Independent Auditor's Review Report on Quarterly Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Board of Directors of Supreme Infrastructure India Limited

1. We have reviewed the accompanying statement of unaudited financial results ('Statement') of Supreme Infrastructure India Limited ('the Company') for the quarter ended 31st December, 2020, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures, applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. (a). As stated in Note 2 to the accompanying standalone financial results, the Company's current financial assets as at 31st December, 2020 include trade receivables aggregating ₹ 45,680.90 lakhs (31 March 2020: 45,680.90 lakhs) in respect of projects which were closed/substantially closed and where the receivables have been outstanding for a substantial period. Management has assessed that no adjustments are required to the carrying value of the aforesaid balances, which is not in accordance with the requirements of Ind AS 109, 'Financial Instruments'. Consequently, In the absence of sufficient appropriate evidence to support the management's contention of recoverability of these balances, we are unable to comment upon the adjustments, if any, that are required to the carrying value of the aforesaid balances, and consequential impact, if any, on the accompanying standalone financial results. Our opinion on the standalone financial results for the quarter ended 31st December, 2020 was also modified in respect of this matter.

(b) As stated in Note 4 to the accompanying standalone financial results, the Company's non-current investments as at 31st December, 2020 include non-current investments in one of its subsidiary aggregating ₹ 142,556.83 lakhs. The subsidiary has significant accumulated losses and its consolidated net-worth is fully eroded. Further, the subsidiary is facing liquidity constraints due to which it may not be able to realise projections as per the approved business plans. Based on the valuation report of an independent valuer as at 31 March 2019 and other factors described in the aforementioned note, Management has considered such balance as fully recoverable. Management has assessed that no adjustments are required to the carrying value of the aforesaid balances, which is not in accordance with the requirements of Ind AS 109, 'Financial Instruments'. In the absence of sufficient appropriate evidence to support the management's assessment as above and other relevant alternate evidence, we are unable to comment upon adjustments, if any, that may be required to the carrying values of these non-current investments and aforementioned dues and the consequential impact on the accompanying standalone financial results

4. Based on our review conducted as above, except for the possible effects of the matters described in previous paragraph, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with Indian Accounting Standards specified under Section 133 of the Companies Act, 2013 and SEBI Circulars CIR/CFD/CMD/15/2015 dated 30 November 2015 and CIR/CFD/FAC/62/2016 dated 5 July 2016 and other recognised accounting practices and policies, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. We draw attention to Note 3 to the accompanying Statement, which indicates that the Company incurred a net loss of ₹ 43069.90 lakhs for the nine months ended 31st December, 2020 and, has also suffered losses from operations during the preceding financial years and as of that date, the Company's accumulated losses amounts to ₹ 220,760.15 lakhs and its current liabilities exceeded its current assets by ₹ 362,016.72 lakhs. Further, as disclosed in Note 4 to the said standalone financial results, there have been delays in repayment of principal and interest in respect of borrowings during the current year. The above factors, along with other matters as set forth in the aforesaid note, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, based on ongoing discussion with the lenders for restructuring of the loans, revised business plans, equity infusion by the promoters, and other mitigating factors mentioned in the aforementioned note, Management is of the view that going concern basis of accounting is appropriate. Our opinion is not modified in respect of this matter.

Notes

- The financial results have been prepared to comply in all material respects with the Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with Companies (Indian Accounting Standards) (Amendment) Rules, as amended from time to time. The above financial results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company at their respective meeting held on 28th January, 2021.
- Trade receivables as at 31 Dec 2020 include ₹ 45,680.90 lakhs (31 March 2020 ₹ 45,680.90 lakhs), in respect of projects which were closed/substantially closed and which are overdue for a substantial period of time. Based on the contract terms and the ongoing recovery/arbitration procedures (which are at various stages), Management is reasonably confident of recovering these amounts in full. Accordingly, these amounts have been considered as good and recoverable.
- On 29 March 2019, framework agreement was signed between the Company and the majority of the lenders pursuant to the sanction of the resolution plan by the lenders under the aegis of the Reserve Bank of India (RBI) circular dated 12 February 2018 and confirmation by the promoters to infuse additional funds. While rest of the lenders were in the process of sanctioning the Resolution Plan, on 2 April 2019, the aforesaid circular has been held ultra vires to existing banking regulations, by the Hon'ble Supreme Court of India. On 7 June 2019, RBI has issued revised circular for resolution of the stressed assets, basis which the majority lenders have signed the Inter-Creditor agreement (ICA) and are in the process of executing the revised resolution plan.

Further, the Company has incurred a net loss after tax of ₹ 43,069.9 lakhs for the nine months ended 31 Dec 2020 and, has also suffered losses from operations during the preceding financial years and as of that date, the Company's accumulated losses amounts to ₹ 220,760.15 lakhs and its current liabilities exceeded its current assets by ₹ 362,016.72 lakhs. The Company also has external borrowings from banks and financial institutions, principal and interest repayment of which has been delayed during the current period. Pending execution of the revised resolution plan as discussed above, the aforesaid conditions, indicate existence of material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern due to which the Company may not be able to realise its assets and discharge its liabilities in the normal course of business. However, on expectation of execution and implementation of the aforesaid revised resolution plan, further fund infusion by the promoters and business growth prospects once revised guidelines are issued by the RBI, Management has prepared the financial results on a "Going Concern" basis.

- The Company, as at 31 Dec 2020, has non-current investments in Supreme Infrastructure BOT Private Limited ("SIBPL"), a subsidiary company, amounting to ₹ 142,556.83 lakhs (31 March 2020 : ₹ 142,556.83 lakhs). SIBPL is having various Build, Operate and Transfer (BOT) SPVs under its fold. While SIBPL has incurred losses during its initial years and have accumulated losses, causing the net worth of the entity to be fully eroded as at 31 March 2020, the underlying projects are expected to achieve adequate profitability on substantial completion of the underlying projects. Further, in case of Supreme Manorwarda Bhiwandi Infrastructure Private Limited ("SMBIPL"), a subsidiary of SIBPL, lenders have referred SMBIPL to NCLT under RBI circular dated 12 February 2018, the said petition filed by the bank has been dismissed by Hon'ble NCLT in lieu of the directions given by Hon'ble Supreme Court of India in case of Dharini Sugars and Ors. v/s Union of India and Ors. Further, commercial operation date (COD) in respect of few subsidiaries of SIBPL has been delayed due to various reasons attributable to the clients primarily due to non-availability of right of way, environmental clearances etc. and in respect of few subsidiaries, the toll receipts is lower as compared to the projected receipts on account of delay in receiving compensation from government for exempted vehicles. Further, there have been delays in repayment of principal and interest in respect of the borrowings and the respective entity is in discussion with their lenders for the restructuring of the loans. Management is in discussion with the respective lenders, clients for the availability of right of way and other required clearances and is confident of resolving the matter without any loss to the respective SPVs. Therefore, based on certain estimates like future business plans, growth prospects, ongoing discussions with the clients and consortium lenders, the valuation report of the independent valuer and other factors, Management believes that the net-worth of SIBPL does not represent its true market value and the realizable amount of SIBPL is higher than the carrying value of the non-current investments as at 31 March 2020 and due to which these are considered as good and recoverable.
