Mumbai. 7 March

ech giant Microsoft on Monday unveiled its fourth data centre in India.

While the company did not disclose the investment or the size of the campus, it said its fourth data centre in Hyderabad will be one of the largest in India. It is set to become operational by 2025.

Microsoft is making an investment of ₹15,000 crore over a period of 15 years for the scaling up and development of the data centre in Telangana.

This is the second largest foreign direct investment (FDI) in the state, said KT Rama Rao, state information technology minister.

Microsoft started its data centre journey in India in 2015 and has such centres in Mumbai, Pune and Chennai.

It will offer the entire Microsoft portfolio across the Cloud, data solutions, artificial intelligence (AI), productivity

tools, and customer relationship management (CRM). This will come with advanced data security for enterprises, startups, developers, education, and government institutions.

The company stated that the data centre will add to the growing demand for Microsoft's Cloud services from both private enterprises as well as the government sector.

"The Cloud opportunity in India is around \$10 billion over the next 2-3 years and is growing at 20 per cent per annum. But more importantly, the impact of data centre on job

we have about 450,000 Microsoft certified engineers, and this centre will also amplify job creation," said Anant Maheshwari, president, Microsoft India.

Customer demand for Cloud as a platform for digital transformation, driving economic growth and societal progress across India, is increas-According to IDC, Microsoft data centre regions in India contributed \$9.5 billion revenue to the economy between 2016 and 2020.

Beyond GDP impact, the IDC report estimated 1.5 million jobs were added to the economy, including 169,000 new skilled IT jobs.

Chandrasekhar. Raieev minister of state for information technology, said, "Today's commitment to the people and businesses of India will position the country among the world's digital leaders. A Microsoft data centre region provides a competitive advantage to our digital economy and time employees.

our country's potential. Cloud is transforming every industry and sector. The investment in skilling will empower India's workforce today and into the future."

Business Standard had reported that Microsoft is coming up with a large data centre in Telangana with an overall investment of ₹15,000 crore.

During the media conference, when asked about the investment, Maheshwari added, "A public Cloud data centre is not a one-time investment, but a continuous investment. We will be adding more capabilities in this data centre as we grow. In the last two years - due to the pandemic and

push for digital transformation we more than doubled our data centre capacity." In terms of Microsoft's own

expansion plans, the company stated that it is expanding in Hyderabad and the campus is now spread over 2.5 million square feet with 18,000 full-

KPMG's audit report on Srei had gaps: Kanoria in NCLT

ISHITA AYAN DUTT

KPMG, which conducted a forensic audit on Srei, submitted three reports and the final one had gaps, counsel representing Hemant Kanoria said before the Kolkata Bench of the National Company Law Tribunal (NCLT) on Monday.

Findings by a forensic auditor after three reports — preliminary, draft and final, that too with gaps — call into serious question as to the procedure and process followed in that proceeding as well, said Ratnanko Banerji, senior advocate representing Hemant Kanoria.

In an application moved on January 19, Kanoria sought setting aside the appointment of KPMG by Axis Bank and UCO Bank (the lead banks in the consortium of lenders) as the auditor for Srei, and restraining the banks from conducting or proceeding with the process of audit through the auditing and advisory firm. The matter is being heard in NCLT.

The preliminary report by KPMG was submitted in October, the draft, early will be two parallel proceed-

"KPMG had mentioned that given limited access to data, information and records, the results of this work are subject to changes based on additional information being made available. Therefore, comments in this report may not be considered as a definitive pronouncement on any individuals or companies and full investigation procedures are required for such conclusion'

RATNANKO BANERJI, Senior advocate representing Hemant Kanoria

December and the final report ings, said Banerji. was circulated on December

28, 2021. Banerji said before the tribunal that even in the final report, KPMG said it needed more. It had mentioned Banerii said, that given limited access to data, information and records, the results of this work are subject to changes based on additional information being made available. Therefore, comments in this report may not be considered as a definitive pronouncement on any individuals or companies and

full investigation procedures

In his application, Kanoria had cited an issue of parallel auditing in the wake of CIRP (corporate insolvency resolution process) in Srei.

On October 4, the RBI superseded the boards of the two Srei companies, owing to governance concerns and defaults by the firms in meeting various payment obligations. Then, on October 8, CIRP was initiated on an application by the central bank against Srei Infrastructure Finance (SIFL) and SREI Equipment Finance

Banerji said the question are required for such concluwas whether two authorities should examine the affairs relating to the corporate debtor

connected with it. The promoter, ex-directors are only involved because of their connection with the corporate debtor, he argued.

The senior advocate also questioned whether two proceedings which more or less cover the same area should be conducted or not.

Kanoria's application mentioned that according to the Insolvency and Bankruptcy Code (IBC) process, the resolution professional (RP) of Srei had appointed BDO India LLP as the transaction auditor of Srei Infrastructure Finance.

The application also said the "nature, scope and functions" of the audit conducted by BDO India and KPMG were overlapping, due to which there was likelihood of "concurrent, contradictory and divergent" conclusions emerging between the two auditors.

Also, the application mentioned that any further enquiry or forensic study of the corporate debtor would be "unfair' as the applicant and superseded board of directors would not have an opportunity to give any explanation.

Board acted fast: BharatPe co-founder on Grover

PRESS TRUST OF INDIA

BharatPe co-founder Nakrani has Shashvat accused Ashneer Grover, with whom he had co-founded the payment start-up, of creating a false narrative about the company, and said the board acted quickly and decisively in unseating him after receiving finds of a PwC report.

BharatPe, which allows shop owners to make digital payments through OR codes. last week stripped Grover of all titles and positions over his alleged "misdeeds" and may take further legal actions, including clawing back of some of his share-

In a letter to employees, Nakrani said the Grover episode was an aberration and and went on to defend the and financial services indus-

"While the content of the enquiry report is confidential and as a board member, I am not at liberty to disclose its findings. I am proud of the fact that our board acted quickly and decisively to uphold good corporate governance," he said.

Reacting to BharatPe's not the norm at BharatPe, decision, Grover had last board who he said were cele- at the personal nature of the brated names in the banking company's statement but not surprised.

Defending the board,

Nakrani said the board comprises celebrated names from the banking and financial services industry who have been highly supportive in these challenging times.

"It's time now to stop rumours and innuendoes from distracting us and go back to building," he said.

"Time to do what we have done in the past and will do best. We owe this to the fine team that works here, our
