Franklin Templeton MF's six shut schemes generate ₹15,272 crore

The fund house had shut six debt mutual fund schemes on April 23 last year, citing redemption pressures and lack of liquidity in the bond market

PRESS TRUST OF INDIA
New Delhi, March 17

FRANKLIN TEMPLETON MUTUAL FUND has said its six shut schemes have received ₹15,272 crore from maturities, coupons and pre-payments since closing down in April 2020.

The fund house had shut six

debt mutual fund schemes on April 23 last year, citing redemption pressures and lack of liquidity in the bond market.

The schemes -- Franklin India Low Duration Fund, Franklin India Dynamic Accrual Fund, Franklin India Credit Risk Fund, Franklin India Short Term Income Plan, Franklin India Ultra Short

Bond Fund, and Franklin India Income Opportunities Fund -- together had an estimated ₹25,000 crore as AUM.

"The six schemes have received total cash flows of ₹15,272 crore till March 15, 2021, from maturities, coupons and prepayments since winding up," the fund house said in a statement.

Over the latest fortnight ended March 15 this year, these schemes received ₹224 crore. It, further, said net asset value (NAVs) of all the six schemes were higher as of March 15 this year, vis-a-vis their respective NAVs on April 23, 2020, the

date on which the winding-up decision was taken.

Franklin Templeton MF said the court-appointed liquidator, SBI Funds Management, is in the process of preparing to liquidate the schemes and distribute proceeds to unitholders at the earliest opportunity.

SBI Funds Management, with support from Franklin Templeton, has finalised the standard operating procedure (SOP) to monetise assets of the schemes under winding up and distribute the proceeds and has filed the SOP with the Supreme Court.

It anticipates that SBI Funds Management will commence active monetisation very shortly.

"Our focus remains on liquidating the portfolio and returning monies at the earliest while preserving value. We will provide SBI Funds Management with all possible assistance and cooperation with respect to the liquidation of the holdings," Franklin Templeton MF said.

The fund house said that cash available for distribution in the five cash positive schemes stands at ₹1,370 crore as of March 15, 2021.

Benchmarks recoil for 4th day ahead of Fed decision

PRESS TRUST OF INDIA
Mumbai, March 17

EQUITY INDICES WILTED under selling pressure for the fourth straight session on Wednesday, weighed by selling in RIL and banking stocks, amid lacklustre trade in global markets ahead of the US Federal Reserve's policy decision.

A flat rupee and rising Covid-19 cases in multiple states also sapped risk appetite, traders said.

After a volatile session, the 30-share BSE Sensex ended 562.34 points or 1.12% lower at 49,801.62.

Investors lose over ₹5.55L cr in four days

INVESTORS HAVE lost over ₹5.55 lakh crore in four days of declines in the domestic equity markets. The market capitalisation of BSE-listed companies has tanked by ₹5,55,400.52 crore in four days to reach ₹2,03,71,252.94 crore. — PTI

Similarly, the broader NSE Nifty slumped 189.15 points or 1.27% to finish at 14,721.30.

ONGC was the top loser in the Sensex pack, declining 4.95 per cent, followed by NTPC, Sun Pharma, SBI, IndusInd Bank, Reliance Industries, Bajaj Auto and Dr Reddy's.

Only four index components finished with gains -- ITC, Infosys, TCS and HDFC, climbing up to 1.20%.

"Indian market remained in negative territory as investors traded cautiously ahead of the US Fed meeting coupled with a resurgence in Covid cases. Adding to that, the rise in inter-

national crude prices is also dragging the Indian market.

"Global markets also displayed a weak opening as it awaits the final decision of the FOMC meeting today, which will decide the trend of the market in the short-term. On a consensus basis, an accommodative policy is expected by Fed, which will help the global market to stabilise," said Vinod Nair, Head of Research at Geojit Financial Services.

All BSE sectoral indices closed in the red, with oil and gas, power, realty, energy, utilities, industrials and capital goods indices shedding up to 3.22%.

India's sugar output rises 20% till March 15

FE BUREAU
Lucknow, March 17

INDIA'S SUGAR PRODUCTION rose by 20% to 258.68 lakh tonne till March 15 on higher cane production, industry body Isma said on Wednesday. The production in the corresponding period in the previous marketing year stood at 216.13 lakh tonne.

The rise in the country's output is mainly driven by a spectacular 68% increase in performance by sugar mills in Maharashtra. During the period, 188 mills in the state produced 94.05 lakh tonne compared to 55.85 lakh tonne in the year-ago period. In the current crushing season, 48 sugar mills in the state have closed against 56 mills that had closed by this time last year.

In Uttar Pradesh, where 120 sugar mills were in operation during the season, production has gone down slightly. While 87.16 lakh tonne sugar was produced last year, 84.25 lakh tonne has been produced so far this year. Of the 120 mills, 18 mills have closed operations for the season.

Sugar production in Karnataka, has also increased to 41.35 lakh tonne from 33.35 lakh tonne. Out of the 66 sugar mills, 62 mills have already closed their operations in the state and only 4 mills are in operation.

Gujarat's 15 mills, too, have clocked an increased production during the period. The 15 sugar mills in the state have together produced 8.49 lakh tonne of sugar till 15th March 2021 as against 7.78 lakh tonne of sugar produced last year.

During the 2020-21 sugar season, 502 sugar mills in the country were in operations as against 457 mills which operated last year. Of these 502 mills, 331 are still crushing cane while 171 had stopped crushing. During the previous sugar season, 319 were in operation while 138 mills stopped crushing in the same period.

On the ethanol front, sugar mills have already supplied 80.10 crore litres of ethanol till March 8, against the total contracted quantity of 325.53 crore litres. While the country's average blending has reached 7% for the first time, states like Uttar Pradesh, Maharashtra, Karnataka, Uttarakhand and Bihar have achieved a blending percentage of upto 10%.

Regarding sugar exports, the industry body said "as per market reports, against a total export quota of 60 lakh tonne, around 43 lakh tonne of exports have already been signed".

POST OFFER ADVERTISEMENT UNDER REGULATION 18(12) OF THE SECURITIES AND EXCHANGE BOARD OF INDIA (SUBSTANTIAL ACQUISITION OF SHARES AND TAKEOVERS) REGULATIONS, 2011, AS AMENDED ("SEBI (SAST) REGULATIONS, 2011") WITH RESPECT TO THE OPEN OFFER TO THE PUBLIC SHAREHOLDERS OF
