2. Dividend

The Directors recommend for consideration of the shareholders at the Annual General Meeting payment of dividend of Rs. 1.50 per Equity Share of Re.1.00 each for the year ended March 31, 2021 as against Rs. 1.80 per Equity Shares of Rs. 1.00 each in the previous year.

3. Operations

The revenue from operation of Rs. 7837.19 lakhs is down by 5.57% as compared to the previous year's revenue from operation of Rs. 8299.84 Lakhs. The net profit of Rs. 776.46 is down by 40.18%, as compared to previous year's net profit of Rs. 1297.92 lakhs.

The period leading up to the lockdown and the subsequent stoppage of all economic activities from 23rd March 2020 in financial year 2019-20 has adversely affected your company's operations as well as the large part of Q1 of financial year 2020-21. Moreover, even after the restart of the operation in May 2020, the production continued to suffer due to disruption in supply chain which impacted delivery of raw materials and components from vendors and consequent effect on production, billing, and dispatches.

The second wave of covid in end of the financial year 2020-21 has again created new challenges in sales, supply chain and operations. Despite such multi-pronged challenges, the Company could achieve relatively good performance during the financial year 2020-21. The company hopes that situation will improve soon, and the company will be able to achieve better results.

The Company's 4 Windmills produced 39.91 Lakhs units of energy in the current year, as against 68.90 Lakhs units of energy produced in the previous year.

MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Development:

Material handling equipment facilitates the movement, storage, and control of products & materials across their entire lifecycle, from manufacturing, warehousing, distribution, and disposal processes. Your Company offers the entire gamut of solutions for overhead material handling: lifting, moving, and storing. The Products and solutions offered by your Company cover Mechanical Hoists (Chain Pulley Blocks, Ratchet Lever Hoists, Pulling & Lifting Machines, Electric Chain Hoists, Wire Rope hoists), Cranes (Hoist One Track Crane, Electric Overhead Travelling Crane, Light Profile, Jib Cranes), Storage and Retrieval Solutions including Floor Operated Stackers and Roll Out Racks, Winches and Manipulators etc. through its trusted and well-known brands of 'Indef', 'iStacker', 'iCrane', 'Stier' and 'Hercules'.

The equipment and solutions offered by your Company are capital equipment and used across varied industrial verticals including but not restricted to automotive and auto-ancillary, energy and power sector, infrastructure sector, heavy and light engineering, steel and metals, chemicals and petro-chemicals, logistics, textile industry, food processing amongst others. The usage is across the industry spectrum: private or public sector, large to micro and even independent contractors. These products and solutions are offered from the two facilities – one at Khalapur in District Raigad, Maharashtra and the other at Chakan in District Pune, Maharashtra.

Your Company places a significant emphasis on the quality and usage of latest technology. The quality systems of the Company have been certified to ISO:9001-2015. Chain pulley blocks are certified to ISI and CE standards. Your Company has invested in various high-end manufacturing equipment that ensures consistent high-quality production. The operations of the Company are supported by a bank of suppliers or vendors for various components and your Company is making continuous efforts to improve the quality and capabilities of its supply chain partners.

Your Company has strong pan-India distribution and service network of Authorized Business Partners (ABPs) and retailers. To enhance customer reach for its solution business, the Company has direct sales offices at Pune, Delhi, Chennai, Kolkata. Your company has a dedicated team of service engineers and organizes regular training sessions to all the ABPs for after sales support. This ensures great levels of customer satisfaction which act as a multiplier for future sales.

Your Company has installed 4 wind turbines of 1.25 MW generation capacity each in Dhule District, Maharashtra between 2005 and 2006.

Opportunities and Threats:

The Company's strength lies in providing high quality Material Handling Solutions through standard as well as highly customized products with its proven technology. The focus on design and development has enabled the Company to meet the competition emanating strongly and effectively from various local and international players in the market. Furthermore, the Company offers high-end products and solutions in untapped sectors with a base of productivity, safety, and reliability. The Company has been participating in multiple exhibitions, promotional events, making investments into digital marketing space to generate interest in its customized solutions and generate leads.

The Company expects that the technological improvements effected in-house and with external technology will enable it to consolidate and strengthen its market position.

Financial Review / Segment wise Performance:

Particulars	FY 2020-21 (Rs. in lakhs)	FY 2019-20 (Rs. in lakhs)	Growth (in %)
Revenue from operation/ segment performance	7837.19	8299.84	(5.57)
Material Handling Equipment	7736.53	8105.00	(4.55)
Windmill	100.66	194.84	(48.34)
Earnings before interest, tax, depreciation and amortization [EBITDA]	1245.22	1954.01	(36.27)
Profit after Tax [PAT]	776.46	1297.92	(40.18)

The revenue from operation of Rs. 7837.19 lakhs is down by 5.57% as compared to the previous year's revenue from operation of Rs. 8299.84 Lakhs. The net profit of Rs. 776.46 is down by 40.18%, as compared to previous year's net profit of Rs. 1297.93 lakhs.

During the year, the demand was depressed because of general recessionary conditions in the economy resulting in reduced investments for expansion and green field projects. This year the dispatches were affected from 1st April 2020 to May 13, 2020. Moreover, even after the restart, the production suffered due to disruption in supplies of raw materials and components throughout the financial year.

Internal Control Systems and their adequacy:

The Company has adequate internal control systems commensurate with its size and nature of business. The Company has engaged the services of a reputed Internal Audit firm. The Audit Committee and the Board reviews the performance of the audit and the adequacy of internal control systems and compliance with regulatory guidelines. The Management takes corrective actions based on recommendations received from internal auditor and the audit committee.

Risks and Concerns:

Every business has inherent element of uncertainties owing to uncertain factors and managing risk is very critical for success of the enterprise. The Company has a Risk Assessment and Management Policy, wherein the Company has identified key risks, such as, Market Information (Product, Price and Competition), Competition Risk (Competition from Chinese, European, local organized and un-organized sector), Employee Risk (health and retention), Supply Chain Impact (Disruption and SME Vendors) and Credit Risk (recovery of outstanding dues). Risk minimization and mitigation steps are regularly undertaken, and reports are placed before the Audit Committee Meetings and Board Meetings.

Business Out-look:

The Company's business is directly linked to investments in new projects, expansion of existing capacities and positive sentiments in industrial production activities. In 2020-21, the coronavirus (COVID-19) pandemic had negatively impacted the material handling equipment market growth. However, with the resumption of industrial activities following the relaxation in lockdown measures, the market is regaining gradually. With a customer centric approach, the Company is focused on becoming more competitive in the market by enhancing supply chain efficiency, optimizing costs and a sharpened product portfolio. The Company is also planning to expand its domestic and export market reach.

Development in Human Resources / Industrial Relations front:

Your Company recognizes that people are the prime assets of the organization and implements initiatives to train and motivate them. The Company continues to focus on attracting and retaining right talent with right opportunities to employees. The selected candidates undergo a structured induction programme, which gives them a good exposure and become a good contributor in growth of the Company. Industrial relations during the year have been cordial and contributed to mutual development.

Cautionary Statement:

Statements in the Management Discussion and Analysis, describing the Company's growth prospects, are forward-looking statements. The actual results may vary, depending upon economic conditions, raw-material prices, government policies, regulations, tax laws and other incidental factors.

DISCLOSURES REGARDING RE-APPOINTMENT / APPOINTMENT OF DIRECTORS

Brief resumes of Directors seeking re-appointment/appointment are given below as per regulation no. 36 (3) of the SEBI (LODR) Regulation 2015:

1) Shri Shekhar Bajaj

Mr. Shekhar Bajaj, aged 72 years, is a Bachelor of Science (Hons) in Mathematics from Pune University and MBA from New York University USA. He has been a Director of your Company since February 12, 1989. He is the Chairman and Managing Director of Bajaj Electricals Limited (BEL) and Chairman of the Hercules Hoists Limited. He has been the past President of ASSOCHAM, IMC, ELCOMA (Electric Lamp & Components Manufacturers Association), IFMA (Indian Fans Manufacturers Association) and CFBP (Council of fair business practice). He is also Director of Bajaj Auto Limited, Hind Lamps Limited, Hind Musafir Agency Limited, Starlite Lighting Limited, Bajaj Sevashram Private Limited, Bachhraj Factories Private Limited, Shekhar Holdings Private Limited, Bajaj International Private Limited and Council for Fair Business Practices.

He was recently conferred with an Honorary Doctorate for his long and outstanding service to the industry. Born into a family whose brand image bespeaks trust and transparency, brought up in the Gandhian ideals of his grandfather Shri. Jamnalalji Bajaj, he is a unique embodiment of time-tested traditions, visionary zeal, and humane concern. A B.Sc. (Hons) degree in Mathematics from Pune University (1968), followed by an MBA degree from New York University (1974), equipped him with the formal training required to complement his homespun talents. Starting in Bajaj Sevashram after graduation, he learned the nitty-gritty of business by working his way up, gaining invaluable insights into the real market, and joining Bajaj Electricals Ltd in 1980. Thereafter in 1984, he took over as Managing Director of Bajaj Electricals Limited and became the Chairman & Managing Director in 1990. He built on the company's inherent strengths and radically turned around its fortunes. Under his watchful eyes, the company restructured its overall operations, consolidating its formidable retail network to provide the country's burgeoning middle class with a better quality and service. Anticipating future trends, Mr Bajaj initiated the company's entry into the High Mast and then Transmission Line Tower business, a remarkably successful move; and so, have been the tie-up with international companies like Morphy Richards of UK for Appliances, Disney and Midea for Fans and the recent acquisition of Nirlep Appliances Pvt Ltd.

Shri Shekhar Bajaj has personally led various Corporate Social Responsibility (CSR) initiatives taken by the organization. He strongly believes, Corporate Social Responsibility encompasses not only what we do with our profits, but also how we make them. It goes beyond philanthropy and compliance and addresses how we manage our economic, social, and environmental impacts, as well as our relationships with diverse stakeholders. He has rolled out many such initiatives for internal as well as external stakeholders, most significant being the Anti-Tobacco drive. He believes that we all stand committed to encouraging all our stakeholders to lead a healthy and addiction-free life, focusing on spreading the message on tobacco cessation and awareness amongst all. Shri Shekhar Bajaj has personally led the initiative in having a contact programme with Employees to give up the habit of consuming tobacco in any form and have achieved major success.

2) Shri H A Nevatia

Shri H A Nevatia, aged 89 years, was Chief Executive of the Company since its inception and was Managing Director from 27th January 1976 to 21st November 2001. He has been a Whole-time Director since 22nd November 2001. He is B. Sc. (Hon) graduate from Mumbai University. He has been making valuable contribution in the management of the Company and he has a deep knowledge of the hoisting industry. SECTION E PRINCIPLE-WISE PERFORMANCE

PREFACE

This report is required to be in line with 'National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business' (NVGs), as released by the Ministry of Corporate Affairs in July 2011.

Hercules Hoists Limited (the 'Company') presents its second BRR in line with the NVGs and the BRR requirement of the SEBI. This BRR provides information about the key initiatives undertaken by the Company, driven by the triple bottom line aspects viz., social, environmental, and economic. The business responsibility performance of the Company is assessed annually by its Board of Directors.

Principal 1- Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

Business philosophy of the Company is built on the key foundational values of ethics, transparency, and accountability. The Company firmly believes that trust, integrity, and credibility are key elements in creating value for its stakeholders.

The Company has defined Code of Business Conduct and Ethics ('Code') that covers issues, inter alia, related to ethics, bribery, and corruption. Code systematically strengthens the Company's core values amongst its business practices and employees. The Code is communicated to its employees through various mediums to enable understanding, adherence, and implementation.

The Company also has a Whistle Blower Policy ('Policy') which enables its directors and employees to report their concerns about unethical behavior, actual or suspected fraud or violation of the Company's Code and provides safeguards against victimization of director(s)/employee(s), who avail the mechanism.

The Company has a separate Code which is applicable to its Directors and Senior Management. It states that 'Directors and Senior Managers shall observe the highest standards of ethical conduct and integrity and shall work to the best of their ability and judgment'. A declaration of the Directors' and Senior Management's affirmation to the Code is communicated to all stakeholders by the President & CEO, through the Annual Report every year.

The Company also has policies for (a) Determining Materiality of Events and Information, to ensure disclosure of any event or information and (b) Prevention of Insider Trading and protection of the unpublished price sensitive information.

There were no cases of violation of the Company's Code of Conduct and no case was reported under the Company's Whistle Blower Policy. Further, no complaint was received from the shareholder during the year. The Company has mechanisms for receiving and dealing with complaints from various stakeholders like investors, customers, employees, and suppliers, etc.

INDEPENDENT AUDITOR'S REPORT

To,

The Members of HERCULES HOISTS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of **HERCULES HOISTS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash flows for the year then ended, and notes to the Financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view, in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's Management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with Governance for the Financial Statements

The Company's management and the Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, the financial performance, the changes in equity and the cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view

and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Hercules Hoists Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

1 Company Overview

The Company ("Hercules Hoists Limited", "HHL") is an existing public limited company incorporated on 15/06/1962 under the provisions of the Indian Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013, having its registered office at Bajaj Bhavan, 226 Jamnalal Bajaj Marg, Nariman Point, Mumbai-400 021. The Company offers a diverse range of products and services including manufacturing, sales, distribution and marketing of mechanical hoists, electric chain hoists and wire rope hoists, stackers and storage and retrieval solutions, overhead cranes in the standard and extended standard range, manipulators and material handling automation solutions. The equity shares of the Company are listed on BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE"). Reporting currency of the financial statements are presented in Indian Rupee (₹).

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis of Preparation of Financial Statement

i) Compliance with Ind AS

The financial statements Complies in all material aspects with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements were authorized for issue by the Company's Board of Directors as on May 25, 2021

ii) Historical Cost Convention

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis. The financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

- (a) Certain financial assets and liabilities (Including Derivative Instruments) that are measured at fair value;
- (b) Defined benefit plans where plan assets are measured at fair value.
- (c) Investments are measured at fair value.

iii) Current and Non Current Classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(B) Use of Estimates and Judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

(C) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(I) Financial Assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- (b) Those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

- (a) For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.
- (b) For investments in debt instruments, this will depend on the business model in which the investment is held.
- (c) For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(a) Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or other expenses (as applicable). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income or other expenses (as applicable) in the period in which it arises. Interest income from these financial assets is included in other income or other expenses, as applicable.

(b) Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has selected to present fair value gains and losses on equity investments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income or other expenses, as applicable in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime credit losses (ECL) to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(iv) Derecognition of financial assets

A financial asset is derecognised only when -

- (a) The Company has transferred the rights to receive cash flows from the financial asset or
- (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(II) Financial Liabilities**(i) Measurement**

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit or loss.

(ii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(D) Financial Guarantee Contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets and the amount initially recognised less cumulative amortization, where appropriate.

(E) Segment Report

- (i) The company identifies primary segment based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.
- (ii) The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

(F) Inventories Valuation

- (i) Raw materials, components, stores & spares, packing material, semi-finished goods & finished goods are valued at lower of cost and net realisable value.
- (ii) Cost of Raw Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of semi-finished good and finished good comprises, raw materials, direct labour, other direct costs and related production overheads.
- (iii) Scrap is valued at net realisable value.
- (iv) Due allowances are made in respect of slow moving, non-moving and obsolete inventories based on estimate made by the Management.

**(G) Cash and Cash Equivalents**

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

(H) Income Tax, Deferred Tax and Dividend Distribution Tax

The Income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the profit and loss except to the extent it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised in equity or other comprehensive income respectively.

(i) Current Income Tax

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred Tax

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Company has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(iii) Dividend Distribution Tax

Dividend distribution tax paid on the dividends is recognised consistently with the presentation of the transaction that creates the income tax consequence. Dividend distribution tax is charged to statement of profit and loss if the dividend itself is charged to statement of profit and loss. If the dividend is recognised in equity, the presentation of dividend distribution tax is recognised in equity.

(I) Property, Plant and Equipment

- (i) Freehold land is carried at historical cost including expenditure that is directly attributable to the acquisition of the land.
- (ii) All other items of property, plant and equipment are stated at cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.
- (iii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.
- (iv) Cost of Capital Work in Progress ('CWIP') comprises amount paid towards acquisition of property, plant and equipment outstanding as of each balance sheet date and construction expenditures, other expenditures necessary for the purpose of preparing the CWIP for its intended use and borrowing cost incurred before the qualifying asset is ready for intended use. CWIP is not depreciated until such time as the relevant asset is completed and ready for its intended use.
- (v) Depreciation methods, estimated useful lives and residual value.
 - (a) Fixed assets are stated at cost less accumulated depreciation.
 - (b) Depreciation is provided on a pro rata basis on the straight-line method over the estimated useful lives of the assets which is as prescribed under Schedule II to the Companies Act, 2013. The depreciation charge for each period is recognised in the Statement of Profit and Loss, unless it is included in the carrying amount of any other asset. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.
 - (c) Leasehold Land is depreciated over the period of the Lease.
- (vi) Tangible assets which are not ready for their intended use on reporting date are carried as capital work-in-progress.
- (vii) The residual values are not more than 5% of the original cost of the asset.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other expenses or other income as applicable.

(J) Investment Property

Property that is held for Capital appreciation and which is occupied by the Company, is classified by Investing property. Investment property is measured at cost including related transaction cost and where applicable borrowing cost. Investment properties are depreciated at the same rate applicable for class of asset under Property, Plant and Equipment.

(K) Intangible Assets

- (i) An intangible asset shall be recognised if, and only if: (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and (b) the cost of the asset can be measured reliably.
- (ii) Cost of technical know-how is amortised over a period of six years.
- (iii) Computer software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and costs of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use. The same is amortised over a period of 5 years on straight-line method.

(L) Leases**(i) As a lessee**

As a lessee, the Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognizes right of use assets and lease liabilities for most leases i.e. these leases are on balance sheet.

On transition, the Company has applied following practical expedients:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with similar end date.
- Applied the exemption not to recognise right-of-use-assets and liabilities for leases with less than 12 months of lease term on the date of transition.
- Excluded the initial direct costs from the measurement of the right-of-use-asset at the date of transition.
- Grandfathered the assessment of which transactions are, or contain leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- Relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review.
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

(ii) As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(M) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue as under:

(I) Sales

(i) The Company recognizes revenue from sale of goods when:

- (a) The significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, which coincides with the delivery of goods.
- (b) The Company retains neither continuing managerial involvement to the degree usually associated with the ownership nor effective control over the goods sold.
- (c) The amount of revenue can be reliably measured.
- (d) It is probable that future economic benefits associated with the transaction will flow to the Company.
- (e) The cost incurred or to be incurred in respect of the transaction can be measured reliably.
- (f) The company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

(ii) Sales of Power

The Company recognises income from power generated on accrual basis. However, where the ultimate collection of the same lacks reasonable certainty, revenue recognition is postponed to the extent of uncertainty.

(II) Other Income

(i) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(ii) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

(iii) Export Benefits

Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

(iv) Income from Erection & Commissioning Services:

- (a) The amount of revenue can be measured reliably.
- (b) It is probable that future economic benefits associated with the transaction will flow to the Company.
- (c) The stage of completion of the transaction at the end of the reporting period can be measured reliably.
- (d) The cost incurred for transaction and the cost to complete the transaction can be measured reliably.

(N) Employee Benefit**(i) Short-Term Obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other Long-Term Employee Benefit Obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-Employment Obligations

The group operates the following post-employment schemes:

(a) Defined Benefit Plan:

Gratuity and Leave encashment which are defined benefits are accrued based on actuarial valuation working provided by Life Insurance Corporation of India (LIC) . The Company has opted for a Group Gratuity-cum-Life Assurance Scheme of the Life Insurance Corporation of India (LIC), and the contribution is charged to the Statement of Profit & Loss each year. The Company has funded the liability on account of leave benefits through LIC's Group Leave Encashment Assurance Scheme and the Contribution is charged to Statement of Profit and Loss.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan. The defined benefit obligation is calculated annually as provided by LIC. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(b) Defined Contribution Plan:

Contribution payable to recognised provident fund and superannuation scheme which is defined contribution scheme is charged to Statement of Profit & Loss. The company has no further obligation to the plan beyond its contribution.

(O) Foreign Currency Translation**(i) Functional and Presentation Currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

**(ii) Transactions and Balances**

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. All the foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other expenses or other income as applicable.

(P) Borrowing Cost

- (i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.
- (ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(Q) Earnings Per Share**(i) Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii) Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(R) Impairment of Assets

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(S) Provisions, Contingent Liabilities and Contingent Assets**(i) Provisions:**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

(ii) Contingent Liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

(iii) Contingent Assets: Contingent Assets are disclosed, where an inflow of economic benefits is probable.

(T) Investments

Equity investments are measured at fair value, with value changes recognised in Other Comprehensive Income, except for those mutual fund for which the Company has elected to present the fair value changes in the Statement of Profit and Loss.

(U) Trade Receivables

Trade receivables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(V) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

(W) Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

4	Price Risk – Commodity Prices	Basic ingredients of company raw materials are various grade of steel and copper where prices are volatile	The company sourcing components from vendors directly, hence it does not hedge its exposure to commodity price risk.	The company is able to pass on substantial price hike to the customers.

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk, liquidity risk, price risk, investment of surplus liquidity and other business risks effecting business operation. The company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit Risk Management

For financial assets the Company has an investment policy which allows the Company to invest only with counterparties having credit rating equal to or above AAA and AA. The Company reviews the creditworthiness of these counterparties on an ongoing basis. Another source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Company. The company has provisioning policy for expected credit losses. There is no credit risk in bank deposits which are demand deposits. The creditors risk is minimum in case of entity to whom loan has been given.

The maximum exposure to credit risk as at 31 March 2021 and 31 March 2020 is the carrying value of such trade receivables as shown in note 14 of the financials.

**49 LEASES:**

As a lessee, the Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognizes right of use assets and lease liabilities for most leases i.e. these leases are on balance sheet.

On transition, the Company has applied following practical expedients:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with similar end date.
- Applied the exemption not to recognise right-of-use-assets and liabilities for leases with less than 12 months of lease term on the date of transition.
- Excluded the initial direct costs from the measurement of the right-of -use-asset at the date of transition.
- Grandfathered the assessment of which transactions are, or contain leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
- Relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review.
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

The following table presents the various components of lease costs:

(Rs. in Lakhs)

Particulars	Amount as on period ended 31st March, 2021	Amount as on period ended 31st March, 2020
Depreciation charge on right-to-use asset	0.91	36.01

The management assessed that Cash and Cash equivalents, loans, other balances with Banks, trade receivables, trade payables and other current liabilities/assets approximate their carrying amounts largely due to the short-term maturities of these instruments.

- 53** The Company's operations for the financial year have been impacted by the lockdown imposed to contain the spread of Covid-19. The Management of the Company has assessed the impact of the pandemic on its financial results / position such as trade receivables, intangibles, investments ,inventories, trade payables and based on its best judgement and reasonable estimate, has concluded that there are no material adjustments required in the Financial Statements. However the impact assessment of Covid-19 is a continuous process, given the uncertainties associated with its duration and nature, it is not possible to estimate the future impact as at the date of approval of this financial statement. The Company continues to monitor the economic effects of the pandemic while taking steps to improve its execution efficiencies and the financial outcome.
- 54** The date of implementation of the Code on Wages, 2019 and the Code on Social Security 2020 is yet to be notified by the Government. The Ministry of Labour and Employment has released draft rules for the Code on Social Security 2020 on November 13, 2020, and has invited suggestions from Stakeholders which are under active consideration by the Ministry. The Company will assess the impact of these codes and give effect in the financial result when the Rules/Schemes thereunder are notified.
- 55** The previous year figures have been regrouped/reclassified, wherever necessary to conform to the current presentation as per the schedule III of Companies Act, 2013.
