The Johns Creek, Georgiabased firm listed assets and liabilities of at least \$500 million each in a Chapter 11 petition filed in Texas. The filing protects the company from creditors while it seeks court approval of a plan to repay them.

Capri Global plans to launch digital loans

AJAY RAMANATHAN Mumbai, December 18

NBFC FIRM CAPRI Global Capital is planning to launch digital loans. However, the lender has not set any specific timeline for launching this product. "We are currently evaluating a digital lending product. First, we will launch the pilot, and then formally launch the product. But, it will not happen before the next financial year," founder and managing director Rajesh Sharma said. The company's assets under

"Car loans are given at an interest rate of below 9%. We cannot lend at those rates because we ourselves borrow at that rate," he said, explaining the rationale for operating under the fee income-based model for this segment. Sebi eases criteria for grant of investor accreditation

PRESS TRUST OF INDIA New Delhi, December 18

SEBI ON MONDAY simplified the requirements for the grant of certification to accredited investors. A person or entity is identified as an accredited investor based on net worth or income. Such investors can invest in securities that may not be

available to retail investors. Under the framework, accreditation agencies, which are also KYC registration agencies (KRAs), can access know your customer (KYC) documents of applicants available with them in the capacity of KRA and can also access the same from the database of other KRAs for accreditation, Sebi said in a circular.

Accreditation agencies will grant accreditation solely based on the KYC and the financial information of the applicants.

The certificate issued by accreditation agencies will include the disclaimer saying, "The assessment of the applicant for accreditation is solely based on the applicant's KYC and financial information and does not in any manner exempt market intermediaries and pooled investment vehicles from carrying out necessary due diligence of the accredited investors at the time of onboarding them as their clients."
