The stranding machines are from South Korea, Germany and India covering a range of rope dia upto 5mm to 90mm. The highest tensile range covered is 220 Kg/mm² & the Highlight is a 48 bobbins & 18 bobbins bull nose machine from Sket.

The other USP of the plant is the sun & planetary closer machine from SKET, Germany which enables the plant to close a finished rope of 92 mm diameter.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. Overview

The Management Discussion and Analysis Report has been prepared in accordance with the provisions of Regulation 34(2)(e) of Listing Regulations, read with Schedule V(B) thereto, with a view to provide an analysis of the business and Financial Statements of the Company for FY 2022-23 and should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in the Integrated Report. The objective of this report is to convey the Management's perspective on the external environment and our industry, as well as strategy, operating and financial performance, material developments in human resources and industrial relations, risks and opportunities and internal control systems and their adequacy in the Company during the FY 2022-23. The Company's financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') complying with the requirements of the Companies Act, 2013, as amended and regulations issued by the Securities and Exchange Board of India ('SEBI') from time to time.

II. External Environment

1. Global Economy

As per International Monetary Fund (World Economic Outlook Apr 2023), the Global economic growth slowed down to 3.4% in 2022 as per compared to 6.2% in 2021. The year saw geopolitical uncertainty with the prolonged Russia-Ukraine conflict and economic challenges leading to disruptions in the global supply chain and elevated inflation with increase in commodity and energy prices. This prompted central banks to aggressively tighten their monetary policy, which further impacted economic activity.

Surge in commodity and fuel cost triggered energy crisis in Europe and hampered economic activity. Aggressive monetary tightening by US Federal Reserve weighed on investment and economic activity and led to decline in business confidence. Global trade remains largely subdued due to global supply chain disruptions and bottlenecks in international freight movement along with weakening external demand.

Outlook

As per estimations of Analysts, the above reasons will lead to further slowdown in economic growth and a mild recession in the UK as well as potentially in the Europe. In the developed economies, inflation is slowly easing but it is still high enough to push consumption levels lower and keep interest rates elevated. In emerging economies, disinflation is proceeding more rapidly, especially for producer prices.

Current estimates project global recovery in the second half of 2023, with moderation of inflation. We have already started seeing cooling-off of fuel and commodity prices as well as global container freight rates.

According to the International Monetary Fund (IMF), GDP growth is forecasted to drop from 3.4% in 2022 to 2.8% in 2023 and settle at 3.0% in 2024. Advanced economies should anticipate a considerable growth decrease, from 2.7% this year to 1.3% the following year. Global headline inflation is expected to drop from 8.7% in 2022 to 7.0% in 2023 because of lower commodity prices, even as core inflation is likely to decline slowly.

2. Indian Economy

Despite of global volatility, the Indian Economy witnessed a growth of 6.8% in FY 2022-23 making a remarkable recovery in the post-Covid environment and delivering one of the best performances in terms of economic output. The Indian economy remained remarkably resilient to external environment owing to ongoing policy reforms and prudent regulatory measures which ensured strong macroeconomic fundamentals and helped the country navigate global and domestic challenges. Expansion of manufacturing footprint by both global and Indian firms, aided by Government policies and higher government spending on infrastructure sector supported investment growth during the year. Strengthening of India's digital infrastructure in the last few years and the widespread adoption of real-time digital payments also contributed to the growth of the country.

However, monetary tightening by the RBI, widening of current account deficits and decline in growth of exports capped economic growth prospects. Inflation headwinds were also felt by the Indian economy with increase in crude oil prices. The Indian rupee weakness against the US dollar also added to the inflationary pressures. Entrenched inflation may prolong the tightening cycle, and therefore, borrowing costs may stay 'higher for longer'.

III. Industry Structure and developments:

The Indian Steel & Wire Manufacturing sector witnessed positive growth momentum on the back of increased government spending in infrastructure development as well as private sector investments in Steel Industry. The primary growth drivers for steel wire ropes in India have been infrastructure development, increased industrial activity, enhanced emphasis on shipping and port sector along with growth in the mining industry. Rapid advancements in Industrial technologies and government schemes have also attributed in driving the market growth.

1. Our Business:

Bharat Wire Ropes Limited (“the Company”) is a leading steel wire rope manufacturing company established in the year 1986. Wire ropes are a value-added product, formed from wire rods.

The wire ropes, Slings, Spiral Strands are used in general engineering, fishing, elevators, cranes, material handling, power transmission, suspension bridges, onshore / offshore oil exploration, ports and shipping, mining, defence, railways and allied industries. The Company caters to a rich mix of clients ranging from Overseas Consumers, Private Players, Government and Semi - Government Organizations. Providing service to a variety of clients has helped the company develop versatility which makes it better equipped to handle diverse / heterogeneous kinds of enquiries.

In the current fiscal year the performance of the company has improved on the account of higher productivities, improved pricing, value added products and addition of new customers, The Company expects continuation of trend in the future also.

2. Segment-wise or Product-wise performance:

The Company is engaged solely in the business of manufacture and sale of Wire & Wire Ropes.

3. Business Strategy:

i. Expansion of Company's presence in the domestic markets:

The Company is undertaking various marketing activities to expand and enhance its presence in the existing business segments by identifying markets where it can provide cost effective, technically advanced products to its clients. The Company envisage to have close contacts with major end-users to provide greater client-interfacing. Further, the Company has successfully been awarded and it has certified product approvals/registrations from BIS for steel wire ropes and strands etc., and with major engineering consultants and equipment suppliers.

ii. Focus on development of international markets for the Company's Products:

The Company has a significant presence in global markets in European countries, US, Middle East, Nepal, New Zealand, Australia, Singapore, South Africa, Vietnam and many more. The Company have machines mainly from South Korea and Germany which provides a cutting edge while competing with the global manufacturers. The Company has considerably strengthened its market position in North America, acquiring a strong foothold in the North American Wire Rope Market & we continue to grow our market share in this region owing to our competitive business model & immense value creation for our customers in this region.

iii. Strengthening of product portfolio and developing capabilities to manufacture a wider range of products:

The company has strengthen the product portfolio by developing capabilities to manufacture a wider range of products. To provide quality product at reasonable prices has always been the ultimate aim of the Company. The Company manufacture all wires at its plant in Chalisgaon, thereby eliminating the dependency on the limited types of wires available in the market and enabling the Company to manufacture and offer an increased range of high quality wire rope products, including but not limited to marketing high performance crane ropes for ports, large diameter spiral strands for structures and bridges, elevator ropes, high performance mining ropes, long-life-cycle fishing ropes, onshore and offshore ropes, swaged ropes and special ropes for construction sector. Further, strategic efforts have been made to focus on improving marketing enhancing productivity and maximizing plant utilization by minimizing wastage, reducing material holding costs and focusing on sustainable operations. We continue to create consistent value through capacity expansion, technological innovation, and sustainable manufacturing techniques.

iv. Meeting Quality Standards and developing customer focus:

Providing quality products at reasonable price has always been the ultimate aim of the Company. The Company has in place the strategy which supports Total Quality Management. Company's technically qualified persons are determined to achieve the objective of zero defects and minimal rejection. The Company has testing facilities to ensure that all our products are thoroughly tested prior to dispatch from our factory so that grievances can be minimized.

- **Chalisgaon Plant:**

Company has been accredited with ISO 9001, ISO 14001 and ISO 45001 certifications by TUV SUD South Asia Private Limited.

Company has achieved a major milestone by getting the approval of LLOYDS Register for the plant at Chalisgaon and approvals from Bureau of Indian Standards (BIS) to put ISI mark on the products confirming to IS: 2266, IS: 2365, IS: 4521, IS: 1835, IS 1855, IS 1856 & IS: 10891/Part 1. It has also received approval from Power grid Corporation of India Limited for manufacturing 7strand G S Earth-wire." Company also has CE Certification for Chalisgaon Plant.

- **Atgaon Plant:**

Company has been accredited with ISO 9001 certification by TUV SUD South Asia Private Limited for our Atgaon plant. Plant is approved by Central Organization Railway Electrification (CORE) Research Designs & Standards Organization (RDSO) for various rope products.

Plant has received approvals from Bureau of Indian Standards to put ISI mark on the products confirming to IS: 2266. It has also received Approval from Power grid for manufacturing 7 strands & 19 Strands G S Earth-wire.

Atgaon Plant has received Works Approval Certificate from Indian Register of Shipping for Manufacturer of Steel Wire Ropes for Life Boat Fall used on ships.

IV. Opportunities and Threats

The government's emphasis on '**Make in India**' to create '**Atma nirbhar Bharat**' has reduced dependence on import and increased domestic demand for manufacturing in India. In 2021, a new scheme under Make in India was launched to promote MSMEs in the exports market. With increased private participation in steel industry, the government continues to introduce favorable schemes to encourage development in this industry.

With the government focusing on initiatives to boost economic growth, aiding infrastructure creation should be a key focus area. Rise in mining and quarrying sector will also augment the steel wire ropes in market in India.

The market for steel wire rope is at a matured stage, with a limited number of players dominating the market. Steel Wire ropes are used dynamically for lifting and hosting in applications, and for transmission of mechanical power. A series of government projects to be launched which can provide impetus to the construction and allied industries and consequently to the steel wire rope market. It has been anticipated that steel wire ropes production will meet the domestic market demand owing to year-on-year increase in production capacities of the companies. The aim of the government is to improve living standards across major cities in India. The aims at improving infrastructure facilities in urban areas in the country which will drive the demand of steel wire ropes in India.

The resurgence in the Oil and Gas industry is expected to increase the number of oil rigs which will further add impetus to the growth of steel wire rope industry.

International customers have shown inclination to divert focus from China to India for procurement of wire ropes in view of recent political differences.

However, high debt levels of manufacturers and actual implementation of infrastructure projects remain a concern for the industry.

V. Risks and Concerns

We operate in a dynamic environment which not only provides opportunities but also exposes the business to various risks. To proactively identify and manage key risks for achieving our strategic objectives. Growth of the sector is depended on the enlargement of allied sectors. Forecasted plans and projections are subject to risk. Various kinds of risk associated with the development are Liquidity Risk, Market Risk, Regulatory Risk, Financial Risk, Market Risk and Operational Risk. Other dominant threats faced by the Company are in the form of competition it faces in the industry. In particular, the Company competes with other wire rope manufacturing companies, both in India and abroad, on the basis of a number of factors, including but not limited to quality, time of delivery and price. Fluctuations in the price, availability and quality of raw materials used in our manufacturing process could have a material adverse effect on cost of sales or the Company's ability to meet customer demands. There can be no assurance that the Company will always be successful in its efforts to protect the business from the volatility of the market price of raw materials, and the business can be affected by dramatic movements in prices of raw materials.

Risk is the vital factor of every business. The Company has in place a Risk management Committee which outlines the amount of risk involved in the business and various techniques for risk mitigation & Risk minimization. The Company believes that managing risks helps in maximizing returns. The Company's approach for addressing business risks is comprehensive and includes identification of Risks, periodic review of such risks and measures to for mitigating such risks.

REPORT ON CORPORATE GOVERNANCE
[Pursuant to Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE:

At the heart of Company's Corporate Governance policy is the ideology of transparency and openness in the effective working of the management and Board. It is believed that the imperative for good Corporate Governance lies not merely in drafting a code of Corporate Governance but in practicing it. Strong leadership and effective corporate governance practices have been significant contributors to the Company's growth story.

Effective corporate governance is the basis for decision-making and control processes and comprises responsible, value based management and monitoring focused on long-term success, goal-orientation and respect for the interests of our stakeholders. It provides the framework for attaining a company's objectives while balancing the interests of all its stakeholders.

Your Company is dedicated to conduct its business consistently with the highest standards of business ethics and values. We have an obligation towards our stakeholders including shareholders, employees, customers, suppliers and communities to be honest, fair and forthright in our business activities.

Your Company confirms the compliance of corporate governance requirements specified in regulation 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of regulation 46 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("SEBI Listing Regulations"), the details of which are given below:

2. THE BOARD OF DIRECTORS:

The Company recognizes and embraces the importance of a diverse Board in its success and it believes that a truly diverse Board would leverage differences in thought, perspective, knowledge, skill and industry experience, which will enrich Board discussions and enable effective decision making. Your Company actively seeks to adopt best practices for an effective functioning of the Board and believes in having a truly diverse Board whose wisdom and strength can be leveraged for earning higher returns for its shareholders and better Corporate Governance. Therefore, the Board is an ideal mix of Knowledge, perspective, professionalism, divergent thinking and experience.

In line with the applicable provisions of the Companies Act, 2013 (the Act") and the SEBI Listing Regulations, your Company's Board has an optimum combination of Executive and Non-Executive Directors. The Board effectively separates the functions of governance and management and balances deliverables.

Business Responsibility and Sustainability Report (BRSR)

PREFACE

Scarcity of natural resources, drastic climate change and societal imbalances are deep concerns knocking at the door of humanity. In the recent past at the time of COVID 19 we experienced how important it is for our human race to use available resources judiciously without disturbing the ecological balance.

At Bharat Wire Ropes we see sustainability not as a goal to achieve but as a walk of life where we fulfil our present needs without compromising the needs of our future generation. We believe in contributing back to the society with utmost sincerity and governance. We aim to grow our business in a responsible manner, as we continue to respect the environment and strengthen our sustainability efforts. The world continues to change rapidly across multiple dimensions, leading to rapid evolution in the principles assessing businesses. The commitment of an entity to environmental, social, and governance (ESG) principles with internal and external stakeholders has taken prominence.

The new Business Responsibility and Sustainability Report (BRSR) paves the way for companies in India towards greater ESG disclosures, while generating a positive impact on the established ways for doing business. Its prime focus is on social empowerment, environment conservation, reduced inequality, sustainable processes and ethical business practices being the key factors of BRSR.

This report highlights our ESG approach, strategy, and disclosure on the basis of the BRSR template and guidelines. However, we believe ESG compliance and reporting is a small of-shoot of this sustainability journey, where we aim to rope-in all our stakeholders and value chain partners to contribute.

1	Water Management	Risk	Water is a critical resource that's also scarce. Poor water management shall lead to misutilization of resource and adverse impact on environment.	We ensure consistent and robust management and monitoring to conserve water as well as recycle as far as practicable. The Company believes in ensuring optimum utilization of water resources. There is 'zero liquid discharge' outside the plants and the treated water is used for development of green belt.	Positive: The "Zero Liquid Discharge" system requires some investments and cost to maintain the same. However, it makes the company more sustainable and environment friendly that benefits more than the cost involved.
2	Ethics and Compliance	Opportunity	Strong focus on ethics and compliance creates a cordial business environment conducive to employee loyalty, reduced attrition and attracting talent.	NA	Positive: Reduced attrition translates to cost savings on re-hiring and training. This also improves overall employee efficiency.
3	Employee Wellbeing	Risk	<ul style="list-style-type: none"> • Employees are the backbone of our business and operations. Disgruntled employees will have adverse effect on operations and non-compliance with the • Statutory guidelines can • affect business activity. 	This risk is mitigated by having transparent policies on compensation and promotion of employees. Easy and quick grievance redressal. We arrange programs within the organization that enhance employee belonging.	Positive
4	Product innovation, safety, and quality	Opportunity	Rapidly growing economy and focus on infrastructure facilities by the Government. Presents significant opportunity for us to meet the requirements, leveraging on our product portfolio and innovation.	NA	Positive
5	Waste Management	Risk	Inappropriate waste disposal is a danger to community as a whole and also attract penal action from Government bodies.	Our manufacturing processes require minimal use of chemicals. Our waste management practice includes responsible disposal of hazardous waste and reducing waste. The waste generated during the process is scrapped out and is qualified to be recycled.	Negative
6	Respect for Human Rights	Opportunity	Adherence to Human Rights policies and generating awareness for the same, increases stakeholder confidence, provides a safe environment to workers and increases a sense of belonging for the employees	NA	Positive
7	Customer Satisfaction	Opportunity	Customers are a Key Stakeholders for the organization. Customer satisfaction leads the path for market development, market penetration and getting value to the customers thereby resulting in gains for the company. It is an important factor for the reputation of our brand	NA	Positive

INDEPENDENT AUDITORS' REPORT
To the Members of BHARAT WIRE ROPES LIMITED
Report on the Audit of the standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **BHARAT WIRE ROPES LIMITED**, (“the Company”) which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of risks of a material misstatement of standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Sr No.	Key Audit Matter	Auditor's Response
1	<p>Revenue Recognition Revenue is measured taking into account discounts and rebates earned by the customers on sales. These arrangements result in deductions to gross sales in arriving at turnover and give rise to obligations for the Company to provide customers with rebates, discounts, allowances.</p>	<p><u>Principal Audit Procedures</u> Obtained an understanding of the policies and procedures applied to revenue recognition including testing the design and operating effectiveness of controls related to revenue recognition processes employed by the Company.</p> <ul style="list-style-type: none"> • Performed procedures by analyzing the cost of sales related to discounts, incentives, rebates and margins to total revenue recognized as compared with prior year. • Assessed the relevant estimates made by the management in connection with discounts incentives and rebates at year's end. • Performed procedures for a sample of revenue transactions at the year end to assess whether they were recognized at the correct period by corroborating the date of revenue recognition to third party support such as bills of lading, lorry receipt etc. • Analyzed other adjustments and credit notes issued after the reporting date.

Information Other than the standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not

include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements.

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act, read with relevant rule issued there under.
 - e. On the basis of written representations received from the Directors as on March 31, 2023, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023, from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of Internal financial controls over financial reporting of the company and the operating effectiveness of such control, refer to our separate report in "**Annexure B**".
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with requirement of section 197(16) of the Act, as amended:
 - i. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanation given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause iv(a) and iv(b) contain any material misstatement
- v. The Company has not declared or paid any dividend during the year. Hence the compliances with section 123 of Companies Act 2013, is not applicable.
- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rule, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 01, 2023, and accordingly, reporting under 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

ANNEXURE - B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over standalone financial reporting of **BHARAT WIRE ROPES LIMITED** (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over standalone financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over standalone Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over standalone financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over standalone Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over standalone financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over standalone financial reporting and their operating effectiveness. Our audit of internal financial controls over standalone financial reporting included obtaining an understanding of internal financial controls over standalone financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over standalone financial reporting.

Meaning of Internal Financial Controls over Standalone Financial Reporting

A company's internal financial control over standalone financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over standalone financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Limitations of Internal Financial Controls over standalone Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over standalone financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of

changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over standalone financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over standalone financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over standalone Financial Reporting issued by the Institute of Chartered Accountants of India.

**SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF ACCOUNTS
FOR THE YEAR ENDED 31ST MARCH, 2023**

1 GENERAL INFORMATION :

Bharat Wire Ropes Limited (herein referred to as “BWRL” or “the Company”) is engaged in the business of production of Wire, Wire Ropes, Strands, and Slings.

The Company is Public Limited Company which is listed on National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) and is incorporated and domiciled in India. The Address of the Registered Office is Plot No. 4, MIDC, Chalisgaon Industrial Area, Village –Khadki, Taluka –Chalisgaon, Jalgaon –424 101, Maharashtra, India.

The financial statements were approved for issue by the Board of Directors on April 25, 2023.

2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS :

a) Basis of preparation and Compliance with Ind AS

- (i) The financial statements of the Company comply with and have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and the relevant provisions of the Companies Act, 2013 ("the Act").
- (ii) The financial statements of the Company comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 (as amended).
- (iii) For financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:
 - Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
 - Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
 - Level 3 inputs are unobservable inputs for the asset or liability.

b) Basis of measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities, including derivative financial instruments which have been measured at fair value and defined benefit plans which have been measured at actuarial valuation as required by relevant Ind AS.

c) Functional and presentation currency and rounding off

These Ind AS Financial Statements are prepared in Indian Rupee which is the Company's functional currency. All financial information presented in Rupees has been rounded to the nearest lakhs.

2A SIGNIFICANT ACCOUNTING POLICIES :

The Company has applied the following accounting policies to all periods presented in the Ind AS financial statements.

a) Revenue recognition

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties including taxes. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Effective April 1, 2018, the Company adopted Ind AS 115 “Revenue from Contracts with Customers” using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

The specific recognition criteria described below must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all significant risks and rewards of ownership of the goods have passed to the buyer, which generally coincides with delivery. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Export Sales are accounted for on the basis of date of bill of lading. Gross Sales include excise duty, adjustments for price variation, quality claims, liquidated damages and exchange rate variations related to export realization. Export Benefits is accounted on accrual basis.

Rendering of Services

Revenue from sale of services is recognised upon the rendering of services and is recognised net of GST.

Interest income

Interest income is included in other income in the statement of profit and loss. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate when there is a reasonable certainty as to realisation.

b) Property, plant and equipment

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, attributable borrowing cost and any other directly attributable costs of bringing an asset to working condition and location for its intended use.

Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are normally charged to the statements of profit and loss in the period in which the costs are incurred. Major inspection and overhaul expenditure is capitalized if the recognition criteria are met.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed and overhaul cost is incurred, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss, when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(i) Capital work in progress

Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs associated with the commissioning of an asset are capitalised when the asset is available for use but incapable of operating at normal levels until the period of commissioning has been completed. Revenue generated from production during the trial period is credited to capital work in progress.

(ii) Depreciation

Assets in the course of development or construction and freehold land are not depreciated.

Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use.

Depreciation is calculated on the depreciable amount, which is the cost of an asset less its residual value.

Pursuant to the enactment of the Companies Act, 2013 ("the Act") and its applicability for accounting periods commencing from April 1, 2014 the company has, wherever required reassessed the useful life of its fixed assets and has computed depreciation with reference to the useful life of the assets as recommended in schedule II of the Act. However as per the valuation report dated 20th January 2015 in case of Atgaon plant Assets & as per the valuation report dated 5th May 2017 & 14th May 2018 in case of Chalisgaon Plant Assets, both certified by Chartered Engineer useful life of the some of the assets have been assessed as ranging between 25 and 60 years which is different than the life prescribed under schedule II of the Act and depreciation is computed accordingly.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013, except for Tangible Assets for which certificate of the useful life is taken from the competent person in that field.

Individual items of assets costing upto Rs. 5,000 are fully depreciated in the year of acquisition.

Leasehold improvements are depreciated over the unexpired period of respective leases or useful life whichever is shorter.

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Major inspection and overhaul costs are depreciated over the estimated life of the economic benefit derived from such cost. The carrying amount of the remaining previous overhaul cost is charged to the statement of profit and loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

When significant spare parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

c) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

The Company has intangible assets with finite useful lives.

Intangible assets (computer software) are amortised on straight-line method at the rates determined based on estimated useful lives of 10 years.

d) Foreign currencies

In the financial statements of the Company, transactions in currencies other than the functional currency are translated into the functional currency at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in other currencies are translated into the functional currency at exchange rates prevailing on the reporting date. Non-monetary assets and liabilities denominated in other currencies and measured at historical cost or fair value are translated at the exchange rates prevailing on the dates on which such values were determined.

The Company has applied paragraph 46A of AS 11 under Indian GAAP. Ind AS 101 gives an option, which has been exercised by the Company, whereby a first time adopter can continue its Indian GAAP policy for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the Indian GAAP financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period. Hence, foreign exchange gain/loss on long-term foreign currency monetary items recognized upto 31st March, 2017 has been capitalized. Such exchange differences arising on translation/settlement of long-term foreign currency monetary items and pertaining to the acquisition of a depreciable asset are amortised over the remaining useful lives of the assets.

From accounting period commencing on or after April 1, 2017, exchange differences arising on translation/settlement of long-term foreign currency monetary items, acquired post April 1, 2017, pertaining to the acquisition of a depreciable asset are charged to the statement of profit and loss. A long-term foreign currency monetary item is an item having a term of 12 months or more at the date of its origination.

e) Government grants

Government grants are credited to profit & loss account on an accrual basis.

f) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside the statement of profit and loss is recognised either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except when it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits

and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised either in other comprehensive income or in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

g) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

h) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2016, the Company has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

i) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials and packing materials, Stores and spares parts and loose tools: These are valued at lower of cost and net realisable value. However, material and other items held for use in production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Finished goods and work in progress: These are valued at lower of cost and net realisable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating

capacity. Cost is determined on weighted average basis.

- Stock-in-trade: These are valued at lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Scrap: These are valued at net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Obsolete inventories are identified and written down to net realisable value. Slow moving and defective inventories are identified and provided to net realisable value.

j) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company with the help of the valuer estimates the asset's or CGU's recoverable amount.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

k) Provisions, contingent liabilities and contingent assets

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

l) Employee benefit schemes

(i) Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

(ii) Post-employment benefits

Defined contribution plan

Post employment and other long-term benefits are recognized as an expense in the statement of Profit and Loss of the year in which the employees has rendered services. The Expense is recognized at the present value of the amount payable determined using actuarial valuation technique. Actual gain and losses in respect of post employment and other long term benefits are recognized in the statement of Profit and loss.

Payments to defined contribution retirement benefits schemes are charged as expenses as and when they fall due.

m) Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are initially measured at fair value. Transaction costs that are attributable to the acquisition of the financial assets (other than financial assets at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset. The transaction costs directly attributable to the acquisition of financial assets at fair value through

profit and loss are immediately recognised in the statement of profit and loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sale the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories as below:

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Debt instrument at Fair Value through Other Comprehensive Income

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to the statement of profit and loss. Interest earned whilst holding fair value through other comprehensive income debt instrument is reported as interest income using the EIR method.

Debt instrument at Fair Value through Profit and Loss

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has designated its investments in debt instruments as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised when the rights to receive cash flows from the asset have expired.

Impairment of financial assets

The Company follows 'simplified approach' as per Ind AS 109 where the company provides for losses based on lifetime Expected Credit losses at each reporting date right from initial recognition.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through statement of profit and loss, loans and borrowings, payables or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement**Financial Liabilities at Fair Value through Profit and Loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit or loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has designated forward exchange contracts as at fair value through profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

n) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

o) Cash dividend distributions to equity holders

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss before OCI for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Share-based payment arrangement

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments/ option at the grant date.

The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share options outstanding reserve.

r) Segment Reporting - Identification of Segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments.

s) Current/Non current classification

An asset is considered as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle,
- or
- Expected to be realized within twelve months after the reporting period, or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle, or
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

t) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

u) Use of estimates and critical accounting judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note:

The Company has issued unrated unlisted unsecured Compulsory Convertible Preference Shares (CCPS) having face value Rs. of Rs 10/- each at a premium of Rs 99,990 per shares to the extent of Rs. 382.66 crores to lenders as per sanction of resolution Plan.

The tenure of said CCPS is 20 years from the date of allotment. Such CCPS shall be convertible any time after a period of 13 years from the date of allotment. However, from 13 to 20 years from allotment date, 1/8th of outstanding at the end of 12th year to be bought by the Promoters from the existing holders or converted into Equity shares each year only after the payment of the outstanding under Restructured Loan only. At the time of conversion, price of CCPS shall be determined as per SEBI ICDR, RBI regulations, Companies Act and/ or any other regulations applicable. The aggregate value of the Equity shares issued at the time of conversion shall not be less than the aggregate amount of face value and the premium for the securities. The number of Equity Shares to be issued at the time of conversion shall be determined accordingly.

Since the no. of shares to be allotted at the time of conversion is not fixed in the agreement, the nature of this instrument is Compound Financial Instrument(CFI). However, in opinion of the management, since there is no contractual obligation for cash outflow under this agreement except the repayment of sustainable debt portion which is disclosed as financial liability in books of the Company, the value of liability component of this CFI would be Nil. Accordingly, the entire amount of fair value of CFI, Rs. 382.66 Crores which is the transaction price, is determined as the value of equity component and has been presented under "Other Equity" in the balance sheet. These assumptions for value determination have been relied upon by the Statutory Auditors.

- i) The carrying amount of trade receivable, current portion of interest accrued on fixed deposit, cash and cash equivalents, bank balances other than cash and cash equivalents, trade payables and other current financial liabilities are considered to be approximately same as their fair value, due to their short-term nature and have been classified as level 3 in the fair value hierarchy.

The fair value for loans and security deposits is calculated based on cash flows discounted using a current lending rates. Further, security deposits and advance recoverable in cash are classified as level 3 fair value in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair value for long term security deposits are based on discounted cash flow using a current borrowing rate. They are classified as level 3 fair value in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

The carrying amount of long term borrowings is approximately equal to it's fair value since the borrowings are at floating rate of interest. Also, the carrying amount of short term borrowing is considered to be approximately same as it's fair value due to it's short term nature.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Notes forming part of Balance sheet as at March 31, 2023 and Statement of Profit and Loss for the period ended March 31, 2023 (All amounts are in rupees lakhs, unless otherwise stated)
ii. Fair Value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

(Amt in Lakhs)

Financial assets and liabilities measured at fair value	Level 1	Level 2	Level 3	Total

Other	-	-	-	-
Total	-	-	14,451.38	14,451.38

The above mentioned grouping into Level 2 and Level 3, is described below.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or Liability, either directly or indirectly.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case for Borrowings and Security Deposit received.

iii. Valuation technique used to determine fair value:

Specific valuation techniques used to value financial instruments include:

- a. the fair value of the Borrowings and Other Financial Liabilities is determined using discounted cash flow analysis.

37) Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk.

(I) Credit risk

Credit risk is the risk that counterparty will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

a) Trade receivables

Credit risk has been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit. The company uses a simplified approach as per Ind AS 109 and an impairment analysis is performed at each reporting date on an individual basis for significant clients.

(II) Liquidity risk

The Company maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank loans (comprising the undrawn borrowing facilities below) by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

b) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

All non derivative financial liabilities and derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not material.

(IV) Market risk - interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company had borrowed funds at both fixed and floating interest rates. The Company's interest rate risk arises from long-term borrowings with variable rates, which exposes the Company to cash flow interest rate risk.

a) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	(Amt in Lakhs)	
	As at March 31, 2023	As at March 31, 2022

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF BHARAT WIRE ROPES LIMITED
Report on the Consolidated Ind AS Financial Statements**

Opinion

We have audited the accompanying consolidated financial statements of **BHARAT WIRE ROPES LIMITED** (“the Holding Company”) and its associates (the Holding Company and its associates together referred to as “the Group”) and jointly controlled entities, which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements

These arrangements result in deductions to gross sales in arriving at turnover and give rise to obligations for the Company to provide customers with rebates, discounts, allowances.</p>	<p>Principal Audit Procedures Obtained an understanding of the policies and procedures applied to revenue recognition including testing the design and operating effectiveness of controls related to revenue recognition processes employed by the Company.</p> <ul style="list-style-type: none"> • Performed procedures by analyzing the cost of sales related to discounts, incentives, rebates and margins to total revenue recognized as compared with prior year. • Assessed the relevant estimates made by the management in connection with discounts incentives and rebates at year's end. • Performed procedures for a sample of revenue transactions at the year end to assess whether they were recognized at the correct period by corroborating the date of revenue recognition to third party support such as bills of lading, lorry receipt etc. • Analyzed other adjustments and credit notes issued after the reporting date.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other

information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error..

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its associate companies and jointly controlled entities which are companies, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Consolidated financial Statement and other financial information, include the share of profit/(loss) after tax of (Rs.2.29 lakhs) and total comprehensive profit/(loss) of (Rs. 0.05 lakhs) in respect of Jointly Controlled Entity, as considered in the consolidated financial statement which have been audited by other auditors.

Report on Other Legal and Regulatory Requirements.

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements of associate company, incorporated in India, as noted in "Other Matter" paragraph we give in the "**Annexure A**" a statement on the matters specified in paragraph 3(xxi) of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of one of its associate company, none of the directors of the Group companies is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**" which is based on the auditor's reports of the Holding Company and its associate companies and jointly controlled entities. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

- i. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose impact of pending litigations on the consolidated financial position of the Group.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and associate company.
 - iv. (A) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kinds of funds) by the Company to or in any other person or entity, including foreign entity (“intermediaries”), with the understanding , whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“ Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries:
 - (B) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“ Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“ Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (C) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (I) of Rule 11(e), as provided under (A) and (B) above, contain any material misstatement.
 - (D) The Company has not declared or paid any dividend during the year. Hence the compliances with section 123 of Companies Act 2013, is not applicable.
 - vi. Annexure – B to the Auditor's Report

Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Ind AS financial statement of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of Bharat Wire Ropes Limited (“the Holding Company”) and its associate companies and jointly controlled entities which are companies, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company, its associate companies and its jointly controlled entities which are companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note required that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the Ind as financial statement, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statement for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorization of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitation of Internal Financial Controls Over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedure may deteriorate.

Opinion

In our opinion and to the best of our information and according to explanation given and based on the consideration of report of other auditors, as referred to in other matters paragraph, the Holding Company and its associate company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to associate company, is based on the corresponding reports of the auditors of such company.

**SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF ACCOUNTS
FOR THE YEAR ENDED 31ST MARCH, 2023****1 GENERAL INFORMATION :**

Bharat Wire Ropes Limited (herein referred to as “BWRL” or “the Company”) is engaged in the business of production of Wire, Wire Ropes, Strands, and Slings.

The Company is Public Limited Company which is listed on National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) and is incorporated and domiciled in India. The Address of the Registered Office is Plot No. 4, MIDC, Chalisgaon Industrial Area, Village –Khadki, Taluka – Chalisgaon, Jalgaon – 424 101, Maharashtra, India.

The financial statements were approved for issue by the Board of Directors on April 25, 2023.

2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS :**a) Basis of preparation and Compliance with Ind AS**

- (i) The financial statements of the Company comply with and have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and the relevant provisions of the Companies Act, 2013 ("the Act").
- (ii) The financial statements of the Company comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 (as amended).
- (iii) For financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:
 - **Level 1** inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
 - **Level 2** inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
 - **Level 3** inputs are unobservable inputs for the asset or liability.

b) Basis of measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities, including derivative financial instruments which have been measured at fair value and defined benefit plans which have been measured at actuarial valuation as required by relevant Ind AS.

c) Functional and presentation currency and rounding off

These Ind AS Financial Statements are prepared in Indian Rupee which is the Company's functional currency. All financial information presented in Rupees has been rounded to the nearest lakhs.

d) Principles of consolidation and equity accounting**(i) Subsidiaries**

Subsidiaries are all entities (including structured entities) over which group has control. The group controls an entity when the group is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combination by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses, Intercompany transaction, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed when necessary to ensure consistency with the policies adopted by the group.

Non -controlling interest in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of change in equity and balance sheet respectively.

(ii) Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% to 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see iii) below, after initially being recognised at cost.

(iii) Equity method

Under the equity method of accounting, the investment is initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as reduction in the carrying amount of investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligation or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the assets transferred. Accounting policies of equity accounted investee have been changes where necessary to ensure consistency with the policies adopted by the group.

2A SIGNIFICANT ACCOUNTING POLICIES :

The Company has applied the following accounting policies to all periods presented in the Ind AS financial statements.

a) Revenue recognition

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties including taxes. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Effective April 1, 2018, the Company adopted Ind AS 115 “Revenue from Contracts with Customers” using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

The specific recognition criteria described below must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all significant risks and rewards of ownership of the goods have passed to the buyer, which generally coincides with delivery. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Export Sales are accounted for on the basis of date of bill of lading. Gross Sales include excise duty, adjustments for price variation, quality claims, liquidated damages and exchange rate variations related to export realization. Export Benefits is accounted on accrual basis.

Rendering of Services

Revenue from sale of services is recognised upon the rendering of services and is recognised net of GST.

Interest income

Interest income is included in other income in the statement of profit and loss. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate when there is a reasonable certainty as to realisation.

b) Property, plant and equipment

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, attributable borrowing cost and any other directly attributable costs of bringing an asset to working condition and location for its intended use.

Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are normally charged to the statements of profit and loss in the period in which the costs are incurred. Major inspection and overhaul expenditure is capitalized if the recognition criteria are met.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed and overhaul cost is incurred, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss, when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(i) Capital work in progress

Assets in the course of construction are capitalized in capital work in progress account. At the point when an asset is capable of operating in the manner intended by management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs associated with the commissioning of an asset are capitalised when the asset is available for use but incapable of operating at normal levels until the period of commissioning has been completed. Revenue generated from production during the trial period is credited to capital work in progress.

(ii) Depreciation

Assets in the course of development or construction and freehold land are not depreciated.

Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use.

Depreciation is calculated on the depreciable amount, which is the cost of an asset less its residual value.

Pursuant to the enactment of the Companies Act, 2013 ("the Act") and its applicability for accounting periods commencing from April 1, 2014 the company has, wherever required reassessed the useful life of its fixed assets and has computed depreciation with reference to the useful life of the assets as recommended in schedule II of the Act. However as per the valuation report dated 20th January 2015 in case of Atgaon plant Assets & as per the valuation report dated 5th May 2017 & 14th May 2018 in case of Chalisgaon Plant Assets, both certified by Chartered Engineer useful life of the some of the assets have been assessed as ranging between 25 and 60 years which is different than the life prescribed under schedule II of the Act and depreciation is computed accordingly.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013, except for Tangible Assets for which certificate of the useful life is taken from the competent person in that field.

Individual items of assets costing upto Rs. 5,000 are fully depreciated in the year of acquisition.

Leasehold improvements are depreciated over the unexpired period of respective leases or useful life whichever is shorter.

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Major inspection and overhaul costs are depreciated over the estimated life of the economic benefit derived from such cost. The carrying amount of the remaining previous overhaul cost is charged to the statement of profit and loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

When significant spare parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

c) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

The Company has intangible assets with finite useful lives.

Intangible assets (computer software) are amortised on straight-line method at the rates determined based on estimated useful lives of 10 years.

d) Foreign currencies

In the financial statements of the Company, transactions in currencies other than the functional currency are translated into the functional currency at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in other currencies are translated into the functional currency at exchange rates prevailing on the reporting date. Non-monetary assets and liabilities denominated in other currencies and measured at historical cost or fair value are translated at the exchange rates prevailing on the dates on which such values were determined.

The Company has applied paragraph 46A of AS 11 under Indian GAAP. Ind AS 101 gives an option, which has been exercised by the Company, whereby a first time adopter can continue its Indian GAAP policy for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the

Indian GAAP financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period. Hence, foreign exchange gain/loss on long-term foreign currency monetary items recognized upto 31st March, 2017 has been capitalized. Such exchange differences arising on translation/settlement of long-term foreign currency monetary items and pertaining to the acquisition of a depreciable asset are amortised over the remaining useful lives of the assets.

From accounting period commencing on or after April 1, 2017, exchange differences arising on translation/settlement of long-term foreign currency monetary items, acquired post April 1, 2017, pertaining to the acquisition of a depreciable asset are charged to the statement of profit and loss. A long-term foreign currency monetary item is an item having a term of 12 months or more at the date of its origination.

e) Government grants

Government grants are credited to profit & loss account on an accrual basis.

f) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside the statement of profit and loss is recognised either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except when it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised either in other comprehensive income or in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

g) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

h) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that

right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2016, the Company has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

i) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials and packing materials, Stores and spares parts and loose tools: These are valued at lower of cost and net realisable value. However, material and other items held for use in production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Finished goods and work in progress: These are valued at lower of cost and net realisable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on weighted average basis.
- Stock-in-trade: These are valued at lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Scrap: These are valued at net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Obsolete inventories are identified and written down to net realisable value. Slow moving and defective inventories are identified and provided to net realisable value.

j) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company with the help of the valuer estimates the asset's or CGU's recoverable amount.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so

that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

k) Provisions, contingent liabilities and contingent assets

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

l) Employee benefit schemes

(i) Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

(ii) Post-employment benefits

Defined contribution plan

Post employment and other long-term benefits are recognized as an expense in the statement of Profit and Loss of the year in which the employees has rendered services. The Expense is recognized at the present value of the amount payable determined using actuarial valuation technique. Actual gain and losses in respect of post employment and other long term benefits are recognized in the statement of Profit and loss.

Payments to defined contribution retirement benefits schemes are charged as expenses as and when they fall due.

m) Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are initially measured at fair value. Transaction costs that are attributable to the acquisition of the financial assets (other than financial assets at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset. The transaction costs directly attributable to the acquisition of financial assets at fair value through

profit and loss are immediately recognised in the statement of profit and loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sale the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories as below:

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Debt instrument at Fair Value through Other Comprehensive Income

A 'debt instrument' is classified as at the FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to the statement of profit and loss. Interest earned whilst holding fair value through other comprehensive income debt instrument is reported as interest income using the EIR method.

Debt instrument at Fair Value through Profit and Loss

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has designated its investments in debt instruments as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised when the rights to receive cash flows from the asset have expired.

Impairment of financial assets

The Company follows 'simplified approach' as per Ind AS 109 where the company provides for losses based on lifetime Expected Credit losses at each reporting date right from initial recognition.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through statement of profit and loss, loans and borrowings, payables or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement**Financial Liabilities at Fair Value through Profit and Loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit or loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has designated forward exchange contracts as at fair value through profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

n) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

o) Cash dividend distributions to equity holders

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss before OCI for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Share-based payment arrangement

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments/ option at the grant date.

The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share options outstanding reserve.

r) Segment Reporting - Identification of Segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments.

s) Current/Non current classification

- An asset is considered as current when it is:
 - Expected to be realized or intended to be sold or consumed in normal operating cycle,
- or
- Expected to be realized within twelve months after the reporting period, or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle, or
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

t) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

u) Use of estimates and critical accounting judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note:

The Company has issued unrated unlisted unsecured Compulsory Convertible Preference Shares (CCPS) having face value Rs. of Rs 10/- each at a premium of Rs 99,990 per shares to the extent of Rs. 382.66 crores to lenders as per sanction of resolution Plan.

The tenure of said CCPS is 20 years from the date of allotment. Such CCPS shall be convertible any time after a period of 13 years from the date of allotment. However, from 13 to 20 years from allotment date, 1/8th of outstanding at the end of 12th year to be bought by the Promoters from the existing holders or converted into Equity shares each year only after the payment of the outstanding under Restructured Loan only. At the time of conversion, price of CCPS shall be determined as per SEBI ICDR, RBI regulations, Companies Act and/ or any other regulations applicable. The aggregate value of the Equity shares issued at the time of conversion shall not be less than the aggregate amount of face value and the premium for the securities. The number of Equity Shares to be issued at the time of conversion shall be determined accordingly.

Since the no. of shares to be allotted at the time of conversion is not fixed in the agreement, the nature of this instrument is Compound Financial Instrument(CFI). However, in opinion of the management, since there is no contractual obligation for cash outflow under this agreement except the repayment of sustainable debt portion which is disclosed as financial liability in books of the Company, the value of liability component of this CFI would be Nil. Accordingly, the entire amount of fair value of CFI, Rs. 382.66 Crores which is the transaction price, is determined as the value of equity component and has been presented under "Other Equity" in the balance sheet. These assumptions for value determination have been relied upon by the Statutory Auditors.

- i) The carrying amount of trade receivable, current portion of interest accrued on fixed deposit, cash and cash equivalents, bank balances other than cash and cash equivalents, trade payables and other current financial liabilities are considered to be approximately same as their fair value, due to their short-term nature and have been classified as level 3 in the fair value hierarchy.
- The fair value for loans and security deposits is calculated based on cash flows discounted using a current lending rates. Further, security deposits and advance recoverable in cash are classified as level 3 fair value in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.
- The fair value for long term security deposits are based on discounted cash flow using a current borrowing rate. They are classified as level 3 fair value in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.
- The carrying amount of long term borrowings is approximately equal to it's fair value since the borrowings are at floating rate of interest. Also, the carrying amount of short term borrowing is considered to be approximately same as it's fair value due to it's short term nature.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

ii. Fair Value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

(Amt in Lakhs)

Financial assets and liabilities measured at fair value	Level 1	Level 2	Level 3	Total

Other Financial Liabilities				
Other	-	-	-	-
Total	-	-	14,451.38	14,451.38

The above mentioned grouping into Level 2 and Level 3, is described below.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or Liability, either directly or indirectly.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case for Borrowings and Security Deposit received.

iii. Valuation technique used to determine fair value:

Specific valuation techniques used to value financial instruments include:

- a. the fair value of the Borrowings and Other Financial Liabilities is determined using discounted cash flow analysis.

37) Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk.

(I) Credit risk

Credit risk is the risk that counterparty will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

a) Trade receivables

Credit risk has been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit. The company uses a simplified approach as per Ind AS 109 and an impairment analysis is performed at each reporting date on an individual basis for significant clients.

(II) Liquidity risk

The Company maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank loans (comprising the undrawn borrowing facilities below) by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

b) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

All non derivative financial liabilities and derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not material.

Statement pursuant to Section 102 (1) of the Companies Act, 2013("The Act") to the accompanying Notice dated 25th April, 2023

Item No. 3:

To ratify the remuneration payable to M/s. Dilip M. Bathija (Firm Registration No. 100106), Cost Auditor of the Company for FY 2023-24:

The Board of Directors at its meeting held on 25th April, 2023, on the recommendation of the Audit Committee, had considered and approved the appointment and remuneration of **Mr. Dilip M. Bathija**, Cost Accountant (Firm Registration No. 100106), as the Cost Auditor for audit of the cost accounting records of the Company for the financial year 2023-24, at a remuneration not exceeding Rs. 1,25,000/- (Rupees One Lakh Twenty five thousand only) plus Goods & Service Tax & re-imburement of out-of-pocket expenses in connection with the audit. **Mr. Dilip M. Bathija** has confirmed that they hold a valid certificate of practice under Sub-section (1) of Section 6 of the Cost and Works Accountants Act, 1959. In accordance with the provisions of Section 148 (3) of the Act read with the Companies (Audit and Auditors) Rules, 2014 and Companies (Cost Records and Audit) Rules, 2014 (including any statutory modification(s) and/or re-enactment(s) for the time being in force), the remuneration payable to Cost Auditor has to be ratified by the members of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 3 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending 31st March, 2024.

None of the Directors, Key Managerial Personnel and their relatives, are in any way, concerned or interested either financially or otherwise in the said resolution.

The Board of the Directors recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval of the members.

Item No. 4:

Re-appointment of Mr. Sanjiv Swarup (DIN: 00132716), as Non-Executive Independent Director of the Company for a second term of five years:

Pursuant to Sections 149, 150, 152 read with Schedule IV and other applicable provisions of the Companies Act, 2013 and the Companies (Appointment and Qualification of Directors) Rules, 2014, Regulation 25 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, (including any statutory modification(s) or enactment thereof for the time being in force) the Board on the recommendation of the Nomination & Remuneration Committee at its meeting held on 25th April, 2023, approved the re-appointment of Mr. Sanjiv Swarup (DIN: 00132716) for a second term of 5 (five) consecutive years

commencing from 28th April, 2023 till till 27th April, 2028, subject to approval of shareholders at ensuing Annual General Meeting.

The Company has received notice under Section 160 of the Companies Act, 2013 from a member signifying the candidature of Mr. Swarup as an Independent Director of the Company. The Company has also received a declaration of independence from Mr. Swarup. Further, the Company has received from him all statutory disclosures /declarations including his consent to act as an Independent Director. The letter of appointment is available for inspection by members at the registered office of the Company between 11 a.m. to 1 p.m. on any working day of the Company.

A brief profile and other information as required under Regulation 36 of SEBI Listing Regulations and Secretarial Standard-2 issued by ICSI is provided as Annexure to this Notice.

In opinion of the Board, Mr. Sanjiv Swarup fulfills the conditions specified in the Act and the Rules made thereunder and the SEBI Listing Regulations for his appointment as Independent Director of the Company and is independent of the management of the Company. The Board considers that the continued association of Mr. Swarup would be of immense benefit to the Company and having regard to the qualification, knowledge and experience, the re-appointment of Mr. Swarup for further term of five consecutive years as Independent Directors will be beneficial and in the interest of the Company. The Board of Directors recommends passing of the Special Resolution as set out at item no. 4 of the Notice for approval of the members.

Except Mr. Sanjiv Swarup, no other director(s) and Key Managerial Personnel(s) or their relatives, are in any way, concerned or interested, financially or otherwise, in this resolution.

Item No. 5:

Appointment of Mr. Subhash Chander Kalia (DIN: 00075644) as Non-executive Independent Director on the Board of the Company:

Based on the recommendation of the Nomination and Remuneration Committee ("NRC") and pursuant to the provisions of section 149, 150 and 152 of the Act, read with rules framed thereunder, the Board of Directors in its meeting 25th April, 2023, , appointed Mr. Subhash Chander Kalia (DIN: 00075644) as an Additional Non-Executive Independent Director of the Company for term of 5 consecutive years w.e.f 25th April, 2023 till 24th April, 2028 subject to the approval of the members of the Company.

The Company has received notice under Section 160 of the Companies Act, 2013 from a member signifying the candidature of Mr. Kalia as an Independent Director of the Company. The Company has also received a declaration of independence from him.

In the opinion of the Board, Mr. Subhash Chander Kalia fulfils the conditions specified in the Act and the Rules made thereunder and the Listing Regulations for his appointment as Independent Director of the Company and is independent of the management of the Company. Mr. Subhash Chander Kalia (DIN: 00075644) is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013. The Company has received from him all statutory disclosures /declarations including his consent to act as an Independent Director. The letter of appointment is available for inspection by members at the registered office of the Company between 11 a.m. to 1 p.m. on any working day of the Company.

Having regard to the qualification, knowledge and experience, the appointment of Mr. Kalia as an Independent Directors will be beneficial and in the interest of the Company. Item No. 11:

Approval of terms related to BWRL ESOP Scheme – 2022

Stock options are an effective instrument to align interests of employees with those of a company and provide an opportunity to employees to participate in the growth of the Company, besides creating long term wealth in their hands. This also helps the Company to attract, retain and motivate the best available talent in a competitive environment.

The Company believes in rewarding its employees for their continuous hard work, dedication and support, which has led the Company on the growth path. To this effect, the Company proposes to implement an Employee Stock Option Plan.

The Nomination and Remuneration Committee ('the Committee') at its meeting inter-alia formulated the detailed terms and conditions of the said scheme and the Board of Directors ("Board") of the Company at its meeting held on September 23, 2022 approved introduction of the BWRL Employee Stock Option Plan Scheme – 2022 ("BWRL ESOP – 2022/Scheme"), for the benefit of the present and future employees of the Company, subject to the approval of the members by a special resolution.

The Board has nominated the Nomination and Remuneration Committee to be designated as the Compensation Committee for the administration and superintendence of the Scheme in accordance with the Companies Act 2013 and the rules made thereunder. Approval of the members is being sought for the issue of Stock Options to the Eligible Employees of the Companies as may be determined by the Nomination and Remuneration Committee of the Company.

In terms of the provisions of Regulation 6 read with Schedule I Part C of SEBI SBEB & SE Regulations, 2021 and Section 62(1)(b) of the Companies Act, 2013, the broad terms and conditions of the scheme are as follows;

1. Brief Description of the scheme:

The objective of the BWRL ESOP-2022 is, inter alia, to reward the employees (as defined hereinafter) for their performance and to motivate them to contribute to the growth and profitability of the Company. The Company also intends to use the scheme to attract and retain talent in the organization. The Company views options as instruments that would enable the employees to get a share in the value they create for the Company in the years to come and align the objectives of the employees with the objectives of the Company

2. The total number of options, shares or benefits, as the case may be, to be granted.

Not exceeding in aggregate of 30,00,000 (Thirty Lakhs) Equity Shares of the face value of Rs. 10/- (Rupees Ten only) each (or such other adjusted figure for any bonus, stock splits or any other re-organisation of the capital structure from time to time.)

3. Identification of classes of employees entitled to participate and be beneficiaries in the scheme(s).

The BWRL ESOP - 2022 shall generally extend to all Eligible Employees as defined in the BWRL ESOP - 2022 and the Stock Options shall be granted to such of them, of such quantity, in such manner and at such terms as the Compensation Committee may decide at its discretion from time to time. Eligible Employees mean the permanent employees of the Company and its directors (excluding Independent Directors and promoters/members of the Promoter Group of the Company & other ineligible persons under the Regulations), as may be determined by the Compensation Committee at its discretion.

4. Requirements of Vesting and period of Vesting

The continuation of an employee in the services of the Company shall be the primary requirement of the vesting of the Stock Options, except under such situations as the Compensation Committee may decide and as permissible/required under the applicable Regulations. The minimum vesting period would be one year from the date of grant and the maximum vesting period shall be five years from the date of grant.

Within this minimum and maximum vesting period, the Compensation Committee may decide varying terms for different tranches of Stock Options and generally for different categories of employees or individual employees.

5. Maximum period (subject to Regulation 18 (1) and 24 (1) of the regulations, as the case may be) within which the options / benefit shall be vested.

The maximum vesting period may extend to 5 years from the date of grant of option, unless otherwise decided by

the Nomination & Remuneration Committee.

Time Period	Percentage of Options Vested (%)	
	Previously approved	Revised
After 1 year from the date of Grant	35%	30.30%
After 2 years from the date of Grant	35%	33.33%
After 3 years from the date of Grant	30%	36.37%

6. Exercise Price, Purchase Price or pricing formula

The exercise price and/or the pricing formula shall be decided by the Nomination and Remuneration Committee from time to time subject to applicable laws. Further, employee shall bear all tax liability in relation to grant of options.

7. Exercise Period and process of exercise

One year post vesting period or such longer period as may be determined by the Compensation Committee. The Grantee shall be entitled to exercise vested options for underlying equity share and shall pay applicable tax thereon. Payment of the Exercise Price shall be made by a cheque or a demand draft drawn in favour of the Company or through permitted banking channel, or in such other manner as the Committee may permit.

8. Appraisal process for determining the eligibility of the employees

The process for determining the eligibility of the employees will be specified by the Nomination and Remuneration Committee and will be based on designation, period of service, band, performance linked parameters such as work performance, expected potential contribution and such other criteria as may be determined by the aforesaid Committee at its sole discretion, from time to time.

9. Maximum number of options to be granted per employee and Maximum quantum of benefits to be provided per employee under the scheme

The maximum number of Stock Options or equity shares issued to any identified Eligible Employee under the BWRL ESOP-2022 shall not exceed in any one year, one per cent of the issued capital (excluding outstanding warrants and conversions) of the Company at the time of grant of Stock Options/ equity shares. The total number of Stock Options to be granted shall not exceed 30,00,000 (Thirty Lakhs) (as adjusted for any changes in capital structure/corporate actions in the manner as provided in the Scheme).

10. Conditions under which the Options may lapse:

The option will lapse if not exercised within the specified period. The option may also lapse under certain circumstances even before the expiry of specified exercise period i.e. in the event of termination or resignation.

11. Whether the scheme(s) is to be implemented and administered directly by the company or through a trust.

BWRL ESOP - 2022 shall be administered by the Company and not through a trust. The Scheme shall be implemented and administered directly by the Company through Nomination and Remuneration Committee.

12. Whether the scheme(s) involves new issue of shares by the company or secondary acquisition by the trust or both.

The scheme only involves new issue of shares by the Company.

13. The amount of loan to be provided for implementation of the scheme(s) by the company to the trust or through any such person as Nomination Remuneration Committee deem fit from time to time, its tenure, utilization, repayment terms, etc.

The Company may at its sole discretion provide loans, from time to time, to the grantees of Stock Options which shall be utilized for/adjusted towards the sole purpose of purchase of equity shares of the Company by way of exercise of the Stock Options. The terms and amount of such loans shall be such as the Compensation Committee may decide from time to time in accordance with applicable law.

14. Maximum percentage of secondary acquisition (subject to limits specified under the regulations) that can be made by the trust for the purposes of the scheme(s).

Not applicable

15. A statement to the effect that the company shall conform to the accounting policies specified in Regulation 15.

The Company undertakes that it shall conform to the accounting policies specified in Regulation 15 of the SEBI (SBEBS) Regulations, 2021.

16. The method which the company shall use to value its options.

The Company shall use the Intrinsic Value/ Fair Value method to value its Stock Options in accordance with the relevant Regulations.

Further, in case the company opts for expensing of share based employee benefits using the intrinsic value, the difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the fair value, shall be disclosed in the Directors' report and the impact of this

difference on profits and on earnings per share ("EPS") of the company shall also be disclosed in the Directors' report.

17. Lock-in

Not any except if any lock-in is required pursuant to applicable laws.

18. Terms & conditions for buyback, if any, of specified securities covered under these regulations.

The Company proposes not to buyback any securities covered under these regulations.

19. Listing.

Subject to the approval of the Stock Exchange(s), the Shares issued and allotted on Exercise of the Options shall be listed on the recognized Stock Exchange(s) on which the Shares of the Company are listed.

Regulation 6 (1) of SBEBSE Regulations requires that every employee stock option scheme shall be approved by the members of a company by passing a special resolution in a general meeting. Further, as BWRL ESOP - 2022 will entail further issue of shares, accordingly consent of the members is required by way of a special resolution pursuant to Section 62 (1) (b) of the Companies Act, 2013. Accordingly, the special resolution set out at Item No. 11 of this Notice is proposed for approval by members.

None of the Directors or Key Managerial Personnel of the Company including their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed resolution(s) except to the extent of the stock options that may be granted to them as per the proposed resolutions set out at Item No. 11 above.

Item No. 12:

Revision in vesting schedule of the options granted under New BWRL ESOP Scheme 2022

The Shareholders in Extra-Ordinary General Meeting held on 20th October, 2022 had approved the BWRL ESOP Scheme 2022 and accordingly options were granted to the eligible employees of the Company. In the best interest of the Company and with a purpose to retain talented employees of the Company, the Nomination and Remuneration Committee at its meeting held on 25th April, 2023 had approved and proposed to revise the vesting period of the options granted under "BWRL ESOP – 2022". As per clause 6(b)(xi) of the said scheme and as per Regulation 7 of the SEBI (Share Based Employee Benefits) Regulations, 2014, the Company can vary the terms of the scheme subject to the approval of the shareholders by way of special resolution.

Accordingly, the Board hereby recommends the Special Resolution as set out at Item No. 12 of the Notice for approval of the Members.

None of the Directors and Key Managerial Personnel of the Company and their relatives are, in any way, may be deemed

to be concerned or interested, financially or otherwise, in the resolution set out at item No. 12 of the Notice except to the extent of stock options granted to some of them under the aforesaid ESOP scheme and to the extent of their shareholding in the Company.

Item No. 13:

Increase in the Authorised Share Capital of the Company and amendment of the Memorandum of Association respectively:

Considering the business plans and fund requirements of the Company, it is proposed to increase the Authorised Share Capital of the Company from Rs. 85,00,00,000 (Rupees Eighty-Five Crores Only) divided into 8,49,60,000 (Eight Crores Forty-Nine Lakhs Sixty Thousand) Equity Shares of Rs. 10/- (Rupees Ten Only) each and 40,000 (Forty Thousand) Compulsorily Convertible Preference Shares of Rs. 10/- (Rupees Ten Only) each to Rs. 95,00,00,000 (Rupees Ninety-Five Crores Only) divided into 9,49,60,000 (Nine Crores Forty-Nine Lakhs Sixty Thousand) Equity Shares of Rs. 10/- (Rupees Ten Only) each and 40,000 (Forty Thousand) Compulsorily Convertible Preference Shares of Rs. 10/- (Rupees Ten Only) each by creation of additional 1,00,00,000 (One Crore Only) Equity shares of Rs. 10/- (Rupees Ten Only) each.

Pursuant to provisions of section 13 read with section 61 of the Act, the proposed increase in Authorised Share Capital requires approval of members in General Meeting. Consequent upon increase in Authorised Share Capital, clause V of the Memorandum of Association of the Company is required to be altered.

Accordingly, the board recommends the Special Resolution set out in Item No. 13 of the notice for the approval of members.

None of the Directors or Key Managerial Personnel of the Company including their relatives are in any way, concerned or interested, financially or otherwise, in the proposed resolution as set out at Item No. 13 above.
