1. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("the Act") setting out material facts concerning the special businesses under Item No. 5, 6, 7 and 8 of the accompanying Notice, is annexed hereto.
2. **General instructions for accessing and participating in the 37th AGM through VC/OAVM Facility and voting through electronic means including remote e-Voting:**

- a. In view of the COVID-19 pandemic, the Ministry of Corporate Affairs ('MCA') issued General Circular Nos. 14/2020, 17/2020 and 20/2020 dated April 08, 2020, April 13, 2020, May 05, 2020 and May 05, 2022, respectively and by General Circular No. 02/2021 dated January 13, 2021 ("MCA Circulars"), allowed companies whose Annual General Meetings (AGMs) were due to be held in the year 2022, to conduct their AGM's on or before December 31, 2022, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020.

In view of continuing social distancing norms due to Covid-19, the Ministry of Corporate Affairs (MCA) vide its General Circular Nos. 14/2020 dated 8th April, 2020, 17/2020 dated 13th April, 2020, 20/2020 dated 5th May, 2020 read with Circular No. 02/2021 dated January 13, 2021, General Circular No. 19/2021 dated December 21, 2021, General Circular No. 21/2021 dated December 14, 2021 ("MCA Circulars"), and 02/2022 dated 5th May, 2022 and Securities and Exchange Board of India (SEBI) vide its SEBI Circular dated May 12, 2020 and SEBI Circular no SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 read with SEBI Circular no. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 and Circular No. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated 13th May, 2022, (SEBI Circulars) and other applicable Circulars issued in this regard, have allowed the companies to conduct AGM through VC/OAVM till 31st December, 2022 without physical presence of Members at a common venue. In accordance with the applicable provisions of the Act and the said Circulars of MCA and SEBI, the 37th AGM of the Company shall be conducted through VC/OAVM facility, which does not require physical presence of members at a common venue.

- b. In terms of the MCA Circulars since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members to attend and cast vote

on their behalf under Section 105 of the Act will not be available for the 37th AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the Corporate Members may be appointed for the purpose of voting through remote e-Voting, for participation in the 37th AGM through VC/OAVM facility and e-Voting during the 37th AGM.

- c. Pursuant to Section 113 of the Act, Institutional/ Corporate Shareholders (i.e. other than individuals/ HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or Governing Body Resolution or Authorization Letter or Power of attorney authorizing its representative to attend the AGM through VC/OAVM and to vote on their behalf through remote e-voting or through e-voting at the AGM. The said Resolution or Authorization Letter shall be sent to the Scrutinizer by email through its registered email address to satyenderfcs@gmail.com with a copy marked to helpdesk.evoting@cdslindia.com and cs@munjalshowa.net.
- d. Pursuant to Section 72 of the Act, member(s) of the Company may nominate a person in whom the shares held by him/them shall vest in the event of his/ their unfortunate death. Member(s) holding shares in physical form may file nomination in the prescribed Form SH-13 with the Company's RTA, MCS Share Transfer and Agent Limited ("MCS"). In respect of shares held in dematerialized form, the nomination form may be filed with the respective Depository Participant.
- e. Central Depository Services (India) Limited ("CDSL") will be providing facility for voting through remote e-Voting, for participation in the 37th AGM through VC/OAVM Facility and e-Voting during the 37th AGM.
- f. In line with the MCA Circulars and SEBI Circulars, the Notice of the 37th AGM will be available on the website of the Company at www.munjalshowa.net on

the website of NSE Limited at www.nseindia.com, on the website of BSE Limited at www.bseindia.com and also on the website of CDSL at www.evotingindia.com.

- g. Since the AGM will be held through VC/OAVM facility, the Route Map is not annexed in this Notice.
 - h. Members may join the 37thAGM through VC/OAVM facility by following the procedure, as mentioned below, which shall be kept open for the Members from 10:30 a.m. IST i.e. 30 minutes before the time scheduled to start the 37thAGM and the Company may close the window for joining the VC/OAVM Facility 30 minutes after the scheduled time to start the 37thAGM.
 - i. Members may note that the VC/OAVM facility provided by CDSL, allows participation of at least 1,000 Members on a first-come-first-served basis. The large shareholders (i.e. shareholders holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee and auditors, etc. can attend the 37thAGM without any restriction on account of first-come-first-served principle.
 - j. Attendance of the Members participating in the 37thAGM through VC/OAVM Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
 - k. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India ("ICSI") and Regulation 44 of SEBI Listing Regulations read with MCA Circulars and SEBI Circulars, the Company is providing remote e-Voting facility to its Members in respect of the businesses to be transacted at the 37thAGM and facility for those Members participating in the 37th AGM to cast vote through e-Voting system during the 37th AGM.
3. **Instructions for Members for Remote e-Voting are as under:**
 - a. The remote e-Voting period will commence on Tuesday August 09, 2022 (9:00 am IST) and end on Thursday August 11, 2022 (5:00 pm IST). During this period, members of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date of August 05, 2022, may cast their vote by remote e-Voting. The remote e-Voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently.
 - b. A person who is not a Member as on the cut-off date should treat this Notice of 37th AGM for information purpose only.
 - c. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions.
 - d. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
 - e. In terms of SEBI circular **no. SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. **Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.**

 19. Pursuant to the provisions of Section 124 of the Act, Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules") read with the relevant circulars and amendments thereto, the amount of dividend remaining unpaid or unclaimed for a period of seven years from the date of transfer to Unpaid Dividend Account of the Company, is required to be transferred to the Investor Education and Protection Fund ("IEPF"), constituted by the Central Government. The Company had, accordingly, transferred ₹ 8,95,937/- being the unpaid and unclaimed dividend amounts pertaining to Dividend for the financial year 2013-14, during the financial year 2021-22 to the IEPF.
 20. The Company has been sending reminders to Members having unpaid/ unclaimed dividends before transfer of such dividend(s) to IEPF. Details of the unpaid/ unclaimed dividend are also uploaded on the website of the Company at www.munjalshowa.net. Members who have not encashed dividend for the final year 2014-15 or any subsequent dividends declared by the Company, are advised to write to the Company immediately.
 21. Pursuant to the provisions of IEPF Rules, all shares in respect of which dividend has not been paid or claimed for seven consecutive years shall be transferred by the Company to the designated Demat Account of the IEPF Authority ("IEPF Account") within a period of thirty days of such shares becoming due to be transferred to the IEPF Account. Accordingly, 15,295 Equity Shares of ₹ 2.00 each on which the dividend remained unpaid or unclaimed for seven consecutive years, were transferred during the financial year 2021-22, to the IEPF Account, after following the prescribed procedure.
 22. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an online application to the IEPF Authority in web Form No. IEPF-5 available on www.iepf.gov.in.
 23. Further, Members who have not claimed/encashed their dividends in the last seven consecutive years from FY 2014-15 are advised to claim the same at earliest. In case valid claim is not received, the Company will proceed to transfer the respective shares to the IEPF Account in accordance with the procedure prescribed under the IEPF Rules.
 24. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.
 25. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company.
 26. In terms of Regulation 40 of Listing Regulations, securities of listed Companies can only be transferred in dematerialized form with effect from April 01, 2019

except in case of request received for transmission or transposition of securities. In view of the above, Members are advised to dematerialize shares held by them in physical form.

27. All documents referred in the Notice and explanatory statement and Statutory Registers i.e. Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act and the Register of Contracts or Arrangements in which Directors are interested maintained under Section 189 of the Act, will be available for inspection in electronic mode from the date of circulation of this Notice upto the date of AGM and will also be available for inspection during the AGM. Members may request the same by sending an email at cs@munjalshowa.net from their registered email addresses.
28. Details, as required in sub-regulation (3) of Regulation 36 of the SEBI Listing Regulations and Secretarial Standard on General Meeting (SS-2) of ICSI, in respect of the Director seeking appointment/re-appointment at the 37thAGM, forms integral part of the Notice of the 37thAGM. Requisite declarations have been received from the Director for seeking appointment/re-appointment.

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 (“THE ACT”)

As per the requirement by Section 102 of the Companies Act, 2013 (Act), the following explanatory statement sets

out all the material facts relating to the business mentioned under Item No. 5, 6, 7 and 8 of the accompanying Notice:

Item No. 5

Deloitte Haskins & Sells LLP, Chartered Accountants (ICAI Firm Registration Number 117366W/W-100018), (hereinafter referred to as Deloitte) were appointed as statutory auditors of the Company at the 32nd AGM held on August 24, 2017 to hold office from the conclusion of the said meeting till the conclusion of the 37th AGM to be held in the year 2022. In terms of the provisions of Section 139 of the Companies Act, 2013, the Companies (Audit and Auditors) Rules, 2014, and other applicable provisions, the Company can appoint or reappoint an audit firm as statutory auditors for not more than two (2) terms of five (5) consecutive years. Deloitte are eligible for reappointment for a further period of five years. Based on the recommendations of the audit committee, the Board of Directors, at its meeting held on May 30, 2022, approved the reappointment of Deloitte as the statutory auditors of the Company to hold office for a second term of five consecutive years from the conclusion of the ensuing AGM until the conclusion of the 42nd AGM to be held in the year 2027. The reappointment is subject to approval of the shareholders of the Company.

The proposed remuneration to be paid to Deloitte for audit services for the financial year ending March 31, 2023, is ₹ 48,00,000 (Rupees Forty lakh) plus applicable taxes and out-of-pocket expenses. Besides the audit services, the Company would also obtain certifications from the statutory auditors under various statutory regulations and certifications required by clients, banks, statutory authorities, audit related services and other permissible non-audit services as required from time to time, for which they will be remunerated separately on mutually agreed terms, as approved by the Board of Directors in consultation with the Audit Committee.

The Board of Directors, in consultation with the Audit Committee, may alter and vary the terms and conditions of appointment, including remuneration, in such manner and to such extent as may be mutually agreed with the statutory auditors.

Considering the evaluation of the past performance, experience and expertise of Deloitte and based on the

recommendation of the Audit Committee, it is proposed to appoint Deloitte as statutory auditors of the Company for a second term of five consecutive years till the conclusion of the 42nd AGM of the Company in terms of the aforesaid provisions.

ENVIRONMENT COMPLIANCE

We believe that "waste is a precious resource kept in a wrong place". We further believe that "there is no waste as per the law of the nature". Hence from the solid waste like Iron & Steel from old scrap machines, we are collecting the raw material

and we are manufacturing "Lean and Low cost" machines with a philosophy of Easy to run, Easy to maintain, Easy to clean and Zero accident by meeting all the quality and productivity standard. Everything is done in-house starting from design up to finishing of the machine. This concept of reuse of metallic waste is highly appreciated by CII, ACMA and international experts of our Japanese Collaborator. By Regular training for workers and staff to prevent accident related to mechanical, electrical, chemical, physiological and psychological safety the Company has made "Zero incidents" as acceptable standard. Hazard Identification and Risk Assessment (HIRA) is our primary focus to mitigate and prevent the abnormalities. Because of our dedicated and committed efforts in continual improvement of Safety, Health and Environment area, we had received two National Awards from Ministry of Labour and Employment, Government of India for safety. The Company is a regular member of Haryana Environment Management Society.

The Company has started Green Vendor Development Programme (GVDP) since 2009-10. The aim of the project is to conserve water and energy, minimize generation of waste, terminate hazardous chemicals with non-hazardous chemicals, minimize carbon foot print and generate pollution prevention awareness throughout the plant and to achieve 100 percent legal compliance. The Company is rigorously improving to create a better place for our next generation.

TOTAL PRODUCTIVE MAINTENANCE

The Company has taken up the journey of Total Productive Maintenance (TPM) with the help of JIPM (Japan Institute of Plant Maintenance) Japan and CII, TPM Club India. Major objectives of TPM are to increase (PQCDSE) Productivity, to improve Quality, to reduce Costs, to ensure in time Delivery, to increase Safety, to increase profitability, to build Morale and to protect environment by formation of small cross functional work groups and to improve overall Plant efficiency. The other objectives are to procure and install maintenance free plant and machinery; and to achieve zero defects, zero break down, zero losses and zero accidents. In nutshell, TPM is to identify 21 types of Losses & converts them into Profit. We are able to reduce Repair & Maintenance Cost and working very aggressively towards reduction in Inventory Loss.

We have achieved TPM Excellency Award “Category A” for Gurugram and Manesar Plants in the years 2008 and 2010 respectively from Japan Institute of Plant Maintenance. We have been awarded by JIPM TPM Excellence Consistency Award for both Gurugram & Manesar Plants in the year 2013. Now we have started TPM Journey in our Haridwar Plant also & we had TPM Kick-Off Ceremony in November 2015.

LEAN TPM ACTIVITIES

We have clubbed TPM with lean manufacturing system. Through Lean we are able to focus & control 8 types of wastes. Now we are giving more focus on 3 M’s Muda, Mura & Muri. Our Company has conducted Lean Manufacturing System (Value Stream Mapping) Workshop through JMAC Japan. We have converted huge & complicated machines by using TPM & Lean Concepts. These machines consume very less Electricity, occupy less space, take very less inputs like consumables, manpower, tools, oils, compressed air, less set-up time, less cycle time, etc. These machines are 10S Machines (Safe, Simple, Small, Slim, Speed, Smart, Sturdy, Superb, Sushil & Sunder) and help us in reducing Cost of manufacturing.”

Low Cost Automation is the need of hour. In this area we have achieved great success in a very short span of time by Converting 12 numbers 2W Rod CNC machines from manual to Automatic mode. Besides this Automation has been achieved in most of Damper case & Bottom tube Welding process in all the 3 Plants. Many other machines in other lines. Resulting into Quality & Productivity improvements in many folds. Another 4 major Projects are there in pipeline & very soon we will achieve them. We are also working towards Introduction & implementation of Material Flow Cost Accounting.

ANNEXURE-A TO THE BOARD'S REPORT

Management Discussion and Analysis Report

Industry Structure and Development

The Indian automobile sector is one of its principal industrial catalysts, providing jobs to more than 35 million people, directly or indirectly, and contributing more than 7% to the GDP. The Indian auto industry is recognised as a 'sunrise industry' as it has emerged as one of the fastest growing sector over last few years.

Domestic automobiles production The Indian automotive industry is expected to reach US\$ 300 billion by 2026. India enjoys a strong position in the global heavy vehicles market as it is the largest tractor producer, second-largest bus manufacturer, and third-largest heavy trucks manufacturer in the world. India's annual production of automobiles in FY21 was 22.65 million vehicles, and 13 million vehicles were produced between April-October 2021.

Two wheelers and passenger vehicles dominate the domestic Indian auto market. Passenger car sales are dominated by small and mid-sized cars. **Two wheelers and passenger cars** accounted for 80.8% and 12.9% market share, respectively, accounting for a combined sale of over 20.1 million vehicles in FY20.

- **Passenger vehicle (PV)** Passenger vehicle sales in India saw an increase of 14 percent in financial year 2022, with leading manufacturers having to reduce output in order to prevent inventory overloads. In fiscal year 2022, there were around 2.72 million passenger cars sold across the south Asian country. In January 2022, total production of passenger vehicles*, three-wheelers, two-wheelers and quadricycles reached 1,860,809 units.
- Overall, automobile export reached 4.13 million vehicles in FY21, growing at a CAGR of 3.47% during FY16-FY21. Two wheelers (79.38%), passenger vehicles (9.79%) and three wheelers (9.52%) made up the majority of exports from India. The Indian automotive industry is targeting to increase export of vehicles by five times during 2016-26.

- **EV sales**, In Q3 FY22, electric vehicle (EV) sales reached a new high of 5,592 units. Overall, in 2021, 329,190 EVs were sold in India, indicating a 168% YoY growth over last year's sales of 122,607 units.

The year 2020 has been full of unwelcome surprises and inescapable new realities. What started out as a health challenge escalated rapidly into an economic and humanitarian crisis. Businesses and individuals alike have had to adapt rapidly to cope with uncertainty and anxiety in a seemingly unending ordeal. And yet, the world endures. The perseverance of businesses and people has led to the emergence of a new landscape – a "next normal" in which to survive and thrive. For the automotive industry – already under a shadow cast by the sales slowdown in 2019 – COVID-19 darkened the outlook further. The pandemic came with fluctuating supply chain scenarios, reshaped people's relationship with mobility and sparked off new growth areas such as the aftermarket. As auto component manufacturers set their course for the future, strategizing to build locally to meet local and global demand, expanding to complementary sectors and optimizing costs could help regain growth momentum and shape the next normal.

While the whole nation is focusing on becoming '**Atmanirbhar Bharat**', it is an opportunity for many sectors and contratemps for a few. The government has urged the Indian auto components manufacturers to increase localization to 100 percent and provide a push to local manufacturers to bolster the domestic supply chain and strengthen the automotive industry from its core.

Given the current scenario, most of the auto manufacturing companies have shown their interest in adopting the government's 100 percent localization movement but seeks government support in terms of infrastructure deficit, talent crunch, industry scale-up policies, access to world-class technology and practices, remaining cost-competitive and availability of cost-effective capital. The industry is facing challenges from rapid change in technology in this segment which calls for more funds for investments in research and

development. As regards the trade policy, the challenges mainly faced by Indian manufacturers are slowing down of investment in the OEM auto sector, duty on imported auto parts, and the sharp rise in imports mainly from ASEAN countries.

Market Size

The Indian auto-components industry can be broadly classified into the organised and unorganised sectors. The organised sector caters to the Original Equipment Manufacturers (OEMs) and consists of high-value precision instruments while the un-organised sector comprises low-valued products and caters mostly to the aftermarket category.

In order to keep up with the growing demand, several auto makers have started investing heavily in various segments of the industry during the last few months. The industry has attracted Foreign Direct Investment (FDI) worth US\$ 24.62 billion between April 2000 and September 2020, according to the data released by Department for Promotion of Industry and Internal Trade (DPIIT).

Opportunities and Threats

- India is emerging as global hub for auto component sourcing
- Relative to competitors, India is geographically closer to key automotive markets like the Middle East & Europe
- In December 2018 India pitched to boost its exports in auto components in the market of China.
- In September 2015, Automotive Mission Plan 2016-26 was unveiled which targets a fourfold growth for the sector
- Strong support for R&D & product development by establishing NATRiP centers
- 100 per cent FDI allowed under automatic route for auto component sector
- In January 2019, The Government of India lowered the custom duty on import of parts and components of electric vehicles to 10- 15 per cent.

Auto component manufacturers are afraid of the government's aggressive plans for electric vehicles, and it seems this transition is not in harmony with the future goals of the industry. Usually, an internal combustion engine (ICE) of most of the cars works on more than 2,000 moving parts, but the engine of an electric vehicle doesn't require more than 20 similar parts/components.

Familiar with the imminent shift, many SMEs in the auto components industry are reluctant to invest in the electric vehicle expansion plans.

No doubt, an environment of fear is eclipsing the industry. But it is equally true that the industry is all set to become the third-largest in the world by 2025, and globalization is considered auspicious rather than a menace.

Despite this, a few of the industry players believe that the newer technology is apartheid to an age-old industry, which is still enjoying a growth momentum. They assume that once electric vehicles start replacing petrol/diesel based automobiles; there will be a sudden fall in the demand of auto components such as cylinder blocks, filters, transmitters, plugs, etc.

Government Initiatives

The Government of India's Automotive Mission Plan (AMP) 2006–2016 has come a long way in ensuring growth for the sector. Indian Automobile industry is expected to achieve a turnover of \$300 billion by the year 2026 and will grow at a rate of CAGR 15 per cent from its current revenue of \$74 billion.

In March 2021, the government announced to offer fresh incentives to companies making electric vehicles (EVs) as part of a broad auto sector scheme. The scheme is expected to attract US\$ 14 billion of investment in the next five years.

Government has come out with Automotive Mission Plan (AMP) 2016-26 which will help the automotive industry to grow and will benefit Indian economy in the following ways:

- Contribution of auto industry in the country's GDP will rise to over 12 per cent
- Around 65 million incremental number of direct and indirect jobs will be created

- End of life Policy will be implemented for old vehicles

Achievements

Following are the achievements of the government in the past four years:

- Production of two wheelers, passenger vehicles, commercial vehicles and three wheelers reached 21.03 million, 3.43 million, 0.75 million, and 1.13 million, respectively, in FY20.
- FAME - India Scheme formulated by Department of Heavy Industry, led to a continuous increase in registered OEMs and vehicle models. Also, the scheme enhanced the sales of EVs and about 261,507 electric/hybrid vehicles were supported under the scheme up to December 6, 2018. In February 2019, the Government approved FAME-II scheme with a fund requirement of ₹ 10,000 crores (US\$ 1.39 billion) for FY21-22.
- Under National Automotive Testing and research and development (R&D) Infrastructure Project (NATRiP), various facilities including passive safety labs comprising of crash core facility and crash instrumentations including dummies were established at ICAT-Manesar and ARAI-Pune.
- To give a fresh thrust to E-mobility in public transport, Department of Heavy Industry announced the launch of public and shared mobility based on electric powertrain.

Road Ahead

The role of industry bodies and the government could be a critical differentiator in the recovery of the automotive sector. For instance, the government could enhance cost effectiveness in automotive manufacturing by reducing logistics and energy costs. Meanwhile, industry bodies could build on scale by working with Export Promotion Councils to expand India's share in global exports. Sustaining the momentum on the ongoing policy shifts and investing in innovation could assure growth for the entire sector. While these have been testing times, the auto component industry could rebuild by catering to shifting mobility needs and consumer sentiment. Focusing on local manufacturing, investing in innovation and collaboration with the government and automotive industry bodies could

ensure that the segment emerges stronger and more resilient, ready to flourish in the next normal.

The rapidly globalizing world is opening up newer avenues for the transportation industry, especially while it makes a shift towards electric, electronic and hybrid cars, which are deemed more efficient, safe and reliable modes of transportation. Over the next decade, this will lead to newer verticals and opportunities for auto-component manufacturers, who would need to adapt to the change via systematic research and development. As per Automobile Component Manufacturers Association (ACMA) forecasts, automobile component exports from India are expected to reach US\$ 80 billion by 2026.

The Indian auto-components industry is set to become the third largest in the world by 2025. Indian auto-component makers are well positioned to benefit from the globalization of the sector as exports potential could be increased by up to US\$ 30 billion by 2022.

Product Wise Performance

All products of the Company come under single primary business segment i.e. Shock Absorber. Its variants are Front Forks, Rear Cushions, Struts and Gas Spring/Rear Door Lifters etc. Therefore, requirement for analyzing segment-wise or product wise performance does not arise.

Outlook

The auto component manufacturing industry in India is pegged at 3.5 lakh crore in FY 2018 and the industry is poised to grow 4 times by 2026. However, in the absence of a well-defined road map for the automobile industry, the future of the auto component segment looks bleak with disastrous consequences for many of the players. The industry will not witness growth if it continues to follow a business as usual scenario.

The possible transition of the automobile industry towards hybrids and electric vehicles will lead to disruption in the overall automotive market landscape which will also influence the product portfolios of auto component manufacturers. The alignment and the pace of this alignment to the anticipated new automotive landscape will be key for auto component manufacturers to stay relevant, survive disruption and grow over the next multiple years.

This alignment will see the rationalization of the product portfolio and even consolidation in different product segments in the auto component manufacturing space. Recent move of Bosch to hive off its starter and generator division to SEG indicates that the company anticipates pressure on the legacy components in the realm of adoption of new technology and also regulatory push to embrace stringent emission norms in the mobility sector.

Thousands of auto component makers and aftermarket, players risk shutting down in the next 8-10 years as they are ill-prepared for a future where new and disruptive technologies like electric vehicles and autonomous or self-driving cars take over the roads. As new ideas and technologies in the automobile sector come to the fore every day, the \$51 billion Indian auto component industry is waiting for the government or one of its agencies to draw up a detailed road map on the future of mobility. Unless there is some clarity on the automakers' technology play in India and the development of the ecosystem that goes along with it through some well-defined policies and notifications, both the auto and component makers will continue to live in a state of uncertainty.

Nearly 50% of the domestic auto component players are either making engine parts or the transmission drive, which will have no place in an electric car, which runs on batteries. There is also a question mark on the kind of batteries that will ultimately survive; whether it will be lithium-ion or something else will depend mostly on the cost of the battery and its safety features.

The CAF norms and BSVI implementation will further push automobile companies to embrace technology that restricts emission and this will pave way for newer technology like ISG and BSG that are likely to replace alternator and generator in the automobile. The mandatory requirement to enhance safety features and premiumization of mass selling cars will also lead to the migration of electrical architecture from 12V to 48V.

Risks and Concerns

Risk, which is the manifestation of business uncertainty affecting corporate performance and prospects, is an integral part of business. The Company follows a well-

defined and exhaustive risk management process, which is integrated with its operations. This enables the Company to identify, categorise and prioritise operational, financial and strategic business risks. To address the identified risks, the Company continues to spend significant time, effort and human resources to manage and mitigate such risks.

The global pandemic caused by the corona virus comes at time when both the Indian economy and the automotive industry were hoping for recovery. COVID-19 has impacted all stakeholders in the value chain who had experienced both short and medium term impact. This includes shortage of raw material, shifting of production to other countries, liquidity crunch to delays in availability of models, deferred launches and shrinkage in consumer demand.

The India automotive industry has already seen difficult past few quarters and this pandemic led lockdown couldn't have been more ill-timed. However, a planned and concerted response, both immediate and medium to long term will ensure a V shape recovery.

Imports share a significant share of our key inputs. This pandemic has led to disruption in supply chain management that may impact business goals of the Company. We have been engaged in exploring alternative vendors for key inputs and also focusing on exploring new opportunities in sales.

The Industry would need to focus on the following areas to be future-ready:

- Focus on R&D and Technology through M&As, JVs, and technical collaborations, both within component industry as well as software developers;
- Focus on addressing skill gap development through increased industry and academia interaction as well as investment in training and certifications;
- Inability to timely ramp-up production to meet market demand and planned growth;
- Loss of Customer Satisfaction and brand image due to quality issues;
- Supply Chain Disruptions;
- Rising fuel prices;

- Higher interest rates;
- Monsoon dependency.

The Company is taking all necessary measures in terms of mitigating the impact of challenges being resilient in order to sail through the current situation. It is focused on controlling the fixed costs, maintaining liquidity and closely monitoring the supply chain to ensure that the manufacturing facility operate smoothly.

The Company has a well-established risk management policy and procedures based on which risks are identified and assessed across its business units and operations. To manage and mitigate the risks, mitigation plans are embedded in the various initiatives that the management has already executed. These plans are reviewed periodically by the Risk Management Committee of the Company. For better mitigation of Risk, the Company has made a Risk Management Committee. The Committee periodically reviews the concerned risks. The Company reviews the effectiveness of the mitigation strategies and their implementation process.

Internal Control System and its Adequacy

Your Company maintains adequate internal control systems commensurate with the nature of its business and size and complexity of its operations. The Company has implemented a SAP ERP (Enterprise Resource Planning) system. The financial authority at various management levels is clearly defined in the delegation of powers. ANNEXURE-B TO THE BOARD'S REPORT

Corporate Governance Report

I. Report on Corporate Governance

The Directors have pleasure in presenting the Corporate Governance Report of Munjal Showa Limited ("the Company") for the year ended March 31, 2022.

Company's Philosophy on Corporate Governance

Corporate Governance is about commitment to values and ethical business conduct. We look upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term shareholders value creation. Good Corporate Governance is about enhancing value for all our stakeholders. The Company is committed to adopt best practices in Corporate Governance and disclosures thereunder. This includes its corporate structures, its culture, policies and the manner in which it deals with its various stakeholders. Timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the Company are an important part of Corporate Governance.

The Company believes that sound Corporate Governance is critical to enhance and retain investors' trust. This is demonstrated in shareholder returns, high credit ratings, governance processes and an entrepreneurial, performance focused work environment. Our customers have benefited from high quality products delivered at the most competitive prices. The basic ingredients of corporate governance require professionals to raise their competency and capability levels to meet the expectations in managing the enterprise and its resources effectively with the highest standards of ethics.

Governance Structure

Munjal Showa Limited's governance structure broadly comprises the Board of Directors, Key Managerial Personnel and the Committees of the Board at the apex

level and the Management structure at the operational level. The layered structure brings about a harmonious blend in governance as the Board sets the overall corporate objectives and gives direction and freedom to the Management to achieve these corporate objectives within a given framework, thereby bringing about an enabling environment for value creation through sustainable profitable growth. This attitude of Munjal Showa Limited has strengthened the bond of trust with its stakeholders including the society at large.

II. BOARD OF DIRECTORS

A. Composition of Board

The Board plays a pivotal role in ensuring that the Company runs on sound and ethical business practices and that its resources are utilized for creating sustainable growth and societal wealth. The Board operates within the framework of a well-defined responsibility matrix which enables it to discharge its fiduciary duties of safeguarding the interests of the Company, ensuring fairness in the decision-making process, integrity and transparency in the Company's dealing with its members and other stakeholders.

As on March 31, 2022, the Board of Directors of the Company consists of eight (8) Directors including 2 (Two) Executive Directors; 3 (three) Non-Executive Non-Independent Directors and 3 (three) Non-Executive Independent Directors. As per Regulation 17 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), since the Chairman of the Board is an Executive Director, half of the total strength of the Board should comprise of Independent Directors. As on March 31, 2022 the Company is having 3 Independent Directors on its Board instead of 4 Independent Directors due to resignation of

Ms. Geeta Anand as woman Non-Executive Independent Director on February 17, 2022 and cessation of Mr. Surinder Kumar Mehta as Non-Executive Independent Director due to death on February 22, 2022. The Board of Directors on recommendation of the Nomination and Remuneration Committee has since approved the appointment of Mrs. Kavita Venugopal as an Additional Director in the capacity of Independent Director w.e.f. May 17, 2022 to hold office for a term of five consecutive years, i.e. upto May 16, 2027, not liable to retire by rotation, subject to the approval of the shareholders at the ensuing Annual General Meeting. Further, the Board has also approved the change in category of Mr. Ashok Kumar Munjal from Non-Executive Director to Non-Executive Independent Director w.e.f. May 17, 2022 to hold office for a term of five consecutive years, i.e. upto May 16, 2027, not liable to retire by rotation, subject to the approval of the shareholders at the ensuing Annual General Meeting.

The Board has a pool of collective knowledge from various disciplines like Engineering, Finance, Taxation, Treasury, Business Management, Corporate Planning, etc. The Board has been constituted in a manner resulting in an appropriate composition of Executive, Non-Executive and Independent Directors. The Non-Executive Directors play an active role in the meetings of the Board and are associated with the various Board Committees. They also bring independent judgment in the Board's deliberations and decisions. The Board meets regularly and is responsible for the proper management of the Company. The Chairman of the Board is a Promoter & Executive Director.

The Board and its Committees formulate policy decisions, so as to lead and control the affairs of the Company. The Composition of the Board (after considering filling of casual vacancy of directors subsequent to year end within the time limit prescribed under the Companies Act, 2013 read with rules framed therein) is in conformity with the provisions of the Companies Act, 2013 ("the Act") and SEBI Listing Regulations.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Munjal Showa Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering financial year ended on 31st March, 2022 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; (Not applicable to the Company during the audit period)
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and

(Not applicable to the Company during the audit period)

- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not applicable to the Company during the audit period)
- vi) As confirmed and certified by the management, there is no Sectoral law specifically applicable to the Company based on the Sectors /Businesses.

We have also examined compliance with the applicable clauses/regulations of the following:

- (i) Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India;
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015 hereinafter referred to as "Listing Regulations" and Listing agreements entered into by the Company with National Stock Exchange of India Limited and BSE Limited;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except that a) the Company has held its First Board/Audit Committee Meeting dated June 23, 2021 (FY 2021-22) relating to Approval of Accounts within the extended time permitted by Ministry of Corporate Affairs vide General Circular No. 08/2021 dated May 3, 2021 extending the gap between Board meetings upto 180 days for first two quarter of FY 2021-22. However, the same was beyond the maximum permissible time gap of 120 days between any two meetings as per Regulation 17(2) and 18(2)(a) of Listing Regulations. The Company has informed us that it has made detailed representation vide email dated May 24, 2021 before SEBI for relaxation of maximum time gap between any two meetings of Board and Audit Committee due to severe COVID 19 Pandemic, for which no response was received. The above details were mentioned in Corporate Governance Report filed with stock exchanges, the National Stock of Exchange of India Limited vide its mail dated August 16, 2021 has sought details/explanation for reason of gap of more than 120 between Board/Audit Committee Meeting for which the Company had furnished clarification to NSE vide its letter dated August 17, 2021.

b) Form IEPF 2 relating to change in Nodal Officer was filed with delay of eight days.

We further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Woman Director. There were changes in the composition of the Board of Directors during the period under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes (during the year under review there were no instance recorded in the minutes where any director has dissented to any particular resolution).

We further report that based on review of compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by the KMP's and taken on record by the Board of Directors at their meeting(s), we are of the opinion that management has adequate systems and processes commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company had no specific events/actions that had a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

Independent Auditor's Report

To the Members of Munjal Showa Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Munjal Showa Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and

appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Corporate Governance, Management Discussion and Analysis and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true

and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a

reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as at March 31, 2022 taken on record by the Board of Directors, none of

the directors is disqualified as at March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 31(b) of the financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses - Refer Note 45 of the financial statements.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company - Refer Note 46 of the financial statements.

- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 40(e) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 41(f) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend proposed in the previous year, declared, and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.
- As stated in note 13 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend proposed is in accordance with section 123 of the Act, as applicable.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Munjal Showa Limited** ("the Company") as at March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all

material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment and capital work-in-progress.
- B. The Company is maintaining proper records showing full particulars of intangible assets.
- b) The Company has a program of verification of Property, Plant and Equipment and capital work-in-progress, so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies notes on verification does not arise.
- c) With respect to immovable properties disclosed in the financial statements included in Property, Plant and Equipment, according to the information and explanations given to us and based on the examination of the registered sale deed and conveyance deed provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date, except for the following:

Description of Property	As at Balance Sheet Date (₹ in Lakhs)	Held in the name of	Whether promoter, director or their relative or employee	Period held since	Reason for not being held in name of Company
	Gross Carrying Value				
Freehold land located at Manesar admeasuring 59,273 Sq. ft.	2,377.36	Haryana State Industrial and Infrastructure Development Corporation ('HSIIDC')	No	April 25, 2003	Registration is pending on account of some portion of land not being acquired by HSIIDC.

- (d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained in most of the cases and in respect of goods in transit, the goods have been received subsequent to the year end in most of the cases. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.

- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limit in excess of ₹ 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements comprising stock and book debt statements filed by the Company with such banks or financial institutions are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed.
- (iii) The Company has made investments in, granted loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:
- a) The Company has provided loans or advances in the nature of loans during the year and details of which are given below:

(₹ Lakhs)

	Loans or advances in the nature of loans
A. Aggregate amount granted / provided during the year:	
- Loan to Employees	320.65
- Loan to Vendors	1972.00
B. Balance outstanding as at balance sheet date in respect of above cases*:	
- Loan to Employees	384.12
- Loan to Vendors	695.00

*The amounts reported are at gross amounts, without considering provisions made of ₹ 62.31 lakhs.

The Company has not provided any guarantee or security to any entity during the year.

- b) The investments made and the terms and conditions of the grant of all the above-mentioned loans and advances in the nature of loans, during the year are, in our opinion, *prima facie*, not prejudicial to the Company's interest.
- c) In respect of loans granted and advances in the nature of loans provided by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments or receipts of principal amounts and interest have been regular as per stipulations except for the following:

Name of the entity	Nature	Amount (₹ Lakhs)	Due date	Extent of delay	Remarks
Emkay Automobiles Industries Limited	Loans against supply of goods	62.31	October 11, 2021	171 days	The amount due has been provided as doubtful loans and advances

- d) In respect of loans granted in iii(c) above provided by the Company, which have been overdue for more than 90 days at the balance sheet date, as explained to us, the Management has taken reasonable steps for recovery of the principal amounts and interest.
- e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

- f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.
- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has not been specified for the activities of the Company by the Central Government under section 148(1) of the Companies Act, 2013.
- (vii) (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities in all cases during the year.

Based on the operations of the Company, Sales Tax, Service Tax, duty of Excise, and Value Added Tax are not applicable to the Company during the year.

There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2022 on account of disputes are given below:

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.
- f) The Company has not raised any loans during the year and hence reporting on clause (ix)(f) of the Order is not applicable.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and draft of the internal audit reports issued after the balance sheet date, for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.
- (xxi) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (xxi) of the Order is not applicable,

Notes forming part of Financial Statements for the year ended March 31, 2022

1. CORPORATE INFORMATION

Munjal Showa Limited ('the Company') is a public company domiciled in India and has a registered office in Gurugram, India. The Company is incorporated under the provisions of the erstwhile Companies Act, 1956. The shares of the Company are listed on two stock exchanges in India i.e. National Stock Exchange (NSE) and Bombay Stock Exchange (BSE). It was established in 1985 as a result of technical and financial collaboration between Hero Group and Showa Corporation, Japan. On January 01, 2021 Hitachi Astemo Limited has been formed as new Company pursuant to the absorption merger of Showa Corporation, Japan, with Hitachi Automotive Systems Limited.

The Company operates as an ancillary and manufactures auto components for the two-wheeler and four-wheeler industry, primary products being front forks, shock absorbers, struts, gas springs and window balancers for sale in domestic market. The Company has three manufacturing locations, two in the state of Haryana and one in the state of Uttarakhand. These units are located at Gurugram, Manesar and Haridwar.

The financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorised for issue on May 30, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

i) Basis of preparation of financial statements

a) Statement of compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the relevant rules issued thereunder and other accounting principles generally accepted in India.

b) Accounting convention

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

c) Operating cycle

Based on the nature of products/ activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

ii) Foreign currencies

Functional and presentational currency

The Company's financial statements are presented in Indian Rupees (₹) which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash. All the financial information presented in ₹ has been rounded to the nearest lakhs (₹ 00,000), except when otherwise stated.

Transactions and Balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the Statement of Profit and Loss.

Notes forming part of Financial Statements for the year ended March 31, 2022

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or the Statement of Profit and Loss are also recognised in OCI or the Statement of Profit and Loss, respectively).

iii) Fair value measurement

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

iv) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash in hand & cash at banks and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Notes forming part of Financial Statements for the year ended March 31, 2022

For the purpose of the statement of cash flows, cash and cash equivalents, as defined above, net of outstanding bank overdrafts are considered an integral part of the Company's cash management.

v) Cash flow statement

Cash flows are reported using the indirect method, whereby profit/ (loss) before extraordinary items and tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

vi) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, discounts, sales incentives, goods & service tax and value added taxes.

The Company recognises revenue when the amount of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and degree of managerial involvement associated with ownership or effective control have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transactions and the specifics of each arrangement.

Sale of goods

Revenue is recognized for domestic and export sales of goods when the Company transfers control over such products to the custom on dispatch from the factory.

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

vii) Inventories

Inventories comprise raw materials, components, work-in-progress, finished goods, stock in trade, and stores and spares which are carried at lower of cost or net realizable value, while scrap is carried at its realizable value.

Cost of inventories comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories, other than finished goods and work-in-progress, is determined on a moving weighted average basis. Cost of finished goods and work-in-progress include the cost of materials determined on a moving weighted average basis and an appropriate portion of fixed overheads based on normal capacity and variable overheads based on actual capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value. The comparison of cost and net realisable value is made on an item-by item basis.

viii) Property, plant and equipment
Recognition and Measurement

Items of Property, plant and equipment (including furniture, fixtures, vehicles, etc.) held for use in the production or supply of goods or services, or for administrative purposes are measured at cost of acquisition *less* accumulated depreciation and/or accumulated impairment loss, if any. Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost comprises purchase price, non-refundable taxes, duties or levies, any other directly attributable cost of bringing the asset to its working condition for its intended use and the estimated costs of dismantling and removing the items and restoring the site on which they are located. Any trade discounts and rebates are deducted in arriving at the purchase price.

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent Costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting de-recognised. The cost for day-to-day servicing of property, plant and equipment are recognised in Statement of Profit and Loss as and when incurred.

Depreciation

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation on property, plant and equipment is charged on a pro-rata basis at the straight-line method over estimated useful lives of its property, plant and equipment which is generally in line with that provided in Part C of Schedule II to the Act.

The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. The Company has used the following rates to provide depreciation on its property, plant and equipment.

S. No.	Assets	Useful lives estimated by the management (years)
(i)	Factory Buildings	30
(ii)	Plant and machinery	2 to 15
(iii)	Furniture and fixtures	10
(iv)	Office equipment	5
(v)	Computers- Servers & networks	6
(vi)	Computers- End user devices	3
(vii)	Vehicles	6

Notes forming part of Financial Statements for the year ended March 31, 2022

The management has estimated, supported by independent assessment by technical experts, professionals, the useful lives of the following classes of assets:

- The useful lives of certain plant and equipment is estimated as ranging between 2 to 15 years, which is lower than those indicated in schedule II
- Vehicles are depreciated over the estimated useful lives of 6 years, which is lower than those indicated in schedule II.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted prospectively, if appropriate.

ix) Intangible assets

Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development cost, are not capitalised and the related expenditure is reflected in the Statement of Profit and Loss in the period in which the expenditure is incurred.

Amortisation and Useful lives

Intangible assets with finite lives are amortised over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset. Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value.

Amounts paid towards acquisition of designs and drawings is amortised on straight line basis over the period of expected future sales from the related product, which the management has determined to be 24 months based on past trends. Amortisation shall begin when the asset is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in a manner intended by management.

Costs relating to software, which are acquired, are capitalised and amortised on a straight line basis over the management's estimated useful life of 48 months.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss within other income/other expenditure when the asset is de-recognised.

Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale;
- Its intention to complete and its ability to use or sell the asset;

Notes forming part of Financial Statements for the year ended March 31, 2022

- How the asset will generate future economic benefits;
- The availability of resources to complete the asset;
- The ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost *less* any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

x) **Borrowing cost**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xi) **Leasing**

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts.

Company as a lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Notes forming part of Financial Statements for the year ended March 31, 2022

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

xii) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Warranties

The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise- being typically two to five years. The estimate of such warranty-related costs is revised annually.

xiii) Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Notes forming part of Financial Statements for the year ended March 31, 2022

xiv) Contingent assets

Contingent assets are disclosed in the financial statements only when an inflow of economic benefits is probable.

xv) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

a) Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Notes forming part of Financial Statements for the year ended March 31, 2022

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in the Statement of Profit and Loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in the Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights.

De-recognition of financial assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

b.) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by Company are classified as either financial liabilities or as' equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Notes forming part of Financial Statements for the year ended March 31, 2022

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' Line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

c.) Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts, option contracts, etc.

Embedded derivatives

Derivatives embedded in non-derivative host contracts that are not financial assets within the scope of Ind AS 109 are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

xvi) Equity share capital

Equity shares are classified as equity. Incremental costs directly attributable to the issuance of new shares are recognised as a deduction from equity, net of any tax effects

xvii) Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets, are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit ('CGU') is the greater of its value in use or its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or group of assets ('CGU').

Notes forming part of Financial Statements for the year ended March 31, 2022

The Company's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

An impairment loss is recognised, if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount and are recognised in Statement of Profit and Loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of goodwill, if any, allocated to the units and then to reduce the carrying amounts of the other assets in the unit (Company of units) on a pro rata basis.

Impairment losses recognised in prior periods are assessed at end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

xviii) Employee benefits

Short Term Employee Benefits

All employee benefits expected to be settled wholly within twelve months of rendering the service are classified as short-term employee benefits. When an employee has rendered service to the Company during an accounting period, the Company recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service as an expense unless another Ind AS requires or permits the inclusion of the benefits in the cost of an asset. Benefits such as salaries, wages and short-term compensated absences and bonus etc. are recognised in Statement of Profit and Loss in the period in which the employee renders the related service.

Defined Contribution Plan

Provident fund and superannuation fund

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards provident fund and superannuation fund which are defined contribution plans. The Company has no obligation, other than the contribution payable to the funds. The Company recognises contribution payable to the fund scheme in the Statement of Profit and Loss, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the prepayment will lead to, for example, a reduction in future payment or a cash refund.

Long term Employee benefits

Defined Benefit Plan

Gratuity

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; this benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The calculation of the

Notes forming part of Financial Statements for the year ended March 31, 2022

Company's obligation under this plan is performed annually by a qualified actuary using the projected unit credit method.

Re-measurements comprising of actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

All other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss as employee benefit expenses. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Curtailment gains and losses are accounted for as past service costs.

Compensated absences

The employees can carry forward a portion of the unutilized accrued compensated absences and utilise it in future service periods or receive cash compensation during termination of employment.

Compensated absence, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats compensated absences expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss.

xix) Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Notes forming part of Financial Statements for the year ended March 31, 2022

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

xx) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to the Statement of Profit and Loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

xxi) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(ii) Provision for contingency

The Company had received a show-cause notice from Haryana State Pollution Control Board ('HSPCB') in 2009-10 towards contamination of ground water caused due to higher concentration of chromium used by the Company as compared to the minimum expected level. Pursuant to the show cause notice, the management had submitted a time bound remediation plan as per which specified milestones. Further, the Company has filed petition before Hon'ble High Court of Punjab and Haryana., which gave the decision for transfer of the case to National Green Tribunal, New Delhi who disposed off our Appeal and directed the Chairman of the HSPCB to personally conduct an inquiry into the matter, fix responsibility and take action in accordance with law. Provision of ₹ 75 lakhs (March 31, 2021: ₹ 75 lakhs), over and above the amount already forfeited by HSPCB, had been retained towards any contingency, as per management's assessment of the costs to be incurred. Since, the further appeal period of 120 days available to HSPCB from date of order has not elapsed, the Company is carrying the provision of ₹ 75 lakhs.

28. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company accounting policies, which are described in note 2, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies:

(a) Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets, are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit ('CGU') is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets ('CGU').

Notes forming part of Financial Statements for the year ended March 31, 2022

The Company's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

(b) Useful life of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting date. As at March 31, 2022 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no change in the useful lives as compared to previous year.

(c) Provisions and contingent liabilities

On an ongoing basis, the Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements.

(d) Estimation of defined benefits and compensated absences

The present value of the gratuity and compensated absence obligations are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operating in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity and leave encashment obligations are given in Note 29."

(e) Provision for warranty

A provision is recognised for expected warranty claims on products sold during the latest five years (including current year) as per warranty period on respective models, based on past experience of level of repairs and returns. Assumption used to calculate the provision for warranties are based on current sales level and current information available about past returns based on the warranty period for all products sold.

29. Employee benefits

Defined Contribution Plans - General Description

The Company makes contribution towards employees' provident fund & superannuation fund. Under the schemes, the Company is required to contribute a specified percentage of payroll cost, as specified in the rules of the schemes to these defined contribution schemes. The Company has recognised ₹ 572.47 lakhs (2020-21: ₹ 550.81 lakhs) as an expense towards contribution to these plans.

Defined Benefit Plans - General Description
Gratuity:

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employees who have completed five years of service are entitled to specific benefit. The level of benefit provided depends on the member's length of service, salary and retirement age. The employee is entitled to a benefit equivalent to 15 days salary last drawn for each completed year of service with part thereof in excess of six months.

This is a funded benefit plan for qualifying employees. The Company makes contributions to LIC policy to cover the liability of the Company. The scheme provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment. Vesting occurs upon completion of five years of service.

These plans typically expose the Company to actuarial risks such as: investment risk, inherent interest rate risk, longevity risk and salary risk.

Investment Risk	The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Currently for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.
Interest Rate Risk	The defined benefit obligation calculation uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Longevity Risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	Higher than expected increase in salary will increase the defined benefit obligation.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2022 by Mr. K. K. Dharni (Membership no. 00051), Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost, were measured using the projected unit credit method.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the Balance Sheet for the respective plans:

The principle assumptions used in determining gratuity liability for the Company's plan are shown below:

	As at March 31, 2021	As at March 31, 2020
Discount rate (%)	7.22	6.80
Future salary increases (%)	7.50	7.50
Retirement Age (Years)	58.00	58.00
Withdrawal rate		
Up to 30 years	3%	3%
From 31 to 44 years	2%	2%
Above 44 years	1%	1%
Mortality rate	100% of IALM (2012-14)	100% of IALM (2012-14)

The Company makes annual contribution to Life Insurance Corporation (LIC). As LIC does not disclose the composition of its portfolio investments, break-down of plan investments by investment type is not available to disclose.

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonable possible changes of the respective assumptions occurring at the end of the year, while holding all other assumptions constant.

- If the discount rate is 50 basis points higher/ (lower), the defined benefit obligation would decrease by ₹ 98.41 lakhs (increase by ₹ 106.19 lakhs) [as at March 31, 2021: decrease by ₹ 106.50 lakhs (increase by ₹ 115.08 lakhs)].
- If the expected salary growth increases (decreases) by 50 basis points, the defined benefit obligation would increase by ₹ 105.39 lakhs (decrease by ₹ 98.60 lakhs) [as at March 31, 2021: increase by ₹ 113.75 lakhs (decrease by ₹ 106.31 lakhs)]

Sensitivities due to change in mortality rate and change in withdrawal rate are not material and hence impact of such change is not calculated.

Sensitivity Analysis

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of reporting period, which is same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet.

36.2 Fair value measurements

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

“The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:
 Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of quoted debentures and open-ended mutual funds
 Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
 Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The fair value of the financial assets and financial liabilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between the market participants. The following methods and assumptions were used to estimate the fair values:

- Investments traded in active markets are determined by reference to quotes from the financial institutions; for example: Net asset value (NAV) for investments in open-ended mutual funds declared by mutual fund house, quoted price of equity shares in the stock exchange etc.
- The fair value of debenture is based on direct market observable inputs.
- Trade receivables, cash & cash equivalents, other bank balances, loans, other current financial assets, trade payables and other current financial liabilities: Approximate their carrying amounts largely due to short-term maturities of these instruments.
- Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

36.3 Financial risk management objectives

The Company's senior management monitors and manages the financial risks relating to the operations of the Company. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Company seeks to minimise the effects of these risks by using diversification of investments, credit limit to exposures, etc., to hedge risk exposures. The use of financial instruments is governed by the Company's policies on foreign exchange risk and the investment. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates risk/ liquidity which impact returns on investments. The Company enters into derivative financial instruments to manage its exposure to foreign currency risk including import payables. Future specific market movements cannot be normally predicted with reasonable accuracy. Market risk exposures are measured using sensitivity analysis.

Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies and consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts. The counter party for these contracts is generally a bank, however there are no outstanding forward exchange contracts at year end.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in profit or equity where the ₹ strengthens (+)/(-) 5% against the relevant currency. For a 5% weakening of the ₹ against the relevant currency, there would be a comparable impact on the profit or equity, and the balances below would be positive or negative.

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. Trade receivables balance at the end of the year includes ₹ 13,837.17 lakhs (March 31, 2021: ₹ 17,071.24 Lakhs) due from the Company's largest customer, which is creditworthy and Company doesn't have any past history of any losses on account of credit risk. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company. Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in debt instruments/ bonds, trade receivables, loans and advances and derivative financial instruments. None of the financial instruments of the Company result in material concentrations of credit risks.

Balances with banks were not past due or impaired as at the year end. In other financial assets that are not past dues and not impaired, there were no indication of default in repayment as at the year end.

The age analysis of trade receivables as of the balance sheet date have been considered from the due date and disclosed in the note no. 9 above.

The Company has used a practical expedient by computing the expected loss allowance for financial assets based on historical credit loss experience and adjustments for forward looking information.

Other price risks including interest rate risk

The Company has deployed its surplus funds into various financial instruments including units of mutual funds, debentures, etc. The Company is exposed to NAV (net asset value) price risks arising from investments in these funds. The value of these investments is impacted by movements in interest rates, liquidity and credit quality of underlying securities.

NAV price sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to NAV price risks at the end of the reporting period. If NAV prices had been 1% higher/lower:

- profit for the year ended March 31, 2022 would increase/decrease by ₹ 300.80 lakhs (for the year ended March 31, 2021: increase/decrease by ₹ ₹ 280.17 lakhs).

Liquidity risk

Liquidity risk represents the inability of the Company to meet its financial obligations within stipulated time. To mitigate this risk, the Company maintains sufficient liquidity by way of readily convertible instruments and working capital limits from banks. The company has a sanctioned Cash credit limits of ₹ 3000 Lakhs (March 31, 2021 : ₹ 2530 Lakhs) which remained unutilised as at March 31, 2022.

Maturity profile of financial liabilities:

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date.

Notes:

- i. The net profit/ earnings has reduced in comparison to last financial year, due to reduced margins on the finished product mainly on account of one of the major component now being procured in finished state instead of earlier being procured in raw state and then processed inhouse by the Company. This has led to unabsorbed fixed costs in relation to this major component i.e. cost towards under utilised manpower. This has resulted in higher consumption costs and lower gross profit margin of the Company. The Company is taking appropriate corrective actions in this regard.
