ICRA upgrades Gokaldas Exports (GEX) to BBB Outlook Positive on consistent improvement in operational and financial performance

On 22nd July, 2019 ICRA raised the fund-based rating of Gokaldas Exports (GEX) to BBB (Outlook Positive) from BBB Minus (Outlook Stable).

According to ICRA

- The upgrade reflects the consistent improvement in operational and financial performance of GEX in recent quarters.
- The improvement in performance is expected to continue over the medium term due to strengthening operational profile with improving customer diversification and operating efficiency.
- Steady growth in earnings has supported improvement in GEX's credit metrics, with key ratios like net debt to operating profits and interest coverage likely to become better.
- The ratings continue to derive comfort from GEX's long track of operations of over three decades in the woven garments export segment and its established relationship with large international players.
- The ratings could be revised upwards if GEX's continues to record healthy growth in revenues and earnings, thereby supporting further improvement in its credit profile

Infusion of about Rs. 100 Cr. additional capital raised through QIP and sale of assets, along with relentless focus on strengthening customer relationship, driving operational excellence, upgrading business infrastructure and cost-effective capacity expansion is expected to enable GEX to continue its healthy and sustainable growth in revenue and profitability.
