## Airtel 5G Plus now live in Patna

- Promises to offer massive speeds, best voice experience, will work on all 5G smart phones and be kinder to the environment
  - No SIM change needed; existing Airtel 4G SIM is 5G enabled
  - Existing data plans will work on 5G until roll-out is complete
- Powers Jay Prakash Narayan Airport with ultrafast Airtel 5G Plus

**Patna, November 28<sup>th</sup>, 2022:** Bharti Airtel (“Airtel”), India’s leading telecommunications services provider today announced the launch of its cutting edge 5G services in Patna.

**Airtel 5G Plus** services will be available to customers in a phased manner as the company continues to construct its network and complete the roll out. Customers with 5G enabled devices will enjoy high speed **Airtel 5G Plus** network at no extra cost until the roll out is more widespread. Currently operational at Patna Sahib Gurudwara, Patna Railway Station, Dak Bungalow, Maurya Lok, Bailey Road, Boring Road, City Centre Mall, Patliputra Industrial Area and few other select locations. Airtel will augment its network making its services available across the city in due course of time.

**Airtel 5G Plus** service is also available at Patna airport, making it the first airport in the state to enjoy ultrafast 5G service. **Customers flying in and out of Patna** can enjoy high speed **Airtel 5G Plus** across the airport terminal. Passengers can enjoy blazing speeds on their mobile phones while they are at the arrival and departure terminals, lounges, boarding gates, migration and immigration counters, security areas, baggage claim belts, parking area etc. The new terminal in Bengaluru, Pune, Varanasi and Nagpur are the other airports that have Airtel 5G Plus.

Commenting on the launch, **Anupam Arora, CEO - Bharti Airtel, Bihar, Jharkhand and Odisha** said, *“I am thrilled to announce the launch of **Airtel 5G Plus** in Patna. Airtel customers can now experience ultrafast network and enjoy speeds upto 20-30 times faster than the current 4G speeds. We are in the process of lighting up the entire city which will allow customers to enjoy superfast access to High-definition video streaming, gaming, multiple chatting, instant uploading of photos and more.”*

**Airtel 5G Plus** will bolster the entire portfolio of services that Airtel offers. In addition, it will allow superfast access to High Definition video streaming, gaming, multiple chatting, instant uploading of photos and more. With this launch, India will get a fillip to economic growth as **Airtel 5G Plus** revolutionizes education, healthcare, manufacturing, agriculture, mobility and logistics.

In the last one year, Airtel has demonstrated the power of 5G with a host of powerful use cases that will change the way we lead our lives and do business. From India’s first live 5G network in Hyderabad to India’s first 5G powered hologram to India’s first recreation of a game changing world cup match played at a time when there was no TV coverage to India’s first 5G connected ambulance to India’s first private 5G network with Bosch for boosting manufacturing productivity, Airtel has been at the forefront of 5G innovation.
