DISCLAIMER

In this annual report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Notice

12. In case of Joint-holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote during the AGM.

13. KYC and Nomination Facility

In order to enhance the ease of doing business for investors in the securities market, SEBI vide its Circular No. SEBI/ HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021, read together with the SEBI Circular No. SEBI/ HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/687 dated December 14, 2021 (hereinafter, collectively referred as the “SEBI KYC Circulars”) mandated furnishing of PAN, full KYC details and Nomination by the holders of physical securities. The Company has intimated the concerned security holders about the folios which are incomplete in terms of the SEBI KYC Circulars. A copy of the said intimation can be downloaded from the Company’s website, i.e. www.impexferrotech.com under the tab “Investor Corner” tails are not available shall be frozen in the manner and timelines given in the SEBI KYC Circulars.

Further, in terms of the SEBI KYC Circulars, the securities in the frozen folios shall be eligible for payment including dividend only through electronic mode, in the manner and timelines given therein. The payment shall be made electronically upon complying with the relevant requirements of the SEBI KYC Circulars.

Accordingly, Members are hereby requested to kindly comply with the SEBI KYC Circulars.

14. In accordance with the applicable Circulars, electronic copies of the Annual Report and this Notice, inter-alia, indicating the process and manner of e-voting along with instructions to attend the AGM through VC/OAVM are being sent by email to those Members whose email addresses have been made available to the Company/ Depository Participants.
15. Members holding shares in dematerialised form are requested to intimate changes, if any, with their relevant Depository Participants.
16. As per Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, securities of listed companies can be transferred only in dematerialized form w.e.f 1st April, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding physical forms are requested to convert their holding to dematerialized form. Members can contact the Company or to the Company’s Registrar & Transfer Agent, Maheshwari Datamatics Pvt. Ltd. for assistance in this regard.
17. The Securities and Exchange Board of India (SEBI) vide its circular dated 20th April, 2018 has mandated registration of Permanent Account Number (PAN) and bank account details for all members holding shares in physical form. Therefore, the members are requested to submit their PAN and bank account details to the Company at its corporate office or to Maheshwari Datamatics Private Limited, the Registrar and Share Transfer Agent (RTA) of the Company. In this regard, the members are requested to submit a duly signed letter along with self-attested copy of PAN Card(s) of all the registered members (including joint holders). Members are also

Notice

requested to submit original cancelled cheque, bearing the name of the sole/first holder. In case of inability to provide the original cancelled cheque, a copy of bank passbook/statement of the sole/first holder duly attested by the bank, not being a date earlier than one month may be provided. Members holding shares in demat form are requested to submit the aforesaid documents to their respective Depository Participants (DPs).

18. The Company has provided the facility to the Members to exercise their right to vote by electronic means both through remote e-voting and e-voting during the AGM. The process of remote e-voting with necessary user id and password is given in the subsequent paragraphs. Such remote e-voting facility is in addition to e-voting that will take place at the 26th AGM being held through VC/OAVM.
19. Any person who acquires shares of the Company and becomes a Member of the Company after the dispatch of the AGM Notice and holds shares as on the Cut-off Date i.e., **Thursday, 22nd September, 2022** may obtain the Login ID and Password by sending a request at www.evotingindia.com. However, if you are already registered with CDSL for remote e-voting then you can use your existing User ID and Password for casting your vote. Notice

cs@impexferrotech.com on or before Thursday, 22nd September, 2022. Those Members who have registered themselves as a speaker will only be allowed to express their views/ask questions during the AGM. Speakers are requested to submit their questions at the time of registration, to enable the Company to respond appropriately.

25. The Company reserves the right to restrict the number of questions and number of speakers, as appropriate, to ensure the smooth conduct of the AGM.
26. In compliance with provisions of section 108 of the Companies Act, 2013 and rule 20 of the Companies (Management and Administration) rules, 2014 and as amended from time to time read with Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards – 2 (SS-2) on General Meetings, the members are informed that the Company is pleased to offer e-voting facility to cast their vote electronically. The Company has made necessary arrangement with the Central Depository Services (India) Limited (CDSL) to facilitate e-voting.

The e-voting facility is available at the link www.evotingindia.com vide the EVSN **220827014**.

The e-voting facility will be available during the following voting period:

Commencement of e-voting	From : 9:00 a.m. of 26th September, 2022
End of e-voting	Upto : 5:00 p.m. of 28th September, 2022

E-voting shall not be allowed beyond 5.00 p.m. of 28th September, 2022.

The detailed procedure is mentioned below. For the aforesaid purpose the Company has appointed CS K. C Dhanuka of M/s. K. C Dhanuka & Co., Practicing Company Secretaries for scrutinizing the e-voting process in a true and transparent manner.

The Scrutinizer will make, not later than two days from the conclusion of the AGM, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Board of Directors or a person authorized in writing, who shall countersign the same.

The Board or the person authorized in writing forthwith on receipt of the consolidated Scrutinizer's Report, declare the results of the voting. The Results declared, along with the Scrutinizer's Report, shall be placed on the Company's website www.impexferrotech.com and on the website of CDSL www.evotingindia.com immediately after their declaration and communicated to the Stock Exchanges where the Company is listed viz. BSE Limited and National Stock Exchange of India Limited.

Subject to receipt of requisite number of votes, the Resolution(s) set out in the Notice shall be deemed to be passed on the date of the AGM.

7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated 8th April, 2020 and MCA Circular No. 17/2020 dated 13th April, 2020 and MCA Circular No. 20/2020 dated 5th May, 2020.
8. In continuation of this Ministry's **General Circular No. 20/2020**, dated 5th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated 13th January, 2021.

Notice

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
- Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.
- (i) The voting period begins on 26th September, 2022 at 9.00 a.m. and ends on 28th September, 2022 at 5.00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 22nd September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for **Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

Management Discussion and Analysis Report

ECONOMIC OVERVIEW

The global economy enters 2022 in a weaker position than previously expected. As the new Omicron COVID-19 variant spreads, countries have reimposed mobility restrictions. Rising energy prices and supply disruptions have resulted in higher and more broad-based inflation than anticipated, notably in the United States and many emerging market and developing economies. Further, the ongoing retrenchment of China's real estate sector and slower-than-expected recovery of private consumption and the ongoing tension between Russia and Ukraine have limited the growth prospects. The imposition of economic sanctions by US and its NATO allies on Russia pushed up global energy prices.

Global growth is projected to slow-down from an estimated 6.1% in 2021 to 3.6% in 2022—0.8 percentage-point lower than what was envisioned in the last World Economic Outlook (WEO) of January 2022. Elevated inflation is expected to persist longer, with ongoing supply chain disruptions and high energy prices continuing in 2022. Risks to the global baseline are tilted to the downside which is primarily brought by the new COVID-19 variant which may prolong the pandemic and induce renewed economic disruptions. Moreover, supply chain disruptions, energy price volatility, and localized wage pressures have enhanced the uncertainty around inflation and policy paths. Other global risks may crystallize with the surging geopolitical tensions, and the ongoing adverse climate conditions leading to the probability for natural disasters.

With the pandemic continuing to maintain its grip, the emphasis on an effective global health strategy is more salient than ever. Worldwide access to vaccines, tests and treatments have become essential to mitigate the risks posed by new variants of COVID-19. Monetary policy in many countries will need to curb inflationary pressures, while fiscal policy will need to prioritize health and social spending.

FERRO ALLOYS INDUSTRY

Ferro alloys are critical additives in the production of Iron & Steel and the fortune of Ferro Alloys Industry is directly linked with the growth of Iron & Steel Industry. The Company produces Ferro alloys.

INDIAN FERRO INDUSTRY

The Indian ferro alloys production is gradually on increasing track in the year 2022-23 as compared to the year 2021-22 after the adverse effect of the COVID-19 pandemic. The Country's export of annual ferro alloys is also showing a gradual increase. The socio-political relations with neighbouring countries is also expected to play an important part in the future for ferro alloys industry.

The demand for ferro alloys is expected to remain on increasing trend in the near future due to outbreak of COVID-19. Due to slowly revival of world economy, high demand of infrastructure projects are expected to raise demand for Stainless Steel and Ferro Chrome.

The industry is expected to see substantial consolidations which will drive market discipline and cut down inefficiencies in the production capacity. India holds a lot of promise with government initiatives easing mining operations for consolidated Ferro Alloys producers.

OUTLOOK

The steel sector has been a major contributor to India's manufacturing output which in turn depends on increase in automotive production and the development of construction sector.

Management Discussion and Analysis Report

The proportion of use of ferro alloys depends upon the grade of stainless steel being produced which can be upto 30% of the total input of production. The demand for ferro alloys is expected to increase gradually in future. Rising investment in the infrastructure and real estate sectors and increase in number of construction activities are promising a slow but gradually demand for stainless steel products.

Impex Ferro is the one of the significant manufactures of ferro alloy in eastern India. The Company currently operates a manufacturing complex at Kalyaneshwari plant in West Bengal and has an integrated management system that encompasses quality, environment and occupational health and safety certification.

DETAILS OF SIGNIFICANT CHANGE IN KEY FINANCIAL RATIO

The significant changes in the financial ratios of the Company, which are more than 25% as Compared to the previous year are summarised below:

Ratio	F.Y. 2021-22	F.Y. 2020-21	Change (%)	Reason for change
Net Profit Ratio (%)	(0.06)	(0.09)	35.74	Due to exceptional items.
Current Ratio (X)	0.37	0.26	(40.01)	Due to change in the classification of Borrowings from current to non-current.
Debtors Turnover Ratio (X)	65.21	12.43	(424.44)	Improvement in realisation from customers
Inventory Turnover Ratio (X)	2.55	0.83	(207.13)	Due to change in inventory cost
Debt Equity Ratio	(1.19)	(0.90)	(33.40)	Due to change in long term Debt & shareholders' equity.

RISK, OPPORTUNITIES AND THREATS

Inflation concerns have been mounting globally particularly in the US and Europe. The recent war in eastern Europe has also disrupted supply chains and led to heightened volatility in financial markets which has further exacerbated the inflation concerns. Central banks throughout the world have begun hiking rates in response.

Further, the electrical energy is one of the major inputs in production of ferro alloys and high power tariff is a great threat for the ferro alloys industry. High power cost has already impacted us severely.

The Company has defaulted in payment of its financial commitments to the lenders and is working on means to settle the loan outstanding. The Company has a Risk Management framework in place which is designed to identify, assess and monitor various risks related to key business and strategic objectives. All identified risks are categorised based on a matrix of likelihood of occurrence and impact thereof and a mitigation plan is worked out to extent possible

The Government has already firmly taken incessant number of steps for the betterment of Indian economy and has also undertaken two large initiatives viz. putting more money into the rural economy especially after demonetisation and putting a renewed focus on infrastructure development and this would certainly enable the ferro alloys producers to survive and grow in the markets.

SEGMENT PERFORMANCE

During the year under review the Company has produced 29729.83 MT of Ferro Alloys against 13865.74 MT of Ferro Alloys in previous year registering an increase of 114.42% over previous year.

Management Discussion and Analysis Report

Independent Auditors' Report

THE MEMBERS OF
IMPEX FERRO TECH LIMITED

Report on the Financial Statements

Qualified Opinion

We have audited the accompanying Financial Statements of **IMPEX FERRO TECH LIMITED** (“the Company”), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, ***except for the possible effect of the matter described in the basis for qualified opinion section of our report***, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw your attention to Note No. 35 of the accompanying financial statements regarding non provision of interest expense on the borrowings of the Company amounting to ₹ 4,910.44 lacs for the year ended 31st March, 2022 (Cumulative Non Provisioning of ₹ 22004.74 lacs till 31st March, 2022) and penal interest and charges thereof (amount remaining unascertained) which is not in accordance with the requirements of Ind AS 23: Borrowing Costs read with Ind AS 109: Financial Instruments. In view of pending finalisation of the restructuring plan with Rare Asset Reconstruction Limited, the financial impact if any pursuant to assignment agreement remain unascertained and not been provided for in the financial result which might have consequential impact on the reported figure of this year as well as earlier periods.

Had the aforesaid interest expense been recognized, the finance cost for the year ended 31st March, 2022 would have been ₹ 4,923.68 lacs instead of reported amount of ₹13.24 lacs. The total expenses for the year ended 31st March, 2022 would have been ₹ 37,028.63 lacs instead of ₹ 32,118.19 lacs. The Net Loss after tax for the year ended 31st March, 2022 would have been ₹ 6,586.65 lacs instead of ₹ 1676.21 lacs. Total comprehensive Loss for the year ended 31st March, 2022 would have been ₹ 6,554.06 lacs instead of reported amount of ₹ 1,643.62 lacs. Other equity as on 31st March, 2022 would have been ₹ (55,256.44 lacs) instead of reported amount of ₹ (33,251.70 lacs) and current financial liability as on 31st March, 2022 would have been ₹ 22020.79 lacs instead of reported amount of ₹ 16.05 lacs.

The above reported interest has been calculated using Simple Interest rate.

Independent Auditors' Report

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material Uncertainty Relating to Going Concern

We draw your attention to Note No. 33 of the financial statements regarding preparation of the financial statements on going concern basis, for the reason mentioned therein. The Company has accumulated losses during the year ended 31st March, 2022. As on date the Company's current liabilities are substantially higher than its current assets and net worth has also been fully eroded. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as going concern. The appropriateness of assumption of going concern is critically dependent upon market scenario, the debt resolution of the Company, the Company's ability to raise requisite finance, generation of cash flows in future to meet its obligation and to earn profit in future. Our opinion is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Emphasis of Matter

- i. As per order dated 8th October, 2021 of the Honourable High Court, Kolkata, an amount of ₹ 5,161.21 lacs is payable to Damodar Vally Corporation (DVC) towards non payment of electricity bills [including Arrear & Delayed Payment Surcharge (DPS)] for the period prior to February, 2016. As referred in Note 38 to the financial statement, the company has already provided liability amounting to ₹ 2,895.95 lacs for the aforesaid period which remain unpaid. Accordingly, differential liability of ₹ 2,265.26 lacs has been provided as electricity expenses and disclosed under Exceptional Items during the current financial year 2021-22.
- ii. As referred in Note No 36 of the Financial Statements, "Trade Receivables", "Trade payables", "Advances from Customer", "Advances Recoverable In Cash or Kind" and "Advance to Suppliers and Other Parties" etc. includes balances remaining outstanding for a substantial period. The balances are subject to confirmation/reconciliation. The reported Financials might have consequential impact which remains unascertained.
- iii. The Company has not deposited undisputed statutory dues to appropriate authority in time and deposit was delayed. Undisputed Statutory dues amounting to ₹ 486.63 lacs was in arrears as at 31st March, 2022 for a period of more than six months.

Our report is not modified in these matters.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for other information. The other information comprises the information included in the Company's Annual Return but does not include the Financial Statements and our Auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Independent Auditors' Report

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of the material misstatement of the financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Independent Auditors' Report

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements maybe influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditors' Report

Report on Other Legal and Regulatory Requirements

- I. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government Of India in terms of sub-section(11) of Section 143 of the Companies Act, 2013, we give in the **Annexure A**, a Statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- II. As required by Section 143(3) of the Act, we report that:
 - a) ***Except for the possible effect of the matter described in the basis for qualified opinion section of our report***, we have sought, and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Annexure to Independent Auditors' Report

ANNEXURE B" TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s. IMPEX FERRO-TECH LIMITED ("the Company") as of 31st March, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining Internal Financial Controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Annexure to Independent Auditors' Report

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Company Overview

Impex Ferro Tech Ltd, "the Company" is domiciled in India and was incorporated in June, 1995 under the provisions of the Companies Act, 1956. The Company has its registered office situated in Kolkata and manufacturing facility at Kalyaneshwari, Burdwan, West Bengal. The Company is primarily engaged in manufacture of Ferro Alloys (ferro-manganese / silico manganese), trading in iron & steel products. As a part of backward integration, the Company has 30MW Power Plant.

2 Basis of preparation

a) Statement of Compliance

These financial statements are prepared in accordance with the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing standard requires a change in the accounting policy hitherto in use.

b) Functional and presentation currency

The financial statements are presented in Indian Rupees (₹) which is Company's presentation currency. The functional currency of the Company is also Indian Rupees (₹).

c) Basis of measurement

The financial statements have been prepared on historical cost convention on the accrual basis, except for certain financial assets & liabilities that are at fair value /amortised cost. (refer note 3(B) below).

d) Use of judgments and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Critical accounting judgements and key sources of estimation uncertainty: Key assumptions-

(i) Useful lives of Property, plant and equipment

The Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

(ii) Allowances for doubtful debts

The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

(iii) Allowances for inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realisable value. The purpose is to ascertain whether an allowance is required to be made in the Financial Statements for any obsolete and slow-moving items.

(vi) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using certain valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

(v) Defined benefit plans

The cost of the defined benefit plan includes gratuity and the present value of the gratuity obligation are determined using actuarial valuations using projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(vi) Recognition and measurement of provisions and contingencies

The certain key assumptions about the likelihood and magnitude of an outflow of resources. Provision is towards known contractual obligation, litigation cases and pending assessments in respect of taxes, duties and other levies, if any, in respect of which management believes that there are present obligations and the settlement of such obligations are expected to result in outflow of resources, to the extent provided for.

e) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The management regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3 Significant accounting policies

a) Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of financial statements based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

b) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Trade receivables are initially measured at transaction price. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI)
- Fair value through profit or loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate (EIR) amortisation is included in finance income in the profit or loss.

Financial assets at FVTOCI

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Financial assets at FVTPL

A financial asset which is not classified in any of the above categories are measured at FVTPL. Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit & Loss.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

ii. Financial liability

Initial recognition and measurement

Financial liabilities are initially recognised at fair value plus any transaction cost that are attributable to the acquisition of the financial liabilities except financial liabilities at fair value through profit or loss which are initially measured at fair value.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in following categories:

- Financial liabilities through profit or loss (FVTPL)
- Financial liabilities at amortised cost

Financial liabilities through FVTPL

A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

Financial liabilities at amortised cost

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximates fair value due to the short maturity of these instruments.

Derivative financial instruments and Hedge Accounting

The Company uses various derivative financial instruments to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

Derecognition

A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

An exchange between an existing borrower and lender of debt instruments with substantially different terms shall be accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability or a part of it (whether or not attributable to the financial difficulty of the debtor) shall be accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, shall be recognised in profit or loss.

iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

c) Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. Borrowing costs directly attributable to the acquisition or construction of those qualifying property, plant and equipment, which necessarily take a substantial period of time to get ready for their intended use, are capitalised.

Property, plant & equipment is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss. Cost of the tangible assets not ready for their intended use at the Balance Sheet date together with all related expenses are shown as Capital Work-in-Progress.

ii. Subsequent expenditure

Subsequent expenditure is capitalized only when it is probable that the future economic benefits associated with the expenditure will flow to the Company. Ongoing repairs and maintenance are expensed as incurred.

iii. Depreciation and amortisation

Depreciation and amortisation for the year is recognised in the Statement of Profit and Loss. Depreciation on fixed assets are provided on straight line method over the useful lives of assets, at the rates and in the manner specified in Part C of Schedule II of the Act. The rates of depreciation as prescribed in Part C of Schedule II of the Act are considered as the minimum rates. Freehold land is not depreciated. Leasehold land (includes development cost) is amortised on a straight line basis over the period of respective lease, except land acquired on perpetual lease. Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted as appropriate.

iv. Intangible Assets and Amortisation

Intangible assets acquired separately are initially measured at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Computer software is amortised over its estimated useful life of 3 years on a straight line basis. The amortisation period and the amortisation method are reviewed at least at each financial year end, if the expected useful life of the asset is different from previous estimates, the change is accounted for prospectively as a change in accounting estimate.

d) Inventories

Inventories are valued at lower of cost and net realisable value. Cost of inventories comprises material cost on FIFO basis, labour and manufacturing overheads incurred in bringing the inventories to their present location and condition. Cost of finished goods includes excise duty till 30/06/2017. The cost of work-in-progress and finished goods includes the cost of labour, material and a proportion of manufacturing overheads.

e) Impairment

i. Impairment of financial instruments: financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

ii. Impairment of non-financial assets

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest Company of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

f) Foreign Currency Transactions

(a) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(b) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction.

(c) Exchange Differences

Exchange differences arising on the settlement of monetary items are recognised as income or as expense in the year in which they arise.

(d) Forward Exchange Contracts

Forward Exchange Contracts outstanding as at the year end on account of firm commitment transactions are translated at period end exchange rates and the resultant gains and losses as well as the gains and losses on cancellation of such contracts are recognised in the Statement of Profit and Loss.

g) Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

h) Employee Benefits

i. Short-term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

ii. Defined contribution plans

Contributions as per the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 towards provident fund and family pension fund are charged to the Statement of Profit and Loss for the year when the contributions to the respective funds are due. There is no other obligation other than the contribution payable to the respective funds.

iii. Defined benefit plans

The Company has an Employees Gratuity Fund managed by the Life Insurance Corporation of India. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income. Short-Term Compensated Absences are provided for based on estimates.

i) Provisions (other than for employee benefits)

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

j) Revenue Recognition

i) Revenue is recognised to the extent it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Revenue from sales of goods is recognised when all significant risks and rewards of ownership of goods are transferred to the customer, which generally coincides with delivery

ii) Revenue from rendering of services is recognised in the periods in which the services are rendered.

iii) Export entitlements in the form of Duty Drawback and MEIS scheme are recognised in the Statement of Profit and Loss Account when right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant exports proceeds.

iv) Interest Income is recognised using the effective interest rate method. Dividend Income is recognised only when the right to receive payment is established, provided it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

k) Income tax

Income tax expense comprises of current and deferred tax. Current tax and deferred tax is recognized in the statement of profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity or in OCI.

i. Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

ii. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

l) Research and Development Expenses

Revenue expenditure on Research and Development is charged as an expense through the normal heads of account in the year in which the same is incurred. Capital expenditure incurred on equipment and facilities that are acquired for research and development activities is capitalised and is depreciated according to the policies followed by the Company.

m) Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Where there is an unrealised exchange loss which is treated as an adjustment to interest and subsequently there is a realised or unrealised gain in respect of the settlement or translation of the same borrowing, the gain to the extent of the loss previously recognised as an adjustment is recognised as an adjustment to interest.

n) Earnings per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o) Expenditure on new projects & substantial expansion

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans to finance fixed assets and expenditure on start-up of the project are capitalised upto the date of commissioning of project to the cost of the respective assets.

39.2 Fair value measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale.

The Company has established the following fair value hierarchy that categorises the value into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: The hierarchy uses quoted (adjusted) prices in active markets for identical assets or liabilities. The fair value of all bonds which are traded in the stock exchanges is valued using the closing price or dealer quotations as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market (for example traded bonds, over the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on company specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

40 Financial Risk Management

Risk management framework

The Company's principal financial liabilities comprises of borrowings, and trade and other payables. The main purpose of these financial liabilities is to finance the Company operations. The Company's principal financial assets include trade and other receivables, investments and cash and cash equivalents that derive directly from its operations.

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimise potential adverse effects of market risk on its financial performance. The Company uses derivative financial instruments to mitigate foreign exchange related risk exposures. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit risk
- (ii) Liquidity risk
- (iii) Market risk

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans. In addition, credit risk arises from finance guarantees. Company's credit risk arises principally from the trade receivables and cash & cash equivalents. Customer credit risk is managed centrally by the company through credit approvals establishing credit limits and continuously monitoring the credit worthiness of the customers to whom the credit is extended in the normal course of business. The concentration of credit risk is limited due to the fact that the customer base is large and unrelated. The Company estimates the Expected Credit Losses on the basis of its evaluation of each case. Provision is being made as per the Company's expected credit loss policy in the manner mentioned below:

Overdue for more than 1 year but not more than 2 years	5%
Overdue for more than 2 years but not more than 4 years	15%
Overdue for more than 4 years	50%

Credit risk from balances with banks are managed in accordance with the company's policy.

Exposure to credit risks

The carrying amount of financial assets represents the Company's maximum exposure to credit risk. The maximum exposure to credit risk as of March 31, 2022 and March 31, 2021 are as follows:

Particulars	(₹ in lacs)	
	As at 31st March 2022	As at 31st March, 2021
Cash and cash equivalents	378.67	12.37
Other Bank Balances	13.44	12.00
Loans and other receivables	1,363.19	518.16
Trade accounts and notes receivable, net	402.87	512.53
TOTAL	2,158.17	1,055.07

The ageing of trade accounts and notes receivable as of 31st March , 2022 & 31st March, 2021 are as follows:

Particulars	As at 31st March 2022	As at 31st March, 2021

Over due less than 3 month	233.12	423.24
3 months - 12 months	26.04	-
Over 12 months	143.71	89.29

Trade receivables are primarily unsecured and are derived from revenue earned from customers. Credit risk is managed through credit approvals, establishing credit limits and by continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. As per simplified approach, the Company makes provision of expected credit loss on trade receivables using a provision matrix to mitigate the risk of default payments and makes appropriate provisions at each reporting date whenever is for longer period and involves higher risk.

Movement in impairment loss account is as follows

Particulars	As at 31st March 2022	As at 31st March, 2021

Impairment loss recognised/ reversed	73.19	(16.03)
Amounts written-back	-	-
Balance at the end	142.23	69.04

(ii) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's finance team is responsible for liquidity, funding as well as settlement management. In addition, Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity, subject to its restructuring proposals, to meet its liabilities when due, under both normal and stressed conditions.

In the opinion of the management, the company's cash flow from business, borrowing or financing would be sufficient to meet the cash requirements for its operation with support of its lenders.

Exposure to liquidity risk

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

(iii) Market risk

Market risk is the risk of loss of future earnings, fair value or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that effect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and borrowings. The goal of market risk management is optimization of profit and controlling the exposure to market risk within acceptable limits.

(a) Currency risk

Foreign currency risk is the risk impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the import of raw materials and spare parts, and exports of finished goods.

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates related primarily to the Company's short term borrowing with floating interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

Exposure to interest rate risk

The interest rate profile of the Company's interest bearing financial instruments at the end of the reporting period are as follows:

Particulars	As at 31st March, 2022	As at 31st March, 2021
Fixed rate instruments		
Financial assets	-	-
Financial liabilities	-	-
Floating rate instruments		
Financial assets		
Financial liabilities	29,017.15	30,719.78
TOTAL	29,017.15	30,719.78

Sensitivity analysis

Fixed rate instruments that are carried at amortised cost are not subject to interest rate risk for the purpose of sensitive analysis.

Cash flow sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in variable rate instruments at the reporting dates would have increased or decreased profit or loss by the amounts

Particulars	Profit or loss		Equity, net of tax

As at 31st March, 2021				
Variable rate instruments	307	(307)	227	(227)
Cash flow sensitivity (net)	307	(307)	227	(227)

(c) Equity price risks

The Company is not exposed to equity risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Company does not actively trade these investments.

(d) Hedge accounting

Currency risk-Transactions in foreign currency

The Company is exposed to transactional foreign currency risk to the extent that there is a mismatch between the currencies in which sales and interest rate exposures are denominated. The currencies in which these transactions are primarily denominated are US dollars. The Company buys and sells derivatives, and also incurs financial liabilities, in order to manage market risks. All such transactions are carried out as per the risk management policy of the Company.

The Company holds derivative financial instruments such as foreign currency forward to mitigate the risk of changes in exchange rates on foreign currency exposures. The Company's risk management policy is to hedge its foreign currency exposure in respect of firm commitments and highly probable forecasted transactions and interest rate risks. The counterparty for these contracts is generally a bank or a financial institution.

The Company determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of their respective cash flows. The Company assesses whether the derivative designated in each hedging relationship is expected to be and has been effective in offsetting changes in cash flows of the hedged item. In order to designate a derivative contract as an effective hedge, the management objectively evaluates and evidence with appropriate underlying documents of each contract whether the contract is effective in offsetting cash flow attributable to the hedged risk.

In these hedging relationships, the main sources of ineffectiveness are :

- the effect of the counterparty and the Company's own credit risk on the fair value of the forward exchange contracts, which is not reflected in the change in the fair value of the hedged cash flows attributable to the change in exchange rates; and
- changes in the timing of the hedged transactions.

Interest rate risk

The Company adopts a policy of hedging its certain interest rate risk exposure is at a fixed rate. This is achieved partly by entering into fixed-rate instruments and partly by borrowing at a floating rate.

The Company determines the existence of an economic relationship between the hedging instrument and hedged item based on the reference interest rates, tenors, reprising dates and maturities and the notional of hedging instruments or par amounts of hedged items.

41 Capital Management (Ind AS 1)

The fundamental goals of capital management are to:

- safeguard their ability to continue as a going concern, subject to note no. 33 so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The Board of Directors has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management of deployed funds and leveraging opportunities in domestic and international financial markets so as to maintain investor, creditor and market confidence and to sustain future development of the business.

For the purpose of Company's capital management, capital includes issued capital and all other equity reserves. The Company manages its capital structure in light of changes in the economic and regulatory environment and the requirements of the financial covenants. The Company applied the same capital risk management strategy that was applied in the previous period.

The Company manages its capital on the basis of net debt to equity ratio which is net debt (total borrowings net of cash and cash equivalents) divided by total equity
