JBM CITYLIFE 'Low Floor Air-Conditioned' city buses flagged off by Shri. Arvind Kejriwal, Hon'ble Chief Minister of Delhi

- 100 Low Floor CNG AC buses rolled out by Transport Department, Govt. of Delhi under the cluster scheme
- Dedicated pink colour seats have been provisioned for women passengers in these buses
- Also present on the occasion were Shri. Kailash Gahlot, Hon'ble Minister of Transport, Govt. of NCT Delhi; Shri. M. Ramshekar, MD & CEO, DIMTS; Shri. Nishant Arya, Executive Director, JBM Group

New Delhi, 6 March 2020: 100 low floor air-conditioned CNG JBM CITYLIFE city buses were flagged off today from the Rajghat Bus Depot by Shri. Arvind Kejriwal, Hon'ble Chief Minister of Delhi. This low floor CNG AC bus service has been rolled out under the cluster scheme for the first time in New Delhi and will be in service today onwards. The Transport Department, Govt. of Delhi will be rolling out a total of 400 such buses in various phases across the city.

These buses manufactured by JBM Auto Ltd. run on Compressed Natural Gas (CNG) and are equipped with all modern features like Real Time Passenger Information System (PIS), Panic Buttons for emergency, Automatic Bus Vehicle Location System, CCTV cameras, public address system, Stop request buttons, wheel chair ramp to name a few. Dedicated pink colour seats have been provisioned for women passengers in these buses.

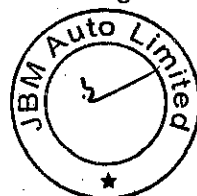

Safety Features of the JBM CITYLIFE bus:

- Live camera, centrally monitored system
- Passenger Information System (PIS) connected to GPS
- Fire extinguisher in bus
- CCTV Cameras
- Electro-pneumatic controlled passenger doors
- Fire Detection & Suppression System
- Emergency Exit Windows
- Panic buttons

Convenience Features:

- One-step entry
- Mobile charging facility for passengers
- Stop Request Button for passengers
- Public announcement system
- Wheelchair ramp
- Ergonomically designed dashboard for driver comfort
- Cantilever mounted seats facilitating more storage space
- Dedicated Pink color seats for women

Real Time Passenger Information System shall keep the location of the bus updated for the passengers travelling in the bus. Safety features such as CCTV cameras have been installed inside the bus that will aid in uninterrupted surveillance of activities inside the buses. Passengers can use the stop request button to alert the driver to stop the bus at the upcoming bus stop. The buses have 36 seats (9 reserved exclusively for women passengers) with provision of a dedicated space for a wheelchair bound passenger. The bus design also facilitates more head room for standing passengers in the rear part of the bus.

JBM CITYLIFE bus incorporates other utility features such as Vehicle Health Monitoring System, Fire Detection & Suppression System, public address system and kneeling mechanism, wherein the bus kneels 60mm towards the passengers' door side to facilitate boarding and de-boarding of senior citizens, children and the specially abled. For drivers, the ergonomically designed dashboard provides an intuitive and user-friendly system that allows drivers to concentrate on driving without distractions, which make it a truly global product.

JBM CITYLIFE buses are the first ever low floor buses rolled out by Transport Department, Govt. of Delhi till date. The CITYLIFE buses have been successfully plying in Gurugram, Noida and Greater Noida for over 2 years now and are also in operation at the Delhi International airport. Much in line with this ongoing momentum, the Govt. of NCT Delhi has been aggressively looking at avenues and solutions to incorporate convenient and safe public transportation system in the city.

About JBM Auto Ltd.

The bus division of JBM Auto Ltd., the flagship company of the multi-billion-dollar JBM Group, has been a pioneer in bringing products that have been significantly ahead of the prevailing practices and solutions. JBM aims at provisioning high quality, convenient and sustainable public mobility solutions in India. JBM buses are built with leading cutting-edge technology providing the highest levels of comfort and safety with first in class features. Moreover, JBM buses are committed to combining fuel efficiency with utility and performance using Green & effective technology, thereby reducing the carbon footprint in the overall environment. CITYLIFE, India's first true low floor bus, the first product from the JBM stable in 2014 brought in various features and aggregates that were introduced first time in the city bus segment in India. The company's manufacturing facilities are in Faridabad (Haryana) and Kosi (Uttar Pradesh) with an annual installed capacity of 2000 buses. JBM Auto brings to the table stringent quality standards, domain know-how and has a proven track record in manufacturing of key auto systems & assemblies of over 3 decades in India.
