Due to outbreak of Covid-19 a Nationwide Lockdown was been imposed by the Government of India vide MHA Order w.e.f. 23rd March and thereafter it was only during mid of May 2020th had granted permission to certain extent to run the factory. Since the Lockdown period all our business operation remained on standstill and was disrupted till mid of May 2020. Due to outbreak of Covid-19, many workers have migrant from Bangalore to other states. Hence due to such migration the Company had to face the shortage of workers for the operation of factory. As per Government (Ministry Home&flairs) MHA Guidelines, the Government had allowed to operate the Eactory with all Safety and Security measurests for

against the Covid-19. Hence, companystarted our operation at our Factory with 50% of its previous capacity only. The safety of employees whole no required to step out for work is being ensured and they have been mandated However, company was notable to operate as its full extent to meet its minimum operating cost. Due to loss of Income/Sale and regative cash flow it became very difficult for the company to operate and to manage even the manimum operational cost, assets including trade receivables, inventory and advances in ordinary course of business.

However, Considering the fact that the situation is exceptional and is changing dynamically, the Company is not in a position to gauge with certainty, the future impact on its operations. Company is sure that demand in garments will take some time certainty for pick up. In spite of many challenges of Covid-19 situation we are expecting new opportunity in protective apparel and textile inclustry to overcome the situation. The Company has incurred losses of Rs. 1.465.17 lakhs (before other comprehensive income) for the quarter ended June 30, 2020 (quarter ended June 30, 2019 - Rs. 1.477.73 lakhs). The accumulated losses exceed its paid up capital and other equity as on June 30, 2000. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and, therefore it may be unable to realise its assets and discharge its liabilities in the normal course of business. The Management is currently implementing a plan to increase turnover, improve profitability and financial position and has assessed that it will be able to meet the working capital requirements for the next 12 months. The Holding company has confirmed financial support to the Company to continue as a going concern assumption.

The Company has only one reportable segment i.e. Garments. For the quarter ended June 30, 2020, the application of Ind AS 115 has resulted in the Finance costs being higher by Rs. 1,098.83 lakhs (Quarter ending March/20-Rs. 1,018.95 lakhs) and loss after tax being higher by a similar amount vis-a-vis the amounts if the replaced standard was applicable. The basic and disable EPS would be Rs. (0.76) as against Ps. (3.05).
