# Analysts see rupee again breaching 80-level vs dollar

Bonds on govt yield ended higher for a third consecutive session as RBI flagged worries over inflation

The dollar index extended its gains to firm up at 108.4 as Fed officials reiterated an aggressive monetary tightening

Meanwhile, the yuan slumped to a near two-year low after China cut its benchmark lending rate to arrest a slowdown in the world's second biggest economy, souring sentiment across Asian emerging markets.

A volatile equities market dragged on the rupee, as investors locked-in gains after a recent rally. Meanwhile, the benchmark 10-year government bond yield ended at 7.2702%. The yield rose 8 basis points in previous two sessions and ended at 7.2639% on Friday. The new 10-year 7.26% 2032 bond yield was at 7.2585%. —REUTERS

lowest level since July 27 at 79.9125. After jumping 2.3% in the previous week, the dollar index extended its gains to firm up at 108.4 as Fed officials reiterated an aggressive monetary tightening stance ahead of the Jackson Hole symposium on Thursday. "The dollar index's strength, weakness in the Chinese yuan and local equities is pressuring the rupee," said a trader at a private bank. There

is a chance the greenback will strengthen further and if it touches 110-level by the Fed's symposium, the Reserve Bank of India may let the currency breach 80 gradually, the trader added. The RBI has been proactive in defending the key level after the rupee hit a record low of 80.065 on July 19. Several analysts now saw a chance the rupee could revisit the level this week.

# RBL Bank to raise up to ₹3,000 crore

FE BUREAU & PTI  
Mumbai/New Delhi, August 22

RBLBANK ON Monday said its board has approved raising up to ₹3,000 crore to fund the business growth. The fundraising will be subject to the approval of the shareholders, the bank said in a regulatory filing.

The lender said it has appointed Gopal Jain, managing partner at Gaja Capital, and technology researcher Sivakumar Gopalan to its board. With the new appointments, the bank's board now has 14 members.

Jain co-founded Gaja Capital in 2004. He has led or co-led several of Gaja's investments in the financial services sector, including Aventus Capital, Suryoday Small Finance Bank and Kinara Capital. He has also been a member of the Securities and Exchange Board of India's (Sebi) alternative investment policy advisory committee since 2018.

# Brent crude futures cut losses in volatile session

ARATHY SOMASEKHAR  
Houston, August 22

Oil prices bounced off session lows to trade nearly flat in a volatile session on Monday, after Saudi energy minister said the OPEC+ could cut production to confront market challenges. Brent crude futures for October settlement fell 44 cents, or 0.5%, to \$96.28 a barrel by 12:38 pm ET (1638 GMT). It had fallen as much as 4.5% earlier in the day, breaking a streak of three days of gains.

US West Texas Intermediate (WTI) crude for September delivery, due to expire on Monday, was down 27 cents, or 0.3%, at \$90.50. The more active October contract was down 24 cents, or 0.3%, at \$90.20.

Saudi energy minister Prince Abdulaziz bin Salman said the OPEC+ has the commitment, the flexibility, and the means to deal with challenges and provide guidance,

including cutting production at any time and in different forms, state news agency SPA reported.

Earlier in the session, worries that aggressive US interest rate hikes may lead to a global economic slowdown and dent fuel demand had pushed down price. "The near-term fundamentals seem more to the bears until we see some positive economic indications either out of the US or China, which is looking unlikely," said Dennis Kissler, senior vice president of trading at BOK Financial.

The US Federal Reserve will raise rates by 50 basis points in September amid expectations inflation has peaked and growing recession worries, according to economists in a Reuters poll. Investors will be paying close attention to comments by Fed Chair Jerome Powell when he addresses an annual global central banking conference in Jackson Hole, Wyoming, on Friday.

Also pressuring prices were worries over slowing fuel demand in China, the world's largest oil importer, partly because of a power crunch in the southwest. Beijing cut its benchmark lending rate on Monday as part of measures to revive an economy hobbled by a property crisis and a resurgence of COVID-19 cases.

The dollar index rose to a five-week high on Monday. A stronger greenback is generally bearish as it makes it more expensive for buyers with other currencies in the dollar-denominated oil market. —REUTERS

# PNB launches pre-qualified credit card

PUNJAB NATIONAL BANK (PNB) on Monday announced the launch of its pre-qualified credit card with a host of features, including insurance coverage.

The bank will be offering this service under two platforms — RuPay and Visa.

This facility will be available for salary account customers and they shall be able

to apply through the mobile banking app, PNB One, website or the internet banking service (IBS), the lender said in a statement.
