S&P keeps India's rating intact at lowest 'BBB-'

PTI ■ NEW DELHI

Global rating agency S&P on Wednesday retained India's sovereign rating at the lowest investment grade of 'BBB-' for the 13th year in a row, even as it said the economy and fiscal position will stabilise and begin to recover from 2021 onwards.

Affirming the outlook "stable", it said though risks to long-term growth are rising, India's ratings reflect the country's above-average real GDP growth, sound external profile and evolving monetary settings. S&P Global Ratings has forecast India's economy to shrink by 5 per cent in the current fiscal. It, however, has projected GDP growth to be 8.5 per cent in 2021-22 and 6.5 per cent in 2022-23.

The Indian economy grew at the slowest pace in 11 years at 4.2 per cent in 2019-20.

"While risks to India's long-term growth rate are rising, ongoing economic reforms, if executed well, should keep the country's growth rate ahead of peers," S&P said in a statement.

Affirming 'BBB-' long-term and 'A-3' short-term foreign and local currency sovereign credit ratings on India, S&P said it "reflects the country's above-average real GDP growth, sound external profile, and evolving monetary settings".

"India's strong democratic institutions promote policy stability and compromise and also underpin the ratings. These strengths are balanced against vulnerabilities stemming from the country's low per capita income and consistently elevated fiscal deficits that contribute to high general government debt, net of liquid assets," S&P said.

The rating affirmation comes within days of Moody's Investors Service downgrading by a notch India's sovereign rating to the lowest investment grade with negative, citing growing risks that Asia's third-largest economy will face a prolonged period of slower growth amid rising debt and persistent stress in parts of the financial system.

Fitch Ratings too has a 'BBB-' rating on India, with a stable outlook. Fitch Ratings also forecast a 5 per cent contraction in India's GDP in 2020-21 fiscal and a rebound in the next to 9.5 per cent growth.

S&P said the economic hit from COVID-19 will exacerbate India's weak fiscal settings, but the country will get into the path of fiscal consolidation over the next three years.

"The stable outlook reflects our expectation that India's economy will recover following the containment of COVID-19 pandemic and the country will maintain its sound net external position. The stable outlook also assumes that the government's fiscal deficit will recede markedly following a multi-year high in the fiscal year 2021," S&P said.

S&P said the global economic downturn resulting from the pandemic, along with strict domestic measures aimed at containing the spread of the local epidemic, are hitting the economy hard, and will likely result in a significant fall in activity in the first quarter of this fiscal year (i.E. Three months from April 1, 2020).

"Productive capacity has been severely disrupted during this period, and millions of workers have left their jobs to return home, sometimes crossing the country to do so. India's labour markets have therefore weakened dramatically, and may take some time to heal," S&P said.

SUPREME COURT TO RBI

Allow banks to disburse loans to Amrapali homebuyers

IANS ■ NEW DELHI

In a relief for embattled home buyers, who are yet to claim possession of their houses in the stalled Amrapali Group projects, the Supreme Court on Wednesday directed the banks to release loans given to the homebuyers, which were declared as non-performing assets (NPAs).

A bench, headed by Justice Arun Mishra and comprising Justice UU Lalit, pointed out that banks have certain reservations regarding the funding of NPA accounts.

"In view of current social and economic conditions, the court may direct the RBI to keep its circulars/guidelines relating to NPA in abeyance and permit all banking and financial institutions, etc. to disburse loans to home buyers notwithstanding the status of accounts as NPA," said the top court in its 36-page judgement.

The bench noted the restructuring of the loans should be done as per the RBI's present norms. It directed the banks and financial institutions to release loans to home buyers.

Whose loans have been sanctioned, notwithstanding the fact that their accounts are declared as NPAs.

"Let there be restructuring of the loan amount.

It may be released under the current norms of the RBI for releasing loans and the rates fixed by the RBI," added the bench.

The top court observed that banks and financial institutions be directed to work out a long-term restructuring of all home buyers' loans in Amrapali projects as well as any charges on the Amrapali projects held by banks and financial institutions.

Counsel appearing for the banks pointed out that they are ready to release the loan to the home buyers. However, they would release the loan to a particular home buyer in a phased manner and as per the stage of construction.

Homebuyers' counsel Kumar Mihir said: "The judgement clarifies a lot of issues regarding funding and once banks implement this order, the work can start on all the projects."

The top court-appointed receiver submitted that the RBI may be directed to advise all banks and financial institutions such as insurance companies, and employers of the establishments which have sanctioned home loans to home buyers to disburse all balance loan amounts to the home buyers whose accounts are regular, and that they will abide by instructions issued by the receiver in this regard.

The court said: "The disbursement of further loans may be based on the present rate of interest fixed by the RBI; this we order in the peculiar facts of the case.

It may be released stage-wise and long-term restructuring of the loans may be done so that construction is completed and buyers are able to repay the loan."

The top court also provided relief to the real estate companies which have not completed many housing projects in Noida and Greater Noida. The court said that Noida Authority should not charge heavy rate of interest from the real estate companies for the delay in the payment, and the rate should be kept at 8 per cent.

Need strong fixed line infra, wifi hotspots in rural areas for robust connectivity: TRAI chief

PTI ■ NEW DELHI

India needs to strengthen its fixed line infrastructure that currently transports only 6-7 per cent data against the global average of 46 per cent, TRAI Chairman RS Sharma said on Wednesday.

Sharma also called global companies like Facebook, Google and Amazon showing interest in the telecom space as an "interesting phenomenon". India has created many digital systems that are churning out huge amounts of data, and the country will have its own use cases for 5G, tapping into opportunities in multiple areas like Internet of Things, artificial intelligence, big data, healthcare and others, Sharma said while addressing ASSOCHAM webinar on 'Digital: The next revolution'.

On spectrum, he said that the regulator has already given its recommendations, including for 5G radiowaves, and it is for the government to tathe necessary steps."Up to 4G there is no dearth of spectrum, we have even given recommendation for 5G. Of course, telecom operators always keep saying you have given high reserve price...

As far as we are concerned the horse has left the stable. It is with the government, and they will take the necessary steps," he said.

Sharma rued that India has only 100,000 wifi hotspots as compared with France, which has has 1.8 million hotspots.

"...we need inclusive policy, wifi hotspots in remote and rural areas will be one of the steps to ensure that digital connectivity is available to everybody at their reach," Sharma said. More needs to be done on fixed line connectivity, he added.

"India is a peculiar country where you have 1.2 billion mobile connections and we boast that our mobile networks are transporting data more than mobile networks of US and China put together.

Centre extends validity of certain e-way bills till June-end

PTI ■ NEW DELHI

The Govt has for the third time extended the validity of e-way bills generated on or before March 24 till June 30.

"Provided that where an e-way bill has been generated under rule 138 of the Central Goods and Services Tax Rules, 2017 on or before the 24th day of March, 2020 and whose validity has expired on or after the 20th March, 2020, the validity period of such e-way bill shall be deemed to have been extended till the 30th day of June, 2020," the Central Board of Indirect Taxes said in a notification. CBIC had in April extended the validity of e-way bills generated on or before March 24 and having expiry between March 20 and April 15 till April 30. Last month, it was further extended till May 31.In another notification, the CBIC has granted time till June 30 for rejecting refunds where the time limit for issuance of ofalls between March 20 and June 29, 2020.

Petrol price hiked by 40 paise per litre, diesel by 45 paise

PTI ■ NEW DELHI

Petrol price on Wednesday was hiked by 40 paise per litre and diesel by 45 paise, the fourth straight daily increase in rates after oil PSUs ended an 82-day hiatus in rate revision.

Petrol price in Delhi was hiked to ₹73.40 per litre from ₹73, while diesel rates were increased to ₹71.62 a litre from ₹71.17, according to a price notification of State oil marketing companies.

Rates have been increased across the country and vary from State to State depending on the incidence of local sales tax or VAT.

This is the fourth daily increase in rates in a row since oil companies on Sunday restarted revising prices in line with costs, after ending an 82-day hiatus.

Annual maintenance fee in FY20

PNB collected ₹268 cr as ATM transaction charges

PTI ■ NEW DELHI

Punjab National Bank collected around ₹268 crore as ATM transaction charges and annual maintenance fee on debit cards during 2019-20 fiscal, according to an RTI reply.

The public sector lender collected ₹152.88 crore from customers by levying annual maintenance charges (AMC) on debit cards.

While ₹115.21 crore was garnered by way of levying a fee on ATM transactions, the bank said in a response to a Right to Information filed by Madhya Pradesh-based RTI activist Chandra Shekhar Gaur. In response to a query about the AMC on debit cards, New Delhi-based PNB said, "AMC for Punjab National Bank is ₹150 per year plus taxes. AMC for Kisan Credit Cards, Mudra, PMJDY and cards issued under other Government schemes is nil."

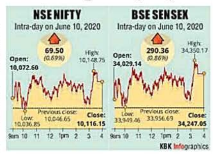
Markets tick higher as bank stocks spurt; Fed policy eyed

PTI ■ MUMBAI



Benchmark indices resumed their upward trend on Wednesday after a one-day pause as Reliance Industries and bank stocks saw robust demand amid mixed global cues.

Overcoming a choppy start, the 30-share BSE Sensex settled 290.36 points, or 0.86 per cent, higher at 34,247.05.

Similarly, the NSE Nifty climbed 69.50 points, or 0.69 per cent, to 10,116.15.

IndusInd Bank was the top gainer in the Sensex pack, rallying 7.93 per cent, followed by Kotak Bank, Reliance Industries, HDFC, Axis Bank and SBI.

On the other hand, Hero MotoCorp, Bajaj Auto, Tata Steel and ONGC were among the laggards, skidding up to 3.92 per cent.

Global markets were mixed ahead of the US Federal Reserve's latest policy outcome, which will be the first since the US began to reopen and the first since Friday's blockbuster jobs report.

Buying in bank stocks led benchmarks higher during the day, traders said.

Persistent foreign fund inflows too buoyed the sentiment, they added. On a net basis, foreign institutional investors bought equities worth ₹490.81 crore on Tuesday, provisional exchange data showed. "Bulls firmly in control today and heartening to see some of the stressed private sector banks as well as public sector banks rally ferociously which apparently means things are in fact not as bad as it is made out to be.

"Improved market breadth in itself presents several opportunities for savvy investors," said S Ranganathan, Head of Research at LKP Securities.

BSE bankex, realty, finance, energy and healthcare indices rose up to 1.79 per cent, while auto, metal, oil and gas, capital goods and consumer durables settled up to 1 per cent lower.

Broader BSE midcap and small-cap indices rose up to 0.92 per cent.

In rest of Asia, bourses in Shanghai and Hong Kong ended in the red, while Seoul and Tokyo settled with gains.

Stock exchanges in Europe were trading on a negative note in early deals.

International oil benchmark Brent crude futures tumbled 2.26 per cent to USD 40.25 per barrel. On the currency front, the rupee settled on a flat note at 75.59 against the US dollar.

The COVID-19 death toll rose to 7,745 and the number of cases climbed to 2,76,583 in the country on Wednesday, according to the Union Health Ministry.

Central Govt undertakes skill mapping to help workers

PTI ■ NEW DELHI

The Central Government is undertaking a comprehensive skill mapping exercise of labourers in conjunction with States as part of efforts to provide them work opportunities closer to their homes, officials said.

The Ministry of Skill Development and Entrepreneurship is working through its implementation arm, the National Skill Development Corporation, in partnership with an artificial intelligence company on creating a platform to map skilled and certified workers with demand clusters based on industrial requirements. "We are initially exploring this exercise with our sector skill councils. The skill management information system aims to create a local ecosystem in every region to minimise the need to depend on migrants, as well as to provide workers with opportunities closer to their homes," said an official.

The initiative will help both companies and workers, said Government authorities, adding that as businesses start resuming operations, there is an increased need for skilled professionals and the platform will help meet this demand.

KIND ATTENTION RAIL PASSENGERS!

IMPORTANT PUBLIC NOTICE

In order to ensure safe and comfortable journey for our bonafide passengers, they have been advised to reach their designated railway station viz. New Delhi, Delhi Jn., Anand Vihar, Hazrat Nizamuddin and Delhi Sarai Rohilla Stations, 90 minutes before the departure of their train.

It has been observed that many passengers arrive at station 8-10 hours before the departure of their train causing overcrowding inside the station premises and queue outside the station, thus making it difficult to maintain the mandatory norm of social distancing.

Passengers are therefore advised that in case its unavoidable, they may come maximum of 4 hours before the departure of train. The entry in the station premises before 4 hours of the departure of their train shall not be allowed, as is being followed in case of Airports. This is being implemented for the larger benefit of our valued bonafide passengers as a short term measure.

अप्रैल की तुलना में दोगुने से अधिक हुई पेट्रोलियम उत्पादों की मांग

नई दिल्ली (वार्ता)। आर्थिक गतिविधियों के गति पकड़ने के साथ देश में पेट्रोल, डीजल तथा अन्य पेट्रोलियम उत्पादों की माँग लॉकडाउन के शुरुआती दिनों की तुलना में दोगुने से अधिक हो गई है। देश की सबसे बड़ी तेल विपणन कंपनी इंडियन ऑयल कॉर्पोरेशन ने बुधवार को बताया कि इस साल अप्रैल के मुकाबले मई में पेट्रोलियम उत्पादों की माँग दोगुनी हो गई थी तथा जून में इसमें और वृद्धि हुई है। बढ़ी माँग को देखते हुये कंपनी ने अपने तेल शोधन संयंत्रों में उत्पादन बढ़ाकर क्षमता का 83 प्रतिशत कर दिया। इंडियन ऑयल का कहना है कि अप्रैल के मुकाबले मई में लगभग सभी पेट्रोलियम उत्पादों की माँग में तेज इजाफा हुआ। पेट्रोल की माँग 70 फीसदी और डीजल की 59 फीसदी बढ़ी। कंपनी रोजाना 25 लाख रसोई गैस सिलिंडर रीफिल कर रही है और सिलिंडर की डिलिवरी में औसत बैकलॉग एक दिन से भी कम रह गया है हालाँकि विमान ईंधन की माँग अब भी सामानय दिनों के मुकाबले 24 प्रतिशत कम है। लॉकडाउन के आरंभिक चरण में माँग काफी कम रह गई थी। इसे देखते हुये अप्रैल के आरंभ में इंडियन ऑयल ने उत्पादन घटाकर 39 प्रतिशत पर सीमित कर दिया था। लॉकडाउन के दूसरे चरण में आर्थिक गतिविधियों में थोड़ी बहुत छूट दिये जाने से मई के आरंभ में उत्पादन बढ़कर 55 प्रतिशत पर पहुँच गया। मई के अंत तक उसने अपना उत्पादन 78 प्रतिशत कर दिया था जिसे अब और बढ़ाकर 83 फीसदी कर दिया गया है। कंपनी ने बताया कि गुवाहाटी संयत्र में रखरखाव का काम पूरा हो गया है।
