# Markets defeated Cong's toolkit design, says BJP

Party terms JPC probe demand a sham; Oppn threatens nationwide stir

ARCHIS MOHAN  
New Delhi, 12 August

The Bharatiya Janata Party (BJP) on Monday accused the Congress leadership of being part of a wider conspiracy that sought to use Hindenburg Research's allegations against the Securities and Exchange Board of India (Sebi) chairperson to "crash" the Indian stock market and hurt small investors.

The Congress, on the other hand, kept up the pressure on the government and the Sebi chief, threatening countrywide protests on the issue.

Addressing a press conference, BJP leader and former Union minister Ravi Shankar Prasad said the stock market showed resilience on Monday and frustrated the designs of the "toolkit gang," involving the Congress, Hindenburg Research, and billionaire investor George Soros.

Prasad said Soros "is an investor in Hindenburg" and "is known for running propaganda against the government led by Prime Minister Narendra Modi."

"In its pathological hatred for Prime Minister Narendra Modi, the Congress, led by Rahul Gandhi and his toolkit friends, has developed hatred for India," he said.

Prasad said Sebi had sent a notice to Hindenburg Research as part of its probe on the Supreme Court's order following the firm's allegations of stock market manipulation against the Adani group. Hindenburg never replied but has instead launched an attack on Sebi Chairperson Madhabi Puri Buch, he said.

Prasad termed the Opposition's demand for a joint parliamentary committee (JPC) probe into the allegations a "sham," which, he said, had been made with the intent to destabilise India's economy.

Congress General Secretary (communications) Jairam Ramesh said the Supreme Court must transfer its ongoing investigation to the Central Bureau of Investigation (CBI) or a special investi-

## Govt has nothing more to add: DEA secy

A day after the Securities and Exchange Board of India (Sebi) and its Chairperson Madhabi Puri Buch issued statements in the latest Hindenburg report, Secretary, Department of Economic Affairs (DEA), Ajay Seth told reporters on Monday that the government had nothing further to add on the issue. "Sebi has given a statement. The Chairperson has also made a statement... There is nothing further to be added by the government," Seth said. On Sunday, Sebi and Buch had rebutted fresh allegations made by New York-headquartered Hindenburg Research in the Adani matter.

BS REPORTER

gation team "given the likelihood of Sebi's compromise".

Ramesh said Sebi, in its August 11 statement, mentioned that it has issued 100 summonses, 1,100 letters and emails, and examined 300 documents containing 12,000 pages in the ongoing investigations into certain financial transactions of the Adani group. Sebi has sought to project an image of hyperactivity, but it diverts attention from the core issues involved, Ramesh said. "Actions matter, not activities," he said.

Ramesh said the Supreme Court on March 3, 2023, directed Sebi to "expeditiously conclude the investigation" into

allegations of stock manipulation and accounting fraud against the Adani group within two months.

"Now, eighteen months later, Sebi has revealed that a critical investigation, likely regarding whether Adani violated Rule 19A relating to minimum public shareholding, remains incomplete. The fact is that Sebi's seeming inability to close two of its 24 investigations delayed the publication of its findings for over a year," Ramesh said. Despite the Adani group's claims of receiving a "clean chit," Sebi has reportedly issued show-cause notices to several Adani companies concerning these allegations, the Congress leader said.

# Rules for offshore mineral exploration trust in place

NITIN KUMAR  
New Delhi, 12 August

The Centre has introduced the Offshore Areas Mineral Trust Rules, 2024, establishing the first-ever framework to oversee mineral exploration and production in India's offshore areas.

Under the new rules, holders of production leases of offshore mines are required to contribute to the Trust by paying 10 per cent of their royalty payments to the government.

This sum will be deposited in the Public Account of India, providing a financial backbone for the Trust's initiatives, the rules said.

The Rules come ahead of the Centre's scheduled launch of the inaugural round of offshore mineral auctions.

The Union Ministry of Mines in March had expressed plans to auction the first batch of offshore mineral blocks by July this year. The Rules lay the foundation for the ministry to conduct the inaugural auction. The Ministry of Mines has identified 10 offshore mineral blocks for potential auction and is currently engaged in inter-

Offshore mine production leaseholders will need to pay 10 per cent royalty

ministerial consultations to secure the required approvals for conducting the auctions at the earliest opportunity.

The regulations set specific exploration norms for a variety of deposits and minerals, including construction-grade silica sand, non-construction-grade calcareous sand, calcareous mud, phosphatic sediments, deep sea minerals, rare earth element (REE) minerals, hydrothermal minerals, and nodules.

According to the Rules published on

August 10, the primary objective of the Trust is to promote sustainable exploration, while ensuring environmental conservation and community welfare.

The Trust is tasked with a wide array of responsibilities, including conducting research, studies, and administration to mitigate any adverse ecological impacts from offshore operations. It is also responsible for providing disaster relief, promoting exploration activities, and supporting affected communities.

Promoting collaboration and conservation

The Trust is also entrusted with promoting international cooperation in technology and knowledge exchange. It will organise national and international workshops and seminars on geological and environmental studies in offshore areas.

The Trust would also lay emphasis on marine conservation, aiming to protect marine ecosystems and communities dependent on these environments.

# Industry training for 1 mn micro units soon

VIRENDRA SINGH RAWAT  
Lucknow, 12 August

In order to boost jobs and self-employment opportunities, the Uttar Pradesh government is looking to train a million youths to set up micro enterprises and startups in the state.

The state government will provide industry training and necessary funding to almost 100,000 youths annually for the next 10 years. This will facilitate a million new enterprises and startups in UP.

For the current financial year, the government has already provisioned a budget of ₹1,000 crore for grants and business loans to select youth under the Mukhyamantri Yuva Udyami Vikas Abhiyan (MYUVA) scheme.

This comes in the backdrop of the Centre announcing a flagship internship scheme targeted to benefit 10 million youth in India over the next 5 years. The internship will be facilitated in the country's top 500 companies although the modalities are yet to be announced.

Meanwhile, UP Chief Minister Yogi

Adityanath has tasked officials to expedite the MYUVA scheme.

"The youth should be apprised of the state's scheme to encourage them to earn their livelihood and become self-reliant," he added.

He asked officials to ensure interest-free loans were offered to young entrepreneurs, while interest subsidy and Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSSE) coverage was also provided with the loan.

Under the scheme, the state would facilitate bank loans to 100,000 youths annually. Over the next 10 years, one million youths will have availed of the opportunity of self-employment.

Those who underwent training in government-run schemes viz. Vishwakarma Shram Samman Yojana, One District One Product Training and Toolkit Scheme, Scheduled Caste, Scheduled Tribe, Other Backward Class Training Scheme, and Skill Upgradation (Kaushal Unnayan) run by the UP Skill Development Mission, will be eligible for assistance.

# Tendu leaf collection up 20% so far

R KRISHNA DAS  
Raipur, 12 August

Chhattisgarh, India's leading producer of *tendu* leaves, has registered an increase of 20.25 per cent in collections compared to the previous season.

The collection season in the state starts from the third week of April and continues till the second week of June.

The state produces the best quality of *tendu* leaves used as *beedi* wrappers and tobacco. The collection season starts earlier in the southern part of the state compared to the north.

Production of *tendu* leaves in Chhattisgarh is approximately 1.67 million standard bags annually, which is nearly 20 per cent of the total output. One bag has 1,000 bundles of 50 leaves each.

"The state collected 1.55 million standard bags of *tendu patta* in this season, about 20 per cent higher compared to 2023," said a senior official with the Chhattisgarh State Minor Forest Produce Cooperative Federation.
