Bio E seeks DCGI nod for Corbevax to inoculate adolescents above 12 yrs

PRESS TRUST OF INDIA
New Delhi, 13 February

Biological E has sought emergency use authorisation from India's drug regulator for its Covid vaccine Corbevax for the 12-18 years age group, official sources said on Sunday. The Drugs Controller

General of India (DCGI) has already approved Corbevax, which is India's first indigenously developed RBD protein sub-unit vaccine for restricted use in emergency situation among adults.

In an application sent to DCGI on February 9, Srinivas Kosaraju, head of Quality and Regulatory Affairs of

Biological E, said the firm had received approval to conduct phase two/three clinical study of Corbevax among children and adolescents aged 5-18 years in September.

"The proposed application is for obtaining permission for restricted use in an emergency situation in adolescents... based on interim results (of the

ongoing phase 2/3 clinical study)," Kosaraju said in the application.

The Corbevax vaccine is administered through intramuscular route with two doses scheduled 28 days apart and is stored at 2 to 8 degrees Celsius temperatures and presented as 0.5 ml (single dose) and 5 ml (10 doses) vial pack.

Auction of 5G spectrum likely in May: Trai official

The 5G spectrum auction is expected to be held in May if the Telecom Regulatory Authority of India (Trai) submits its recommendations on the rules regarding the sale process by March, according to a senior official.

Telecom minister Ashwini Vaishnaw had said that Trai will submit recommendations by March. "Trai has indicated that they will send it (recommendations) by March. Thereafter, it will take us a month to make a decision around it," Telecom Secretary K Rajaraman said.

Rajaraman said it will take the DoT two months to start the auction from the day it gets Trai's recommendations. According to the process, DoT seeks reference from Trai on spectrum price, method for allocating it, block size of spectrum, payments terms and conditions, among others.

Trai holds consultation with the stakeholders and submits recommendations to the DoT. The apex decision making body at the DoT, the Digital Communications Commission (formerly the Telecom Commission) takes the decision on the recommendations and approaches the Cabinet for approval.

Rajaraman said that the DoT has already selected MSTC as the auctioneer for the upcoming auction. Participants in 5G spectrum consultation have to submit additional comments by February 15.

Telecom operators have demanded up to 95 per cent cut in the spectrum frequency band price. PTI

INSPIRED EXCELLENCE

More prefer holiday with family now than 2 years ago: Survey

Indians appreciate vacations with loved ones more now as compared to pre-pandemic days and one-third of them have already made travel plans to celebrate Valentine's Day together, according to a global consumer survey by hospitality technology platform OYO.

Nearly 62 per cent of Indian respondents were looking to treat their loved ones to a quick getaway to a nearby destination, as per OYO's global Valentine's Day consumer index 'Let Love In With Travel 2022'.

"Two out of three respondents said they appreciate vacations with loved ones more today than pre-pandemic days. Indian respondents don't take their holidays for granted anymore," it added.

The survey was conducted in February and covered around 2,000 respondents across India, the UK, the US, Indonesia and Germany.

Nearly 38 per cent said they travel to spend quality time and share meaningful experiences with loved ones, while 26 per cent travelled for a break from the routine and another 25 per cent for the love of exploring new places and cultures.

"A whopping 84 per cent also believe that travel strengthens their relationships with loved ones," the survey said.

The survey showed, "With 28 per cent each, India remains divided between Paris and Maldives. Switzerland takes the third spot." PTI
