Izmo among top 500 high growth players across APAC during 2017-2020

Bangalore, India – March 18, 2022 – izmo Ltd. announced that the Company has been featured in Financial Times' list of top 500 high-growth Companies in APAC.

The Company has been ranked in this list third time in a row this year. Companies from various countries are part of this list, including 168 from Japan, 97 from India, 61 from Singapore and 60 from Australia. China was omitted due to difficulties in verifying data.

The ranking was compiled in partnership with Statista, and considers the CAGR of revenue from 2017-20. Like last year, the technology sector has the biggest presence in this list.

Commenting on this development, Mr. Sanjay Soni, MD, izmo Ltd., said:

"We are very happy to share that izmo has been featured in FT's 2022 list of top 500 fastest growing companies in APAC. It's a matter of great pride that we have been ranked in this list for the third consecutive year.

India had the second highest number of companies in this list, second only to Japan. Moreover, the technology sector had the biggest presence among the 500 companies, which reflects the growth potential that our industry has to offer.

Such recognition further inspires us to continue to strive on our growth trajectory and excel in our space. I would like to thank the entire izmo team for their relentless efforts in pushing the Company forward."
