India votes in favour of UNGA resolution

The country acknowledged the WHO's 'key leadership role' in responding to the outbreak, a reference the US objected to as it opposed the resolution

PRESS TRUST OF INDIA United Nations, September 12

INDIA, ALONG WITH 168 nations, voted in favour of a Covid-19 resolution in the UN General Assembly that reaffirms international cooperation to respond to "one of the greatest global challenges" and acknowledges the "World Health Organisation's key leadership role" in responding to the outbreak, a reference the US objected to as it opposed the resolution.

The US and Israel voted against the resolution and Hungary abstained. India's deputy permanent representative to the UN ambassador K Nagaraj Naidu tweeted "India votes in favour of the COVID-19 omnibus resolution in the General Assembly recognising the pandemic as one of the greatest global challenges that calls for a global response based on unity, solidarity and multilateral cooperation". The resolution "reaffirms its commitment to international cooperation, multilateralism and solidarity at all levels and as the only way for the world to effectively respond to global crises such as the Covid-19 pandemic and their consequences, and acknowledges the key leadership role of the World Health Organisation and the fundamental role of the United Nations system in catalysing and coordinating the comprehensive global response to the Covid-19 pandemic".

US signs defence cooperation deal with Maldives

PRESS TRUST OF INDIA Washington, September 12

THE US HAS signed a framework for defence cooperation with the Maldives to deepen engagement in support of maintaining peace and security in the strategic Indian Ocean region. The framework for defence and security relationship was signed in Philadelphia on September 10 between deputy assistant secretary of defence for south and south-east Asia Ret Werner and Maldivian minister of defence Mariya Didi.

US defense secretary Mark Esper gives remarks during the 19th annual September 21 observance ceremony at the Pentagon in Arlington, Virginia, US

The framework sets forth both countries' intent to deepen engagement and cooperation in support of maintaining peace and security in the Indian Ocean, and marks an important step forward in the defence partnership. The Pentagon said the Indo-Pacific is a biogeographic region of earth's seas, comprising the tropical waters of the Indian Ocean, the western and central Pacific Ocean. During the signing ceremony, Mariya said the framework will strengthen defence and security cooperation between the two countries. Maldivian foreign minister Mohamed Naeem said that peace and security in the Indo-Pacific and Indian Ocean region is tied to the best interests of both countries. He stressed the importance of bilateral dialogue and engagement, against a backdrop of growing transnational threats such as piracy, violent extremism, terrorism, and illicit trade, which she said re-

Singapore Convention on Mediation comes into force

PRESS TRUST OF INDIA New Delhi, September 12

THE SINGAPORE CONVENTION ON Mediation came into force on Saturday and will provide a more effective way for enforcing mediated settlements of corporate disputes involving businesses in other countries that are signatories to the Convention.

United Nations secretary-general Antonio Guterres

Also known as the United Nations Convention on International Settlement Agreements Resulting from Mediation, this is also the first UN treaty to be named after Singapore. With the Convention in force, businesses seeking enforcement of a mediated settlement agreement across borders can do so by applying directly in the courts of countries that have signed and ratified the treaty, instead of having to enforce the settlement agreement as a contract in accordance with each country's legal system. An official statement said on Saturday. The harmonised and simplified enforcement framework under the Convention translates to savings in time and legal costs, which is especially important for businesses in times of uncertainty, such as during the current Covid-19 pandemic, the statement said by Singapore's ministry of law.

As on September 1, the Convention has 53 signatories, including India, China and the US. According to the statement, the Convention, which entered into force on Saturday, would boost India's ease of doing business' credentials by enabling swift mediated settlements of corporate disputes. "Businesses in India and around the world will now have greater certainty in resolving cross-border disputes through mediation, as the Convention provides a more effective means for mediated outcomes to be enforced," it said. Singapore had worked with the United Nations Commission on International Trade Law (UNCITRAL) and other UN member states and non-governmental organisations to contribute to the development of the Convention. Singapore's minister for home affairs and law K Shanmugam said the Convention's entry into force is a significant milestone, as it further strengthens the international dispute resolution enforcement framework. "This benefits businesses by providing greater certainty in resolving cross-border commercial disputes, ultimately facilitating international trade and commerce," he added. Secretary of the United Nations Commission on International Trade Law Joubin-Bret said that with the Convention successfully entering into force, "we look forward to it bringing certainty and stability to the international framework on mediation, and contributing to the Sustainable Development Goals". Over the years, Singapore has set up various institutions to provide a full suite of dispute resolution services for international commercial parties to resolve their disputes in Singapore.

US budget deficit hits record \$3 trillion through 11 months

ASSOCIATED PRESS Washington, September 12

THE US BUDGET DEFICIT hit an all-time high of \$3 trillion for the first 11 months of this budget year, the Treasury Department said on Friday. The increase in monthly government spending to cushion the impact of a coronavirus-fueled recession has cost millions of jobs. The deficit from October through August is more than double the previous 11-month record of \$1.37 trillion set in 2009. At that time the government was spending large sums to get out of the Great Recession financial crisis.

STATEMENT OF UNAUDITED FINANCIAL RESULTS FOR THE QUARTER ENDED JUNE 30, 2020. Table with 4 columns: Particulars, Quarter Ended 30-Jun-2020, Quarter Ended 31-Mar-2020, Quarter Ended 30-Jun-2019, Year Ended 31-Mar-2020. Includes Revenue from operations, Expenses, Profit/Loss before tax, etc.

With one month to go in the 2020 budget year, which ends September 30, the deficit could go even higher. The Congressional Budget Office is forecasting the deficit this year will hit a record \$3.3 trillion. While the government has sometimes run surpluses in September, Nancy Venturi Hosten, an economist at Oxford Economics, predicted the September deficit would hit \$200 billion, giving the country a deficit for this budget year of \$3.2 trillion. That would be well above last year's imbalance of \$984 billion. The previous record deficit for a fiscal year was \$1.4 trillion in 2009 in the aftermath of the financial crisis. Congress has passed a series of relief bills totalling nearly \$3 trillion that providing support such as \$600-a-week boost in unemployment benefits, up to \$1,200 in payments to individuals and aid for small businesses trying to retain their workers. However, many of these support programs ended in early August and efforts to approve another measure to restore the expired programs have so far failed in Congress. That has raised concerns among economists that with so many people still out of work and so many businesses struggling to re-open, the economic recovery could wobble by late this year. The deficit for August totalled \$200 billion, matching
