MESSAGE FROM THE CHAIRMAN

Dear Shareholders,

The financial year 2020-21 has seen the emergence of a health crisis caused by the Covid-19 pandemic and has been immensely challenging for everyone. The loss of lives and livelihoods has left a lasting pain which is sure to leave an indelible mark on us. My heart goes out to everyone out there who has suffered the loss of their loved one.

In responding to these challenges, your Company was guided by its core principles and was focused its purpose of maintaining sustainable operations. Being, the part of pharmaceutical industry we are contributing to fight the pandemic since its outbreak and we continued to do our part in helping the community.

Market Size

Presently, the Indian pharmaceutical industry globally ranks third in terms of volume and thirteenth in terms of value with market size of around US\$ 45 Billion. "The reason for higher rank in terms of volume while lower rank in terms of value is primarily attributed to the predominance of Indian Pharma market in the generic segment. The industry has exhibited compound annual growth rate (CAGR) of about 7.2% during FY17-FY21 and registered a growth of about 12% during FY21. The Indian domestic Pharma market which was at about US\$18 Billion during FY17 has exhibited a CAGR of about 4.5% to reach US\$21 Billion during FY21.

The Pharma exports which contributed about \$17 billion during FY17 have reported a CAGR of about 10% to reach \$24 billion during FY21. Especially during FY21, on account of increase in the demand for Covid-19 related drugs, the exports have grown by 18%. Thus, on account of better export growth rate, the contribution of domestic to exports has changed from 52:48 during FY17 to 47:53 during FY21. Further, with better prospects in regulated and semi-regulated markets, it is expected that the contribution of domestic to exports would widen to 45:55 by FY23.

Sh. S.R. Mehta
Chairman

Government Initiatives

The Central Governments has taken various initiatives to promote the pharmaceutical sector in India which includes announcement by Ms. Nirmala Sitharaman of an additional outlay of Rs. 197,000/- Crore (US \$26,578.3 million) that will be utilised over five years for the pharmaceutical PLI scheme in 13 key sectors such as Active Pharmaceutical Ingredients, drug intermediaries and key starting materials. Further, to achieve self-reliance and minimise import dependency in the country's essential bulk drugs, the Department of Pharmaceuticals initiated a PLI scheme to promote domestic manufacturing by setting up greenfield plants with minimum domestic value addition in four separate 'Target Segments' with a cumulative outlay of Rs. 6,940 Crore (US\$ 951.27 million) from FY21 to FY30. Under Atmanirbhar Bharat 3.0, Mission COVID Suraksha was announced by the Government of India to accelerate development and production of indigenous COVID vaccines. To augment the capacity of indigenous production of Covaxin under the mission, the Department of Biotechnology, Government of India, provided financial support in the form of a grant to vaccine manufacturing facilities. In April 2021, the Union Government decided to streamline and fast-track the regulatory system for COVID-19 vaccines that have been approved for restricted use by the US FDA, EMA, UK MHRA, PMDA Japan or those listed in the WHO Emergency Use Listing (EUL). All the initiatives taken

by the Central Government are worth praising and have given boost to the Pharma sector of India along with Indian Economy.

I would like to re-affirm that in the coming years the management focus will be on making the Company debt free by retiring/takeover of all the existing debts to reduce the financial burden from the Company. MESSAGE FROM THE CHAIRMAN

Road Ahead

Medicine spending in India is projected to grow 9-12% over the next five years, leading India to become one of the top 10 countries in terms of medicine spending. Going forward, better growth in domestic sales would also depend on the ability of companies to align their product portfolio towards chronic therapies for diseases such as cardiovascular, anti-diabetes, anti-depressants and anti-cancers, which are on the rise.

The Indian Government has taken many steps to reduce costs and bring down healthcare expenses. Speedy introduction of generic drugs into the market has remained in focus and is expected to benefit the Indian pharmaceutical companies. In addition, the thrust on rural health programmes, lifesaving drugs and preventive vaccines also augurs well for the pharmaceutical companies.

Finally, I would like to deeply thank all our stakeholders, including investors, associates, vendors, customers and employees who have been with us for past many years and have supported our growth journey.

With Regards

MESSAGE FROM MD & CEO

"Despite challenges, not least the impact of the pandemic as well as other macroeconomic factors, our teams remained strong, productive and committed to our customers, delivering exemplary performance."

Dr. Gopal Munjal
Managing Director & CEO

Dear Shareholders,

It gives me an immense pleasure to present the Annual Report for FY 2020-21 to you.

Review of FY 2020-21

The FY 2020-21 has been a difficult and a milestone year for humanity with many of us bearing the brunt of the inclement pandemic at a personal level. While economy and operations were disrupted due to lock downs but given the essential nature of our services, we continued to serve our patients in this hour of crisis.

Most of the economies around the globe contracted, with the world economy contracting by 3.4% in 2020. The extent of the impact varied across major developed and emerging economies, but all of them saw a contraction in growth. Apart from having a widespread impact on the economy, the lockdown induced by the pandemic also affected the supply chain, raw material availability and demand mix for the pharmaceutical industry, including your Company. Due to the pandemic we had to accelerate adoption of technologies and other innovations to build a robust supply chain to make our business more resilient. In spite of the several challenges, we have been able to deliver a robust performance, backed

by our resilient business model and unwavering dedication of our team.

Financial Performance

Despite challenges, not least the impact of the pandemic as well as other macroeconomic factors, our teams remained strong, productive and committed to our customers, delivering exemplary performance. In consensus with our long-term growth trajectory, your Company's earned total revenues of Rs. 365.33 Crores against Rs. 345.40 Crores in previous FY leading to a growth of 5.77%. During the year, your Company earned an EBIDTA of Rs. 55.53 Crores as against Rs. 36.98 Crores in previous FY leading to an increase of 50.16%. Although the first half of FY 2020-21 was adversely impacted but we regained the momentum during the second half of the fiscal year consequent to relaxations in Covid-19 restrictions by the Government. To reduce the burden of finance cost from the Company, the management is focusing on making the Company debt free by retiring/takeover of all the existing debts.

EXPORT

On Export front, the Company continued to perform well

MESSAGE FROM MD & CEO

by registering sales of Rs. 264.27 Crores as compared to Rs. 228.95 Crores in the previous financial year leading to a growth of 15.43% on year to year basis.

The Global Business Unit (GBU) of the Company has become a leading player as a Contract Manufacturer due to its efficient and lean supply management delivering quality product. ISL-GBU is approved by MHRA, TGA, Health Canada, WHO-GMP & other leading regulatory agencies for tablets, hard gelatin capsules and dry powder-sachet. The products manufactured in GBU are being delivered to EU, Australia, Canada, Central & Latin America, Asia, Russia & CIS and Africa.

Being a research driven organization, the Company has developed its own dossiers which have been out-licensed to our clients in Europe, Australia, South Africa & Russia. In semi regulated markets, Ind-Swift has successfully launched its own branded generics in multiple countries like Tanzania, Kenya, Ethiopia, French West Africa, Uganda & UAE with expansion plans in other GCC countries.

To minimize process time and yield losses, during the year ISL-GBU has commissioned a 6000 Litre Capacity blender which will help us to execute larger batch size of various products.

ONGOING DEVELOPMENTS ON EXPORT FRONT

During the year, Pilot BE study of Atorvastatin & Ezetimibe combination product, (Co-development with AET) has been successfully completed with an aim to target global markets by third quarter of 2022. Also the Pilot BE study of new formulation of Clopidogrel using Form-II of the API to give cost advantage to its customer has been completed successfully and likely to be available in first quarter of 2022. For the domestic as well as European markets, Lisdexamfetamine-a product used for Attention Deficit Hyperactivity Disorder (ADHD) is also under development.

During the year, the Company has undertaken validation of few Molecules like Losartan, Fexofenadine and Quetiapine XR and is further planning for Calcium Sennoside, Ispagula Husk Sachet, Carbocystine Caps, Naproxen and Quetiapine IR tabs, which will lead to increase in revenue in coming years.

DOMESTIC

Due to the various restrictions imposed by the Government to curb with Covid-19 pandemic resulting into disruption in

supply chain management and lack of transport facilities, the domestic sales of the Company slightly decreased to Rs. 87.88 Crores in FY 2020-21 as compared to Rs. 95.16 Crores lacs in previous financial year.

Because of Covid pandemic your Company has entered into Hand Sanitizer, Face mask & PPE kit market, which have given good contribution in total sales of the Company. Apart from this, some Domestic segment products viz. Vitamin-C, Calcium & Zinc & in G.I. segment are also giving good results. In domestic market, your Company has strong hold in Gynecology & Paediatric segment & now trying to re-establish itself into Cardia, Diabetic & Anti-infective market through its Nova Division i.e. Noble, Qden, Neuro Psychiatric. At present Company is witnessing double digit growth in these divisions and also expecting the same level of growth till next 10-15 years. Through these divisions, Company will extend its reach to almost 60% of total market available under these products. Your Company is also into Herbal/OTC segment.

RESEARCH & DEVELOPMENT

Your Company is giving full thrust on Research & Development (R&D), to transform the organization in to an innovative Company. In line with the same, during the year your Company spent an amount of Rs. 3.90 crores on Research & Development as compared to Rs. 4.53 Crores in the previous financial year. The total expenditure on R&D in FY 2020-21 slightly decreased due to disruption in supply chain management and shortage of manpower amid Covid crisis.

LOOKING AHEAD

As we look ahead now from a position of strength, we need to raise our bar higher for the coming years. Motivated by a collective vision, we must march ahead to build a brighter tomorrow. We must adapt to new and uncertain market conditions, and keep revisiting our strategies ahead of the competition. We are today where our ideas have brought us. We will be tomorrow where they will take us.

Finally on behalf of the Board, I would like to thank every stakeholder of Ind Swift for their efforts, contributions and continued support. Your support goes a long way in inspiring us to deliver business excellence and a strong financial performance. We look forward for your continued support in the future as well.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

GLOBAL PHARMACEUTICAL INDUSTRY STRUCTURE AND DEVELOPMENTS:

The pharmaceutical industry is at the centre of the fight against the global COVID-19 pandemic and has contributed significantly in terms of supply of critical medications for treatment as well as in developing and manufacturing COVID-19 vaccines. The industry has ensured continuity of supplies of all other medicines to meet the needs of patients across the world.

The global pharmaceutical market size in 2020 was estimated at US\$1.27 Trillion and is expected to expand at a compounded annual growth rate (CAGR) of 3-6% to US\$1.6 Trillion by 2025 (this estimate excludes the additional spending on COVID-19 vaccines).

The factors driving global medicine spending will be sustained growth in the pharmerging markets and the consistent launch of high-end specialty innovative products in developed markets. However, slower growth across developed markets due to losses of patent exclusivity for original brands will be an offsetting factor.

INDIAN PHARMACEUTICAL INDUSTRY

India is the largest provider of generic drugs globally. Indian pharmaceutical sector supplies over 50% of global demand for various vaccines, 40% of generic demand in the US and 25% of all medicine in the UK. Globally, India ranks 3rd in terms of pharmaceutical production by volume and 14th by value. India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers with a potential to steer the industry ahead to greater heights. Presently, over 80% of the antiretroviral drugs used globally to combat AIDS (Acquired Immune Deficiency Syndrome) are supplied by Indian pharmaceutical firms.

According to the Indian Economic Survey 2021, the domestic market is expected to grow three fold in the next decade. India's domestic pharmaceutical market is estimated to reach US\$ 65 billion by 2024 and further expand to reach US\$ 120-130 billion by 2030.

India is the 12th largest exporter of medical goods in the world. The country's pharmaceutical sector contributes 6.6% to the total merchandise exports. As of May 2021, India supplied a total of 586.4 lakh COVID-19 vaccines, comprising grants (81.3 lakh), commercial exports (339.7 lakh) and exports under the COVAX platform (165.5 lakh), to 71 countries. Indian drugs are exported to more than 200 countries in the world, with US being the key market. Generic drugs account for 20% of the global export in terms

of volume, making the country the largest provider of generic medicines globally.

RISKS AND CONCERN

The Indian pharmaceuticals market is the third largest in terms of volume. India is the biggest provider of generic medications internationally and enjoys a significant position in the world pharmaceuticals sector. The country also has a huge talent pool and scientists having the capability to steer this industry forward to a much greater degree. The cost efficiency also continues to create opportunities for Indian pharmaceutical companies in the emerging global economies. The Indian pharmaceutical industry is expected to outperform the global pharmaceutical industry and grow in the next couple of years and thereby emerge as one of the top 10 pharmaceutical market globally by absolute size.

Indian pharmaceutical companies are focusing on global generic and API business, R&D activities, contract research and manufacturing alliances. India is also fast emerging as a preferred pharmaceuticals manufacturing location. Increasing use of pharmaceutical generics in developed markets to reduce healthcare cost will also provide attractive growth opportunities to Indian generic formulations manufacturers and thus Indian pharmaceutical industry is poised for an accelerated growth in the coming years.

However, poor public healthcare funding and infrastructure, low per capita consumption of medicines in developing and under developed countries, currency fluctuations, regulatory issues, government mandated price controls, inflation and resultant all round increase in input costs are few causes of concern for the industry.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has adequate internal control system commensurate with its size and complexity. The Internal Financial Control System of the Company is being regularly monitored by the Internal Auditors of the Company. Any deficiency in the controls is viewed seriously and corrective actions are taken to avoid repetition. The Internal Auditors monitors the efficiency of the internal controls/compliance with SOPs and provides required information to the Audit Committee on time to time basis. The Audit Committee of the Board of Directors reviews the adequacy and effectiveness of internal control system and suggests improvements for strengthening them. These controls are regularly monitored by the Internal Auditors to check effectiveness of the controls. The Audit Committee Members/ Board of Directors are regularly updated on the

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

To
 The Members of
Ind Swift Limited
 Chandigarh

Opinion

We have audited the accompanying Standalone Ind AS financial statements of IND-SWIFT LIMITED ("the Company"), which comprises the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement for Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act 2013, as amended ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for the Qualified

The company has not provided interest on loans with Bank of India since the bank has not charged interest on the account post such accounts becoming NPAs. The unaccounted interest liability in respect of the same for the financial year 2020-21 is Rs.11.63 Cr. (Refer Note No.34 (ii) of Notes to Accounts)

Had the provision for the same been made, the loss for the year and accumulated losses would have been increased respectively by Rs. 11.63cr.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing ("SA's"), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Ind AS Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report.

<p>recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that as principal, it typically controls the goods or services before transferring them to the customer. The variety of terms that define when control are transferred to the customer, as well as the high value of the transactions, give rise to the risk that revenue is not recognized in the correct period. Revenue is measured net of returns and allowances, cash discounts, trade discounts and volume rebates (collectively 'discount and rebates'). There is a risk that these discount and rebates are incorrectly recorded as it also requires a certain degree of estimation, resulting in understatement of the associated expenses and accrual. Revenue is also an important element of how the Company measures its performance. The Company focuses on revenue as a key performance measure, which could create an incentive for revenue to be recognized before the risk and rewards have been transferred. Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers', it was determined to be a key audit matter in our audit of the Ind AS financial statements. (Refer Notes on accounts No. 19)</p>	<ul style="list-style-type: none"> • Assessed the design and tested the operating effectiveness of internal controls related to revenue recognition, discounts and rebates. • Performed sample tests of individual sales transaction and traced to sales invoices, sales orders and other related documents. Emphasis of Matters

Without qualifying our opinion, we draw attention to the following matters in the Notes to the financial statements:

- a) As on 31.03.2021 Twelve Banks/ Financial Institutions have transferred their entire Loan Portfolio to their respective Assets Reconstruction Companies. (Refer Note No. 35(i) of Financial Statements).
- (b) We draw attention to Note No. 43 of the accompanying standalone financial results, which describes the management's evaluation of uncertainties related to COVID 19 and its consequential effects on the operations of the Company..

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report 2020-21 but does not include the Standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS Financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

In connection with our audit of the Standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

"Annexure B" to the Independent Auditor's Report of even date on the Financial Statements of Ind-Swift Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of
Ind-Swift Limited

We have audited the internal financial controls over financial reporting of Ind-Swift Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these Financial Statements.

Meaning of Internal Financial Controls over Financial Reporting reference to these Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES

A - SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statements

These financial statements have been prepared to comply with the Indian Accounting Standards (Ind AS). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016.

The Financial Statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees rounded off to the nearest rupees in lacs.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

2. Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3. Property, Plant & Equipment

(a) Freehold land is carried at cost. All others items of Property, Plant and equipment have been stated at cost less accumulated depreciation and impairment loss if any. Cost of acquisition or construction is inclusive of freight, non refundable taxes or Levies, fees and incidental expenses to bring the assets to its present condition and location and interest on loans attributable to the acquisition of assets up to the date of commissioning of assets. Cost of assets not ready for intended use before the year end, are shown as capital –work-in- progress.

(b) The Company is following the useful life by applying straight line method of depreciation as per the useful life specified in part C of Schedule II of the Companies Act 2013.

On assets sold, discarded etc, during the year depreciation is provided up to the date of sale/discard.

4. Leases

The Company's lease asset classes consist primarily of land and buildings . The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases.

For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated

SIGNIFICANT ACCOUNTING POLICIES

from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

5. Intangible Assets

- (a) Intangible assets are measured at cost and amortized over their useful life.
- (b) Expenditure on Research phase is recognised as an expense when it is incurred.
- (c) Expenditure on product development phase is recognised as an Intangible Asset, These assets are amortized over the useful period of life starting from the year when the asset first meets the following recognition criteria:
 - The technical feasibility of completing the intangible asset so that it will be available for use or sale;
 - The intention to complete the intangible asset and use or sell it;
 - the ability to use or sell the intangible asset;
 - how the intangible asset will generate probable future economic benefits;
 - the availability of adequate technical , financial and other resources to complete the development and to use or sell the intangible asset; and
 - the ability to measure reliably the expenditure attributable to the intangible asset during its development.
- (d) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset , are recognised in statement of profit and loss when the asset is derecognized.

6. Inventories are valued as under

- (a) Stock of Raw Material, Packing Material and Store & Spares :- At Cost or Net Realizable Value, whichever is lower. Cost ascertained on FIFO basis, excluding recoverable rates and taxes. Cost includes cost of purchase & other cost incurred in bringing the inventories to their present location.

8. Revenue Recognition

The Company derives revenues primarily from sale of pharmaceutical formulation business.

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

1. Identify the contract(s) with a customer;
2. Identify the performance obligations;
3. Determine the transaction price;
4. Allocate the transaction price to the performance obligations;
5. Recognise revenue when or as an entity satisfies performance obligation."

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, except for the agency services below, because it typically controls the goods or services before transferring them to the customer.

Revenue excludes amounts collected on behalf of third parties. The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 19 and disclosures of transition approach along with impact of adoption of Ind AS 115 on financial statements are provided in Note 19.1

9.1 Sale of Goods

"For sale of goods, revenue is recognised when control of the goods has transferred at a point in time i.e. when the goods have been delivered to the specific location (delivery). Following delivery, the customer has full discretion over the responsibility, manner of distribution, price to sell the goods and bears the risks of obsolescence and loss in relation to the goods. A receivable is recognised by the Company when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due. Payment is due within 0-180 days. The Company considers the effects of variable consideration, the existence of significant financing components, noncash consideration, and consideration payable to the customer (if any)."

Net sales are exclusive of GST and Trade discount.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets.

If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract."

9.3 Cost to obtain a contract

The Company pays sales commission to its selling agents for as per the agreement. The Company has elected to apply the optional practical expedient for costs to obtain a contract which allows the Company to immediately expense sales commissions (included in selling and distribution expenses) because the amortization period of the asset that the Company

SIGNIFICANT ACCOUNTING POLICIES

otherwise would have used is one year or less.

Costs to fulfil a contract i.e. freight, insurance and other selling expenses are recognized as an expense in the period in which related revenue is recognised.

9.4 Other revenue streams
