Business Update:

Entering into Energy Business-Receipt of Order

New Delhi, May 13, 2022: Vikas Ecotech Limited is pleased to announce venturing into the energy business segment with bagging the first order for supplying 4000 Metric Tonnes of Coal. This order is valued at about INR 57 million and the supplies have been lined up, expected to be completed within 30 days.

Vikas Ecotech Limited, in constant pursuit of expanding the product profile to newer and promising business segments, has been eyeing the energy business segment which has been the underpin for a fast and balanced growth for the Indian as well as the Global Economies. With recent crisis situation in the energy segment rooting from the Russia-Ukraine war whereas the daily global news including India have a pertinent component i.e., the global shortage of energy feedstocks including the coal, has prompted the Business Development wing to tap into the energy business, which the team managed almost instantly.

The company blitzed its way into the business with identifying and establishing a strong and reliable supply chain with the material originating from South Eastern Coalfields Limited, a Government of India undertaking and the largest coal producing company of India with 60+ operational coal mines comprising of Central India Coalfields, Korba Coalfields and Man Raigarh Coalfields, spread across Chhatisgarh & Madhya Pradesh along with coal carbonisation facilities in West Bengal.

The company has also been exploring opportunities in the renewable energy businesses like the Gas Distribution business, The Solar Power and the Hydrogen Cell power gensets for commercial applications.

About the Company:

Vikas Ecotech Ltd. is a New Delhi based company engaged in the business of Speciality Polymers & Specialty Additives and Chemicals for Plastics & Rubbers industries, catering to a wide horizon of applications in Agriculture, Infrastructure, packaging, electrical, footwear, pharmaceuticals, automotive, medical devices and components and other consumer goods.

Vikas Ecotech is the only manufacturer of Organotin (Heat Stabilizers for Vinyl applications) in India with in-house R&D facilities and is one of the single digit number of manufacturers of this product worldwide, who have technology and expertise for manufacturing this material right from Tin Metal to the final product.

Vikas Ecotech is expanding its business and product portfolio has added many consumer (final) products to its conventional (raw material businesses) profile. The new business segments include Infrastructure Products like Steel Pipe Fittings, MDPE Pipes for Gas applications to its business lines.

The securities of the Company are listed on both the Stock Exchanges, BSE (Scrip Code: 530961) and NSE (Scrip Code: VIKASECO).
