**Encl: As above**

A large, abstract graphic in shades of blue dominates the right side of the slide. It consists of several curved, overlapping bands that create a sense of motion and depth. At the bottom of these bands, a soft, warm glow from a sunset or sunrise is visible, with orange and yellow tones blending into the blue. The overall composition is dynamic and modern.

## ***A Once-in-a-Lifetime Transformation***

We operate in exciting categories that offer significant runway for growth

## Water Purifiers

## Vacuum Cleaners

## Air Purifiers

These categories are underpenetrated in India and with a rising per capita income, they are bound to take-off

### Water Purifiers

**5% Penetration**

*Thailand 20%*

*China 21%*

*South Korea 60%*

### Vacuum Cleaners

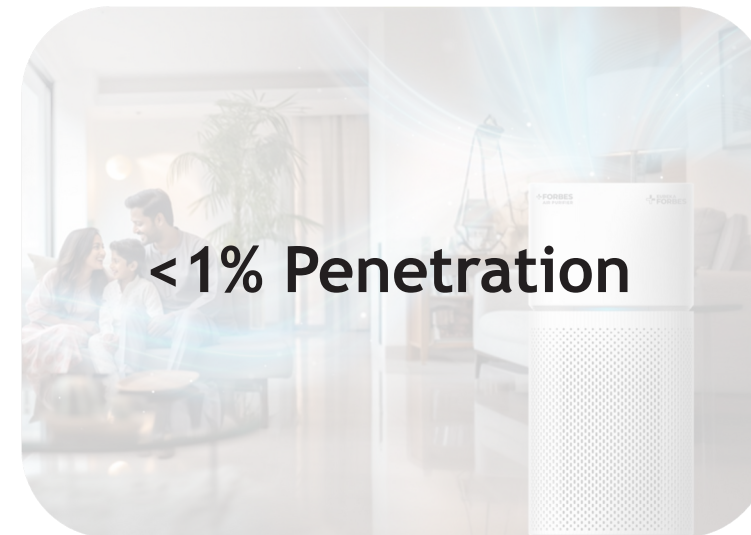

**<2% Penetration**

# Drive margin efficiencies through multiple levers

## To summarize

- EFL is a pioneer in Water Purifier and Vacuum Cleaner categories in India
- We operate in high-potential categories which have low penetration, supported by favourable tailwinds
- Our Brand, omni-channel presence, and Service network are strong assets
- We have made good progress in our transformation journey by driving profitable growth, launching industry-first innovations and strengthening our teams
- We have an exciting vision for driving discontinuous profitable growth on the back of Volumes, Innovations, D2C and Service improvement

Nothing is more powerful than  
an idea whose time has come.

- Victor Hugo
