- World Health Organisation (WHO) declared outbreak of Coronavirus Disease (COVID-19) a global pandemic on March 11, 2020. Consequently to this, Government of India declared lockdown on March 23, 2020 and the Group temporarily suspended the operations in all the units of the Group in compliance with the lockdown instructions issued by the Central and State Governments. COVID-19 has substantially impacted the normal business operations of the Group by way of interruption in production, supply chain disruption, unavailability of personnel, closure/lock down of production facilities etc. during the lock-down period which has been extended till May 17, 2020. Production and supply of goods has commenced at various dates during the month of May 2020 and in a staggered manner at some of the manufacturing locations of the Group after obtaining permissions from the appropriate government authorities. The Group has made detailed assessment of its liquidity position for the next 12 months including unutilised sanctioned credit limits and avenues to raise new funds / refinancing, recoverability of its assets comprising of property, plant and equipment, intangible assets, right of use assets, investments, inventories and trade receivables. Based on current indicators of future economic conditions and estimates made by the Management of the Group, the Group expects to recover the carrying amount of these assets. It expects short term challenges in operating environment and has undertaken various cost containment initiatives which will yield results in medium to long term. At this time, the Group expects to attain the pre-covid levels of performance in 3-6 months.

The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 on revenue from operations, profitability recover ability of investments and account receivables. The outcome of the same may be different from that estimated as at the date of approval of these financial results. The Group has assessed the impact of the COVID-19 on its operations & profitability and recover ability of investments and account receivables and expects to recover faster compared to the estimates made for the current financial year.

As a result of lockdown the volumes for the current quarter and half year is impacted. Revenue from operations and profitability have decreased due to COVID-19 related market volatility. Therefore, financial results for quarter and half year ended September 30, 2020 are not comparable to previous corresponding period results.

- At the time of transition to Indian Accounting Standards (IND AS) with effect from 1 April 2015, the Parent Company had recognised fair value of its land parcels in its books of accounts and recognised deferred tax liability on such fair Valued Land as company expected sale of such land parcels on a piecemeal basis, delinked from the business. During the current quarter, the Parent Company has reassessed the expected manner of recovery of the carrying value of all land parcels and has now determined that a number of such land parcels would not be delinked from the business as they either form an integral part of the business operations or are proximate to the factory premises. Consequently, the Parent Company currently expects that in the event of disposal of most of the land parcels in future, these would only be disposed off along with the business and in a slump sale arrangement thereby resulting in no temporary difference between the accounting position and position as per tax laws upon such future disposal. Accordingly, the Parent Company has reversed deferred tax liability amounting to ₹ 65.62 crores pertaining to such land parcels in the Statement of Profit and loss during the current quarter.
- The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Indian Parliament approval and Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.
