CHAIRMAN'S WORDS

**" I TRUST ACTIONS NOT
WORDS"**

- SANJEEV BHATIA

Dear Shareholder,

I am glad to state that not only did we prove our resilience in dealing with the fallout of the pandemic, but also continued to strongly move forward on our transformational journey and delivered a remarkable turnaround on our performance at every level, making this one of the best years in the history of your Company. The company meanwhile, bolstered its management team, simplified its organization, strengthened its business processes and invested its time to improve the Inventory Management system.

The company was able to witness a growth in Sales in FY2022 compared to FY2021. The company's growth fundamentals have remained intact too with gains in penetration & distribution, with brand awareness establishing across Gujarat with our multi-product outlets. The reason why we plan to expand further in other Appliances and consumer electronics (ACE) sector is because the sector is underpenetrated especially in Tier-II cities and Tier-III cities in the suburbs and village area of the Gujarat. Along with this, there is a lot of scope for growth from the rural market consumption as well as the demand for durables like refrigerators and other consumer electronic goods are likely to witness an increase in the coming years, as the Government plans to invest significantly in rural electrification.

The total number of multi-product outlets across South Gujarat, increasing conversion rate & revenue per square feet for the company. All of these stores are owned by the company and because of this, the company has been able to clock a revenue of INR 2517 million in this financial year.

Hereby, on behalf of the company, I would like to thank each and every employee as well as those working with our partners across our value chain for their commitment and service to Bhatia Communications and Retail (India) Limited in these challenging times. I would also like to thank our Business Channel Partners which has contributed significantly to the growth of the company. Most importantly, I would like to thank you, our shareholders, for your overwhelming trust, support and confidence in Bhatia Communications and Retail (India) Limited.

Best regards,

Industry Structure and Developments

Global Economic Scenario

The war in Ukraine has triggered a costly humanitarian crisis that demands a peaceful resolution. At the same time, economic damage from the conflict will contribute to a significant slowdown in global growth in 2022 and add to inflation. Fuel and food prices have increased rapidly, hitting vulnerable populations in low-income countries hardest. Global growth is projected to slow from an estimated 6.1 percent in 2021 to 3.6 percent in 2022 and 2023. This is 0.8 and 0.2 percentage points lower for 2022 and 2023 than projected in January. Beyond 2023, global growth is forecast to decline to about 3.3 percent over the medium term. War-induced commodity price increases and broadening price pressures have led to 2022 inflation projections of 5.7 percent in advanced economies and 8.7 percent in emerging market and developing economies—1.8 and 2.8 percentage points higher than projected last January. Multilateral efforts to respond to the humanitarian crisis, prevent further economic fragmentation, maintain global liquidity, manage debt distress, tackle climate change, and end the pandemic are essential.

Source: World Economic Outlook

Global growth is expected to moderate from 5.9 in 2021 to 4.4 percent in 2022—half a percentage point lower for 2022 than in the October World Economic Outlook (WEO), largely reflecting forecast markdowns in the two largest economies. A revised assumption removing the Build Back Better fiscal policy package from the baseline, earlier withdrawal of monetary accommodation, and continued supply shortages produced a downward 1.2 percentage-points revision for the United States. In China, pandemic-induced disruptions related to the zero-tolerance COVID-19 policy and protracted financial stress among property developers have induced a 0.8 percentage-point downgrade. Global growth is expected to slow to 3.8 percent in 2023.

Indian Economic Scenario

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

After the second infection wave that peaked in May, the recovery is gaining momentum and GDP is projected to grow at 9.4% in fiscal year FY 2021-22 before reverting to 8.1% in FY 2022-23 and 5½ per cent in FY 2023-24. Inflation has remained close to the upper band of the Reserve Bank of India (RBI), but should ebb as supply chain disruptions are overcome. Financial markets remain strong and capital inflows support the build-up in reserves.

Industry Outlook and Trends

India provides a worldwide opportunity for short to medium-term growth in consumer electronics spending. Minimal penetration rates, as against other upcoming markets, portray a better prospect to sell to first-time buying households, along with replacement devices to the middle class.

Growth in the Indian market for consumer electronics can be attributed to an increase in demand from households, changing lifestyles of individuals, easier access to credit, and rising disposable incomes. Intentional reduction by the Government in the import bill, coupled with government and corporate spending, is anticipated to complement the positive demand in this market. The India consumer electronics sector has attracted several strong investments in the form of merger & acquisition policies practiced by key participants of the global market and other FDI inflows.

High production in the Indian electronics market can be attributed to paced-up demand for advanced computers, mobile phones, TVs, and defense-related electronics. The situation in this market mandates manufacturers to keep themselves updated with the latest technology since it is eye-catching to typical consumers, and technological features play an apex role while selling to higher-income classes. The consumer electronics sector has acquired the largest share in the total production of electronic goods in India.

Smartphone Market

The smartphones segment held the largest revenue share of over 30.0% in 2021. Increased disposable income, the development of telecom infrastructure, the appearance of budget-friendly smartphones, and a rising number of product launches are all contributing to the smartphone market's rise in India. In addition, the desire for high-speed data connectivity for integrated IoT (Internet of Things) applications like energy management and smart home devices is expected to drive 5G smartphone adoption.

Supply constraints have caused Indian smartphone shipments to decline 1 per cent year-on-year (YoY) to reach over 38 million units in the first quarter of 2022, according to Counterpoint Research's Market Monitor. Supply constraints due to the ongoing component shortages and demand decline during the third COVID-19 wave led to this decline.

India's smartphone market registered its first ever Q1 decline in Q1 2022. The quarter started on a slower note due to the third COVID-19 wave. However, demand picked up in the fourth week of January. The component issues were a major reason for this decline and affected almost all the brands. OEMs are adopting various strategies to tackle the supply issues, such as expanding the supplier portfolio and increasing local sourcing. However, the market is expected to remain modest in Q2 2022 as well due to supply disruptions arising from the COVID-19 situation in China.

In February, Counterpoint Research reported that India shipped more than 10 million 5G smartphones in 2021 for the first time, growing at 555% from the year before. Total smartphone shipments stood at 169 million last years, up 11%.

India Smartphone Market Share, Q1 2022

Segment-Wise or Product-Wise Performance

Over the last few years, as a **growth oriented company** we have focused on diversifying into other consumer electronics products as we see a long run way for growth in sales of these products. This has helped us to only emerge as a multi-product brand but has also grow our profitability margins.

With an ambitious growth spree, in a period of just one year, the company has increased the number of multi product outlets from a mere 11 in March 2020 to 95 in March 2021. This means that now 95 stores under our name sell electronic appliances such as Television, Refrigerator, Air Conditioners, Air Coolers, Washing Machines, and Microwaves, though our prime business still remains retail and wholesale distribution of mobile handsets, tablets, data cards and mobile accessories. Besides this, the conversion rate is at a whopping 98%.

Segment/ Product	Number of Stores
Total Stores	126
Owned Retail Stores	112
Franchised Stores	14
Multi Product Outlets	49

SWOT

Analysis Table

S

Strengths

- Diversified Product Portfolio: It includes wide range of products from Mobile Phones to Home Appliances.
- Trained Work force with 1000+ Advisors and 100+ Employees, with management having an experience of more than 20 years.
- Inventory Management System established by the Company.
- Increased in Multi-Brand Stores

Weaknesses

- Lack of Brand Awareness in adjoining cities
- Resource Availability and Distribution Network compared to Big and Established Players.
- No online presence of the company as of now.
- Increase in outdated inventories.

W

Opportunities

- Work from Home becoming a norm.
- Smartphones and Tablets becoming an essential rather than a luxury commodity.
- Under penetration of smart phone, smart TV, Air-Conditioner markets.
- 5G Tech Introduction in India

O

Threats

- Competition from local players and big established players may shrink margins.
- Mobile Phones are imported in the country, any disruption in production cycle might affect entire supply chain.
- Low Entry barriers for new entrants.
- Online platform bringing in competition.
- Supply Chain Disruptions
- Products getting easily outdated

T

The total revenue of the company stood at **INR 2517 Million** which was **INR 1957 Million** in previous year. The company now owns a total of 126, out of which 112 are owned stores and 14 are franchised.

Outlook

Our Company over the last year has heavily invested time and efforts in diversifying the products sold through our stores and the result is that we have increased the total number of Multi Product stores. The stores of our company has been spread over the Gujarat covering almost every area even the rural and the remote areas. Our decision to invest in this growth spree roots from the fact that we are bullish on the demand of various consumer electronic items as the work from home culture spreads. This is further echoed by the fact that even though we were faced with repeated temporary store closures due to second wave, we managed to post a revenue growth of INR 620 Million in FY22.

Risks and Concerns

- Loss of business due to inclination of customers during pandemic towards online shopping streams, in order to ensure social distancing, some customers are preferring to buy online when possible.
- Supply chain disruptions, mobilizing workforce and keeping up with demand poses a risk, as we expect a dramatic increase in demand when various companies release their 5G phones in India.

- Many phone manufacturers offering lucrative offers and early-access deals directly to the consumer through its B2C channels can become difficult to compete with.
- Rapidly increasing in the technology trends, less life line of the products, outdated ratio increases rapidly.
- Risks arising due to the natural and man-made calamities such as the flood, war etc. The risks arising due to ongoing Ukraine-Russia War.

Internal Control Systems and Their Adequacy

The Company has in place an adequate system of internal control commensurate with its size and nature of its business. These have been designed to provide reasonable assurance that all assets are safeguarded and protected against loss from unauthorized use or disposition and that all transactions are authorized, recorded and reported correctly and the business operations are conducted as per the described policies and procedures of the Company. The Audit Committee and the Management have reviewed the adequacy of the internal control systems and suitable steps are taken to improve the same

Discussion on Financial Performance with respect to Operational Performance

While a lot of brick and mortar stores in multiple industries including consumer electronics throughout the pandemic, in FY2022, the company's revenue from operations grew to **INR 2517 million, a growth of 33% from FY2021.**

EBITDA came in at around **INR 95 million**, while PAT stood at **INR 53 million**. The **EBIDTA margin stands at 4% and PAT margin at 2%**. The company managed to maintain its strong profitability during this difficult year due to a strong foundation and loyal consumer base. The company with better inventory management, **diversified product portfolio**, improving conversion rate and new multi-product outlets, realised economies of scale i.e., the company was able to increase its sales without much increase in input costs.

Throughout FY2022, due to repeated supply chain disruptions and cancellation of shipments, the company actively pursued building up a good inventory to meet pent up demand from the public. As a result of this, the Purchase of Stock in Trade increased by about INR 641 Million or 36% from last year. This increase in expenses will yield higher future returns when demand revives and other competitors face stock shortages. All other expenses have remained consistent; however, the company had increased its depreciation and amortization costs by **14.67%** this year.

Details of Significant Changes in Key Financial Ratios

The company's **Net Profit Margin** for FY 2021 had an impact due to COVID-19 but in FY 2022 the company has grown and is expecting to grow more in the upcoming Financial Year.

The company's Operating Profit Margin fell down because of increase in Inventory & purchase of Stock-in trade.

* Debt to Equity ratio for FY 2022 is 0.33

Debtor's Turnover Ratio is an accounting measure used to measure how effective a company is in extending credit as well as collecting debts. The company's collection of account receivables has been efficient over the years, as it caters to the B2C segment.

Inventory's turnover Ratio indicates the rate at which a company sells and replaces its stock of goods during a particular period. The company's higher Inventory Turnover ratio indicates the company's efficiency to convert its inventory quickly into Sales.

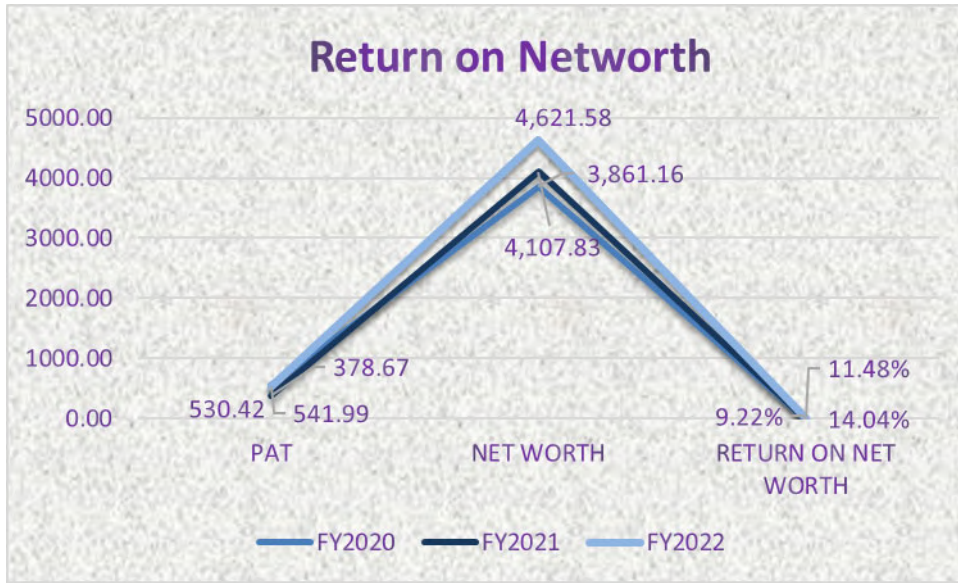

The Company over the past years has been able to maintain a healthy Current Ratio, because of Better Inventory Management System in place.

The Company is able to maintain a healthy ratio of 5.62. However, the debt cost burden for the company in absolute terms is insignificant as the company has very low Debt on its Balance Sheet.

The Company witnessed a **increase in RoE**. However, Net Profit margin remained intact and the company expects to improve the return for its shareholders in the coming years with improvement in Profitability & Turnover ratios.

RISK MANAGEMENT

Annexure – 8

STATEMENT OF RISK MANAGEMENT

All businesses are fraught with risk and the consumer electronics business is not different. Our company and management seeks to minimize the adverse impacts of all kinds of risks, thus enabling the company to leverage market opportunities effectively and enhance long term competitive advantage. The Company has adopted a robust risk management policy, to identify, evaluate and mitigate business risks and protect stakeholder interests. The Company's Risk Management framework focuses on timely identification of risks and initiates mitigation strategies to steadily tide through crisis including sustainability, information security and so on.

The following are the risks associated with our Company and have been identified by the management of the company.

Inventory Visibility and Optimization:

With the ability of a consumer to order online and pickup at store, or the ability of a retailer to ship from store, accurate inventory management is crucial. With customers having so many channel options to purchase products, having the right product in stock has never been more critical or challenging.

The supply chain challenges in the consumer electronics distribution industry are sure to create new opportunities for those brands that embrace multi-channel fulfilment strategies. Creating a competitive advantage for their industries with a streamlined, efficient, and lean supply chain will be key.

Reverse Logistics & Sustainability

Rapid changes in technology are resulting in the growth of e-waste. With increased regulation around e-waste management, OEMs are being forced to undertake the responsible management of returns. Consumers too are demanding products that have a lowered packaging footprint, lowered used of hazardous material and safe product disposal guarantees as part of sales agreements. There is an economic opportunity in the recovery of components that the consumer electronics industry has sensed. The economic value of Reverse Logistics and Sustainability initiatives will create more stringent methods of evaluating vendors and suppliers.

Supply-Interruption Risk

Conversely, no company wants to experience materials shortages that impact their ability to supply finished product to their customers. Supply interruptions are the ultimate opportunity cost for manufacturers.

External Risk

External Risk arises out of uncontrollable factors from outside the organization like downturn in the economy, adverse policies or regulatory framework or even natural disasters.

Technology/Obsolescence Risk:

Failure or delay in achieving the required level of technological sophistication or assessing market needs properly could have a negative impact on the Company's performance and financial position.

Operational Risk

Operational Risk arises out of inefficiencies or negligence in the operations or system of internal controls. These are risk associated with non-compliance with statutory requirements or policies, not following the safety regulations, engaging in unlawful or fraudulent behavior or breaches of contractual agreement. As a company we have checks and balances in places ensure such things don't happen. Internal and statutory audits on regular interval put the relevant checks in place.

Risk of Delay in completion of Order:

The Company might face delay in the completion of orders due to various reasons which would result in the imposition of penalties.

INDEPENDENT AUDITOR'S REPORT

TO
THE MEMBERS OF
BHATIA COMMUNICATIONS & RETAIL (INDIA) LIMITED

Report on the Audit of Standalone Financial Statements:**Opinion:**

We have audited the accompanying standalone Ind AS financial statements of **BHATIA COMMUNICATIONS & RETAIL (INDIA) LIMITED** ("The Company") which comprises the Balance Sheet as on 31st March 2022, the Statement of Profit and Loss (Including Other Comprehensive Income), the Statement of Change in Equity and the Cash Flow statement for the year then ended and notes to financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind As") and other accounting principles generally accepted in India, of the state of affairs of the company as at 31st March 2022 and its profit and total comprehensive income and change in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Branches and Franchise

The company has many franchises and branches and the company receives advances/security deposit from its various franchises and the same is adjusted against the amount due from them as on the balance sheet date. The company also receives deposit from branch partner towards security deposit against stock provided to them and same is shown in balance sheet as long term liability.

Auditor's Response

We get the complete list of franchise and branches from the management and check that there is no deviation in the security deposit received and stock provided to them. We also check the agreement made with the branch partner and check whether proper disclosure is made regarding advances received from branch partner and term and conditions of the agreement.

Management's Responsibility for the Standalone Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; to design and perform audit procedures responsive to those risks; and to obtain audit evidence that is sufficient and appropriate to provide a basis for the auditor's opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statement may be influenced. We consider quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the result of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report), Order, 2016 (order dated 29.03.2016), issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 (hereinafter referred to as 'order'), and on the basis of test check as we considered appropriate and according to information and explanation provided to us, we enclose in the Annexure "A" statement on the matters specified in paragraphs 3 and 4 of the said Order.
2. As required by section 143(3) of the Act, we report that:
 - 2.1 We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit
 - 2.2 In our opinion, proper books of account as required by law have been kept by the company as far as appears from our examination of those books.
 - 2.3 The Balance Sheet, Profit and Loss statement (Including Other Comprehensive Income), Cash Flow Statement and the statement of Change in Equity dealt with by this report are in agreement with the books of account.
 - 2.4 In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - 2.5 On the basis of written representations received from the directors, as on March 31, 2022, taken on record by the Board of directors, none of the directors are disqualified as on March 31, 2022 from being appointed as a director under section 164(2) of the Act
 - 2.6 With respect to the adequacy of financial controls over financial reporting of the company and the operative effectiveness of such controls, refer to our separate report in "Annexure B".
 - 2.7 With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and

2.8 With respect to the others matters to be included in the auditor's report in accordance with Rule 11 of the companies (audit and auditors) rules 2014, in our opinion and to the best of our information and according to the explanations given to us.

- (i) There were no pending litigations which would impact the financial position of the company.
- (ii) The company did not have any material foreseeable losses on long term contracts including derivative contracts.
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection fund by the company.
- (iv) (i) As per management's representation, no funds other than disclosed by way of notes to accounts have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) As per management's representation, There were no funds which have been received by the company from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(iii) The representation received from the company under sub-clause (i) and (ii) above does not contain any material mis-statement.
- (v) The company has declared or paid dividend in compliance with section 123 of the company Act 2013.

ANNEXURE - B TO THE AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **BHATIA COMMUNICATIONS & RETAIL (INDIA) LIMITED** ("The Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of

the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE 1**CORPORATE INFORMATION:**

Bhatia Communications & Retail (INDIA) Limited is a company domiciled in India and Incorporated under the provisions of the Companies Act, 1956. The company is engaged into retail and wholesale distribution business of mobile handsets, tablets, data-cards, mobile accessories, mobile related products, Home appliances and other electronic items. The company caters to the domestic markets.

SIGNIFICANT ACCOUNTING POLICIES:**1. Basis of Preparation of Financial Statements:*****a. Compliance with Ind AS***

The financial statements are prepared on the accrual basis of accounting and in accordance with the Indian Accounting Standards (hereinafter referred to as the Ind AS) as prescribed under section 133 of the Companies Act, 2013 and other relevant provisions of the Act.

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities that are measured at fair value,
- defined benefit plans - plan assets measured at fair value

2. Summary of significant accounting policies***i. Current and non-current classification***

The assets and liabilities reported in the balance sheet are classified on a "current/non-current basis".

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting date, or
- Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

ii. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value measurement of a non-financial asset takes into account market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Where required/appropriate, external valuers are involved.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

-Level 1 - Quoted (unadjusted) prices in active market for identical assets or liabilities.

-Level 2 (if level 1 feed is not available/appropriate) - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

-Level 3 (if level 1 and 2 feed is not available/appropriate) - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amount approximates fair value due to the short maturity of these instruments.

The Company recognizes transfers between levels of fair value hierarchy at the end of reporting period during which change has occurred.

iii. Revenue Recognition :

Income and expenditure are recognized and accounted on accrual basis as and when they are earned or incurred. Revenue from sales transaction is recognized as and when the significant risk and reward attached to ownership in the goods is transferred to the buyer.

Revenue from sale of goods is recognized on completion of sale of goods and is recorded net of trade discount and rebates and GST is accounted for on exclusive accounting method which does not get included in Sales.

iv. Income tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The provision for current tax is made at the rate of tax as applicable for the income of the previous year as defined under the Income tax Act, 1961. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provision where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and current tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognized using the Balance Sheet approach on temporary differences at the reporting date arising between the tax bases of assets and liabilities and their carrying amounts for the financial reporting purpose at the reporting date.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry forwards and unused tax credits could be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

v. Impairment of Asset

An impairment loss is charged to the Statement of profit and loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount. During the year, there is no impairment of assets.

vi. Cash & Cash Equivalents :

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are term deposit balances, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value

vii. Inventories :

Inventories are being valued as under : (As taken ,Valued and certified by the management)
Traded Goods at Lower of Cost or Net realizable Value.

viii. Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets:

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through Profit and Loss are expensed in the Statement of Profit and Loss.

Subsequent measurement

After initial recognition, financial assets are measured at:

Fair value (either through other comprehensive income or through Profit and Loss), or amortized cost.

Debt instruments

Debt instruments are subsequently measured at amortized cost, fair value through other comprehensive income ('FVOCI') or fair value through Profit and Loss ('FVTPL') till de-recognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in the Statement of Profit and Loss when the asset is derecognized or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair Value Through Other Comprehensive Income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair Value Through Profit and Loss (FVTPL):

Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognized in Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is recognized in the Statement of Profit and Loss.

Financial liabilities:

Initial recognition and measurement

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at FVTPL, transaction costs that are directly attributable to the issue/origination of the financial liability.

Subsequent measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of profit and loss. Any gain or loss on derecognition is also recognized in statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

ix. Property, Plant and Equipment (PPE)

Items of Property, plant and equipment acquired or constructed are initially recognized at historical cost net of recoverable taxes, duties, trade discounts and rebates, less accumulated depreciation and impairment loss, if any. The historical cost of Property, plant and equipment comprises of its purchase price, borrowing costs and adjustment arising for exchange rate variations attributable to the assets, including any cost directly attributable to bringing the assets to their working condition for their intended use. Capital Work-in-Progress represents Property, plant and equipment that are not ready for their intended use as at the reporting date.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

The Company identifies and determines cost of each component/part of the plant and equipment separately, if the component/part has a cost which is significant to the total cost of the plant and equipment and has useful lives that is materially different from that of the remaining plant and equipment.

The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the year in which they are incurred.

Gains and losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its Property, plant and equipment recognized as at April 1, 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of the Property, plant and equipment.

Depreciation method

Depreciation on fixed assets are provided on Straight line Method in accordance with requirements of Schedule II to the Companies Act, 2013.

x. Intangible Assets

Intangible assets are stated at cost of acquisition net of recoverable taxes, trade discounts and rebates less accumulated amortization/depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net changes on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds

and the carrying amount of the asset and are recognized in the Statement of Profit & loss when the asset is derecognized.

xi. Provisions and contingent liabilities**Provisions**

Provisions are recognized when there is a present legal or constructive obligation as a result of a past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

Contingencies

Contingent liabilities are disclosed in the Notes to the financial statements. Contingent liabilities are disclosed for :-

- when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or
- a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Liabilities; **HDFC Bank Ltd had given Bank Guarantee of Rs 2.5 Crore to Xiaomi Technology India Private Limited on behalf of the company against Hypothecation of Stock & Book Debts of the Company and Lien Mark of Fixed Deposit of Rs. 62.50 Lacs.**

xii. Earnings per Share :

Basic earnings per share is calculated by dividing the net profit after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, etc. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

<u>EARNING PER SHARE :</u>	Amount and Share in Lacs

During the year, the company has Sub-divided equity shares having face value of Rs.10/- each fully paid up into face value of Re. 1/- each fully paid up , as recommended by Board of Directors and approved by shareholders of the company. The Earnings Per Share have been calculated/ restated, as applicable for all the period(s) presented after considering the new number of equity shares post such sub-division in line with the provisions of the applicable IND AS and to make figures of EPS comparable with previous period/ year.

xiii. Employee's Benefit :

Provident Fund and ESIC : Provident fund and ESIC contributions are made as per defined scheme and the contribution is charged to statement of Profit & Loss A/c of the year when it becomes due. The company has no other obligation other than to contribute and deposit to respective authorities.

Short term employee benefits are recognized as an expense in the statement of Profit & Loss A/c for the year in which the related service is rendered.

Long term employee benefit are recognized as an expense in the statement of Profit & Loss A/c for the year in which the employee has rendered service.

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted. The present value of the obligation under such benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method. The obligation is measured at present values of estimated future cash flows. The discount rates used for determining the present value are based on the market yields on government securities as at the balance sheet date. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur directly in other comprehensive income.

xix. Significant Judgements and Estimates

The preparation of the Company's financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amount of assets, liabilities, revenue, expenses, and the accompanying disclosures and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when financial statements were prepared. These estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future year affected.

xx. Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation at the reporting date, which may cause material adjustment to the carrying amounts of assets and liabilities within the next financial year. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

The areas involving critical estimates and judgements are:

- Useful lives of Property, plant and equipment and intangibles
- Measurement of defined benefit obligations
- Provision for inventories
- Measurement and likelihood of occurrence of provisions and contingencies
- Impairment of trade receivables
- Deferred Taxes

xxi. Dividend :

Fair value hierarchy

Ind AS -113 contains a fair value hierarchy that is similar to the hierarchy established under Ind AS-107. The highest priority is given to level-1 inputs; Level-3 inputs get the lowest priority. The fair value hierarchy ranks fair value measurements based on the type of inputs; it does not depend on the type of valuation techniques used. A fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest-level input that is significant to the entire measurement.

Levels of Hierarchy:

Level 1: Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Level 3 inputs are unobservable inputs for the asset or liability. Therefore, unobservable inputs shall reflect the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk.

Note: We have identified all our Financial assets and liabilities in **Level-3** as per fair value hierarchy.
