**Subject: ACE develops Li-Ion Electric forklifts.**

Dear Sir/Madam,

Pursuant to Regulation 30 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, we wish to inform that in our pursuit to offer world class products with contemporary technology, we have developed Li-Ion Electric forklifts for our valued customers. This is a relatively clean and user-friendly technology. We are proud to announce that ACE has bagged the prestigious single largest order of 28 nos. 3T capacity Li-ion battery forklifts from Airport Cargo, Chennai.

It is indeed a proud moment for us as ACE is the first indigenous manufacturer to develop this advance technology product for commercial/industrial use under our "Make in India" initiatives.

This is for your information and record please.

Thanking you
