Subject: Regulation 30 of SEBI (Listing Obligations & Disclosure Requirements) regulations, 2015 - Commissioning of the new Aerospace & Defence facilities of our wholly owned subsidiary company – Aerolloy Technologies Limited & laying of foundation stone for our new exotic metal alloy manufacturing unit

Dear Sir,

This is to inform that the new Aerospace & Defence facility setup by our Wholly Owned Subsidiary, Aerolloy Technologies Limited is scheduled to be inaugurated on Saturday, the 13th of November, 2021 at our Advanced Manufacturing & Technology Centre, NH25A Sarai Shahjadi, Lucknow 227 101, by Shri Rajnath Singh, Honorable Defence Minister, Government of India, as Chief Guest and Shri Satish Mahana, Honourable Minister of Industrial Development, Government of Uttar Pradesh, as Guest of Honour.

This plant is the first of its kind in the private sector for manufacture of components for aero engines and other super critical metal components for applications in Aerospace and Defence. This plant will supply parts for both domestic and export markets to large OEMs.

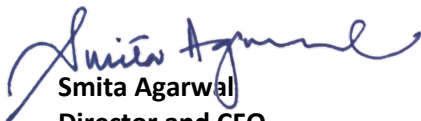

The Honorable Ministers will also lay the foundation stone for our new exotic metal alloy manufacturing unit. This new plant will have the capability to produce key Raw Materials for military use e.g. Titanium & Nickel Superalloys, primarily Ingots & Billets for Defence and Aerospace requirements. This capability will significantly reduce our dependence on imports for all platforms which require Titanium & Nickel Super alloys.

The setting up of these advanced facilities is inspired by our Honourable Prime Minister and Defence Minister's call to promote Make in India for the world and building an Aatmanirbhar Bharat. PTC Industries has undertaken the task to bring core component manufacturing technologies and infrastructure to India to build an indigenous capability for manufacture of High Integrity components for Defence and Aerospace for sub-assemblies, sub-systems and systems.

We humbly request you to kindly take the above on your records.

Thanking you

For **PTC Industries Limited**

Smita Agarwal
