Atul Modi  
Managing Director

## Prevest DenPro announces USFDA clearance for Dental Cavity Liners

Prevest DenPro today announced that the U.S. Food and Drug Administration (FDA) has cleared four of its products falling in the category of Dental Cavity Liners. Prevest DenPro is the 1<sup>st</sup> Indian dental manufacturer who has received USFDA clearance for its products.

The products which have been recently cleared in the category of Cavity Liners are CalUltra, Cal LC, Apacal ART and Calcigel. All these products are calcium hydroxide based cavity liners, highly useful for endodontic treatment worldwide. On this occasion the Managing Director Mr. Atul Modi conveyed that “with the approval of these products our product portfolio has widened and we have better marketing prospects in the USA market. As an organization committed to expand its market globally, this approval will enable us to serve the international market especially US Market with a bigger product portfolio. The approval is also an endorsement of our commitment to comply with global manufacturing standards and regulations. Prevest DenPro is committed to continue its efforts in developing newer innovative products and expanding business globally to make it a truly a world class dental company.
