Jubilant FoodWorks, Advent in race to buy Burger King franchise

Everstone's stake valued at ₹2,453 crore, may be the largest acquisition in the QSR space

DEV CHATTERJEE
Mumbai, 18 May

Private equity (PE) firm Everstone Capital is said to be in talks to sell its 41 per cent stake in Restaurant Brands Asia (RBA), which operates the Burger King franchise in India, to Jubilant FoodWorks or a consortium led by American PE firm Advent International. Based on its share price on Thursday, Everstone's stake in RBA is valued at ₹2,453 crore (\$297 million). If the deal is signed at the current valuation, this would be the largest acquisition in the quick-service restaurant (QSR) industry, per Bloomberg data (see chart).

DEAL HOPE DRIVES STOCK Restaurant Brands Asia (Price in ₹)

Foreign investors are rushing to invest in the Indian QSR industry by acquiring local companies as a sharp recovery in revenues, supported by growth drivers such as favourable demographics, and improving purchasing power is boosting the firms' valuations. Rebel Foods Private, a cloud kitchen firm, received \$175 million from a slew of investors in a round led by the sovereign wealth fund Qatar Investment Authority, per Bloomberg data. In August 2021, Creador Capital Group, TR Advisors, and NewQuest Capital Partners invested in Pizza Hut operator Sapphire Foods, just before its initial public offering. Bankers said Jubilant operates Domino's Pizza franchise in India and if it buys a stake in BSE-listed RBA, it would lead to consolidation in the Indian restaurant industry. Advent is likely to make an offer in association with another private equity firm, General Atlantic. RBA shares closed 13 per cent up at ₹121 apiece on Thursday. The company was listed in

MAJOR QSR DEALS IN RECENT YEARS

Announce date	Name	Investor/acquirer*	Amount (\$ mn)
May 2020	Rebel Foods	Qatar Investment Authority & others	175.0
Aug 2021	Sapphire Foods India	Creador Capital Group	154.4
Aug 2019	Rebel Foods	Sequoia Capital Operations LLC, Lightbox Management	125.0
Nov 2022	Impresario Entertainment & Hospitality	Bain Capital Private Equity	67.9
Jun 2022	Sunshine TeaHouse	Think Investments, Tiger Global	53.0

December 2020 and an open offer for minority shareholders will follow as per the Securities and Exchange Board of India's takeover code. Advent declined to comment. When contacted, a spokesperson for Jubilant FoodWorks said the information was incorrect. Everstone did not reply to emailed queries. Bankers said the RBA acquisition makes sense for Jubilant, which is leading the race, as it is facing pressure on the margin front. Jubilant's gross margin was down 160 basis points (bps) year-on-year, mainly due to raw material cost pressure, said analysts. Acquiring RBA would strengthen Jubilant, which operates 1,816 Domino's stores in 393 cities. Dunkin' Donuts, another franchise,

operates 21 stores in India. After the Covid-19 restrictions were lifted, the QSR industry's revenue is estimated to grow by 20-25 per cent in financial year 2023-24 (FY24) compared with FY23, driven by improving average daily sales and store additions, per rating firm ICRA. The top five players in the QSR industry are likely to add 2,300 stores in the next two years with an estimated capex of around ₹5,800 crore - almost double the levels seen during the pre-Covid era. As demand picks up, the domestic QSR industry is looking at opening several new stores in the coming months and, hence, the search for funds.

Pfizer suspends sale of 3 drugs in India, cites technical issues

SOHINI DAS
Mumbai, 18 May

US pharmaceutical major Pfizer has voluntarily suspended selling three antibiotics in India after "technical issues" at its contract manufacturing site. The exact issue with Magnex, Magnamycin, and Zosyn at the manufacturing site is not known, but trade sources said it is unlikely to be a major problem as the company has not issued a recall. Magnex is used to treat gynaecological and abdominal infections and Magnamycin for bacterial infections of the respiratory tract, pelvic inflammatory disease and other issues. Zosyn is used for stomach, urinary tract, and skin infections. Pfizer said that it places utmost emphasis on patient safety and product quality. "Out of an abundance of caution, and following a request by our local contract manufacturer, Pfizer has currently placed a voluntary stop on further sale and use of its products Magnex, Magnamycin and Zosyn in India as a result of certain technical issues and Telangana.

The exact issue at the manufacturing site is not known, but trade sources said it is unlikely to be a major problem as the company has not issued a recall

brought to our attention by the contract manufacturing site in India," said a company spokesperson. The manufacturer is investigating the matter and Pfizer will take any further action if required, the company said. Rajiv Singhal, general secretary of the All India Organisation of Chemists and Druggists (AIOC), said the company on May 16 issued a circular about deviations observed at its local contract manufacturing facility, Astral Steritech, regarding the three products. "In the light of the circular we have asked all retailers, stockists, hospital distributors etc to temporarily suspend sales and distribution of the three antibiotics mentioned," Singhal said. Abbott India recalled in April one batch of its popular thyroid disorder drug Thyronorm due to a labeling error about dosage, saying there was no quality issue. The mislabeled batch was invoiced in Madhya Pradesh and Telangana.

Medtronic to invest ₹3,000 crore in H'bad R&D centre

SOHINI DAS
Mumbai, 18 May

Medtronic, a medical technology firm, will invest ₹3,000 crore (\$350 million) in a research and development centre in Hyderabad that is its largest such facility outside the US. As part of its global R&D-led innovation and growth strategy, the company will expand the initial \$160 million investment it announced for the Medtronic Engineering & Innovation Center (MEIC) in 2020. MEIC employs more than 800 people and the number will cross 1,500 over the next five years.
