Bharat Forge posts profit of ₹154 crore in Q1

FE BUREAU
Pune, August 12

BHARAT FORGE REPORTED a consolidated net profit of ₹153.65 crore for the June quarter compared to the loss of ₹125.81 crore in the first quarter of the previous fiscal.

The company's profits were lower due to an expense of ₹616.47 crore for Voluntary Retirement Scheme offered to 200 employees at its Chikan plant in June 2021.

B N Kalyan, chairman and managing director, Bharat Forge, said the company managed to deliver a solid performance across the board during the

quarter despite challenges posed by the Covid lockdown and subsequent impact on economic activity in India.

Despite significant across the board input cost pressures, Bhata margins have expanded 300 basis points (bps) on back of favourable product mix, Kalyan said. During the quarter, the company completed the acquisition of Sangvi Forgings at a cost of ₹77.06 crore. This com-

pany is into manufacture of heavy forging for industrial applications.

Kalyan expects overall growth to continue in Q2FY22, supported by recovery in the domestic MCVV sector and sustained improvement in demand levels in the export market. The company is keeping a watch on semiconductor supply issues and increase of input costs in the coming months.
