## **Schaeffler showcases Advanced Fuel Cell, Clutch, Transmission Systems, and lifetime solutions at SIAT Expo 2024**

PUNE | January 24, 2024 | Schaeffler India Limited (BSE: 505790, NSE: SCHAEFFLER), the motion technology company, participates in the 18<sup>TH</sup> edition of the SIAT Expo, scheduled from January 23-25, 2024, in Pune, India. The company showcases its latest advancements in fuel cell and clutch, transmission systems and lifetime solutions, highlighting its commitment to sustainable and efficient mobility solutions.

SIAT Expo 2024, themed “Transformation Towards Progressive Mobility serves as a premier platform for showcasing the latest advancements in automotive technology. Schaeffler India stands among the leading exhibitors, presenting innovative solutions that address key challenges in the automotive industry, including emissions reduction and improved fuel efficiency.

Aashish Bhatia, President Automotive Technologies, Schaeffler India, states, "We are pleased to present our solutions in fuel cell, clutch, and transmission systems at SIAT Expo 2024. Our goal is to push the boundaries of efficiency and sustainability, and these technologies showcase our unwavering commitment to achieving both. From clean-burning fuel cells to intelligent transmission systems, we deliver solutions that pave the way for a cleaner and more efficient future for mobility."

Schaeffler’s key highlights at SIAT Expo 2024 includes:

- Fuel cell systems: Schaeffler showcases its latest fuel cell technologies, which offer a clean and efficient alternative to traditional internal combustion engines. The company’s fuel cell systems are designed for a variety of applications, including passenger cars, commercial vehicles, and buses.
- Clutch and transmission systems: Schaeffler showcases advanced clutch and transmission systems, which are designed to improve fuel efficiency and performance. The company’s products include a variety of innovative technologies, such as dual-clutch transmissions and automated manual transmissions.
- Schaeffler Lifetime Solutions: Schaeffler Lifetime Solutions offers a comprehensive range of industrial maintenance products, services, and

solutions for machines, covering various industries. It is specifically designed to keep workshops and plants running smoothly throughout their lifetime.

Schaeffler’s participation in SIAT Expo 2024 underscores the company’s commitment to the Indian automotive market. The company has been operating in India for over 50 years and is a leading supplier of automotive components to major OEMs. Schaeffler is also committed to sustainability and is working to reduce its environmental impact.

### Schaeffler Group – We pioneer motion.

The Schaeffler Group has been driving forward groundbreaking inventions and developments in the field of motion technology for over 75 years. With innovative technologies, products, and services for electric mobility, CO<sub>2</sub>-efficient drives, chassis solutions, Industry 4.0, digitalization, and renewable energies, the company is a reliable partner for making motion more efficient, intelligent, and sustainable – over the entire life cycle. The motion technology company manufactures high-precision components and systems for drive train and chassis applications as well as rolling and plain bearing solutions for a large number of industrial applications. The Schaeffler Group generated sales of EUR 15.8 billion in 2022. With around 84,000 employees, the Schaeffler Group is one of the world’s largest family-owned companies.
