1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes/No. Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/ Others?

The policy relating to ethics, bribery and corruption primarily applies to all worldwide employees, officers, and directors of the Company and its subsidiaries and affiliates. Some of the key principles of business responsibility that the Company stands for are even

included, to the extent possible, in the agreement signed with suppliers / vendors / service providers etc.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

Based on the organization’s influence and interaction with its stakeholders, the Company has identified the following as its stakeholders:

- Employees
- Shareholders
- Customers
- Suppliers / Vendors
- Government Agencies

The Company handles complaints / notices received from the respective stakeholders with seriousness and resolves the complaints within the reasonable time and / or within time permitted under the statutory regulations.

Stakeholders	Complaints Reported	Complaints Resolved	Complaints Pending
Employees	2	2	0
Shareholders	62	62	0
Customers	11	6	5

For other stakeholders, we are in the process of maintaining the count of complaints received and resolution thereof.

Principle 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES THAT ARE SAFE AND CONTRIBUTE TO SUSTAINABILITY THROUGHOUT THEIR LIFE CYCLE

1. List three products or services whose design has incorporated social or environmental concerns, risks and/or opportunities

The Company continuously follows the principles of safety and sustainability as a manner of doing business.

The key philosophies that the Company follows on the lines of sustainability are as follows:

- a) The Company sources 100% antibiotic residue free chicken from sustainable sources which are used in the Company’s products.
- b) With an initiative to save our environment, all the food is served in sustainable, recyclable and compostable packaging. The Company has substantially reduced the use of plastic from items that are used for customer service by moving to products made out of more sustainable and bio degradable products. All the paper packaging in food grade is certified safe for packing food.

The Company has also implemented a take back/ buy back programme for collection of plastic waste.

- c) All the food that the Company serves to its customers are free from Synthetic Colours and Artificial Flavours.
- d) Reduced use of electricity and gas is structurally build in the Company’s store construction design and the Company sources the equipments like holding units, friers, etc. that ensures reduced consumption of energy and gas. Also electrical system installation ensures minimum fluctuation resulting in withdrawal of right amount of power.
- e) E-delivery bikes Sustainable Mobility through use of electric bikes: The Company has introduced e-bikes in its fleet of motorbikes used for food delivery. This is a small step towards combating/ reducing the growing air pollution problem in large Indian cities. Going forward the Company will continue to increase its fleet of e-bikes and thereby also reduce its carbon footprint arising from vehicular emissions.

2. Does the Company have procedures in place for sustainable sourcing (including transportation)?

(a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

The Company encourages sustainable sourcing and strive towards constantly increasing the value of purchase from sustainable sources. The Company’s vendors source all the poultry products from farms that do not use any antibiotic. Only cage free eggs are sourced for the restaurants. Most of the Company’s vendor source palm form used in the manufacture of food products that they supply to the Company from sustainable sources. The fries’ vendors work with 2500+ local farmers on a contract farming model for regular and sustainable supply of potatoes ensuring improved and consistent realization for farmers and also provides complete farm traceability for produce sourced from these farmers. The Company also sources high end arabica coffee which is grown and roasted locally.

3. Has the Company taken steps to procure goods and services from local and small producers, including communities surrounding their place of work?

(a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

As a policy the Company followed the procedure of maximizing sourcing of goods from local sources, with an exception of few ingredients and capital

goods that are manufactured specifically for the brand globally. The Company closely works with vendors to enable them to expand their capacities on account of increase in the scale of business and also by working closely with them to build their capability in supplying other products within the Company's range.
