1. We have reviewed the accompanying statement of Standalone unaudited financial results of Wheels India Limited for the quarter and six months period ended 30th September, 2019 together with the relevant notes thereon ("the Statement"). This Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. Our responsibility is to issue a report on these financial statements based on our review.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

6. We did not review the interim financial results of the subsidiary included in the consolidated unaudited financial results, whose financial results reflect total assets of Rs. 242.01 Crores as at 30th September 2019 and total revenues of Rs. 79.54 Crores and Rs. 167.77 Crores and, total net loss after tax of Rs. 1.23 Crores and Rs 2.47 Crores and total comprehensive loss of Rs. 1.16 Crores and Rs.2.47 Crores for the quarter and six months period ended 30th September, 2019, respectively and cash flow (net) Rs. 0.54 Crores for the six months period ended 30th September, 2019 as considered in the consolidated unaudited financial results.. Wheels India Q2 Net Profit rises 26% to Rs. 28.67 Crore **Non Automotive segments register strong growth in the first half of the year**

Chennai November 4, 2019: Chennai headquartered leading Steel Wheels Manufacturer, Wheels India Ltd has registered a net profit of Rs. 28.67crores for the Q2 ended 30th September 2019 as compared to Rs. 22.67crores registered in the corresponding period last year.

Revenues for Q2 ended 30th September 2019 stood at Rs. 595.63crores as compared to Rs. 805.28crores in the corresponding period last year.

Pursuant to the Taxation Ordinance, 2019, issued by the Ministry of Law & Justice dated 20th September 2019, which is effective 1st April 2019, domestic companies have the option to pay corporate income tax at 22% plus applicable surcharge and cess. The company has exercised this option and accordingly an amount of Rs. 19.80 Crore arising from the re-measurement of the deferred tax liability has been written back, which is expected to reverse in future to the statement of profit and loss.

Commenting on the performance in the first half, Srivats Ram, Managing Director, Wheels India Ltd., said, “While there was a severe slowdown in the CV and PV industry affecting the automotive component business, it was partially offset by strong growth in the industrial component business.”

Setting up New Plant near Chennai

The company is setting up a cast aluminum wheel plant near Chennai with an investment of Rs. 140 Crore that is expected to start operations next year.

Srivats said “The truck industry had a quarter of severe slowing down accompanied by a similar trend in the light vehicle and construction equipment industry. There are signs of slowing global demand affecting our business. At the same time, we have been able to grow our bus air suspension business and our railway and windmill business, where we have started executing some export opportunities.”

Wheels India is the leading manufacturer of steel wheels for light vehicles, commercial vehicles, agricultural tractors, construction and mining equipment; air suspension systems for buses and trucks; and components and structures for windmill, railways and thermal power plants. The company exports more than 20% of its sales and has a diversified base of over 40 customers.
