**SC Soft, an Aurionpro Group Company, at UITP, Global Public Transport Summit, Stockholm, launches new offerings**

**12th June, 2019, Mumbai – India**

SC SOFT PTE LTD ("SC Soft"), an Aurionpro group company, based in Singapore, has launched a new generation state of the art transit terminals and software services at the prestigious UITP, Global Public Transport Summit, being held in Stockholm.  This is the biggest event dedicated to the sustainable mobility, covering all urban and regional transport modes across the globe and marks coming together of the international public transport community, mobility decision makers and industry suppliers. SC Soft has successfully showcased its newly developed innovations at this Summit and got acclaims.

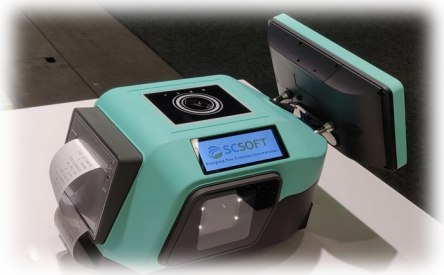

**The Transit Terminals and other offerings launched at the Summit:**

**ECHO EMV Payment Terminal** – A Hybrid transit terminal can be utilised as a handheld validator/pole mounted validator or a payment terminal and will support all type of Banking cards, Proprietary transit cards, QR code ticket and NFC.
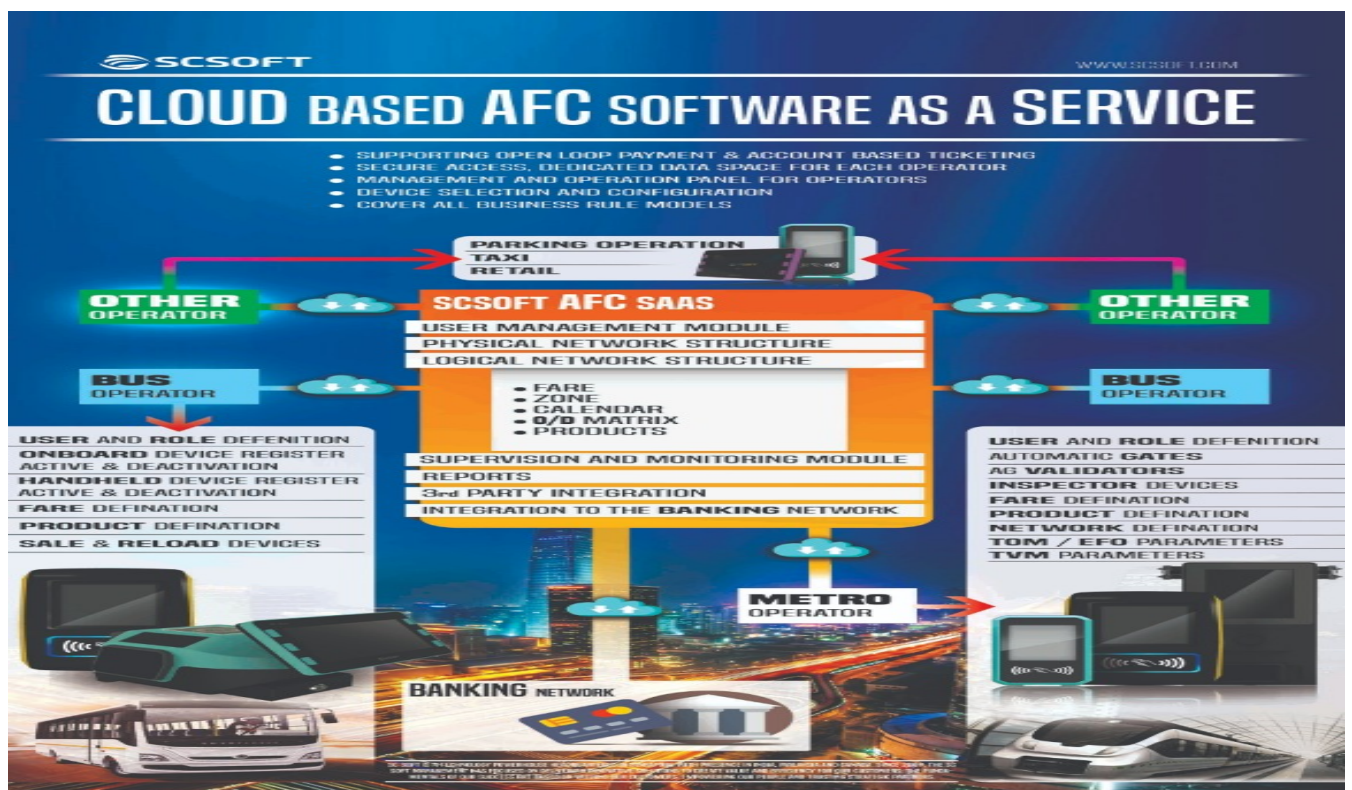

**DC 70 –** Driver Console for the buses can aid in issuance of ticket for cash, as well as validation of Contactless card and QR code.

**ECR – Card reader**- SC SOFT is one of the few Automatic fare collection companies to have its own designed card reader to support EMV and all type of contactless cards for Payments in transit and retail

**AFCS SaaS** – The AFC Solution of the SC Soft, which caters to the Transit, Payments and Smart City Applications can now be hosted on cloud server and be provided as a service. The cloud based software with the state of the art terminals will help the transit players with plug and play ability and in no time can start these services for the citizens.
