Your Company has earned a revenue of Rs.3 Crore on standalone basis and earned a revenue of Rs.1110.96 Crore on consolidated basis, during the financial year 2020-21. The Major consolidated revenue to the Company come from nexG Devices Private Limited, one of its subsidiary company which is engaged into the trading business of mobile handsets in India.

nexG Devices, has rich experience in procurement and distribution of Mobile Handsets of various brands. nexG Devices has distribution arrangement with various brands for distribution and marketing of handsets in the Indian markets. It has marketing offices and warehouses located at various cities in India and over a period of time it has established a nationwide network to handle the distribution business all over India.

With the launch of 4G services, mainly by Reliance Jio, this market has expanded very fast and is going to expand manifold in future as well and will have more opportunities for nexG Devices, having a strong presence with warehouses across the Country.

nexG Devices is currently doing business with VIVO, TECNO and ITEL mobile brands to distribute mobile handsets to LFRs (Large Format Retail outlets) across the Country. nexG Devices has also entered in Audio segment and is doing business with HARMAN for distribution of its brand "Infinity" in general trade.

As per CMR estimates, driven by lockdown restrictions across Indian states, the smartphone market will face a significant growth challenge in Q2 2021 and beyond.

The liquidity position has been impacted due to pandemic of Covid -19 but is in the nature of short term and will not impact Company's ability to service its debts and other financial arrangements.
