MARGINAL MISMATCH IN CONSUMPTION & PRODUCTION

Global traders warned over price manipulation in pulses

SANDIP DAS
New Delhi, February 15

CONSUMER AFFAIRS SECRETARY Rohit Kumar Singh on Thursday issued a warning to pulses traders globally, particularly those from East Africa and Myanmar, urging them to abstain from price manipulation. This advisory comes as the country relies heavily on imported pulses.

"Sometimes in some geographies, especially east Africa and Myanmar, there are traders who take advantage of the situation, please do not take us for granted, we have a mechanism to control it," Singh said at the inauguration of the Global Pulse Confederation (GPC)'s convention — Pulses 24.

According to the department of consumer affairs, in 2023, the country imported 3.1 million tonne (MT) of pulses out of which import of masoor (lentils) was 50% of the total volume. Tur (pigeon peas) and urad imports were around 0.88 MT and 0.6 MT, respectively, last year.

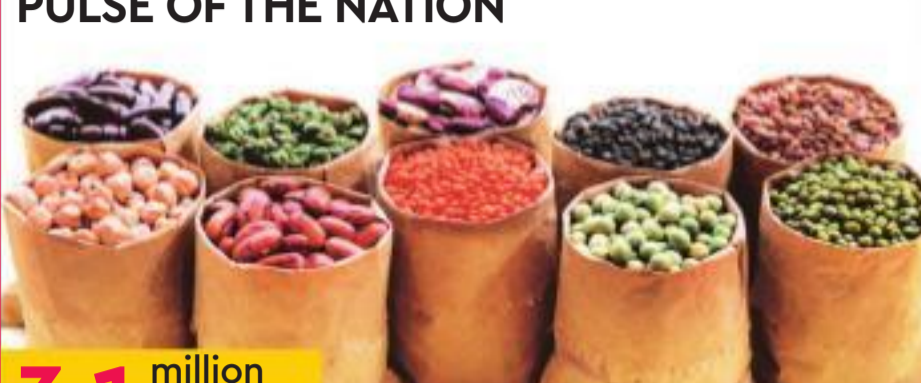

At present, the country produces 28 MT of pulses, which is largely sufficient to meet the domestic demand. However, in terms of production and consumption of pulses varieties — tur, urad and masoor — "there is a slight mismatch", sources said.

"We are working with Brazil and Argentina for the imports of urad as depending on one country for imports poses risk," Singh told FE. He said that around 20,000 tonne of urad is likely to be imported into India this year.

In addition, India is also exploring the possibility of growing pulses, especially tur and urad in Ethiopia and Tanzania to boost domestic supplies.

Earlier, India had signed an MoU with Mozambique for the import of 0.2 MT of arhar annually for five years when the

PULSE OF THE NATION

3.1 million tonne of pulses imported in 2023

50% of the total volume was of masoor (lentils)

28 MT of pulses produced by India

20,000 tonne of urad likely to be imported this year

- Pulses produced in the country are largely sufficient to meet the domestic demand
- But in terms of production and consumption of pulses varieties, there is a slight mismatch
- Inflation in pulses has been in the double digits for the past several months

Govt to buy pulses from farmers at MSP or market rate

SANDIP DAS
New Delhi, February 15

THE GOVERNMENT AGENCIES — farmers' cooperative Nafed and National Cooperative Consumers Federation (NCCF) — will be soon entering into agreements with farmers to procure pulses at prevailing market prices or minimum support price (MSP) for the three to five years.

The move is likely to provide assurance to the farmers to grow pulses varieties — tur, urad and masoor. India imports these in significant quantities.

"We are discussing the move to provide assured buyback arrangements for farmers who want to grow these varieties of pulses," Ritesh Chauhan, MD, Nafed, told FE. He said the move would also signal to the market to offer better prices to farmers against those offered by the government.

While speaking at the global pulses meet, food minister Piyush Goyal on Thursday said Nafed will have a five-year contract with farmers who diversify pulses production and they will get assured prices. In 2023, the country imported a record 3.1 million tonne (MT) of pulses to meet the domestic demand.

Meanwhile, agriculture minister Arjun Munda said "India, the world's largest producer and consumer, is making consistent efforts to attain self-sufficiency in production of pulses and reduce imports by 2027".

retail prices of tur skyrocketed to ₹200 kg in 2016. This MoU was extended for another five years in September 2021.

In 2021, India entered into MoUs with Malawi and Myanmar for the import of 50,000 tonne and 0.1 MT of tur per annum, respectively, till 2025.

Singh stated that the government has adopted a consistent policy on imports by putting three varieties of pulses under the zero-duty import duty regime till March 2025 so that farmers in those countries can make decisions to grow pulses well in advance.

For augmenting domestic supplies, the Centre has also allowed duty-free imports of yellow peas until March 31 next year to cool the prices of pulses.

He said that the government is directly intervening in retail as usually the earlier interventions were in the wholesale markets. "The consumers can't be left at the mercy of the market," Singh

said on the government's interventions through selling subsidised Bharat dal, Bharat atta and Bharat rice initiatives.

Despite the government intervention, inflation in pulses has been in the double digits for the past many months. Pulses inflation last month was 19.54% on the year while arhar variety of pulses reported a price rise of 39%. Prices of other varieties of pulses — moong, gram and urad — stood at 12.62%, 13.65% and 13.77% on year.

Out of a record pulse production of 26.05 MT in the 2022-23 crop year, chana (gram) has a share of 50%. The country has been self-sufficient in chana and moong varieties of pulses.

"Despite record production of pulses, there has been a gap between demand and supply of pulses in the country as its key source of protein for a large vegetarian population," an official said.

In Qatar, Modi thanks Emir for release of Navy veterans

SHUBHAJIT ROY
New Delhi, February 15

IN HIS first meeting with Qatar Emir Sheikh Tamim bin Hamad Al-Thani after the release of eight Indian nationals earlier this week, Prime Minister Narendra Modi on Thursday "expressed deep appreciation" and thanked him for his support.

Modi, who was accorded a ceremonial welcome at the Amiri Palace in Doha, held wide-ranging talks with the Emir including on "economic cooperation, investments, energy partnership, space collaboration, urban infrastructure, cultural bonds and people-to-people ties", the Ministry of External Affairs (MEA) said in a statement. "The two leaders also exchanged views on regional and global issues," it said.

"The Prime Minister thanked the Emir for his support for the welfare of the Indian community, and, in this regard, expressed his deep appreciation to the Emir for the release of eight Indian nationals of Al-Dahra company. We are extremely gratified to see them back in India," Foreign Secretary Vinay Kwatra said.

More than three months after they were sentenced to death, eight former Indian Navy personnel were released from custody in Qatar and seven returned to India on February 12. The eighth person is expected to be brought back after completion of some formalities.

Prime Minister Narendra Modi with the Emir of Qatar, Sheikh Tamim bin Hamad Al-Thani, in Doha on Thursday.

Qatar," the MEA said.

Kwatra said the discussions between the two leaders focused on areas of bilateral cooperation including trade partnership, investment cooperation and energy ties. The two leaders spoke about the need for strategic investments and strategic partnerships in the fields of energy and technology, he said.

He said Modi's visit to Doha laid the basis for taking India-Qatar relationship to a higher level across various domains, and the two sides are looking at using investment as a vehicle to build long-term strategic partnership. India and Qatar are looking at broad-basing trade baskets to link it to regional trade, he said.

The MEA said Modi also met "Father Amir, His Highness Hamad Bin Khalifa Al Thani" and congratulated him on his "visionary leadership that paved the way for Qatar's development over the past decades".

"Father Amir affirmed that India and Qatar share an unwavering bond, epitomised by mutual trust and cooperation. He also appreciated the role of Indian community in Qatar's development and in nourishing the bilateral partnership," it said.

Modi, who arrived in Doha on Wednesday night after concluding a two-day visit to the United Arab Emirates, also met Qatar Prime Minister and Foreign Minister, Sheikh Mohammed bin Abdulrahman Al Thani.

The eight men, who were working with Doha-based Dahra Global to oversee the induction of Italian small stealth submarines U212, were taken into custody in August 2022. The charges against them were never made public by Qatari authorities. According to a report in the UK daily Financial Times, they were charged with spying for Israel.

The MEA said Modi also thanked the Emir for taking care of the over 8 lakh-strong Indian community in Qatar and conveyed India's commitment to further expanding and deepening bilateral cooperation with Qatar. He also invited the Emir to visit India.

The Emir "reciprocated the Prime Minister's sentiments" and expressed appreciation for India's role as a "valued partner" in the Gulf region. "The Emir also appreciated the contributions of the vibrant Indian community in Qatar's development and their enthusiastic participation in various international events held in

Won't arrest Wankhede till Feb 20: ED tells HC

THE ENFORCEMENT DIRECTORATE (ED) on Thursday told the Bombay High Court it would not arrest Sameer Wankhede, former zonal director of Mumbai unit of Narcotics Control Bureau, in a money laundering case till February 20.

Wankhede last week filed a petition in the HC seeking to quash the case lodged by the ED and, by way of an interim order, stay on the probe and protection from any coercive action.

A division bench of Justices PD Naik and NR Borkar said due

to paucity of time on Thursday and Friday and as courts are not working on February 19 it would not be able to hear the plea until February 20.

The bench said the matter needs to be heard at length and asked advocate Sandesh Patil,

appearing for the ED, to state if the agency intends to arrest Wankhede until then.

Patil, after seeking instructions from the concerned officials, told the court the agency would not arrest Wankhede till February 20. — PTI
