We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Engagements to "Review of Interim Financial information performed by the Independent Auditor of the Entity" Statements issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
We also performed procedures in accordance with the Circular issued by the Securities and Exchange Board of India under regulation 33(8) of the Regulation, to extent applicable.
4. The Statement includes the results of the entities as mention below:

Joint Ventures
Discovery Drilling Pte. Ltd
Virtue Drilling Pte. Ltd

In Virtue Drilling Pte Ltd: -

The Company has investment in unquoted shares of US\$ 12,962,969 held in its related parties. These investments are carried at their original cost of investments as management is of the view that cost approximates fair value. Management has not determined the fair value of these investments using acceptable valuation methods as required by FRS 109, financial instruments. Consequently, we are unable to determine whether any adjustments to the carrying value of the investments as of June 30, 2021 would be required to be made.

1/3

In Discovery Drilling Pte Ltd.: -

The total assets of the company as at 30th June 2021 include investment securities comprising of investment in equity shares amounting to US\$ 1,499,460 and investment in perpetual preference shares amounting to US\$ 10,020,000. The Company has classified the investment securities at fair value through other comprehensive income. As per FRS 109 these investments have to be stated at fair value on the date of adoption and should be re measured at fair value at every subsequent reporting date. The management has estimated that cost of these investments approximates its fair value and hence no fair value gain or loss were recognized. However, we are unable to satisfy ourselves on the fairness of valuation of investment securities amounting to US\$ 11,519,460. There were no other alternative audit procedures that we could perform to satisfy ourselves on the accuracy and valuation of investment securities. We were unable to determine and quantify whether any adjustments might have been found necessary in respect of investment and the elements making up the condensed statement of comprehensive income, statement of change in equity and statement of cash flows.

Also, the carrying value of fair value reserve included in reserves as at 30th June 2021 amounted to US\$ 855,000 for which we are unable to verify the basis and accuracy.

Our audit report to the year ended 31 March 2021 also contained a modify opinion for the above-mentioned reason.

7. The consolidated unaudited financial results include the Group share of net loss after tax 269 lakh for the quarter ended June 30,2021 as considered in the Statement, in respect of joint ventures, whose financial results have not been reviewed by us.

These financial results have been reviewed by the other auditors, whose reports have been furnished to us by the management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures in respect of these JV is based solely on the report of the other auditors and procedures performed by us as stated in paragraph 3 above. Our conclusion on the Statement is not modified in respect of the above matter.

8. Joint Ventures are located outside India whose financial results and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by other auditors under generally accepted auditing standards applicable in their respective countries. The parent's management has converted the financial results of such Joint Ventures located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India.
