- j. The existence of independent companies at times result in duplication of efforts and the integration and combination of such businesses will lead to greater and optimal utilization of resources. The amalgamation would, therefore, enable the Transferee Company to increase operations and confer a competitive advantage on the entire business. With integrated processes, the Transferee Company can achieve higher scales of operation.
- j. Greater integration and greater financial strength and flexibility for the amalgamated entity, which would result in maximizing overall shareholder value, and will improve the competitive position of the combined entity.
- k. Better efficiency in cash management of the amalgamated entity, and unfettered access to cash-flow generated by the combined business which can be deployed more efficiently to fund organic and inorganic growth opportunities, to maximize shareholder value.
- l. The amalgamated company will have the benefit of synergy, optimum use of manpower for executing and management of various projects, expertise, and stability of operations and would help to achieve economies of scale through efficient utilization of resources and facilities.
- m. Pursuant to the implementation of the Scheme, the objects of the Transferor Company and the Transferee Company can be conveniently, advantageously and economically carried on by a single entity.
- n. The restructuring proposed under the Scheme will not affect the normal business operations of the Transferee Company, but would improve the same.
- o. To achieve the desired objectives, a Scheme of Arrangement and Amalgamation has been arrived at by the Board of Directors of the aforesaid companies and it has been decided to make the requisite application before the Hon'ble National company Law Tribunal Mumbai bench, Mumbai under Sections 230 to 232 read along with Section 66 of the Companies Act, 2013 for the sanction of the following Scheme of Arrangement and Amalgamation (hereinafter referred to as the 'Scheme') of the aforesaid companies.

Due to heavy losses incurred by the Company during last few years, the capital of the company has been eroded and the net worth has become negative.

The promoter of the Company planned strategy to revive the Company with the financial help of Business associates.

The Board of Directors of the Company propose to reduce share capital in accordance with Section 66 of the Companies Act, 2013 to reflect its assets and liabilities at their real value and maximize its business value.

4.2 Broadly, the objectives of the financial restructuring are as under:

- a. Continuous losses have substantially wiped off the value represented by the Capital, reserves and surplus and accordingly the financial statements do not reflect the correct picture of the health of the Company.
- b. For ensuring that the financial statements of the Company reflect the real picture and the Capital, reserves and surpluses which are lost are not continued to be shown on the face of balance sheet, it is necessary to carry out reduction of capital of the Company.
- c. Since writing off losses has become inevitable for growth of the Company and its shareholders, the Company is now proposing to undertake a financial restructuring exercise whereby the Company would create a "Capital Restructuring Account" from its paid up Equity Share capital whereby the Company would write off Part off its debit balance of Profit and Loss Account.
- d. The reduction of capital in the manner proposed would enable the Company to have a rational capital structure which is commensurate with its remaining business and assets.
- e. The financial restructuring will help the Company to reflect better its operational efficiency, improvements in the future years and reflect the true shareholder value. Further, there would be a positive impact on the various key financial ratios such as Net Profit Margin, Return on Capital Employed, and Return on Net worth etc.
- f. The restructuring will also not cause any prejudice to the creditors of the Company. For the sake of clarity, it is specified that the reduction in Share Capital does not involve either the diminution of any liability in respect of any unpaid capital or the payment to any shareholder of any paid-up capital nor is any call being waived. The Creditors of the Company are in no way affected by the proposed restructuring by way of the reduction of capital as there is no reduction in the amount payable to any of the creditors, no compromise or arrangement is contemplated with the creditors. Further, the proposed adjustment would not in any way adversely affect the ordinary operations of the Company or the ability of the Company to honour its commitments or to pay its debts in the ordinary course of business.
- g. There is no cash outflow from the Company.
- h. Hence, the proposed reduction will be for the benefit of the Company and its shareholders, creditors and all concerned as a whole.
- i. Accordingly, the Board of Directors of the Company at their meeting held on 31st December, 2018 has considered necessary to carry out financial restructuring so as to show a true and fair view of the Balance sheet and operate with a leaner base Balance Sheet.
