MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Global economy and Outlook

With a staggered global recovery, F.Y. 2021-22 witnessed the consumer demand coming back. Although a part of the year was affected by the pandemic, immunisation and collective action saw a gradual uptake in the West, which was mirrored in the rest of the world leading to the economies regaining lost ground. Global GDP grew by 5.8% and the economic growth returned on the back of a sustained consumer demand across the board leading to a significant spike in inflation. While the initial pick-up in inflation was led by demand recovery on the previous year's low base, persistent disruptions in the global supply chain network have caused inflationary pressures to be more broad-based, running at multi-decade highs in almost all the major economies. Almost all the central banks are now taking policy measures to taper down the extraordinary liquidity that was pumped in to support the economy during the pandemic and tightening the monetary policy to rein in their runaway inflation. The escalation of the Russia-Ukraine crisis has also had a detrimental effect on the prices of crude oil, gas and other commodities leading to further pressure on the fragile economies.

Indian Economy

A positive business environment, robust industrial output and rapid vaccination coverage have provided a strong momentum for the growth of India's economy, with an estimated GDP growth of 9.2% for F.Y. 2022.

(Sources: <https://home.kpmg/in/en/home/insights/2021/04/indian-economy-insights.html>)

Various indicators, including enhanced Goods and Services Tax (GST) receipts, increased acceptance of transactions based on Unified Payments Interface (UPI), positive growth in Index of Industrial Production (IIP) and rising private spending, all point to a promising economic rebound. While several macroeconomic parameters indicate sustained growth, geopolitical tensions such as the Russia-Ukraine conflict have resulted in a spike in inflation rates, driven by higher oil prices, increased input costs, and supply chain disruptions. The Reserve Bank of India's (RBI's) Monetary Policy Committee (MPC) has maintained an accommodative stance to promote economic growth while keeping inflation under control. Despite a variety of challenges such as climate-related concerns, new Covid-19 variants, persistent unemployment and healthcare infrastructure issues, India's strong economic fundamentals have provided the essential cushion to keep up the growth momentum. The RBI's monetary policies, as well as government programmes such as Product Linked Incentives (PLIs), the National Monetisation Plan (NMP) and PM Gati Shakti – National Master Plan, are all intended to improve the domestic economy.

Outlook

India is expected to become the third largest economy by 2031. There are forecasts of India's GDP growth rate in FY 2023, ranging from 7.5% (the Prime Minister's advisory council) to 8.5% (IMF) and 9.1% (Goldman Sachs). In addition, GDP growth in FY 2023 is predicted to be between 7.5% and 8.0%, and between 6.7% and 7.1% in FY 2024. According to the central bank, inflation will be approximately 4.5% in 2023. With the geopolitical scenario expected to improve in the near future, businesses and investors will likely focus on the economy's fundamentals and chances for growth.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimate and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of the misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We

describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

We Report that:

As required by the Companies(Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 & 4 of the order, to the extent applicable.

ANNEXURE-B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (l) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/S BETEX INDIA LIMITED** ("the Company") as on 31st March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the designs, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls-both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the Audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and disposition of the assets of the Company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of un-authorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion ,the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
