred the "Listing Regulations".

Company's Philosophy on Code of Governance

Corporate Governance is an integral part of Indo Rama's value system, management ethos and business practices. The Company's corporate governance initiatives are based on:

- Commitment to excellence and customer satisfaction;
- Commitment to maximizing long-term shareholder value;
- Commitment to responsible and ethical corporate conduct; and
- Concern for the environment and sustainable development.

The Company regularly evaluates and defines its management practices which are aimed at enhancing its commitment to ensure that these basic tenets of corporate governance are met. At Indo Rama, the basic Corporate Governance norms have been institutionalized as an enabling and facilitating business process at the Board, Management and Operational levels. Business practices are regularly reviewed and reaffirmed against these tenets and all steps are taken to ensure that Company operates beyond the mandatory regulatory framework of good corporate governance.

This chapter, along with the chapters on Management Discussion and Analysis and Additional Shareholders Information, reports of Indo Rama's compliance pursuant to the Listing Regulations with BSE Limited (BSE) and National Stock Exchange of India Limited (NSE), as applicable with regard to Corporate Governance.

Appropriate Governance Structure with defined Roles and Responsibilities

The Company, Indo Rama Synthetics (India) Limited (IRSL), has put in place an internal governance structure with defined

roles and responsibilities of every constituent of the system. The Company's shareholders appoint the Board of Directors, which in turn governs the Company. Profits/(Loss) available for Appropriation	(247.20)	23.13
Surplus/(Deficit) carried to Balance Sheet	(247.20)	23.13

2. Operational and Financial Review

During the financial year 2018-19, we achieved revenue from operations of ₹1,694.56 Crore (₹2,313.70 Crore in 2017-18), mainly due to lower production caused by working capital paucity. Our net loss for the year was of ₹270.33 Crore against loss of ₹82.02 Crore in the financial year 2017-18. Our earnings per share stood at ₹(17.01) and book value per share at ₹13.54 as on 31st March, 2019.

During the year, the Company continued to focus on cost reduction, efficiency improvement in operations and enhancement of people potential.

In order to address the working capital paucity, non-convertible debentures to the extent of ₹199.99 Crore and equity to the extent of ₹29.93 Crore was raised from Edelweiss group. However, operations were further hit due to uneven fluctuation in crude prices. Subsequently ₹61.92 Crore were raised by issue of 1,72,00,000 number of shares to retail investor on private placement basis in February 2019 and ₹298.80 Crore

were raised in April 2019 by issue of 8,30,00,000 number of shares to Indorama Netherland B.V (INBV), a wholly owned subsidiary of Indorama Ventures Public Company Limited (IVL) of Thailand both @ ₹36 per share on private placement basis. Consequent to issue of shares to INBV, the management control of the Company vests with IVL.

The Company has started to ramp up the production and marketing initiatives to turn around the operations.

The demand for man-made fibers is showing signs of improvement and we are hopeful that the demand for polyester will see revival. Polyester demand will be driven by its growing relevance in daily life across home textiles, apparel, automotive, furnishing fabrics, technical textile and non-woven segments.

Moving ahead, with rising demand in the domestic and international markets and operational synergies from IVL, we are hopeful that we will be able to enhance our production capacity utilization with restoring customer base as well as penetrating new markets.

3. Dividend and Reserves

In view of loss suffered by the Company, your Directors regret their inability to recommend dividend for the year under review. No amount is being transferred to the General Reserves. ₹10 Crore has been transferred from General Reserves to Debenture Redemption Reserves.

4. Change in the Nature of Business

There was no change in the nature of the business of the Company, during the financial year.

5. Key Developments

Investment in the equity of the Company by IVL through its subsidiary INBV in April 2019 with management control vesting with them, is a key event and is expected to result in strengthening of the Company's financial position substantially in times to come.

6. Committees of the Board

The Board of Directors has the following Committees:

- (a) Audit Committee;
- (b) Nomination and Remuneration Committee;
- (c) Stakeholders Relationship Committee;
- (d) Banking and Finance Committee;
- (e) Share Allotment and Transfer Committee;
- (f) Corporate Social Responsibility Committee;
- (g) Risk Management Committee; and
- (h) Open Offer Review Committee.

The details of the Committees along with their composition, number of meetings and attendance at the meetings are provided in the Corporate Governance Report.

7. Number of Meetings of the Board

During the financial year 2018-19, your Company has convened and held Seven (7) Board Meetings. The details of which are given in the Corporate Governance Report. The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

A. Conservation of Energy:

Energy Saving measures taken and proposals under implementation.

1. Installed De-Superheating station in process steam temperature control system at CPP which has led to reduction in process steam consumption and pressure variations. The steam consumption reduced from 0.95 to 0.83 kg per kg of PSF;
2. Air header modified for instrument air distribution resulting in saving of ₹86.7 Lakh per annum. One compressor has been stopped since modification.
3. New RO plant installed for increasing the recycling of water and to improve the quality of the recycled water.

Research & Development

1. Specific Areas in which R & D carried out by the Company:

(Product Development & Process Improvement Areas)

- Introduction and commercialization of new products;
 - POY products 750/96,250/144 and 168/144;
 - Development of new ATY products 230/48 and 370/72;
 - Development of DTY 300/96/2 and 300/96/4 NIM products;
 - Development of DTY 150/216/2 LIM;
 - Development of DTY 450/96/2 IM;
 - Development of DTY 210/48 and 220/48 stretch IM products;
 - Development of DTY 100/144 SIM.
- Changeover of spin finish for cost saving and better performance at customer end.

2. Benefit derived as a result of above Product development and process improvement:

Development of new product in POY has increased IRSL product basket, new applications also helped in increasing plant through put.

- Development of DTY 300/96/2 and 300/96/4 NIM products have been used for Marker Filler application;
- Development of DTY 150/216/2 LIM has been used in weft application in Bed Sheet;
- Development of DTY 450/96/2 IM has developed new market for the product and used in warp application in Carpet;
- Development of DTY 210/48 and 220/48 IM products have wide application in weft in Air jet for Denim products;
- Development of DTY 100/144 SIM has been used in knitting application.

On line Effluent Monitoring System with connectivity to CPCB & MPCB installed as per compliance.

3. Import Substitution:

Indigenous Development:

- 1) Obsolete Barmag Communication Control (BCC) system for CP1 POY developed indigenously;
- 2) CP4 PSF TSU 1, 2 & 3 pinion shaft, Intermediate shaft, bearing covers, spacer rings and helical gear developed indigenously resulted in saving of ₹58.5 Lakh;
- 3) ATM 2/3 manual inspection Bobbin label DOT matrix printer replaced with thermal label printer with in-house developed software for improving reliability & better printing quality;
- 4) Baler Profibus, old bale weighing indicator replaced with new indigenous weighing indicator having 4-20 mA output. The new system has a facility of interfacing with PLC. Programing and modification was done in-house

4. Future Plan of Action (2019-20):

- 1) Obsolete Inverters for CP4 draw-lines and other applications to be upgraded.
- 2) Obsolete Servers and PLC, Drives, Encoders, etc., of CP2/3 POY automation to be upgraded.
- 3) Replacement / Upgradation of CP3 DCS obsolete technology with latest technology.

- 4) Scada system for Utilities to be installed which will support centralized monitoring of parameters for power and Utilities.
- 5) New PLC system to be installed for auto start-up of air compressors in case of contingency.

5. Expenditure on Research & Development:

- Capital (₹ in '000) - Nil
- Recurring - Nil
- Total - Nil
- Total R & D expenditure as % of Turnover - Nil

6. Technology Absorption, Adoption and Innovation:

- 1) RO plant reject water is being used in cooling towers as make-up, resulting in reduction of MIDC raw water consumption at CPP. The RO plant reject water is treated and softened through de-alkalizer before using in cooling towers.
- 2) In house development of software for Monitoring CP2/3 POY Winder alarm history along with faults and break analysis.
- 3) CP3 TOV-B upgraded with new electronic for reliability.
- 4) CP5 PDP and Booster pumps Inverter control modified from Profibus to traditional I/O control for safety and reliability. Inverter changeover system was also modified to reduce failures.
- 5) Automation CP 5: Development of new HMI (Human-Machine Interface) KTP700 with existing program against the obsolete HMI OP177 for equipment wear and tear.
- 6) In house PLC panel developed for replacement of obsolete MP3 Panel of Centac-C Compressor at Utility.

7. Benefits derived as a result of above efforts:

- Substitution of Maintenance spares with low cost sourcing;
- Reliable process control;
- Cost saving and reliability enhancement on engineering aspects;
- New product development to increase the market share.

Om Prakash Lohia
Chairman & Managing Director
(DIN 00206807)

Independent Auditor's Report

To the Members of
Indo Rama Synthetics (India) Limited

Opinion

1. We have audited the accompanying financial statements of Indo Rama Synthetics (India) Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 March 2019, and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How the matter was addressed in the audit
<p>Going concern basis of accounting (Refer Note 1(iii)(b) to the accompanying financial statements)</p> <p>The Company has incurred loss before tax amounting to ₹421.66 crores for the year ended 31 March 2019 and its current liabilities exceeds its current assets by ₹552.33 crores as at 31 March 2019.</p> <p>While these above indicate doubts about the company's ability to continue as a going concern, as mentioned in aforesaid note, the Company has taken into consideration the following mitigating factors in its assessment for going concern basis of accounting.</p> <ul style="list-style-type: none"> • Additional equity funding received before and subsequent to the year end • Restructuring of loans at lower interest rates subsequent to the year end • Increased capacity utilization of plants • Procurement of raw material at lower prices basis support from new investor <p>Management has prepared future cash flow forecasts taking into cognizance the above developments and performed sensitivity analysis of the other key assumptions used therein to assess whether the Company would be able operate as a going concern for a period of at least 12 months from the date of financial statements, and concluded that the going concern basis of accounting used for preparation of the accompanying financial statements is appropriate with no material uncertainty.</p>	<p>Our audit procedures included, but were not limited to, the following in relation to assessment of appropriateness of going concern basis of accounting:</p> <ul style="list-style-type: none"> • Obtained an understanding of the management's process for identifying all events or conditions that could impact the company's ability to continue as a going concern, and the process followed to assess the mitigating factors existing for such events or conditions. • Evaluated the design and tested the operating effectiveness of key controls around aforesaid identification of events or conditions and mitigating factors, and controls around cash flow projections prepared by the management. • Reconciled the cash flow projections to future business plans of the Company as approved by the Board of Directors. • In order to corroborate management's future business plans and to identify potential contradictory information we read the board minutes, supervisory board minutes and discussed the business plans with management and the Audit Committee. • Tested the appropriateness of the assumptions that had the most material impact including the growth rates, increased utilization of plants and cheaper procurement of raw materials. In challenging these assumptions, we considered our understanding of the business, actual historical results, other relevant existing conditions, external data and market conditions.

Key audit matter	How the matter was addressed in the audit
<p>We have considered the assessment of management's evaluation of going concern basis of accounting as a key audit matter due to the pervasive impact thereof on the financial statements and the significant judgements and assumptions that are inherently subjective and dependent on future events, involved in preparation of cash flow projections and the overall conclusion.</p>	<ul style="list-style-type: none"> • Tested the arithmetical accuracy of the calculations including those related to sensitivity analysis performed by the management. • Performed independent sensitivity analysis to test the impact of variation in the key assumptions. • Reviewed the historical accuracy of the cash flow projections prepared by the management in prior periods. • Traced the receipt of money through equity funding before and subsequent to year end to Company's bank account and other supporting documentation. • Evaluated the appropriateness of the disclosures made in the financial statements in respect of going concern.
<p>Recognition of deferred tax assets (Refer note 1(iii)(s)(ii) and note 8(b) to the accompanying financial statements)</p> <p>As detailed in note 1(iii)(s)(ii) and note 8(b) to the financial statements, the Company has deferred tax assets aggregating to ₹246.11 crores as at 31 March 2019 including ₹85.93 crores deferred tax assets recognised for brought forward business losses.</p> <p>The Company's ability to recover the deferred tax assets is assessed by the management at the close of each financial year which depends upon the forecasts of the future results and taxable profits that Company expects to earn within the period by which such brought forward losses may be adjusted against the taxable profits as governed by the Income-tax Act, 1961.</p> <p>This matter was the subject of qualification in audit report issued for the financial year ended 31 March 2018. However, considering the positive developments and revised business plans as stated in above key audit matter relating to going concern assessment, we concur with the assessment done by the management of future taxable profits available for realization of such deferred tax asset.</p> <p>We have identified the recoverability of deferred tax assets as a key audit matter for the current year audit considering the materiality and significant judgment including the inherent uncertainty involved in forecasting future taxable profits and the probability of utilising the tax losses.</p>	<p>Our audit procedures in relation to the recognition of deferred tax assets included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • Evaluated the design and tested the operating effectiveness of key controls implemented by the Company over recognition of deferred tax assets based on the assessment of Company's ability to generate sufficient taxable profits in foreseeable future allowing the use of deferred tax assets within the time prescribed by income tax laws. • Reconciled the future taxable profit projections to future business plans of the Company as approved by the Board of Directors. • Tested the assumptions used in the aforesaid future projections such as growth rates, expected saving, increased utilization of plants, etc. considering our understanding of the business, actual historical results, other relevant existing conditions, external data and market conditions. • Tested the arithmetical accuracy of the calculations including those related to sensitivity analysis performed by the management. • Performed independent sensitivity analysis to test the impact of possible variations in key assumptions. • Reviewed the historical accuracy of the cash flow projections prepared by the management in prior periods. • Evaluated management's assessment of time period available for adjustment of such deferred tax assets as per provisions of the Income-tax Act, 1961 and appropriateness of the accounting treatment with respect to the recognition of deferred tax assets as per requirements of Ind AS 12, Income Taxes. • Evaluated the appropriateness of the disclosures made in the financial statements in respect of deferred tax assets.
<p>Litigations (Refer note 1(iii)(r) and note 32 to the accompanying financial statements)</p> <p>As detailed in note 1(iii)(r) and note 32 to the financial statements, the Company is exposed to a large number of litigations including matters pertaining to income tax and prior years' matters pertaining to excise, customs, sales tax, value added tax, service tax, etc., which could have a significant impact on the financial position of the Company, if the potential exposures were to materialize.</p> <p>The Company has recognized the provision for potential exposure amounting to ₹84 crores during the year ended 31 March 2019 based on its estimate of the likelihood of such liability devolving upon the Company.</p> <p>The amounts involved are material and the application of accounting principles as given under Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets, in order to determine the amount to be recognised as a liability or to be disclosed as a contingent liability, in each case, is inherently subjective, and needs careful evaluation and judgement to be applied by the management.</p> <p>The judgements involved are with respect to the potential exposure of each litigation and the likelihood and/or timing of cash outflows from the Company, and requires interpretation of laws and past legal rulings.</p> <p>Considering the significant judgment, materiality of the amounts involved, inherent high estimation uncertainty and reliance on external legal and tax experts, this matter has been identified as a key audit matter for the current year audit.</p>	<p>Our audit procedures in relation to the assessment of litigations and provisions included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the management process for: <ul style="list-style-type: none"> - identification of legal and tax matters initiated against the Company, - assessment of accounting treatment for each such litigation identified under Ind AS 37 accounting principles, and - measurement of amounts involved. • Evaluated the design and tested the operating effectiveness of key controls around above process including for completeness and accuracy of the list of litigations outstanding against the Company. • Obtained understanding of the developments during the year in each existing litigation, and understanding of the new litigations initiated against the Company during the year by inquiry with the management, inspection of case related documents such as notices, orders, etc. and correspondence of the Company with their external counsels handling such matters on behalf of the Company. • We conducted a critical review of the assessment done by the management with the help of its legal and tax experts for the likelihood and potential impact of each litigation, examining the available supporting documents. Tested the independence, objectivity and competence of such external experts involved. • Exercised our professional judgment to assess the management's assessment of the potential likelihood of liability devolving upon the Company with respect to each legal case. • Involved auditor's experts to assess the Company's interpretation and application of relevant tax laws to evaluate the appropriateness of key assumptions used and the reasonableness of estimates made in relation to uncertain tax positions, taking into account past precedents.

Key audit matter	How the matter was addressed in the audit
	<ul style="list-style-type: none"> • Tested the underlying calculations of amount of liability recognized and contingent liability disclosed in the financial statements. • For the provisions made in the current year, evaluated the underlying conditions and developments in the legal and tax cases triggering reassessment of such potential liabilities in the current year. • Evaluated the disclosures made relating to provisions and contingent liability for their appropriateness.

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

7. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the

preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

10. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of

accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

14. The financial statements of the Company for the year ended 31 March 2018 were audited by the predecessor auditor, BSR and Associates, who have expressed a qualified opinion on those financial statements vide their audit report dated 28 May 2018.

Report on Other Legal and Regulatory Requirements

15. As required by section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
16. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure I a statement on the matters specified in paragraphs 3 and 4 of the Order.
17. Further to our comments in Annexure I, as required by section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the financial statements dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with Ind AS specified under section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of section 164(2) of the Act;
 - f) we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31 March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date and our report dated 15 May 2019 as per Annexure II expressed unmodified opinion;
 - g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company, as detailed in note 32 to the financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2019;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2019;

- iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2019;
- iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these financial

statements. Hence, reporting under this clause is not applicable.

Annexure I to the Independent Auditor's Report of even date to the members of Indo Rama Synthetics (India) Limited on the financial statements for the year ended 31 March 2019

Annexure I

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular program of physical verification of its fixed assets under which fixed assets are verified in a phased manner over a period of three, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain fixed assets were verified during the year by engaging the outside expert and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties (which are included under the head 'Property, plant and equipment') are held in the name of the Company except for the following piece of land whose title deeds are not available with the Company:

Nature of property	Total number of cases	Whether leasehold / freehold	Gross block as on 31 March 2019 (₹ in crores)	Net block on 31 March 2019 (₹ in crores)	Remarks
Land	1	Freehold	0.01	0.01	Management is in the process of applying for certified copies of title deeds.

- (ii) In our opinion, the management has conducted a physical verification of inventory at reasonable intervals, except for goods in transit which have not been verified during the year. No material discrepancies between physical inventory and book records were noticed on physical

verification of inventory so physically verified. However, in respect of inventories which were not physically verified we are unable to comment on the discrepancies which could have arisen between physical inventory and book records.

- (iii) The Company has not granted any loan, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order are not applicable.
- (iv) In our opinion, the Company has not entered into any transaction covered under Sections 185 and 186 of the Act. Accordingly, the provisions of clause 3(iv) of the Order are not applicable.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, goods and service tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues, as applicable, have not been regularly deposited to the appropriate authorities and there have been significant delays in a large number of cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.

- (b) The dues outstanding in respect of income-tax, sales-tax, service-tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

Annexure II to the Independent Auditor's Report of even date to the members of Indo Rama Synthetics (India) Limited on the financial statements for the year ended 31 March 2019

Annexure II

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the financial statements of Indo Rama Synthetics (India) Limited ('the Company') as at and for the year ended 31 March 2019, we have audited the internal financial controls over financial reporting ('IFCoFR') of the Company as at that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the IFCoFR criteria established by the Company considering the essential components of internal financial controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 March 2019, based on the IFCoFR criteria established by the Company considering the essential components

of internal financial controls stated in the Guidance Note issued by the ICAI.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

1. (i) Corporate information

Indo Rama Synthetics (India) Limited (hereinafter referred to as 'the Company' or 'IRSL') is a Public Company domiciled in India, with its registered office situated at A-31, MIDC Industrial Area, Butibori, Nagpur. The Company has been incorporated under the provisions of Companies Act, 1956 and its equity shares are listed on the National Stock Exchange of India Limited and BSE Limited. The Company is a manufacturer of polyester filament yarn (PFY), polyester staple fibre (PSF), draw texturised yarn (DTY), specialty fiber and chips. The Company is also engaged in trading of spun yarn, and also engaged in power generation, which is used primarily for captive consumption.

(ii) Basis of preparation and presentation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest crores and two decimals thereof, unless otherwise indicated.

Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "0" in the relevant notes in these financial statements.

The financial statements have been prepared on the historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities (including derivatives instruments) at fair value.
- Defined benefit liabilities are measured at present value of defined benefit obligation.
- Property, plant and equipment and intangible assets have been carried at deemed cost on the date of transition using the optional exemption allowed under Ind AS 101.

(iii) Significant accounting policies

a. Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and other comprehensive income (OCI) that are reported and disclosed in the financial statements

and accompanying notes. Accounting estimates could change from period to period. Actual results may differ from these estimates.

These estimates and judgment are based on the management's best knowledge of current events, historical experience, actions that the Company may undertake in the future and on various other estimates and judgments that are believed to be reasonable under the circumstances. Accounting estimates could change from period to period. Accounting estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the financial statements in the period in which changes are made. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect of the amounts recognized in the financial statements.

b. Going Concern

As detailed in note 41 to the financial statements, going concern basis of accounting used for preparation of the accompanying financial statements is appropriate with no material uncertainty.

c. Current/non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- 1) It is expected to be realised in, or is intended to be sold or consumed in, the Company's normal operating cycle;
- 2) It is held primarily for the purpose of being traded;
- 3) It is expected to be realised within twelve months after the reporting date; or
- 4) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- 1) It is expected to be settled in the Company's normal operating cycle;
- 2) It is held primarily for the purpose of being traded;
- 3) It is due to be settled within twelve months after the reporting date; or
- 4) The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

d. Property, plant and equipment

Recognition and measurement

Under the previous GAAP, property, plant and equipment ('PPE') were carried in the balance sheet at their cost of purchase less accumulated depreciation and impairment losses (if any). Using the deemed cost exemption available as per Ind AS 101, the Company has elected to carry forward these net block of PPE under previous GAAP as on 31 March 2015 as book value of such assets under Ind AS as at the transition date i.e. 1 April 2015.

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. The Company identifies and determines separate useful lives for each major component of the property, plant and equipment, if they have a useful life that is materially different from that of the asset as a whole.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

Property, plant and equipment under construction and cost of assets not ready for use at the year-end are disclosed as capital work-in-progress.

Foreign currency exchange differences are capitalized as per the policy stated in note 1(h) below.

Subsequent expenditure

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard or period of performance. All other expenses on existing property, plant and equipment, including day-to-day repairs, maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the year during which such expenses are incurred.

Depreciation

Depreciation on property, plant and equipment is provided on the straight-line method over their estimated useful lives, as determined by the management. Depreciation is charged on a pro-rata basis for assets purchased/sold during the year.

Based on technical assessment made by technical expert and management estimate, the Company have assessed the estimated useful lives of certain property, plant and equipment that are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The estimated useful lives of items of property, plant and equipment are as follows:

Particulars	Management estimate of useful life	Useful life as per Schedule II
Building (factory buildings/ non factory buildings) other than RCC frame structure	28 years	30 years
Building (factory buildings/ non factory buildings) RCC frame structure	58 years	60 years
Plant and equipment (continuous process plant)	18 years/ 6 years	25 years/ 3 years
Furniture and fixtures	15 years	10 years
Vehicles	10 years	8 years
Office equipment	20 years	5 years

Leasehold improvements are amortised over the period of lease or their useful lives, whichever is shorter.

Assets costing less than ₹ 5,000 are fully depreciated over the period of one year from the date of purchase/ acquisition and such treatment did not have any material impact on financial statements of the Company for the current year.

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if required.

e. Intangible assets

Recognition and measurement

Intangible assets include software, that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and any accumulated impairment loss, if any.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Subsequent expenditure

Subsequent expenditure related to an item of intangible asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard or period of performance. All other expenses are charged to the Statement of Profit and Loss for the year during which such expenses are incurred.

Amortisation

Intangible assets include software that are amortised over the useful economic life of 3 years. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

f. Impairment

(i) Impairment of financial assets

The Company recognises loss allowance for expected credit losses on financial assets measured at amortised cost. At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract such as a default in payment within the due date;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.
- the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

The Company measures loss allowances at an amount equal to lifetime expected credit losses. Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information. The Company considers a financial asset to be in default when the debtor is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any) is held.

Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts. However, financial assets that are written off could still be subject to enforcement activities in

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

order to comply with the Company's procedures for recovery of amounts due.

(ii) Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

g. Inventories

Inventories are measured at the lower of cost and net realisable value.

Raw materials, traded finished goods, packing material and stores and spares: The cost of inventories is calculated on weighted average basis, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

Work-in-progress and manufactured finished goods:

Cost includes raw material costs and an appropriate share of fixed production overheads based on normal operating capacity. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Waste: The valuation is done at net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

h. Foreign exchange transactions

Transactions in foreign currencies are initially recorded by the Company at its functional currency spot rates at the date the transaction first qualifies for recognition.

All monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities if any that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

All exchange differences except those relating to long-term monetary foreign currency items are dealt with in the Statement of Profit and Loss. Exchange differences in respect of long-term monetary foreign currency items prior to 1 April 2016, are added to or deducted from the cost of asset and are depreciated over the balance life of the asset.

i. Employee benefits

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company operates a defined benefit gratuity plan in India. The cost of providing benefits under the

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

defined benefit plan is determined using the projected unit credit method. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in Statement of Profit and Loss in the periods during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

iii. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets. The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability or the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

iv. Other long-term employee benefits

Entitlements to annual leave are recognised when they accrue to employees. Leave entitlements may be availed while in service or encashed at the time of retirement/termination of employment, subject to a restriction on the maximum number of accumulation. The Company determines the liability for such accumulated leave entitlements on the basis of actuarial valuation carried out by an independent actuary at the year end.

j. Revenue

i. Sale of goods

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue is recognised upon transfer of control of promised products to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over or managerial involvement with, the goods, and the amount of revenue can be measured reliably. Where the payment extends beyond normal credit period interest is recovered separately.

ii. Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

k. Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Statement of Profit and Loss as other gains/(losses).

Borrowings are classified as current financial liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

l. Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

m. Leases

A lease is classified at the inception date as a finance lease or an operating lease. Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower.

Lease payments under operating leases are recognised as an expense on a straight line basis in the Statement of Profit and Loss over the lease term unless such payments are structured to increase in line with expected general inflation to compensate for lessor's expected inflationary cost increases.

n. Financial instruments

i. Recognition and initial measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability of another entity. Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. A financial instrument is measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss (FVTPL) which are measured initially at fair value.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at amortised cost or at FVTPL. Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL.

For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL). On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition. Financial assets at amortised cost are measured at amortised cost using the effective interest method. Interest income recognised in Statement of Profit and Loss.

Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of Profit and Loss
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of Profit and Loss. Any gain or loss on derecognition is recognised in Statement of Profit and Loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in Statement of Profit and Loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in Statement of Profit and Loss.

iii. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in Statement of Profit and Loss.

iv. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

o. Measurement of fair values

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable –inputs)

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

p. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, which are not subject to risk of changes in value. Also for the purpose of the statement of cash flows, cash and cash equivalents consist of cash at banks and on hand.

q. Earnings per share

Basic earning per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

Potential ordinary shares shall be treated as dilutive when, and only when, their conversion to ordinary shares would decrease earnings per share or increase loss per share from continuing operations.

r. Provisions, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that

can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future obligation at pre-tax rate that reflects current market assessments of the time value of money risks specific to liability. They are not discounted where they are assessed as current in nature. Provisions are not made for future operating losses.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made. Therefore, in order to determine the amount to be recognised as a liability or to be disclosed as a contingent liability, in each case, is inherently subjective, and needs careful evaluation and judgement to be applied by the management. In case of provision for litigations, the judgements involved are with respect to the potential exposure of each litigation and the likelihood and/or timing of cash outflows from the Company, and requires interpretation of laws and past legal rulings.

s. Taxation

Income tax comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised.

The Company's ability to recover the deferred tax assets is assessed by the management at the close of each financial year which depends upon the forecasts of the future results and taxable profits that Company expects to earn within the period by which such brought forward losses may be adjusted against the taxable profits as governed by the Income-tax Act, 1961. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset deferred tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle deferred tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

t. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company's Board of Directors assesses the financial performance and position of the Company, and makes strategic decision. The Board has been identified as

the chief operating decision maker. The Company's business activity is organised and managed separately according to the nature of the products, with each segment representing a strategic business unit that offers different products and serves different market. The Company's primary business segment is reflected based on principal business activities carried on by the Company. As per Indian Accounting Standard 108, Operating Segments, as notified under the Companies (Indian Accounting Standards) Rules, 2015, the Company operates in one reportable business segment i.e., manufacturing of Polyester goods. The geographical information analyses the Company's revenue and trade receivables from such revenue in India and other countries. In presenting the geographical information, segment revenue and receivables has been based on the geographic location of customers. Refer note 37 for segment information presented.

u. Recent accounting pronouncements

Ind AS 116, Leases

Ministry of Corporate Affairs ('MCA') has notified new standard for leases which overhauls the existing standards Ind AS-17. Essentially, lessee accounting undergoes major change, while lessor accounting largely remains unchanged. As for lessee, the existing distinction between financial and operating leases goes away, and in case of every lease (other than some exceptions), the lease comes on the balance sheet as a right-to-use (RTU) asset and a corresponding lease liability representing its obligation to make lease payments.

A lessee shall apply this Standard to its leases either:

- Retrospectively to each prior reporting period presented applying Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors, or
- Retrospectively with the cumulative effect of initially applying the standard recognized at the date of initial application in accordance with the requirements of Ind AS-17.

The effective date of the new standard is 1 April 2019. The management is yet to assess the impact of this new standard on the Company's financial statements.

32. Contingent Liabilities

	As at 31 March 2019	As at 31 March 2018
There are contingent liabilities in respect of:		
a) Claims against the Company not acknowledged as debt# [refer note 1 below]		
Income tax matters under dispute [gross of amount paid under protest amounting to ₹0.26 crores (previous year ₹0.26 crores)]	2.37	23.51
Excise/customs/service tax matters in dispute/under appeal [gross of amount paid under protest amounting to ₹7.23 crores (previous year: ₹8.68 crores)]	102.79	100.99

	119.00	134.77
b) Other money for which the Company is contingently liable# [refer note 1 below]		
Claims by ex-employees, vendors, customers and civil cases	1.88	1.07
	1.88	1.07

It is not practicable for the Company to estimate the timing of cash outflows, if any, in respect of the above pending resolution of respective proceedings.

Notes

- Out of the above litigations, the company has provided ₹84.00 crores against various litigations and remaining contingent liabilities is ₹36.88 crores.
- Hon'ble Supreme Court of India has pronounced a ruling dated 28 February 2019 in which it is held that 'allowance' paid to employees, will be included in the scope of 'basic wages' and thus, will be subject to provident fund contributions. Petition have been filed with Hon'ble Supreme Court of India seeking additional clarification with respect to the application of this ruling. As this ruling has not prescribed any clarification w.r.t. to its application, the Company is in the process of evaluating its impact. Management believes that this will not result in any material liability on the Company.
- Customs duty claims (including penalties) against the Company aggregating to ₹220.26 crores (previous year ₹220.26 crores) have not been considered contingent as favourable orders have been received, in some of the cases, by the Company from the Custom Excise and Service Tax Appellate Tribunal. The Company believes that its position is strong in this regard. The matter is pending with the Hon'ble Supreme Court.

Pending resolution of the respective proceedings, it is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The Company also believes that the above issues, when finally settled, are not likely to have any significant impact on the financial position of the Company. The Company does not expect any reimbursements in respect of the above contingent liabilities.

38. Financial instruments - accounting classifications and fair value measurements

The fair values of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sales.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and cash equivalents, bank balances, trade and other short-term receivables, investments, loans and advances and other current liabilities approximated their carrying amounts largely due to the short-term maturities of these instruments.
2. The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

A. Accounting classifications and fair values

The following tables shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

B. Measurement of fair values

Assets and liabilities are to be measured based on the following valuation techniques:

Market approach – Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

Income approach – Converting the future amounts based on market expectations to its present value using the discounting methodology.

Cost approach – Replacement cost method.

Quoted market prices in active markets are available for investments in securities and, as such, these investments are classified within Level 1.

Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments which are traded in stock exchanges and valued using closing price at the reporting date.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on the conditions existing at the end of each reporting period.

The following table shows the valuation techniques used in measuring Level 2 and Level 3 fair values for financial instruments measured at fair value in the balance sheet, as well as the significant unobservable inputs used.

Financial instruments measured at fair value			
Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Security deposit*	The valuation model considers the present value of receivables, discounted using a risk adjusted discount rate.	Risk adjusted discount rate	Not applicable
Unquoted investments**	Based on the net worth of the investee Company and proportionate investment by the Company	Not applicable	Not applicable
Financial liabilities***	The valuation model considers the present value of payables, discounted using a risk adjusted discount rate.	Not applicable	Not applicable

* The fair value of the security deposits is computed using the discounted cash flows based on the current lending rates which is unchanged and therefore fair value of deposits is same as its carrying amount. They are classified as level 2 fair values in the fair value hierarchy due to use of observable inputs.

** For some of the unquoted investments, the Company have determined the fair value as nil which is based on the net worth of the investee Company which is either nil or negative.

*** Financial liabilities include secured and unsecured bank loans, optionally convertible debentures liability component and other financial liabilities.

The following table shows a reconciliation from the opening balances to the closing balances for level 3 fair values:

	As at 31 March 2019	As at 31 March 2018
Balance at the beginning of the year	3.20	2.43
Reclassified to level 2	(3.20)	-

Additions/(realisation) during the year	-	0.66
Balance at the end of the year	-	3.20

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- credit risk
- liquidity risk
- market risk

(i) Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company's risk committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

(ii) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The carrying amounts of financial assets represent the maximum credit risk exposure.

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate.

The risk management committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company review includes external information, if they are available, financial statements, credit agency information, industry information and in some cases bank references. Sale limits are established for each customer and reviewed periodically. Any sales exceeding those limits require approval from the risk management committee.

The Company limits its exposure to credit risk from trade receivables by establishing a maximum payment period of 10 days for all customer categories. In case of delay beyond 10 days, the interest is generally recovered at the rate of 18% upto 30 days from the date of invoice and if the delay in beyond 30 days, it is recovered at the rate of 24% from the date of invoice. Average recovery rate of interest from overdue trade receivables in past years was 12-14%. Most of the Company's customers have been transacting with the Company from past few years, and most of these customers' balances are not credit-impaired at the reporting date except in few cases reported. Identifying concentrations of credit risk requires judgement in the light of specific circumstances. The Company monitors ageing of its trade receivables regularly and based on the same takes corrective action. Trade receivables having ageing more than 180 days is monitor individually and loss allowance is created based on such assessment.

A summary of the Company's exposure to credit risk for trade receivables based on the ageing is as follows:

Ageing of receivables	As at 31 March 2019		As at 31 March 2018	
	Gross carrying amount	Expected credit loss	Gross carrying amount	Expected credit loss
Less than 180 days	54.80	-	63.81	-
More than 180 days	60.19	55.54	59.52	12.43
	114.99	55.54	123.33	12.43

The movement in the allowance for impairment in respect of trade receivables and loans is as follows:

	As at 31 March 2019	As at 31 March 2018
Balance at the beginning of the year	12.43	3.08
Expected credit loss during the year [net of reversal]	43.11	9.35
Balance at the end of the year	55.54	12.43

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company uses activity-based costing to cost its products, which assists it in monitoring cash flow requirements and optimising its cash return on investments.

Notes

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2019

(All amounts in ₹ crores, unless stated otherwise)

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include contractual interest payments :

As at 31 March 2019	Less than 1 year	1 to 5 years	Total
Long-term borrowings	39.29	41.26	80.55
Redeemable non-convertible debentures	20.00	179.99	199.99

Other financial liabilities	24.46	-	24.46
Total	977.95	36.77	1,014.72

The Company has a secured bank loan that contains a loan covenant. A future breach of covenant may require the Company to repay the loan earlier than indicated in the above table. Under the agreement, the covenant is monitored on a regular basis by the treasury department and regularly reported to management to ensure compliance with the agreement.

As at 31 March 2019 the Company has not complied with certain financial covenants mentioned under the terms of borrowings mainly due to paucity of working capital funds. Therefore, based on the past experience and the facts of the case the management believes that no financial obligation on part of the Company, is likely to arise in respect of the above matter and thus, no adjustments are required in these financial statements in this regard.

The interest payments on variable interest rate loans in the table above reflect spot interest rates at the reporting date and these amounts may change as market interest rates change. However, the Company doesn't expect significant different amount on account of change in market interest rate changes.

(iv) Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and commodity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Commodity price risk

Commodity Price Risk arises due to fluctuation in prices of crude oil. The Company has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs. The Company's commodity risk is managed centrally through well-established control processes. In accordance with the risk management policy, the Company enters into various transactions using derivatives to hedge its exposure, as and when required.

Currency risk

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated. The currencies in which these transactions are primarily denominated are US dollars, Japanese Yen and Euro. The Company uses forward exchange contracts to hedge its currency risk, most with a maturity of less than one year from the reporting date, as and when required.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk (based on notional amounts) as reported to the management is as follows.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the INR, USD, JPY, Euro against all other currencies at year end would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Currency		As at 31 March 2019		As at 31 March 2018	
		Increase in profit	Decrease in profit	Increase in profit	Decrease in profit
USD	5% movement	4.01	(4.01)	6.91	(6.91)
Euro	5% movement	2.32	(2.32)	2.39	(2.39)
JPY	5% movement	0.17	(0.17)	0.17	(0.17)

Exposure to interest rate risk

The following table demonstrates the sensitivity on the Company's profit before tax, to a reasonably possible change in interest rates on that portion of loans and borrowings affected, with all other variables held constant:

Changes in interest by 5%	As at 31 March 2019		As at 31 March 2018	
	Increase	Decrease	Increase	Decrease
On term loans	0.47	(0.47)	0.47	(0.47)
On cash credit limits	1.55	(1.55)	1.30	(1.30)

D. Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The primary objective of the Company's Capital Management is to maximise the shareholder's value. Management also monitors the return on capital. The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowing and the advantages and security afforded by a sound capital position.

*Provision for claims and other receivables includes provision for insurance claim and interest thereon. The Company had lodged claims with its insurance companies for loss of certain assets and loss suffered due to business interruptions under the loss of profit policy relating to a fire incident in the plant in 2007-08. The matter was under dispute with the Insurance Company over the claim amount with the Hon'ble Division Bench of the Delhi High Court. During the current year, Company has received an unfavourable order from the Hon'ble Division Bench of the Delhi High Court. The insurance claim recoverable and interest thereon has been written off in the financial statements and shown as exceptional item.

41. The Company was facing working capital issues and was not able to operate the plant at full capacity. Due to financial issues, funds were being raised at a very high interest rate. Pursuant to the decision of the Board of Directors and Shareholders to raise additional equity to the extent ₹360.72 crores by way of preferential allotment, the Company has received ₹61.92 crores from Siam Stock Holdings Limited in February 2019 and ₹298.80 crores from Indorama Netherlands BV ('INBV') in April 2019 at an issue price of ₹36 per share (including premium of ₹26 per share). With the infusion of additional capital, Company has prepared a detailed business plan which indicates that profitability and cash flows will improve significantly in coming years. Management has improved the plant utilization, started getting working capital facilities from banks and others at lower cost. With improved position, the Company is also able to procure material at lower prices. Management believes that additional equity infusion along with various other steps taken by the Company including debt financing, focused reduction/control of inventory and receivables and overall cost control will facilitate turnaround of the Company's financial position.

He was appointed as Whole-time Director with effect from 28th June 2002 and held office upto 20th October 2004. He was again appointed as Whole-time Director on 1st April 2007 and has been continuing as such since then. Mr. Vishal Lohia has been looking after operations of the Company besides handling such other responsibilities as are assigned by the Board of Directors from time to time.

Mr. Vishal Lohia has around 17 years of experience in the various Industry forums taking up the cause and concerns of Polyester Industry on economic and trade issues. He is a young and dynamic visionary and has been instrumental in the recent foray of Indo Rama into the textiles sector.

2. Past Remuneration: Remuneration paid during the year ended 31st March 2019:

	(₹ in Crores)		
	Salary	Perquisites and other benefits	Total
Mr. Vishal Lohia	1.08	1.40	2.48

3. Job Profile and his Suitability:

Mr. Vishal Lohia is actively involved in the Company's business operations on day-to-day basis and has been carrying out all such responsibilities as are assigned to him from time to time.

In consideration of the performance of his duties as the Whole-time Director, the Nomination and Remuneration Committee recommended the remuneration of Mr. Vishal Lohia, Whole-time Director, for a further period of 3 (three) years, commencing from 1st April 2019 to 31st March 2022, under provisions of Section 197 and Schedule V of the Companies Act, 2013, which has been approved by the Board of Directors of the Company in their meetings held on 14th February 2019.

4. Remuneration proposed: As stated in the Explanatory Statement at Item No. 07 of the Notice.
5. Comparative remuneration profile with respect to industry, size of the Company, profile of the position and person: Taking into consideration the size of the Company, the profile of the appointee, managerial personnel, the responsibilities assigned to Mr. Vishal Lohia by the Board of Directors, the aforesaid remuneration proposed to be paid is commensurate with the remuneration package paid to similar senior level counter parts in other Companies.
6. Pecuniary relationship directly or indirectly with the Company, or relationship with the managerial personnel, if any: Besides the remuneration proposed, Mr. Vishal Lohia has no other material pecuniary relationship except that Mr. Vishal Lohia is related to Mr. Om Prakash Lohia, Chairman and Managing Director.

III. Other Information:

1. Reasons for inadequate profits:

During the financial year ended 31st March 2019, the Company has shown operational loss before Interest, Depreciation and Tax (EBIDTA) of ₹88.58 Crore as against profit of ₹60.22 Crore for the previous year. Loss before Tax stood at ₹ 420.55 Crore against ₹123.84 Crore for the previous year. There is loss of ₹ 270.33 Crore as against ₹ 82.02 Crore last year. The increase in loss is due to exceptional items of ₹115.19 Crore.

Despite this, the Company may still be deemed to have inadequacy of profits under Section 197 of the Companies Act, 2013, largely on account of external and unexpected circumstances beyond the control of the Management, viz.; global and general economic meltdown; Recession in the Polyester Industry, sharp volatility in the prices of textile products putting pressure on both the top line as well as bottom line and resulting lesser profits.

With the overall economic and business environment showing encouraging signs of improvement in the Polyester industry, the Company is poised for growth. The Directors are confident of a continuing all round improvement in Company's performance in the coming years.

2. Steps taken or proposed to be taken for improvement:

With the help of concerted efforts made by the Management during the financial year 2018-19, the performance and profitability of the Company has taken a positive turn after passing through a difficult phase due to impact of global meltdown and currency fluctuation. As per the audited financial results as considered in the Board of Directors' meeting held on 15th May 2019, the Company has recorded total income of ₹1699.37 Crore against ₹2317.44 Crore in the previous year. The operational loss before Depreciation, Interest and Taxation (EBIDTA) is at ₹88.58 Crore as against profit of ₹60.22 Crore last year. We reported a net loss of ₹270.33 Crore vis-à-vis ₹82.02 crore in the previous year.

The turnaround in profits from operations on account of higher volumes cost competitiveness and reduction in interest cost. The economic scenario is also continuously improving and the Company expects much better performance in the current financial year as well as in times to come.

3. Expected increase in productivity and profits in measurable terms:

Considering the continuously improving economic scenario and on the basis of last year's performance, Company expects improvement in its net sales and profits.

IV. Disclosures:

The remuneration package along with the corresponding details payable to Mr. M. N. Sudhindra Rao and Mr. Vishal Lohia have already been mentioned at the explanatory statement of this notice. The Report on Corporate Governance in the Annual Report indicates the remuneration paid to the managerial personnel as well as to all other Directors. There is no severance fee or stock option available in the case of the aforesaid managerial personnel. The respective tenure of the aforesaid managerial personnel shall be governed by a service contract with a notice period of three to six months.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Khaitan as an Independent Director of the Company.

Except Mr. Khaitan, being an appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution set out at Item No. 09. This Explanatory Statement may also be regarded as a disclosure under the Listing Regulations with the Stock Exchanges.

The Board commends the Special Resolution set out at Item No. 09 of the Notice for approval by the members.

Item No. 10

Pursuant to Section 180(1)(c) of the Companies Act, 2013, requires that the Board of Directors shall not borrow money in excess of the company's paid-up share capital and free reserves, apart from temporary loans obtained from the company's bankers in the ordinary

course of business, except with the consent of members of the Company accorded by way of a Special Resolution.

The Company for its day-to-day operations and future expansion will require funds. It is, therefore, proposed that in supersession to the Special Resolution passed by the Members of the Company by way of Postal Ballot on 2nd July 2015, the Board of Directors of the Company be authorized to borrow funds upto a limit of ₹3,000 Crores (Indian Rupees Three Thousand Crores only).

Accordingly, consent of the members is sought for passing a Special Resolution as set out at Item No. 10 of the Notice.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 10 of the Notice.

The Board commends the Special Resolution set out at Item No. 10 of the Notice for approval by the members.

Item No. 11

The members of the Company, vide Special Resolution passed by way of Postal Ballot on 2nd July 2015, had accorded their consent to the Board of Directors for creation of charges/mortgages/hypothecations for an amount not exceeding, subject to the limits approved/as may be approved by the members under Section 180(1)(c) of the Companies Act, 2013, at any one time together with interest thereon, further interest, if any, remuneration of the trustees for the holders of the said debentures, costs, charges, expenses and all other moneys payable to the trustee for holders of the said debentures / financial institutions/banks/ other lenders and incurred in terms of the issue of the said debentures and / or terms and conditions of the term loans / financial assistance obtained.

Under the provisions of Section 180(1)(a) of the Companies Act, 2013, the above powers can be exercised by the Board only with the consent of the members obtained by a Special Resolution. As such, it is necessary to obtain fresh approval of the members by means of a Special Resolution, to enable the Board of Directors of the Company to create charge/mortgage/ hypothecation on the Company's assets, both present and future, in favour of the lenders/ trustees for the holders of debentures/ bonds, to secure the repayment of monies borrowed by the Company (including temporary loans obtained from the Company's Bankers in the ordinary course of business). It is therefore, necessary to obtain members' approval by way of a Special Resolution under Section 180(1)(a) of the Companies Act, 2013 for creation of charges/ mortgages/hypothecations for an amount not exceeding, subject to the limits approved/as may be approved by the members under Section 180(1)(c) of the Companies Act, 2013 or the aggregate of the paid-up share capital and free reserves of the Company, whichever is higher.

Accordingly, consent of the members is sought for passing a Special Resolution as set out at Item No. 11 of the Notice.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 11 of the Notice.

The Board commends the Special Resolution set out at Item No. 11 of the Notice for approval by the members.

Item No. 12

The Company has entered into contracts / arrangements / transactions with the following entities, who are related parties within the meaning of Section 2(76) of the Companies Act, 2013 read with the Companies (Meetings of the Board and its Powers) Rules, 2014 (the "Act") and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, ("Listing Regulations"):

Sl. No.	Name of the Related Parties	Nature of Relation	Material terms of the contract, etc. *	Monetary Value for the FY 2018-19 (₹ in Crore)
1.	Wearit Global Limited	Relative	Sold Polyester Staple Fibre on arm's length basis	0.74
2.	Wearit Global Limited	Relative	Sold Partially Oriented Yarn on arm's length basis	10.87
3.	Wearit Global Limited	Relative	Sold Draw Texturised Yarn on arm's length basis	39.80

* i) Name of Director or Key Managerial Personnel who is related:

Mr. Om Prakash Lohia and Mr. Vishal Lohia, Directors of the Company are relatives of Mr. Manish Kumar, Director of Wearit Global Limited.

ii) Any other information relevant or important for the members to make a decision on proposed transaction: None

The Company may enter into the following entities, who are related parties within the meaning of Section 2(76) of the Companies Act, 2013 read with the Companies (Meetings of the Board and its Powers) Rules, 2014 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, for an aggregating maximum amount not exceeding during the financial year by ₹1,500 Crore (Indian Rupees One Thousand Five Hundred Crore only):

Sl. No.	Name of the Related Parties
1.	Indorama Petrochem Limited, Thailand
2.	TPT Petrochemicals Public Co. Ltd., Thailand
3.	PT. Indorama Petrochemicals, Indonesia
4.	Indorama Industries Limited
5.	Indorama Polyester Industries Public Company Limited, Thailand
6.	PT. Indorama Ventures Indonesia
7.	PT. Indorama Polychem Indonesia
8.	Auriga Polymers Inc., USA
9.	Indorama Ventures Polymers Mexico, S. de R.L. de C.V.
10.	Wellman International Limited, Ireland
11.	Trevira GmbH, Germany
12.	Indorama Ventures Fibras Brasil Ltda.

The Section 188 of the Companies Act, 2013 provides that if transactions with the related parties are not in the ordinary course of business or on arm's length basis, such transactions are required to be approved by the Board of Directors and Shareholders, depending upon the materiality of the transactions. In other words, approval of Board or shareholders, as the case may be, is not required under the Act, if a particular transaction is in the ordinary course of business and on arm's length basis.

Revised Listing Regulations provides that all material Related Party Transactions (RPTs), i.e., transaction(s) entered into during a financial year exceeding 10% of the annual consolidated turnover of the Company as per latest audited financial statements require prior approval of the shareholders through special resolution.

In the opinion of the Board, the transactions / contracts / arrangements by the Company with the above parties are in the ordinary course of business and at arm's length basis. However, considering the fact that the value of contracts / arrangements / transactions with the aforesaid related parties during a financial year may be material as defined under Listing Regulations and it is proposed to seek the approval of members for the aforesaid arrangements / contracts / transactions for the financial year 2019-20.

Accordingly, consent of the members is sought for passing a Special Resolution as set out at Item No. 12 of the Notice, except Mr. Om Prakash Lohia and Mr. Vishal Lohia.

The members are further informed that no member(s) of the Company being a related party or having any interest in the resolution as set out at Item No. 12 shall be entitled to vote on this Special Resolution.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 12 of the Notice, except Mr. Om Prakash Lohia and Mr. Vishal Lohia.

The Board commends the Special Resolution set out at Item No. 12 of the Notice for approval by the members.

Item No. 13

The Board of Directors of the Company, on the recommendation of the Audit Committee, approved the re-appointment and remuneration of Mr. R. Krishnan, Cost Accountants, (Membership No. 7799) as Cost Auditors of the Company for the financial year ending 31st March 2020, in accordance with the applicable provisions of the Companies Act, 2013 and Rules framed thereunder and the requisite resolution for ratification of remuneration of Cost Auditors by the members has been set out in the notice of 33rd Annual General Meeting of your Company.

In accordance with the provisions of Section 148 of the Companies Act, 2013, read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors is required to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought for passing an Ordinary Resolution as set out at Item No. 13 of the Notice, to ratify the remuneration payable to the Cost Auditors for the financial year ending 31st March 2020.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 13 of the Notice.

The Board commends the Ordinary Resolution set out at Item No. 13 of the Notice for approval by the members.

III. Other Information:

1. Reasons for inadequate profits:

During the financial year ended 31st March 2019, the Company has shown operational loss before Interest, Depreciation and Tax (EBIDTA) of ₹88.58 Crore as against profit of ₹60.22 Crore for the previous year. Loss before Tax stood at ₹ 420.55 Crore against ₹123.84 Crore for the previous year. There is loss of ₹ 270.33 Crore as against ₹ 82.02 Crore last year. The increase in loss is due to exceptional items of ₹115.19 Crore.

Despite this, the Company may still be deemed to have inadequacy of profits under Section 197 of the Companies Act, 2013, largely on account of external and unexpected circumstances beyond the control of the Management, viz.; global and general economic meltdown; Recession in the Polyester Industry, sharp volatility in the prices of textile products putting pressure on both the top line as well as bottom line and resulting lesser profits.

With the overall economic and business environment showing encouraging signs of improvement in the Polyester industry, the Company is poised for growth. The Directors are confident of a continuing all round improvement in Company's performance in the coming years.

2. Steps taken or proposed to be taken for improvement:

With the help of concerted efforts made by the Management during the financial year 2018-19, the performance and profitability of the Company has taken a positive turn after passing through a difficult phase due to impact of global meltdown and currency fluctuation. As per the audited financial results as considered in the Board of Directors' meeting held on 15th May 2019, the Company has recorded total income of ₹1699.37 Crore against ₹2317.44 Crore in the previous year. The operational loss before Depreciation, Interest and Taxation (EBIDTA) is at ₹88.58 Crore as against profit of ₹60.22 Crore last year. We reported a net loss of ₹270.33 Crore vis-à-vis ₹82.02 crore in the previous year.

The turnaround in profits from operations on account of higher volumes cost competitiveness and reduction in interest cost. The economic scenario is also continuously improving and the Company expects much better performance in the current financial year as well as in times to come.

3. Expected increase in productivity and profits in measurable terms:

Considering the continuously improving economic scenario and on the basis of last year's performance, Company expects improvement in its net sales and profits.

IV. Disclosures:

The remuneration package along with the corresponding details payable to Mr. M. N. Sudhindra Rao and Mr. Vishal Lohia have already been mentioned at the explanatory statement of this notice. The Report on Corporate Governance in the Annual Report indicates the remuneration paid to the managerial personnel as well as to all other Directors. There is no severance fee or stock option available in the case of the aforesaid managerial personnel. The respective tenure of the aforesaid managerial personnel shall be governed by a service contract with a notice period of three to six months.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. Khaitan as an Independent Director of the Company.

Except Mr. Khaitan, being an appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution set out at Item No. 09. This Explanatory Statement may also be regarded as a disclosure under the Listing Regulations with the Stock Exchanges.

The Board commends the Special Resolution set out at Item No. 09 of the Notice for approval by the members.

Item No. 10

Pursuant to Section 180(1)(c) of the Companies Act, 2013, requires that the Board of Directors shall not borrow money in excess of the company's paid-up share capital and free reserves, apart from temporary loans obtained from the company's bankers in the ordinary

course of business, except with the consent of members of the Company accorded by way of a Special Resolution.

The Company for its day-to-day operations and future expansion will require funds. It is, therefore, proposed that in supersession to the Special Resolution passed by the Members of the Company by way of Postal Ballot on 2nd July 2015, the Board of Directors of the Company be authorized to borrow funds upto a limit of ₹3,000 Crores (Indian Rupees Three Thousand Crores only).

Accordingly, consent of the members is sought for passing a Special Resolution as set out at Item No. 10 of the Notice.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 10 of the Notice.

The Board commends the Special Resolution set out at Item No. 10 of the Notice for approval by the members.

Item No. 11

The members of the Company, vide Special Resolution passed by way of Postal Ballot on 2nd July 2015, had accorded their consent to the Board of Directors for creation of charges/mortgages/hypothecations for an amount not exceeding, subject to the limits approved/as may be approved by the members under Section 180(1)(c) of the Companies Act, 2013, at any one time together with interest thereon, further interest, if any, remuneration of the trustees for the holders of the said debentures, costs, charges, expenses and all other moneys payable to the trustee for holders of the said debentures / financial institutions/banks/ other lenders and incurred in terms of the issue of the said debentures and / or terms and conditions of the term loans / financial assistance obtained.

Under the provisions of Section 180(1)(a) of the Companies Act, 2013, the above powers can be exercised by the Board only with the consent of the members obtained by a Special Resolution. As such, it is necessary to obtain fresh approval of the members by means of a Special Resolution, to enable the Board of Directors of the Company to create charge/mortgage/ hypothecation on the Company's assets, both present and future, in favour of the lenders/ trustees for the holders of debentures/ bonds, to secure the repayment of monies borrowed by the Company (including temporary loans obtained from the Company's Bankers in the ordinary course of business). It is therefore, necessary to obtain members' approval by way of a Special Resolution under Section 180(1)(a) of the Companies Act, 2013 for creation of charges/ mortgages/hypothecations for an amount not exceeding, subject to the limits approved/as may be approved by the members under Section 180(1)(c) of the Companies Act, 2013 or the aggregate of the paid-up share capital and free reserves of the Company, whichever is higher.

Accordingly, consent of the members is sought for passing a Special Resolution as set out at Item No. 11 of the Notice.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 11 of the Notice.

The Board commends the Special Resolution set out at Item No. 11 of the Notice for approval by the members.

Item No. 12

The Company has entered into contracts / arrangements / transactions with the following entities, who are related parties within the meaning of Section 2(76) of the Companies Act, 2013 read with the Companies (Meetings of the Board and its Powers) Rules, 2014 (the "Act") and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, ("Listing Regulations"):

Sl. No.	Name of the Related Parties	Nature of Relation	Material terms of the contract, etc. *	Monetary Value for the FY 2018-19 (₹ in Crore)
1.	Wearit Global Limited	Relative	Sold Polyester Staple Fibre on arm's length basis	0.74
2.	Wearit Global Limited	Relative	Sold Partially Oriented Yarn on arm's length basis	10.87
3.	Wearit Global Limited	Relative	Sold Draw Texturised Yarn on arm's length basis	39.80

* i) Name of Director or Key Managerial Personnel who is related:

Mr. Om Prakash Lohia and Mr. Vishal Lohia, Directors of the Company are relatives of Mr. Manish Kumar, Director of Wearit Global Limited.

ii) Any other information relevant or important for the members to make a decision on proposed transaction: None

The Company may enter into the following entities, who are related parties within the meaning of Section 2(76) of the Companies Act, 2013 read with the Companies (Meetings of the Board and its Powers) Rules, 2014 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, for an aggregating maximum amount not exceeding during the financial year by ₹1,500 Crore (Indian Rupees One Thousand Five Hundred Crore only):

Sl. No.	Name of the Related Parties
1.	Indorama Petrochem Limited, Thailand
2.	TPT Petrochemicals Public Co. Ltd., Thailand
3.	PT. Indorama Petrochemicals, Indonesia
4.	Indorama Industries Limited
5.	Indorama Polyester Industries Public Company Limited, Thailand
6.	PT. Indorama Ventures Indonesia
7.	PT. Indorama Polychem Indonesia
8.	Auriga Polymers Inc., USA
9.	Indorama Ventures Polymers Mexico, S. de R.L. de C.V.
10.	Wellman International Limited, Ireland
11.	Trevira GmbH, Germany
12.	Indorama Ventures Fibras Brasil Ltda.

The Section 188 of the Companies Act, 2013 provides that if transactions with the related parties are not in the ordinary course of business or on arm's length basis, such transactions are required to be approved by the Board of Directors and Shareholders, depending upon the materiality of the transactions. In other words, approval of Board or shareholders, as the case may be, is not required under the Act, if a particular transaction is in the ordinary course of business and on arm's length basis.

Revised Listing Regulations provides that all material Related Party Transactions (RPTs), i.e., transaction(s) entered into during a financial year exceeding 10% of the annual consolidated turnover of the Company as per latest audited financial statements require prior approval of the shareholders through special resolution.

In the opinion of the Board, the transactions / contracts / arrangements by the Company with the above parties are in the ordinary course of business and at arm's length basis. However, considering the fact that the value of contracts / arrangements / transactions with the aforesaid related parties during a financial year may be material as defined under Listing Regulations and it is proposed to seek the approval of members for the aforesaid arrangements / contracts / transactions for the financial year 2019-20.

Accordingly, consent of the members is sought for passing a Special Resolution as set out at Item No. 12 of the Notice, except Mr. Om Prakash Lohia and Mr. Vishal Lohia.

The members are further informed that no member(s) of the Company being a related party or having any interest in the resolution as set out at Item No. 12 shall be entitled to vote on this Special Resolution.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 12 of the Notice, except Mr. Om Prakash Lohia and Mr. Vishal Lohia.

The Board commends the Special Resolution set out at Item No. 12 of the Notice for approval by the members.

Item No. 13

The Board of Directors of the Company, on the recommendation of the Audit Committee, approved the re-appointment and remuneration of Mr. R. Krishnan, Cost Accountants, (Membership No. 7799) as Cost Auditors of the Company for the financial year ending 31st March 2020, in accordance with the applicable provisions of the Companies Act, 2013 and Rules framed thereunder and the requisite resolution for ratification of remuneration of Cost Auditors by the members has been set out in the notice of 33rd Annual General Meeting of your Company.

In accordance with the provisions of Section 148 of the Companies Act, 2013, read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors is required to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought for passing an Ordinary Resolution as set out at Item No. 13 of the Notice, to ratify the remuneration payable to the Cost Auditors for the financial year ending 31st March 2020.

None of the Directors and Key Managerial Personnel or their relative are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 13 of the Notice.

The Board commends the Ordinary Resolution set out at Item No. 13 of the Notice for approval by the members.
