Sun Pharma begins trial on dengue drug for Covid

Trial of AQCH to be conducted across 12 centres on 210 patients in India

SOHINI DAS

Mumbai, 5 June

ndia's largest drugmaker Pharmaceutical Industries said on Friday that it has commenced phase II clinical trial of AQCH, a plant-derived drug that was originally developed for dengue, to see if it can potentially treat Covid-19.

The trial will be conducted across 12 centres in India on 210 patients. This is also the first phytopharmaceutical drug (plant-based) that the Drug Controller General of India (DCGI) has approved for clinical trials for Covid-19. The company said the results of the trial are expected by October.

"Human safety study of AQCH has already been completed and the drug has been found safe at the recommended dose for phase II study," it said.

Sun Pharma stock was down marginally at the end of day's

trade on the BSE. Dilip Shanghvi, managing director of Sun Pharma, said, 'This is the first phytopharmaceutical drug approved for clinical trials by the DCGI as a potential treatment for Covid-19. AQCH has shown anti-SARS-CoV-2 effects in in-vitro studies conducted in collaboration with ICGEB, Italy. These results combined with information on mechanism of action through in-vitro and small animal studies give us the confidence to evaluate this potential treatment option for Covid patients."

Hyderabad API maker dévelops Favipiravir

Hyderabad-based active pharmaceutical ingredients (APIs) firm Raghava Life Sciences on Friday said it was in talks with at least eight buyers, including a couple of overseas companies, to supply the antiretrovaral Favipiravir, which is being tested for treatment of Covid-19 in

L&T logs 14% fall in Q4 PBT

Mumbai, 5 June

Engineering conglomerate Larsen & Toubro (L&T) on Friday reported a 14 per cent year-on-year (YoY) drop in consolidated profit before tax (PBT) at ₹4,249.7 crore for the quarter ended March 31 (Q4FY20). This was also lower than the consensus estimate of ₹4,567.2 crore, according to Bloomberg poll of analysts.

The company did not provide order inflow and revenue guidance for the current financial year because of Covid-19.

The company does not expect revival of capital expenditure in the private sector this year. SN Subrahmanyan, chief executive officer and managing director for L&T, said sales missed so far because of the Covid-19 disruption would be around ₹15.000-17.000 crore. "We know April-May was tough. We are gathering our thoughts and will wait for more time before we come up with guidance," he said.

In its statement, the compa-

ny said, while the initial quarters of FY21 are expected to be adversely affected, it expects growth revival in the later part of the financial year, assuming

things get better from here. On labour availability, he said L&T has 40 per cent of its usual labourers on site. "Around 100.000 labourers are vet to return, which should take 15-30 days. We experience this every year as labour returns home for Holi and for harvest season."

On whether L&T will look to reduce costs, he said: "L&T has a highly disciplined, hard working set of individuals. If they feel

the company requires them to make some sacrifices they will do that. At the moment, that is the way we look at it."

For the quarter, L&T's profit after tax (PAT), including the PAT from discontinued operations, was ₹3,197 crore, a decline of 6 per cent YoY, as tax outgo fell by 22 per cent. Thus, PAT was ahead of expectations of ₹3.062 crore.

Revenue from operations for Q4, when the impact of Covid-19 on global economy started showing, was ₹44,245 crore, witnessing a 2 per cent YoY rise and better than Street expectations

of₹43,896 crore. Company executives said much of the hit on revenue was from March as customers could not physically inspect deliveries and stockists started to reduce off-take.

Order inflow for the March quarter was ₹57,785 crore. For the full year, order inflow stood at ₹1.86 trillion, a growth of 9 per cent. L&T missed its guidance of order inflow growth of 10-12 per cent in FY20. It expects new orders this year to be dependent on government funded and multilateral funded orders.

As of March 2020, L&T has an outstanding order book of ₹3.04 trillion, 4 per cent higher than the previous year. On whether there are any order deferrals and cancellations, Subrahmanyan said, "There are no discussions on cancellation of orders. There are discussions with some for postponement of orders and some of advancing orders. It is a mixed bag."

The firm said sale of its electrical and automation business was disrupted because of Covid and the process will progress after the lockdown.

HUL CMD's salary up 2.86% in FY20

VIVEAT SUSAN PINTO

Mumbai, 5 June

Hindustan Unilever's (HUL's) Chairman and Managing Director (CMD) Sanjiv Mehta (pictured) took home a larger pay cheque for the 2019-20 financial year even as the company was fighting Covid-19 challenges during the period.

HUL's FY20 annual report, released on Friday, shows that Mehta's gross salary or total remuneration was ₹19.42 crore, up 2.86 per cent from a year earlier. In FY19, Mehta had taken home a remuneration of ₹18.88 crore, which was lower by 2.52 per cent over the previous year.

While his FY20 salary and allowances, bonus, and provident fund contribution have grown by 41.59 per cent, 21.24 per cent and 4.65 per cent, respectively, from a year ago, perquisites have nearly halved to ₹3.2 crore from ₹6.92 crore the previous year. In FY19, Mehta's bonus had halved versus the year-ago period. HR experts say perform-

ance-linked bonus and perks for a firm's top executives are decided by its board of directors and is based on achievement of certain performance parameters.

HUL closed FY20 with sales of ₹38,273 crore and a profit of ₹6,738 crore, growth of 1.62 per cent and 11.63 per cent each from a year ago. The median remuneration of HUL's employees increased by 4.26 per cent only in FY20 and Mehta's paycheque was 151 times the median remuneration of employees for the year.

Mehta said, in his address to shareholders in the annual

GMR AIR CARGO AND AEROSPACE ENGINEERING LIMITED

(Formerly known as GMR Aerospace Engineering Limited)

report, that the company saw disparate trends within the domestic fast-moving consumer goods, which had impacted its business.

There was a significant shift, Mehta said, in discretionary spends due to Covid-19 and this had hit the beauty and personal care division. "Despite the challenges, categories such as skin hair and oral care delivered good growth and Dove and Pears led the premiumisation agenda in skin cleansing," he said. HUL's on-shelf availability,

Mehta said, was also at an alltime high with the customer case fill on time at over 95 per cent during the year.

The Competition Commission of India (CCI), the antitrust body, has ruled that units of Sweden's AB SKF, Germany's Schaeffler AG, and Tata Steel, along with local firm National Engineering Industries, are guilty of colluding and fixing prices of vehicle hall bearings

The CCI began a probe into the matter in 2017 after receiving infor-

In a 36-page order issued on Friday, the CCI said it "holds NEI, Schaeffler, SKF and Tata Bearing guilty" of contravening the country's antitrust laws.
