Message From CEO

Dear Shareholders,

The last financial year 2021-22 has been the toughest and the most challenging in the past decade. The uncertainty after the second COVID wave meant impact on operations, disruptions in supply chain and delayed project sites. Despite these challenges and uncertainties Team Anup collectively reaffirmed your company's leadership position in the process equipment business yet again. This performance against all odds has been commended and appreciated by our customers who see in us a reliable partner in challenging times like these.

Though in terms of numbers, this year was a year of muted growth with our revenues at ₹288 Crores compared to ₹279 Crores in FY21 and EBITDA remained at ₹70 Crores as compared to ₹68.8 Crores in FY21. PAT grew to ₹62 Crores as compared to ₹54 Crores in FY21, up by 16%. Apart from some extremely complex equipment executed by us in this year, we also were able to book significant orders which enabled us to strengthen our order book to an all time high of almost ₹400 Crores as on 31st March 2022. The order book clearly reflects our focus to build great references for future growth and is in complete synergy with our long term strategy with respect to our existing facility at Odhav and the upcoming one at Kheda.

On the capex front we were able to make significant progress by achieving some important milestones including the new L1 bay with lifting capacity of 150 Ton along with clean room facility which will allow us to tap the exotic material segment and upgradation of existing bays. We were also able to notch up rapid progress in construction of our new facility at Kheda which will be the cornerstone for future growth.

The new financial year FY23 presents to us opportunities and challenges in equal measure. On one hand we have a great order book which gives us a real chance to achieve substantial growth in terms of revenue. In terms of challenges, with the order inflow coinciding with the geopolitical situation in Europe which led to a big spike in material prices, we have our task clearly cut out which is to minimise the impact of this extraordinary increase in our raw material costs & to maintain our industry leading position in terms of profitability. With the kind of references that we are building for the future in terms of order mix, we plan to build our team across functions and to reach out to new customers and new industry segments to enable us to carry forward the momentum of growth to beyond FY23.

As always we are grateful to our shareholders, customers, supply chain partners and all associates who stood by us through these testing times.

Best regards,

Rishi Roop Kapoor
Chief Executive Officer

Notice

Notice is hereby given that the **5th (Fifth)** Annual General Meeting (“AGM”) of the Members of **The Anup Engineering Limited** will be held on Monday, 8th August 2022 at 11:00 a.m. through Video Conferencing (“VC”) / Other Audio Visual Means (“OAVM”) to transact the following businesses:

ORDINARY BUSINESS:

- 1 To receive, consider and adopt the Audited Financial Statements [including Consolidated Financial Statements] of the Company for the Financial Year ended 31st March 2022 and the Reports of the Board of Directors and Auditors thereon.
- 2 To declare dividend on Equity Shares.
- 3 To appoint a Director in place of Mr. Sanjay S. Lalbhai (holding DIN 00008329), who retires by rotation in terms of Article 168 of the Articles of Association of the company and being eligible, offers himself for re-appointment.

SPECIAL BUSINESS:

- 4 To consider and, if thought fit, to pass with or without modification(s), the following resolution as an Ordinary Resolution:

RESOLVED THAT pursuant to the provisions of Section 148 and other provisions, if any, of the Companies Act 2013, read with Companies [Audit and Auditors] Rules, 2014 [including any statutory modification(s) or re-enactment(s) thereof for the time being in force], the consent of the members be and is hereby accorded to ratify the remuneration, decided by the Board of Directors on the recommendations of the Audit Committee, of ₹ 30,000 (Rupees Thirty Thousand Only) plus applicable taxes and reimbursement of out-of-pocket expenses in connection with the audit, payable to M/s. Maulin Shah & Associates, Cost Accountants, Ahmedabad, having Firm Registration No. 101527 appointed by the Board to conduct the audit of cost records maintained by the company in respect of Heat Exchangers / Pressure Vessels/ Columns/ Reactors etc. products for the Financial Year ended 31st March 2023.

RESOLVED FURTHER THAT the Board of directors of the company (including any Committee thereof) be and is hereby authorized to do all such acts and take all such steps as maybe necessary, proper or expedient to give effect to this resolution.

NOTES

1. In view of the COVID-19 pandemic, the Ministry of Corporate Affairs, Government of India (“MCA”) has issued General Circular Nos. 14/2020, 17/2020, 20/2020, 02/2021, 19/2021, 21/2021 and 02/2022 dated 8th April 2020, 13th April 2020, 5th May 2020, 13th

January 2021, 8th December 2021, 14th December 2021 and 5th May 2022, respectively, (“MCA Circulars”) and Securities and Exchange Board of India vide its circular dated 13th May 2022 read with 12th May, 2020 and 15th January 2021 (“SEBI Circular”), permitted the holding of the Annual General Meeting (“AGM”) through VC / OAVM, without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 (“Act”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) and MCA Circulars, the AGM of the Company will be held through VC / OAVM. **Hence, Members can attend and participate in the 5th AGM through VC/OAVM only.** The deemed venue for the 5th AGM of the Company shall be the Registered Office of the Company. The detailed procedure for participating in the meeting through VC/OAVM is explained in the subsequent notes of this Notice.

2. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA and SEBI Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
3. The Register of Members and Share Transfer Books of the Company will remain closed from Tuesday, the 2nd August 2022 to Monday, the 8th August 2022 (both days inclusive).
4. **DIVIDEND:** The dividend on equity shares for the year ended 31st March 2022, as recommended by the Board of Directors, if approved at the AGM, would be paid / dispatched subject to deduction of tax at source on due date (i) to all Beneficial Owners in respect of shares held in dematerialized form as per the data as may be made available by the National Securities Depository Limited (“NSDL”) and the Central Depository Services (India) Limited (“CDSL”), as of the close of business hours on Monday, the 1st August 2022 and (ii) To all Members in respect of shares held in physical form after giving effect to valid transfer, transmission or transposition requests lodged with the Company as of the close of business hours on Monday, the 1st August 2022.
5. **TDS ON DIVIDEND:** Pursuant to the changes introduced by the Finance Act 2020, w.e.f. 1st April 2020, the Company would be required to deduct tax at source (TDS) at the prescribed rates on the dividend paid to its shareholders. The TDS rate would vary depending on the residential status of the shareholder and the documents submitted by them and accepted by the Company. Accordingly, the above referred Final Dividend will be paid after deducting the TDS. The Company will be sending out individual communication to the shareholders who have registered their email IDs with us. For the detailed process, the information is available on the Company’s website at <https://www.anupengg.com/dividend/>.

6. Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. In view of this, Members are requested to approach the Company or its RTA to claim their dividends, within the stipulated timeline. The Company did not declare any dividend on equity shares for the financial year 2017-18. Unclaimed and unpaid dividends for the financial year 2018-19, 2019-20 and 2020-21 will be transferred to this fund on due date. Kindly note that once unclaimed and unpaid dividends and shares are transferred to the Investor Education and Protection Fund, members will have to approach to IEPF Authority for such dividends and shares.
7. In compliance with the aforesaid MCA Circulars and SEBI Circular, Notice of the AGM inter-alia, indicating the process and manner of voting through electronic means along with the Annual Report 2021-22 is being sent only through electronic mode to those Members whose e-mail addresses are registered with the Company / Depositories. Members may note that the Notice and Annual Report 2021-22 will also be available on the Company's website i.e. <https://www.anupengg.com/financial-reports/>, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at <https://www.bseindia.com> and <https://www.nseindia.com> respectively, and on the website of NSDL i.e. <https://www.evoting.nsdl.com>.
8. In case of Joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
9. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
10. Members may note that the VC/OAVM Facility, provided by NSDL, allows participation of atleast 1,000 Members on a first-come-first-served basis. The large shareholders (i.e. shareholders holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, auditors, etc. can attend the AGM without any restriction on account of first-come first-served principle.
11. The relevant Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 setting out material facts concerning the business under Item No. 4 of the Notice, is annexed hereto. The relevant details, as required under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard – 2 on General Meetings issued by the Institute of Company Secretaries of India, of the person seeking appointment/ re-appointment as a Director under Item No. 3 of the Notice is also annexed to the notice.
12. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act, the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, and the relevant documents referred to in the Notice will be available electronically for inspection by the members during the AGM. All documents referred to in the Notice will also be available electronically for inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to investorconnect@anupengg.com.
13. SEBI vide its Circular no. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated 3rd November 2021 has mandated the listed companies to have PAN, Contact details, Postal address with PIN, Mobile number, E-mail address, Bank account details (bank name and branch, bank account number, IFS code), Specimen Signature and Nomination of all shareholders holding shares in physical form. Folios wherein any one of the above cited details / documents are not available with company on or after 1st April 2023, shall be frozen as per the aforesaid SEBI circular. The investor service requests forms for updation of above mentioned details viz., Forms ISR-1, ISR-2, ISR-3, SH-13, SH-14 are available on our website of the company as well as on the website of RTA. In view of the above, we urge the shareholders to submit the Investor Service Request form along with the supporting documents at the earliest. The Company has sent a letter to the shareholders holding shares in physical form in relation to the aforesaid on 3rd May 2022. In respect of shareholders who hold shares in the dematerialized form and wish to update their above mentioned details are requested to contact their respective Depository Participants.
14. In accordance with SEBI vide its circular no. SEBI/HO/MIRSD/RTAMB/CIR/P/2020/166 dated 7th September 2020 all share transfers shall be carried out compulsorily in the dematerialised form with effect from 1st April 2021. Hence no transfer of shares in physical form are allowed. Further, in compliance with SEBI vide its circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated 25th January 2022, the following requests received by the Company in physical form will be processed and the shares will be issued in dematerialization form only: i. Issue of duplicate share certificate, ii. Claim from unclaimed suspense account, iii. Renewal/Exchange of securities certificate, iv. Endorsement, v. Sub-division / splitting of securities certificate, vi. Consolidation of securities certificates/folios, vii. Transmission, viii. Transposition. For this purpose, the securities holder/claimant shall submit a duly filled up Form ISR-4 which is hosted on the website of the company as well as on the website of Registrar and share transfer agent (RTA) The aforementioned form shall be furnished in hard copy form. **Members holding shares in physical form are requested to dematerialize their holdings at the earliest.**
15. A person who is not a Member as on the cut-off date should treat this Notice for information purposes only.
16. Since the AGM will be held through VC / OAVM, the Route Map is not annexed with Notice.

17. INSTRUCTIONS FOR VOTING THROUGH ELECTRONIC MEANS (E-VOTING) AND OTHER INSTRUCTIONS RELATING THERETO ARE AS UNDER:

- I. In compliance with the provisions of Section 108 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the Listing Regulations, the Company is pleased to provide to its Members facility to exercise their right to vote on resolutions proposed to be passed in the Meeting by electronic means.
- II. The Company has engaged the services of NSDL as the Agency to provide remote e-Voting facility and e-Voting during the AGM.
- III. Ms. Ankita Patel, Company Secretary, Ahmedabad has been appointed as the Scrutinizer to scrutinize the e-Voting during the AGM and remote e-Voting in a fair and transparent manner.
- IV. The Results of voting will be declared within two working days from the conclusion of the AGM. The declared Results, along with the Scrutinizer's Report will be submitted with the Stock Exchanges where the Company's equity shares are listed (BSE Limited & National Stock Exchange of India Limited) and shall also be displayed on the Company's website <https://www.anupengg.com/> and NSDL's website <https://www.evoting.nsdl.com>.
- V. Voting rights of the Members for voting through remote e-Voting and voting during the AGM shall be in proportion to shares of the paid-up equity share capital of the Company as on the cut-off date i.e. Monday, the 1st August 2022. A person, whose name is recorded in the Register of Members or in the Register of Beneficial owners (as at the end of the business hours) maintained by the depositories as on the cut-off date shall only be entitled to avail the facility of remote e-Voting and voting during the AGM.
- VI. The remote e-Voting facility will be available during the following period:
 - a. Commencement of remote e-Voting: 9.00 A.M. (IST) on Friday, 5th August 2022
 - b. End of remote e-Voting: 5.00 P.M. (IST) on Sunday, 7th August 2022
 - c. The remote e-Voting will not be allowed beyond the aforesaid date and time and the remote e-Voting module shall be disabled by NSDL upon expiry of aforesaid period.
- VII. Those Members, who will be present in the AGM through VC/OAVM facility and have not cast their vote on the Resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through e-Voting system during the AGM.
- VIII. The Members who have cast their vote by remote e-Voting prior to the AGM may also attend/ participate in the AGM through VC / OAVM but shall not be entitled to cast their

vote again.

- IX. Any person, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holds shares as of the cut-off date, may obtain the login ID and password by sending a request at evoting@nsdl.co.in mentioning their demat account number/folio number, PAN, name and registered address. However, if he/she is already registered with NSDL for remote e-Voting then he/she can use his/her existing User ID and password for casting the vote.

X. Process and manner for Remote e-Voting:

How do I vote electronically using NSDL e-Voting system?

The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1: Access to NSDL e-Voting system

Step 2: Cast your vote electronically on NSDL e-Voting system.

Step 1: Access to NSDL e-Voting system

(A) Login method for e-Voting and joining virtual meeting for Individual shareholders holding securities in demat mode

In terms of SEBI circular dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Login method for Individual shareholders holding securities in demat mode is given below:

Type of shareholders	Login Method
Individual Shareholders holding securities in demat mode with NSDL.	<ol style="list-style-type: none"> 1. (B) Login Method for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

How to Log in to NSDL e-Voting website?

1. Visit the e-Voting website of NSDL Open web browser by typing the following URL: <https://www.evoting.nSDL.com/> either on a Personal Computer or on a mobile.

2. Once the home page of e-Voting system is launched, click on the icon “Login” which is available under Shareholders’ section.
3. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL e - services i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL e - services after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. cast your vote electronically.

4. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL	8 Character DP ID followed by 8 Digit Client ID. For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL	16 Digit Beneficiary ID. For example if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company. For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***.

5. Password details for shareholders other than Individual shareholders are given below:

- a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
- b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the ‘initial password’ which was communicated to you. Once you retrieve your ‘initial password’, you need to enter the ‘initial password’ and the system will force you to change your password.
- c) How to retrieve your ‘initial password’?
 - (i) If your email ID is registered in your demat account or with the company, your ‘initial password’ is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The pdf file contains your ‘User ID’ and your ‘initial password’.
 - (ii) If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered**

6. If you are unable to retrieve or have not received the “ Initial password” or have forgotten your password:

- a) Click on “**Forgot User Details/Password?**”(If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - b) “**Physical User Reset Password?**” (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address.
 - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
7. After entering your password, tick on Agree to “Terms and Conditions” by selecting on the check box.
 8. Now, you will have to click on “Login” button.
 9. After you click on the “Login” button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system.

How to cast your vote electronically on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see all the companies “EVEN” in which you are holding shares and whose voting cycle and General Meeting is in active status.
2. Select “EVEN” of company which is The Anup Engineering Limited for which you wish to cast your vote during the remote e-Voting period and casting your vote during the General Meeting. For joining virtual meeting, you need to click on “VC/OAVM” link placed under “Join General Meeting”.
3. Now you are ready for e-Voting as the Voting page opens.

Explanatory Statement pursuant to Section 102(2) of the Companies Act, 2013

Item No. 4

The Board of Directors on the recommendation of the Audit Committee, re-appointed M/s. Maulin Shah & Associates, Cost Accountants, Ahmedabad as the Cost Auditors to carry out the audit of cost records of the Company for the financial year 2022-23 and fixed the remuneration of ₹ 30,000/- (Thirty Thousand Only) plus applicable taxes and out of pocket expenses.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies [Audit and Auditors] Rules, 2014, the remuneration fixed by the Board of Directors has to be ratified by the shareholders of the Company. Accordingly, consent of the members is being sought for passing an Ordinary Resolution for ratification of remuneration payable to the Cost Auditors to carry out the audit of cost records of the Company for the financial year 2022-23.

None of the Directors and Key Managerial Personnel of the Company and their relatives, are in any way concerned or interested in the said Resolution.

The Board recommends this Ordinary Resolution for your approval.

On Consolidated Basis

The consolidated total income of the Company was ₹ 29,200.93 Lakhs during the year as against ₹ 28,268.39 Lakhs in the previous year. The Company has reported consolidated net profit of ₹ 6,205.44 Lakhs during the year under review as against profit of ₹ 5,352.32 Lakhs in the previous year.

Order Book

All time high opening order book of ₹ 393 Crores.

3 DIVIDEND

The Board of Directors have recommended a final dividend of ₹ 8.00 (80%) per equity share of ₹ 10/- each for the year ended on

31st March 2022. The proposal is subject to the approval of shareholders at the ensuing Annual General Meeting. The final dividend on equity shares, if approved by the members, would involve a cash outflow of ₹ 7.90 Crores.

4 DIVIDEND DISTRIBUTION POLICY

In terms of Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the Board of the Company has adopted a Dividend Distribution Policy, which is available on the website of the Company at www.anupengg.com > Investors > Policies.

5 TRANSFER TO RESERVES

As permitted under the provisions of the Companies Act, 2013, the Board does not propose to transfer any amount to general reserve.

6 MATERIAL CHANGES AND COMMITMENT AFFECTING THE FINANCIAL POSITION OF THE COMPANY

There are no material changes and/or commitments which may affect the financial position of the Company between the end of the financial period and the date of this report.

7 SHARE CAPITAL

During the financial year under the review, there has been no change in the Authorised Capital of the Company. The Authorised share capital of the company as on 31st March 2022 stood at ₹ 65,25,00,000/- divided into 6,52,50,000 equity shares of ₹10/- each.

Allotment of Shares

During the year company has allotted 50,000 Equity Shares to the eligible employees on exercise of the options granted under The Anup Engineering Limited - Employee Stock Option Scheme - 2018.

During the year under review, the Company has neither issued shares with differential voting rights nor sweat equity shares.

Consequently, post allotment the paid-up share capital of company as on 31st March 2022 stood at ₹ 9,88,11,500/- divided into 98,81,150 equity shares of ₹10/- each.

8 EMPLOYEE STOCK OPTION SCHEMES (ESOS)

The Company has instituted three schemes viz, The Anup Engineering Limited - Employee Stock Option Scheme - 2018 ("TAEI ESOS - 2018"), The Anup Engineering Limited - Employee Stock Option Scheme (Demerger) - 2018 ("TAEI ESOS (DEMERGER) - 2018") and ANUP - Employee Stock Option Scheme - 2019 ("ANUP - ESOS 2019").

The Company has issued 87,500 options under TAEI ESOS - 2018, 58,371 options under TAEI ESOS (DEMERGER) - 2018 and 57500 options under Anup - ESOS 2019 up to 31st March 2022. All these options are convertible into equal number of Equity Shares of face value of ₹ 10/- each.

The disclosures with respect to TAEI ESOS - 2018, TAEI ESOS (Demerger) - 2018 and ANUP ESOS - 2019 as required by Section 62 of the Companies Act, 2013, Rule 12 of Companies (Share Capital and Debentures) Rules, 2014 and the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 are set out in **Annexure-A** to the Board's Report.

9 DISCLOSURE UNDER SECTION 67(3)(C) OF THE COMPANIES ACT, 2013

No disclosure is required under section 67(3)(c) of the Companies Act, 2013 read with Rule 16(4) of Companies (Share Capital and Debentures) Rules, 2014 in respect of voting rights not exercised directly by the employees of the Company as the provisions of the said section are not applicable.

10 DEPOSITS

The Company has not accepted or renewed any deposits in terms of Chapter V of the Companies Act, 2013 read with the Companies (Acceptance of Deposit) Rules, 2014 and hence furnishing the details of deposit in terms of Chapter V of the Companies Act, 2013 is not applicable to the Company. Further there are no outstanding deposits as at 31st March 2022.

11 PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS

The Particulars of loans given, investments made, guarantees

given and securities provided as per Section 186 of the Companies Act, 2013 by the Company are disclosed in the financial statements of the company.

12 CORPORATE SOCIAL RESPONSIBILITY

The Anup Engineering Limited Policy on Corporate Social Responsibility (TAEI CSR), has been put in place to emphasize the underlying value system of the company and a firm belief that only in a healthy society healthy businesses flourish. It facilitates and formalizes the CSR processes, sets up a guiding structure and defines broader thematic areas for projects and programs. The Company defines an annual budget and CSR initiatives and works with like-minded organizations. Our CSR Policy is in sync with the broader areas of Schedule VII of the Companies Act, 2013 and will always be aligned to the changes that get incorporated in the schedule.

During the year under review, the company undertook three projects. These included an ongoing project of "Farmers' Skill Training" under the broad theme Rural Development, starting a new Rural Development Project around our proposed area of operation at Kheda and supporting a project of setting up a charitable pathology laboratory at Gandevi, Navsari in Gujarat. In addition, COVID relief operations were also undertaken.

The brief details of Corporate Social Responsibility Policy, initiatives undertaken and the amount spent during the financial year 2021-22 is enclosed as **Annexure-B** to the Board's Report.

13 HUMAN RESOURCES

A company grows when its people grow. At Anup we believe that talent truly shapes organizational success and destiny. There is highest commitment to investing in hiring the right talent, sustainably engaging and developing them, retaining and rewarding them to deliver organizational results and growth.

An important focus area for the organization has been to respond to trends shaping the future of work that make the company agile, productive and help improve HR systems, processes and enhance employee experience.

The company has invested efforts in bringing effectiveness in hiring and creating an employer brand, creating internal mobility, reorganizing structures in line with business plans and performance and establishing the right rewards and recognition.

To ensure that our employees continue to challenge themselves and grow, the company has brought a significant focus to internal mobility and to rotating employees across different functional roles in order to grow into higher roles.

On learning our focus shall continue to be towards digitalization of learning and introduction of various e-learning courses on managerial & functional competencies. Adoption of digital tools, incorporation of hybrid work culture, in our new way of working has ensured that our employees are equipped to work with these through the right skills.

While doing so, we have been cognizant of understanding what motivates and engages our people and how they perceive their work environment. Therefore, we encourage open and regular dialogue between managers and their team members and offer hand holding support which ensures our people feel comfortable

to speak up, raise concerns and are empowered to initiate improvements.

Our approach to performance management is a holistic one wherein, while holding people accountable, we look at continuous development and create opportunities for them to excel in new and or larger roles. This approach is directly linked to our compensation framework and promotion process. We also offer a wide range of benefits to our employees.

To ensure we develop future leaders, we provide a number of opportunities to foster management and leadership skills. The purpose is to equip our people with the necessary capabilities to lead the organization through change, develop their teams, manage performance and ensure business success in line with the organizational strategy.

14 RISK MANAGEMENT POLICY

The Company has a robust Enterprise Risk Management framework which enables it to take certain risks to remain competitive and achieve higher growth and at the same time mitigate other risks to maintain sustainable results.

Under the framework, the Company has laid down a Risk Management Policy which defines the process for identification of risks, its assessment, mitigation measures, monitoring and reporting. While the Company, through its employees and Executive Management, continuously assess the identified Risks, the Risk Management Committee reviews the identified Risks and its mitigation measures annually.

The Company has identified 23 Risks - 9 Strategic Risks, 12 Operational Risks & 2 Regulatory Risks. Key Strategic Risks include timely completion of upcoming project, supply chain disruptions, reputational risks, enhancement of technical know-how and infrastructure upgradation. Key Operating Risks include price volatility in input materials, delayed delivery to customers, health and safety. Regulatory Risks includes litigation and regulatory compliance management.

The Company has a Risk Management Committee of the Board of Directors and Risk Management Policy consistent with the provisions of the Act and the Listing Regulations. The Internal Audit Department facilitates the execution of Risk Management Practices in the Company, in the areas of risk identification, assessment, monitoring, mitigation and reporting. The Company has laid down procedures to inform the Audit Committee as well as the Board of Directors about risk assessment and related procedures & status.

The policy identifies the threat of such events as “Risks”, which if occurred will adversely affect value to shareholders, ability of Company to achieve objectives, ability to implement business strategies, the manner in which the Company operates and reputation. Such risks are categorized into Strategic Risks, Operating Risks and Regulatory Risks.

The framework defines the process for identification of risks, its assessment, mitigation measures, monitoring and reporting. While the Company, through its employees and Executive Management, continuously assess the identified Risks, the Audit Committee reviews the identified Risks and its mitigation measures annually.

15 INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The Company has an Internal Audit department with adequate experience and expertise in internal controls, operating system and procedures.

The system is supported by documented policies, guidelines and procedures to monitor business and operational performance which are aimed at ensuring business integrity and promoting operational efficiency.

The Internal Audit Department reviews the adequacy of internal control system in the Company, its compliance with operating systems and laid down policies and procedures. Based on the report of internal audit function, process owners undertake corrective actions in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit Committee of the Board of Directors from time to time.

16 VIGIL MECHANISM / WHISTLE BLOWER POLICY

The Company has a vigil mechanism named Whistle Blower Policy to deal with instances of fraud and mismanagement, if any. The details of the Whistle Blower Policy are explained in the Corporate Governance Report and is available on the website of the Company at www.anupengg.com > Investors > Policies.

Annexure – B to the Directors’ Report

Annual Report on Corporate Social Responsibility (CSR) Activities

Annexure I

Brief outline on CSR policy of the Company

The Corporate Social Responsibility (CSR) Policy of The Anup Engineering Limited defines its philosophy and guides its actions for undertaking and supporting socially relevant project and programs. Company’s underlying value system has a firm belief that only in a healthy society healthy businesses flourish. **The Anup Engineering Limited Policy on Corporate Social Responsibility (TAELCSR)** has been put in 14111 place to facilitate and formalize the CSR processes, set up a guiding structure and define broader thematic areas for projects and programs. For doing so, the Company define an annual budget, CSR initiatives and work with like-minded organizations.

Our CSR Policy is in sync with the broader areas of Schedule VII of the Companies Act, 2013 and will always be aligned to the changes that gets incorporated in the schedule.

The key points of the policy are presented below and the policy can be reached at our website through the given link: <https://www.anupengg.com/wp-content/uploads/2019/02/Corporate-Social-Responsibility-Policy.pdf>

Overview of CSR Initiatives

The Anup Engineering Limited through its CSR policy aims to work for the social advancement. The Company broadly defined its CSR thematic focus area as Rural Advancement, Educational Advancement and Health

Farmers’ Skill Training

Anup Engineering funded NLRDF for the Ongoing “Project of Rural Development and Farmers Training and Skill Development.” The programme is being carried out in Gujarat and Maharashtra. The project at Telangana has been completed and we are focusing in two states now. Around 33,500 farmers are part of the project with around 1.27 Lakhs hectare of Land under operation. This works out to be approximately 3.8 hectare per farmer. In spite of our reduced presence in two states only, our footprint has actually increased. Following table has the details:

Farmers’ Skill Training: People and Land Coverage				
Sr. No.	Year	People Coverage (No of Farmers)	Land Coverage (No of Hectare under operation)	State Presence
1	2020-21	30,000	90,000	Gujarat, Maharashtra, Telangana
2	2021-22	33,500	127,000	Gujarat & Maharashtra

The company is supporting this project as an ongoing programme because seeing the impact on such project requires a longer duration. The climate change, pesticide handling and poor soil health is making the agriculture in general and cotton-growing in particular a real challenge for farmers. The lack of knowledge on soil health and best practices in managing pests pose significant risk to farmer’s health and to the environment as well. Additionally, ensuring active involvement of women and prevention of child labour in cotton farming has also remained challenging.

The activities undertaken in the programme intend to increase the level of understanding of cotton farmers while empathizing on sustainable yield and reduced cost of production. The project carried out capacity building and livelihood enhancement of farmers on the principals like:

- 1) **Crop Protection:** This included sessions on technical aspects of Integrated Pest Management, conservation of beneficial insects,

Advancement. **(Schedule VII – Point X Rural Development, point II Promoting Education & point I promoting Health).**

The Anup Engineering Limited has defined undertaking the “Corporate Social Responsibility” (CSR) initiatives through Narottam Lalbhai Rural Development Fund (NLRDF), Arvind Foundation and Rotary Club of Gandevi Charitable Trust.

Initiative brief

The Anup Engineering Limited, during the year under review 2021-22, decided to support three initiatives.

First, it decided to continue supporting the Ongoing Project Farmer’s Skill Training in Gujarat and Maharashtra. The Project is being carried out by our implementation partner Narottam Lalbhai Rural Development Fund (NLRDF).

Second, it approved starting a new Rural Development Project around our proposed area of operation at Kheda district in Gujarat where Company’s new plant is coming up. This project is with our implementation partner Arvind Foundation.

Third, it decided to support a project of setting up a charitable pathology laboratory at Gandevi, Navsari in Gujarat. This project is with our implementation partner Rotary Club of Gandevi Charitable Trust. In addition, through the Rotary Club of Gandevi Charitable Trust, Covid relief operations were also undertaken.

use of yellow sticky trap, use of pheromone traps, planting of trap crops and intercropping for improving the population of the beneficiary insect i.e. predator, parasite and pollinator. The farmers were also guided to plant the refugee seed for protecting the main crop from the insect pest and to avoid resistance development in insects. Also, awareness of farmers about use of homemade pesticides as part of cost reduction, health and safety, and livelihood enhancement along with avoiding use of HHPs (Highly Hazardous Pesticides) and banned pesticides was also part of the programme.

- 2) **Water Stewardship:** Unless farmers become aware about the efficient use of water in agriculture, the long term sustenance of any project would be difficult. Hence, this programme also included awareness and action on the efficient use of water by using micro irrigation system and alternative furrow irrigation

system. Building the BORIBANDH to avoid the surface water runoff and help recharge the ground water were important component of the programme.

- 3) **Soil Health Management:** Soil analysis of the participating farmers' land led to explaining the soil analyses results, using the fertilizers according to soil report and how the reduced fertilizer cost will directly benefit to their livelihood, soil health as well human health was undertaken in this section.
- 4) **Natural Habitat:** The programme also has strong inputs on Biodiversity mapping to observe the species & habitat to save the natural enemies of the insect pest. The farmers were encouraged to plant the trees to address the climate change and information about types of trees to be planted which would benefit to biodiversity and farmer's livelihood was undertaken.
- 5) **Fibre quality:** Fibre quality is an important parameter to get better price for the produce. Fibre quality plays a crucial role in the textile industry. Farmers were trained on the contamination free cotton picking, storage of different variety of cotton separately on dry place.
- 6) **Decent Work:** It is important for farmers to understand the broader issues that may not seem directly linked to the cotton growing. These issues are around work environment and health and safety. The programme addresses both through training of farmers to sensitize them on child labour, gender equality, discrimination, and equal wages for men and women for same

work, minimum wages, freedom of association, etc. For the health and safety of farm workers as well as farmers, use of PPE kit during application of chemical pesticides was emphasized as part of the programme.

Rural Development Project around Area of Operation in Kheda district of Gujarat

The company has decided to undertake an Ongoing Rural Development Project at Kheda District of Gujarat. The rationale of the initiative is our belief that before the new plant start operations, we should set up the community initiatives in and around the place where the Company would be operating. This project would be implemented with the Implementation partner Arvind Foundation. While we write this report, the planning for the project and a Community Need Assessment (CAN) is underway.

Supporting a Pathology Lab

The company also decided to support a charitable pathology laboratory with our implementation partner Rotary Club of Gandevia Charitable Trust. The project is being implemented at Gandevi, Navsari in Gujarat. The project taluka Gandevi in Navsari has 64 villages. The project aims to cater to 35 villages of Gandevi Taluka as there are no such facilities working on charitable basis.

In addition, through the Rotary Club of Gandevi Charitable Trust, Covid relief operations were also undertaken. This included distribution of protective consumables like Triple Layer Masks, N 95 Masks, Bio Trap Masks, Gloves, and Sanitisers etc. for the front line workers of Gandevi Taluka.

Annexure II

1. Brief Outline of the Company's CSR Policy:

The Corporate Social Responsibility (CSR) Policy of Anup Engineering Limited defines its philosophy and guides its actions for undertaking and supporting socially relevant project and programs. Company's underlying value system has a firm belief that only in a healthy society healthy businesses flourish. The Anup Engineering Limited Policy on Corporate Social Responsibility (TAECSR) has been put in place to facilitate and formalize the CSR processes, set up a guiding structure and define broader thematic areas for projects and programs. For doing so, the Company would always define an annual budget, select CSR initiatives and would work with like-minded individuals and organizations.

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of
The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
The Anup Engineering Limited
CIN: L29306GJ2017PLCO99085
Behind 66 KV, Elec. Sub-Station,
Odhav Road, Ahmedabad – 382415

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **The Anup Engineering Limited** (CIN: L29306GJ2017PLCO99085) (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (“SCRA”) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (“SEBI Act”):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

- (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;

However, it has been found that there were no instances requiring compliance with the provisions of the laws indicated at point (e) to (g) of para (v) mentioned hereinabove during the period under review.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).

I further report that, having regarded to the compliance management system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has compliance management system for the sector specific laws applicable specifically to the Company.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards mentioned herein above. I have relied on the representations made by the Company and its officers for systems and mechanisms formed by the Company for compliances under other sector specific laws applicable to the Company.

I further report that, the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision at the board meeting as represented by the management were carried through unanimously whereas as informed, there is system of capturing the views of dissenting members' and recording the same as part of the minutes, wherever required.

I further report that, based on review of compliance mechanism established by the company and on the basis of the compliance certificates / reports taken on record by the Board of Directors of the Company, I am of the opinion that the management has adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable rules, regulations and guidelines as referred hereinabove.

I further report that, during the audit period, except for the following events, there was no other specific event / action in pursuance of the above referred laws, rules, regulations, guidelines, etc. having a major bearing on the Company's affairs :

- a. Allotment of 50000 Equity Shares to the eligible employees pursuant to the exercise of the options granted to them under "TAEI Employee Stock Option Scheme 2018" on various dates.

Note: This report is to be read with my letter of even date which is annexed as **Annexure I** and forms an integral part of this report.

ANNEXURE - I

To,
The Members,
The Anup Engineering Limited
CIN: L29306GJ2017PLCO99085
Behind 66 KV,Elec. Sub-Station,
Odhav Road, Ahmedabad – 382415

Dear Sir,

Sub: Secretarial Audit Report for the Financial Year ended on 31st March, 2022.

My report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial records and Books of Accounts of the company.
4. Where ever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

Ankita Patel

Practicing Company Secretary

*Excluding the perquisite value being the difference between exercise price and market price on exercise date in respect of ESOPs **Employment is for part of the period, either in current year or in previous year.

Management Discussion and Analysis

(a) Industry structure and developments:

The Company caters to wide range of process industries including Oil & Gas, Petrochemicals, LNG, Fertilizers, Chemicals, Pharmaceuticals, Power, Water, Paper & Pulp and Aerospace with its extensive product range of Heat Exchangers, Reactors, Pressure Vessels, Columns & Towers, Industrial Centrifuges & Formed Components. In the recent years, the heat exchangers market has witnessed significant advancements in technology owing to increasing demand for recovering valuable energy, reducing costs and limiting environmental emissions. These developments include deployment of new and efficient heat exchangers, innovative heat transfer equipment as well as the introduction of systems of heat exchangers in various industrial processes.

(b) Opportunities and Threats:

COVID-19 disrupted operations as well as supply chains and impacted progress at customer sites in FY 22. However we are seeing clear signs of normalcy returning to how we lead our lives and how we conduct our businesses. We begin the new financial year with hope and optimism with good opportunities available to the company to enhance the product mix, enter new markets and industry sectors both in the domestic as well as export markets. The challenges will be to curtail the impact of spiked metal prices on our profitability.

(c) Segment-wise or product-wise performance:

Our customer focus helps us in our endeavour in innovation and also strengthen our capabilities for providing customer satisfaction through differentiated offering. We are in a good position to expand our product mix which is currently Shell & Tube Heat Exchangers centric to also include other types of process equipment like columns and reactors in the near future. This will be in complete sync with our strategy and vision for the upcoming Kheda facility which is progressing at a rapid pace.

(d) Outlook:

Market continues to present opportunities for our company to gather a strong growth momentum in the short term as well as the medium terms with continuing inflow of enquiries from the traditional sectors like Refineries, Petrochemicals as well as the new ones like Chemicals, Power, LNG, Fertilizers etc. from both Domestic as well as Export Markets. The escalation in raw material prices due to the continuing geopolitical situation in Europe poses a significant challenge to businesses like ours to minimise impact on profitability.

(e) Risks and concerns:

The Company has a robust Enterprise Risk Management framework which enables it to take certain risks to remain competitive and achieve higher growth and at the same time mitigate other risks to maintain sustainable results.

Under the framework, the Company has laid down a Risk Management Policy which defines the process for identification of

risks, its assessment, mitigation measures, monitoring and reporting. While the Company, through its employees and Executive Management, continuously assess the identified Risks, the Risk Management Committee reviews the identified Risks and its mitigation measures annually.

The Company has identified 23 Risks - 9 Strategic Risks, 12 Operational Risks & 2 Regulatory Risks. Key Strategic Risks include timely completion of upcoming project, supply chain disruptions, reputational risks, enhancement of technical know-how and infrastructure upgradation. Key Operating Risks include price volatility in input materials, delayed delivery to customers, health and safety. Regulatory Risks includes litigation and regulatory compliance management.

The Company has a Risk Management Committee of the Board of Directors and Risk Management Policy consistent with the provisions of the Act and the Listing Regulations. The Internal Audit Department facilitates the execution of Risk Management Practices in the Company, in the areas of risk identification, assessment, monitoring, mitigation and reporting. The Company has laid down procedures to inform the Audit Committee as well as the Board of Directors about risk assessment and related procedures & status.

The policy identifies the threat of such events as “Risks”, which if occurred will adversely affect value to shareholders, ability of Company to achieve objectives, ability to implement business strategies, the manner in which the Company operates and reputation. Such risks are categorized into Strategic Risks, Operating Risks and Regulatory Risks.

The framework defines the process for identification of risks, its assessment, mitigation measures, monitoring and reporting. While the Company, through its employees and Executive Management, continuously assess the identified Risks, the Audit Committee reviews the identified Risks and its mitigation measures annually.

(f) Internal control systems and their adequacy:

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The Company has an Internal Audit department with adequate experience and expertise in internal controls, operating system and procedures.

The system is supported by documented policies, guidelines and procedures to monitor business and operational performance which are aimed at ensuring business integrity and promoting operational efficiency.

The Internal Audit Department reviews the adequacy of internal control system in the Company, its compliance with operating systems and laid down policies and procedures. Based on the report of internal audit function, process owners undertake corrective actions in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit Committee of the Board of Directors from time to time.

(g) Discussion on financial performance with respect to operational performance:

This discussion covers the financial results and other developments during the Financial Year 2021-22 in respect of the Company. Published result is as prepared on Indian Accounting Standards (IND AS). Highlights below given only for comparison.

Financial Highlights for operating performance of FY 2021-22:**(₹ in Crores)**

Particulars	FY21	FY22
Revenue from Operation	279.1	288.2
EBITDA	68.8	70.0
MARGIN	25%	24%
PAT	53.5	62.1

Overall revenues for the year grew 3% and stood at ₹ 288.2 Crores. Sales and Other income for the year ended 31st March 2022 were ₹ 292 Crores as compared to ₹ 283 Crores on 31st March 2021. The net profit stood at ₹ 62.1 Crores (previous year ₹ 53.5 Crores).

Strong order pipeline of ₹ 393 Crores as on Q4 end to provide good execution visibility.

(h) Material developments in Human Resources / Industrial Relations front, including number of people employed:

A company grows when its people grow. At Anup we believe that talent truly shapes organizational success and destiny. There is highest commitment to investing in hiring the right talent, sustainably engaging and developing them, retaining and rewarding them to deliver organizational results and growth.

An important focus area for the organization has been to respond to trends shaping the future of work that make the company agile, productive and help improve HR systems, processes and enhance employee experience.

The company has invested efforts in bringing effectiveness in hiring and creating an employer brand, creating internal mobility, reorganizing structures in line with business plans and performance and establishing the right rewards and recognition.

To ensure that our employees continue to challenge themselves and grow, the company has brought a significant focus to internal mobility and to rotating employees across different functional roles in order to grow into higher roles.

On learning our focus shall continue to be towards digitalization of learning and introduction of various e-learning courses on managerial & functional competencies. Adoption of digital tools, incorporation of hybrid work culture, in our new way of working has ensured that our employees are equipped to work with these through the right skills.

While doing so, we have been cognizant of understanding what motivates and engages our people and how they perceive their work environment. Therefore, we encourage open and regular dialogue between managers and their team members and offer hand holding support which ensures our people feel comfortable to speak up, raise concerns and are empowered to initiate improvements.

Our approach to performance management is a holistic one wherein, while holding people accountable, we look at continuous development and create opportunities for them to excel in new and or larger roles. This approach is directly linked to our compensation framework and promotion process. We also offer a wide range of benefits to our employees.

To ensure we develop future leaders, we provide a number of opportunities to foster management and leadership skills. The purpose is to equip our people with the necessary capabilities to lead the organization through change, develop their teams, manage performance and ensure business success in line with the organizational strategy.

As on 31st March 2022 there were 171 permanent employees of Management Staff on role of the Company.

Section E: Principle-wise Performance

Principle 1 Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?

Our Corporate Governance practices apply across the company and Group and extend to our value-chain partners like suppliers and service providers, distributors, sales representatives, contractors, channel partners, consultants, intermediaries and agents; joint-venture partners or other business associates; financial stakeholders; governments of the countries in which we operate.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

Anup's stakeholder includes Investors, clients, employees, vendors / partners, government and local communities. For details on Investor complaints and resolutions, refer to the 'Investor Grievance' in General Shareholder Information Section of Annual Report.

For details on employee grievances and resolutions, the Company has a robust system of Complaints Handling. The complaints are received through a third-party service agency. Such complaints are routed to the Whistle Blower Committee appointed by the Audit Committee. Its members include Independent Director and Head of Internal Audit. The complaints are investigated and the investigation results are reported to the Audit Committee, along with action taken. The Company has not received any complaints from employees and business partners during the reporting year.

Principle 2 Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

- (a) Heat Exchangers
- (b) Pressure Vessels
- (c) Towers & reactors

The Company has all quality and inspection systems in place to ensure all goods and services provided by the Company are safe and sustainable throughout their life cycle.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

The Company is conscious about use of water, energy and resources in course of production and manufacturing activities. Additional details relating to energy and others are given in the Annexure D to the Board Report contained in this Annual Report.

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

The Company maintains a healthy relationship with its suppliers, vendors and other service providers and the business practice of the Company include them in its growth. The process of vendor registration lays emphasis on safe working conditions, prevention of child labour, business ethics and general housekeeping by the vendor.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

The Company, wherever possible, procures goods and services from vendors in surrounding locality of manufacturing facilities including transportation and labour / staff. Whenever possible, the company prefers to support and encourage employment among communities surrounding its place of works.

5. Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

Normal course of manufacturing activities does not result in significant quantities of waste. The Company disposes this waste in a responsible manner through agencies approved by the relevant regulatory bodies for disposal / recycling.

Principle 3 Businesses should promote the wellbeing of all employees

1. Please indicate the Total number of employees.

Total number of employees as on 31st March 2022 were 171.

2. Please indicate the Total number of employees hired on temporary/contractual/casual basis.

Total Contractual Workmen: 738

Total contractual workers include Man days based and production based workers.

3. Please indicate the Number of permanent women employees.

The number of permanent women employees as on 31st March 2022 was 3.

4. Please indicate the Number of permanent employees with disabilities.

Number of permanent employees with disabilities as on 31st March 2022 were 0.

5. Do you have an employee association that is recognized by management?

No employees association exist. However, employees have access to management to raise their concerns without any fear and it's always endeavor of the management to resolve the issues satisfactorily

6. What percentage of your permanent employees is members of this recognized employee association?

Not Applicable

7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

No.	Category	No of complaints filed during the financial year	No of complaints pending as on end of the financial year
1	Child labour/forced labour/involuntary labour	Nil	Nil
2	Sexual harassment	Nil	Nil
3	Discriminatory employment	Nil	Nil

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

The Company impart training relating to safety and skill upgradation to its employees including casual, temporary and contractual and it's always endeavor of the management to cover maximum in the training programmes. The Company organizes various training sessions in-house.

Principle 4 Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.

1. Has the company mapped its internal and external stakeholders? Yes/No

The Company has mapped its internal and external stakeholders. The major stakeholders being the government / regulatory authorities. However, the process of mapping of additional / relevant stakeholders is an ongoing effort and subject to updation.

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?

No.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

No.

Principle 5 Businesses should respect and promote human rights

1. Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

Yes, the policies cover employees and contractors under Code of Conduct standards. Not only our intentions, but also our actions are compliant with all statutory laws and regulations.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

There were no complaints reported on violation of any Human rights during the financial year.

Principle 6 Business should respect, protect, and make efforts to restore the environment

1. Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.

Yes, the Company's Environment policy is made available to all our employees. Also, posters and instructions are physically displayed across our premises. We are certified to ISO 9001:2015, ISO 14001:2015 at our manufacturing location.

Additionally, we encourage our suppliers and contractors to adopt similar policies and practices.

2. Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.

Yes, the Company is committed to addressing the global environmental issues such as climate change and global warming through energy conservation, efficient resource utilization.

3. Does the company identify and assess potential environmental risks? Y/N

Yes, we have a proper mechanism to identify and assess the potential environmental risks on a regular basis and also do the after follow-ups for the same to ensure the proper actions to cater to those identified risks.

4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if yes, whether any environmental compliance report is filed?

Currently we do not have any project related to Clean Development Mechanism.

5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc? Y/N. If yes, please give hyperlink for web page etc.

Detail relating to energy conservation is given in Annexure D to the Board report contained in this Report.

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

We did not have any monetary or non-monetary sanctions imposed on us for non-compliance with environmental laws and regulations during reporting year.

Principle 7 Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

- (a) Gujarat Chamber of Commerce and Industry
- (b) Federation of Indian Export Organization
- (c) Export Inspection Agency Ahmedabad
- (d) Director General of Foreign Trade
- (e) Process Plant and Machinery Association of India

Not applicable.

4. Did your company carry out any consumer survey/ consumer satisfaction trends?

Customer response and customer satisfaction are one of the most important factors of any business. The company engages with its customers at various platforms to understand their expectation. Not done during recently concluded financial year.

Corporate Governance Report

[As required under Schedule V(C) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015]

The Board of Directors present the Company’s report on Corporate Governance for year ended on 31st March 2022.

1 COMPANY’S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate governance at The Anup Engineering Limited (“The Company”) is a value-based framework to manage our Company affairs in a fair and transparent manner. As a responsible corporate citizen, we use this framework to maintain accountability in all our affairs and employ democratic and open processes. We are adopting applicable guidelines and best practices to ensure timely and accurate disclosure of information regarding our financials, performance and governance of the Company.

Our corporate governance philosophy is based on the following principles:

- Satisfy the spirit of the law and not just the letter of the law. Corporate Governance standards should go beyond the law.
- Be transparent and maintain a high degree of disclosure levels.
- Make a clear distinction between personal conveniences and corporate resources.
- Communicate externally, in a truthful manner, about how is the Company running internally.
- Have a simple and transparent corporate structure driven solely by business needs.
- The Management is the trustee of the shareholders’ capital and not the owner.

The Board of Directors (‘the Board’) is at the core of our corporate governance practice and oversees how the Management serves and protects the long-term interests of all our stakeholders. We believe that an active, well-informed and independent Board is necessary to ensure the highest standards of Corporate Governance. The Company has optimum combination of executive and non-executive director’s including Independent Directors with at least one woman director.

2 BOARD OF DIRECTORS

2.1 Composition of the Board:

The Company has an optimum mix of Non-Executive and Independent Directors including Woman Director. All the members of the Board are competent and are persons of repute with strength of character, professional eminence, having the expertise in their respective disciplines to deal with the management functions of the company.

4	Arpit Patel	Financial Experience and Risk Oversight Governance & Compliance
5	Ganpatraj Chowdhary	Business Experience Governance & Compliance
6	Reena Bhagwati	Business Experience Governance & Compliance Technology and Innovation

2.5 Agenda of the Board and committee Meetings:

The annual calendar of Board and Committee Meetings is agreed upon at the beginning of each year. Meetings are governed by a structured Agenda and a Board member may bring up any matter for consideration of the meeting in consultation with the Chairman. Agenda papers are generally circulated to the Board members at least 7 working days in advance. In addition, for any business exigencies the resolutions are passed by circulation and are placed at the subsequent Board or Committee Meeting for ratification/approval. Detailed presentations are made at the meetings on all major issues to enable the Board to take informed decisions.

Invitees & Proceedings:

Apart from the Board members, Chief Executive Officer (CEO), Chief Financial Officer (CFO) and Company Secretary also attend the Board Meetings. Other senior management executives are called as and when necessary, to provide additional inputs for the items being discussed by the Board. Both CEO and CFO make presentation on the financial and operational performance of the Company quarterly and annually. They also present annual financial and operational budget.

Head of Internal Audit department, representatives of the Statutory Auditors are the permanent invitees of the Audit Committee meetings to discuss the areas of internal audit as well as highlights of the financial performance of the Company.

Support and Role of Company Secretary:

The Company Secretary is responsible for convening the Board and Committee meetings, preparation and distribution of Agenda and other documents and recording of the Minutes of the meetings. He acts as interface between the Board and the Management and provides required assistance to the Board and the Management..

2.6 Attendance of each Director at the meeting of the Board of Directors and the Last Annual General Meeting:

During the financial year 2021-22, 4 (Four) Board Meetings were held on 14th May 2021, 27th July 2021, 26th October 2021 and 18th January 2022. The gap between two Board Meetings was within the maximum time gap prescribed in the Act and the SEBI Listing Regulations. The attendance of each Director at these Board Meetings and last Annual General Meeting was as under:-

Sr. No	Name of Director	Attendance in the Board meetings		Attendance at AGM held on 17th August 2021
		Held	Present

3	Mr. Samvegbhai Lalbhai	4	4	Yes
4	Mr. Arpit Patel	4	4	Yes
5	Mr. Ganpatraj Chowdhary	4	2	Yes
6	Ms. Reena Bhagwati	4	4	Yes

Due to the exceptional circumstances caused by the COVID-19 pandemic and consequent relaxations granted by MCA and SEBI, all Committee's /Board meetings in FY 2021-22 were held through Video Conferencing.

2.7 Separate Meeting of Independent Directors:

Independent Directors play an important role in the governance processes of the Board. They bring their expertise and experience on the deliberations of the Board. This enriches the decision-making process at the Board with different points of view and experiences and prevents conflict of interest in the decision-making process.

None of the Independent Directors serves as "Independent Directors" in more than seven listed companies. No person has been appointed or continuing as an Alternate Director for an Independent Director of the Company.

Based on the disclosures received from all the Independent Directors and also in the opinion of the Board, the Independent Directors fulfill the conditions specified in the Act and Listing Regulation and are independent of the management.

Schedule IV to the Act, inter alia, prescribes that the Independent Directors of the Company shall hold at least one meeting in a year, without the attendance of non-independent directors and members of management.

During the year, one meeting of independent directors was held on 18th January 2022 to review

- The performance of the Non-Independent Directors.
- The performance of the Board of the Company as a whole.
- The performance of Chairman of the Company taking in to account the views of the Non-Executive Directors on the same.
- To assess the quality, quantity and timeliness of flow of information between the Company Management and the Board.

2.8 Disclosure of relationships between the Directors inter-se:

Except Mr. Sanjay S. Lalbhai, Chairman and Non-Executive Director and his son Mr. Punit S. Lalbhai, Non-Executive Director there is no relationship between the Directors inter-se.

2.9 Number of shares and convertible instruments held by Non-Executive Directors:

Name of Director	No. of Equity Shares held	Name of Director	No. of Equity Shares held
Mr. Sanjay S. Lalbhai	1456	Mr. Arpit Patel	-
Mr. Punit S. Lalbhai	137	Mr. Ganpatraj Chowdhary	-
Mr. Samvegbhai Lalbhai	1344	Ms. Reena Bhagwati	30000

During the year under review, none of the Non-Executive Directors hold any convertible instruments of the Company.

2.10 Familiarisation programmes imparted to Independent Directors:

The Independent Directors have been updated with their roles, rights and responsibilities in the Company by specifying them in their appointment letter along with necessary documents, reports and internal policies to enable them to familiarize with the Company's procedures and practices. The Company has through presentations at regular intervals, familiarized and updated the Independent Directors with the strategy, operations and functions of the Company and Engineering Industry as a whole. The details of such familiarization programmes for Independent Directors are available on the website of the Company at www.anupengg.com > Investor > Policies.

2.11 Code of Conduct for Directors and Senior Management Personnel:

In terms of Regulation 17 of the Listing Regulations and Section 149 of the Act, the Board of Directors of the Company has laid down a Code of Conduct for all Board Members and Senior Management Personnel of the Company. The said Code of Conduct has been posted on the website of the Company. The Board Members and Senior Management Personnel of the Company have affirmed compliance with the Code. The Chief Executive Officer of the Company has given a declaration to the Company that all the Board Members and Senior Management Personnel of the Company have affirmed compliance with the Code.

2.12 Code of Conduct for Prohibition of Insider Trading:

In terms of SEBI Listing Regulations as amended from time to time, the Company has formulated and adopted a Code of Conduct for Prohibition of Insider Trading, Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information and Policy on procedures to be followed while conducting an inquiry in the event of leak or suspected leak of Unpublished Price Sensitive Information.

Chief Financial Officer is responsible for implementation of the Code.

All Directors, designated employees/persons and connected persons have affirmed compliance with the code.

2.13 Committees of the Board:

With a view to have a more focused attention on business and for better governance and accountability, the Board has constituted the following 6 (Six) Committees viz:

- Audit Committee
- Nomination and Remuneration Committee
- Stakeholders' Relationship Committee
- Corporate Social Responsibility Committee
- Risk Management Committee
- Management Committee

The terms and reference to these Committees are determined by the Board and their relevance reviewed from time to time. Each of these Committees has been mandated to operate within a given framework. Minutes of the meetings of each of these Committees are tabled regularly at the Board Meetings for their perusal and noting.

3 AUDIT COMMITTEE

The Board of Directors of the Company has constituted the Audit Committee in compliance with the provisions of Section 177 of the Act and Regulation 18 of the Listing Regulations. The Committee members are having requisite experience in the fields of Finance, Accounts and Management. The Chief Executive Officer, Chief Financial Officer, Internal Auditor and representatives of Statutory Auditors are the permanent invitees at the Audit Committee meetings and the Company Secretary acts as the Secretary of the Audit Committee. All the recommendations of the Audit Committee have been accepted by the Board of Directors.

3.1 The principal terms of reference of the Audit Committee, as approved by the Board and as updated from time to time by the Board, are as under:

(Regulation 17(8) and Part B of Schedule II of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

To,
The Board of Directors,
The Anup Engineering Limited

Ahmedabad

Dear Sir,

We, the undersigned, in our respective capacities as the Chief Executive Officer and Chief Financial officer of The Anup Engineering Limited (“the Company”) to the best of our knowledge and belief certify that:

- A. We have reviewed the Financial Statements and the Cash Flow Statement for the year ended 31st March 2022 and based on our knowledge and belief, we state that:
- (1) these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
 - (2) these statements together present a true and fair view of the listed entity’s affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- B. We further state that to the best of our knowledge and belief, no transactions entered into by the listed entity during the year which are fraudulent, illegal or violate of the listed entity’s code of conduct.
- C. We accept responsibility for establishing and maintaining internal controls for financial reporting and that they have evaluated the effectiveness of internal control systems of the listed entity pertaining to financial reporting and we have disclosed to the auditors and the audit committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- D. We have indicated, based on our evaluation, wherever applicable, to the Auditors’ and the Audit Committee:
- (1) significant changes in internal control over financial reporting during the year, if any;
 - (2) significant changes, if any, in accounting policies during the year and that the same has been disclosed in the notes to the financial statements; and
 - (3) instances of significant fraud of which they have become aware and the involvement therein, if any, of the management or an employee having a significant role in the listed entity’s internal control system over financial reporting.

Auditors' Certificate regarding compliance of conditions of Corporate Governance

To the Members of The Anup Engineering Limited

Ahmedabad

We, Sorab S. Engineer and Co., Chartered Accountants, the Statutory Auditors of **The Anup Engineering Limited** ("the Company"), have examined the compliance of conditions of Corporate Governance by the Company, for the year ended on March 31, 2022, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations).

Managements' Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Auditor's Responsibility

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the Listing Regulations during the year ended March 31, 2022.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Independent Auditor’s Report

TO THE MEMBERS OF THE ANUP ENGINEERING LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of The Anup Engineering Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor’s Response
1	Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115	Principal Audit Procedures Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:

Sr. No.	Key Audit Matter	Auditor’s Response
	<p>“Revenue from Contracts with Customers”</p> <p>The application of the revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period, estimate of variable consideration, reduction of revenue on the basis of consideration payable to customers, recognition of contract assets and refund liability. Additionally, new revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p> <p>Refer Note 17 to the Financial Statements</p>	<ul style="list-style-type: none"> Evaluated the design of internal controls relating to implementation of the new revenue accounting standard. Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls. Selected a sample of continuing and new contracts and performed the following procedures: <ul style="list-style-type: none"> Read, analysed and identified the distinct performance obligations in these contracts. Compared these performance obligations with that identified and recorded by the Company. Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration. Considered the terms of contracts for determination of Principal versus agent consideration, recognition of contract assets and refund liability including historical trend of returns.

Sr. No.	Key Audit Matter	Auditor's Response
		<ul style="list-style-type: none"> • Sample of revenues disaggregated by type and service offerings was tested with the performance obligations specified in the underlying contracts. • Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings. • We reviewed the collation of information to prepare the disclosure relating to the periods over which the remaining performance obligations will be satisfied subsequent to the balancesheet date.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This

responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or

conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements

comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
 - ii. The Company did not have any long-term contract including derivative contracts for which there were any material foreseeable losses;
 - iii. There have been no amounts required to be transferred to the Investor Education and Protection Fund by the Company;
 - iv.
 1. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 2. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding

- Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
3. Based on the audit procedures conducted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatements.
 - v. The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.
2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section

143(11) of the Act, we give in “**Annexure B**” a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” To The Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of The Anup Engineering Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of THE ANUP ENGINEERING LIMITED (“the Company”) as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B To The Independent Auditor's Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of The Anup Engineering Limited of even date)

- i. In respect of the Company's fixed assets:
- (a) (1) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (2) The Company has maintained proper records showing full particulars of intangible assets.
- b) The Company has a program of verification to cover all the items of Property, Plant and Equipment in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
- d) According to the information and explanations given to us, the Company has not revalued its Property, Plant and Equipment or intangible assets or both during the year.
- e) According to the information and explanation given to us, the Company has no proceedings pending for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- ii. In respect of Company's Inventories:
- a. As explained to us, physical verification of inventory has been conducted at reasonable intervals by the management and in our opinion the coverage and procedure of such verification is appropriate, and no material discrepancies were noticed on verification between the physical stocks and the book records which were 10% or more in the aggregate for each class of inventory, and the same have been properly dealt with in the books of account.
 - b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are generally in agreement with the books of account of the Company and no material discrepancy has been noticed.
- iii. According the information and explanations given to us, the Company has not granted secured / unsecured loans to Companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Consequently, requirements of clause (iii) of paragraph 3 of the order are not applicable.
- iv. According to the information and explanations given to us and on the basis of our examination of the records, the Company has not advanced any loan or given any guarantee or provided any security or made any investment covered under section 185 of the Act. However, the Company has made investments covered under section 186 of the Act. We are of the opinion that provisions of section 186 of the Act have been complied with
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and rules framed thereunder. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- vi. The maintenance of cost records has been specified by the Central Government under section 148 (1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rule, 2014, as amended prescribed by the Central Government under section 148 (1) of the Act, and we are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us, in respect of statutory dues:
- (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Wealth Tax, Custom Duty, Goods and Service Tax, Cess and other material statutory dues applicable to it. According to the information and explanations given to us, no undisputed amounts payable in respect of outstanding statutory dues were in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.
 - (b) Details of Income Tax, Excise Duty, Custom Duty, Service Tax, Sales Tax and Value Added Tax dues which have not been deposited as on March 31, 2022 on account of disputes are given below:

Name of the statute	Nature of dues	Amount involved and unpaid (₹ in Lakhs)	Period to which the amount relates	Forum where the dispute is pending
The Incometax Act 1961	Incometax	0.07	2016-17	Commissioner of Income tax (Appeals)
		53.83	2017-18	

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income-tax Act, 1961 as income during the year.

- ix. In our opinion and according to the information and explanations given to us, in respect of Company's Borrowings:
- The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
 - The Company is not a declared willful defaulter by any bank or financial institution or other lender.
 - The Company has not obtained any term loans during the year.
 - The funds raised on short term basis have not been utilized for long term purposes.
 - The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.
 - The Company has not raised loans during the year on the pledge of securities held in its subsidiary.
- x. In our opinion and according to the information and explanations given to us, the Company has not raised funds by way of initial public offer or further public offer (including debt instruments) or preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Consequently, the requirements of clause (x) of paragraph 3 of the order are not applicable.
- xi. In respect of fraud by the Company or on the Company:
- Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
 - According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
 - There have been no whistle-blower complaints received during the year by the company.
- xii. According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable, and the details have been disclosed as required by the applicable Indian Accounting Standard (Ind AS)-24 Related Party Disclosures.
- xiv. Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) and (b) of the Order are not applicable.
- b) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) and (d) of the Order are not applicable.
- xvii. According to the information and explanations given to us, the Company has not incurred cash losses in current and immediate preceding financial year.
- xviii. According to the information and explanations given to us, there has been no resignation of the statutory auditors during the year.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. In respect of the Company's Corporate Social Responsibility(CSR); there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Notes to the Standalone Financial Statements for the year ended March 31, 2022

1. Corporate Information

The Anup Engineering Limited (“the Company”) is engaged in manufacturing and fabrication of process equipment required for Chemicals, Petrochemicals, Pharmaceuticals, Fertilizers, Drugs and other allied industries.

The Company is a Public Limited Company domiciled in India and incorporated under the provisions of the Companies Act, 2013 (“the Act” erstwhile Companies Act, 1956) applicable in India. Its equity shares are listed on the National Stock Exchange of India Limited (“NSE”) and the BSE Limited. The registered office of the Company is located at Odhav, Ahmedabad.

The standalone financial statements have been considered and approved by the Board of Directors at their meeting held on 17th May 2022.

2. Statement of Compliance and Basis of Preparation:

The standalone financial statements have been prepared on a historical cost convention on the accrual basis except for the certain financial assets and liabilities measured at fair value, the provisions of the Companies Act, 2013 to the extent notified (“the Act”) and guidelines issued by the Securities and Exchange Board of India (SEBI).

Accounting policies were consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standards requires a change in the accounting policy hitherto in use.

These standalone financial statements comprising of Balance Sheet, Statement of Profit and Loss including other comprehensive income, Statement of Changes in Equity and Statement of Cash Flows as at March 31, 2022 have been prepared in accordance with Ind AS as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Rounding of amounts

The standalone financial statements are presented in Indian Rupee (“INR”) and all values are rounded to the nearest Lakhs as per the requirement of Schedule III, except when otherwise indicated.

3. Summary of Significant Accounting Policies

3.1. Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

Operating cycle of the Company is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. As the Company’s normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

3.2. Use of estimates and judgements

The estimates and judgements used in the preparation of the standalone financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Difference between actual results and estimates are recognised in the period in which the results are known / materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

3.3. Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree’s identifiable net assets.

Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Company entered into to

Notes to the Standalone Financial Statements

replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.

- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent to its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

Business Combination under Common Control

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Ind AS 103. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their carrying amounts of the parent entity's consolidated financial statements with the exception of certain income tax and deferred tax assets. No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies. The components of equity of the acquired companies are added to the same components within the Company's equity. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to other equity and is presented separately from other capital reserves. The Company's shares issued in consideration for the acquired companies are recognized from the moment the acquired companies are included in these financial statements and the financial statements of the commonly controlled entities would be combined, retrospectively, as if the transaction had occurred at the beginning of the earliest reporting period presented.

Notes to the Standalone Financial Statements

3.4. Foreign currencies

The Company's functional and presentation currency is Indian Rupee. Transactions in foreign currencies are initially recorded by the Company's functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Differences arising on settlement of such transaction and on translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rate are recognised in profit or loss. They are deferred in equity if they relate to qualifying cash flow hedges.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

3.5. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and for non-recurring measurement, such as asset held for sale.

External valuers are involved for valuation of significant assets, such as properties. Involvement of external valuers is decided upon annually by the management after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

Management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Significant accounting judgements, estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Property, plant and equipment & Intangible assets measured at fair value on the date of transition
- Investment properties
- Financial instruments (including those carried at amortised cost)

3.6. Property, plant and equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of Property, plant and equipment are required to be replaced at intervals, the company recognises such parts as individual assets

Notes to the Standalone Financial Statements

with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

The Company adjusts exchange differences arising on translation difference / settlement of long-term foreign currency monetary items outstanding as at March 31, 2016, pertaining to the acquisition of a depreciable asset, to the cost of asset and depreciates the same over the remaining life of the asset.

Borrowing cost relating to acquisition / construction of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Capital work-in-progress comprises cost of fixed assets that are not yet installed and ready for their intended use at the balance sheet date.

De-recognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is de-recognised.

Depreciation

Depreciation on property, plant and equipment is provided so as to write off the cost of assets less residual values over their useful lives of the assets, using the straight-line method as prescribed under Part C of Schedule II to the Companies Act 2013 except for Buildings and Plant and Machinery.

When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (Major Components) and are depreciated over their useful life or over the remaining useful life of the principal assets whichever is less.

Depreciation on certain Buildings and Plant and Machinery are provided on straight line method over the useful lives of the assets based upon the technical evaluation by external agency which are as follows:

Particulars	Useful life
Building	45 Years
Plant and Machinery	30 Years

The management believes that the useful life as given above best represent the period over which management expects to use these assets. Hence the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II to the Companies Act 2013.

Depreciation for assets purchased/sold during a period is proportionately charged for the period of use.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.7. Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Notes to the Standalone Financial Statements

3.8. Borrowing cost

Borrowing cost includes interest expense as per Effective Interest Rate (EIR) and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. Where funds are borrowed specifically to finance a project, the amount capitalised represents the actual borrowing costs incurred. Where surplus funds are available out of money borrowed specifically to finance a project, the income generated from such current investments is deducted from the total capitalized borrowing cost. Where the funds used to finance a project form part of general borrowings, the amount capitalised is calculated using a weighted average of rates applicable to relevant general borrowings of the company during the year. Capitalisation of borrowing costs is suspended and charged to profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

All other borrowing costs are expensed in the period in which they occur.

3.9. Intangible Assets

Intangible Assets that the Company controls and from which it expects future economic benefits are capitalised upon acquisition and measured initially:

- for assets acquired in a business combination at fair value on the date of acquisition
- for separately acquired assets, at cost comprising the purchase price and directly attributable costs to prepare the asset for its intended use.

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are charged to the Statement of Profit and Loss unless a product's technological and commercial feasibility has been established, in which case such expenditure is capitalised.

Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is recognised in the Statement of Profit and Loss in the period in which expenditure is incurred.

The useful lives of intangible assets are assessed as finite.

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible

assets with finite lives is recognised in the Statement of Profit and Loss.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Amortisation

Software is amortized over management estimate of its useful life of 3 years or License Period whichever is lower and Patent/Knowhow is amortized over its useful life of 5 years. Website is amortized over 5 years.

3.10. Inventories

Inventories of Raw material, Work-in-progress and Finished goods are valued at the lower of cost and net realisable value. However, Raw material and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- **Raw materials and accessories:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- **Finished goods and work in progress:** cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.

Inventories of stores and consumables are valued at cost. The stock of waste is valued at net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.11. Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs to sell and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets of the Company. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by

Notes to the Standalone Financial Statements

valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecasts which are prepared separately for each of the Company's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses, including impairment on inventories, are recognised in the Statement of Profit and Loss in those expense categories consistent with the function of the impaired asset, except for a property previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

3.12. Revenue Recognition

The Company derives revenues primarily from sale of manufactured goods, traded goods and related services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

Revenue from time and material and job contracts is recognised as the related services are performed.

Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Group performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or

3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue from rendering of services is recognised over time as and when the customer receives the benefit of the company's performance and the Company has an enforceable right to payment for services transferred.

Export Incentive

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Interest Income

Interest income from debt instruments are recorded using the effective interest rate (EIR) and accrued on timely basis. The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit or loss.

Dividend Income

Dividend income from investments is recognised when the Company's right to receive is established which generally occurs when the shareholders approve the dividend.

Profit or loss on sale of Investments

Profit or Loss on sale of investments are recorded on transfer of title from the Company, and is determined as the difference between the sale price and carrying value of investment and other incidental expenses.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms except in the case where incremental lease reflects inflationary effect and rental income is accounted in such case by actual rent for the period.

Notes to the Standalone Financial Statements

Insurance claims

Insurance claims are accounted for to the extent the Company is reasonably certain of their ultimate collection.

3.13. Financial instruments – initial recognition and subsequent measurement

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. For recognition and measurement of financial assets and financial liabilities, refer policy as mentioned below:

Initial recognition of financial assets and financial liabilities:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Subsequent measurement of financial assets:

For purposes of subsequent measurement, financial assets are classified in four categories:

- (a) Financial assets at amortised cost
- (b) Financial assets at fair value through other comprehensive income (FVTOCI)
- (c) Financial assets at fair value through profit or loss (FVTPL)
- (d) Equity instruments measured at fair value through other comprehensive income (FVTOCI)

(a) Financial assets at amortised cost:

A financial asset is measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss.

(b) Financial assets at fair value through other comprehensive income

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets included within the FVTOCI category are measured at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI financial asset is reported as interest income using the EIR method.

(c) Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable of financial assets at fair value through profit or loss are immediately recognised profit or loss.

The Company may elect to designate a financial asset, which otherwise meets amortized cost or fair value through other comprehensive income criteria, as at fair value through profit or loss. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

(d) Equity instruments:

All equity investments in scope of Ind-AS 109 other than Investment in subsidiaries, Joint Ventures and Associates are measured at fair value. Equity instruments which are held for trading, are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Equity Investment in subsidiaries, Joint Ventures and Associates are measured at cost as per Ind AS 27 - Separate Financial Statements.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Impairment of financial assets

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses (ECL) are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Notes to the Standalone Financial Statements

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECL are measured at an amount equal to the 12 months ECL, unless there has been significant increase in credit risk from initial recognition in which case these are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised as an impairment gain or loss in Statement of Profit and Loss.

Derecognition of financial assets

Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership.

Concomitantly, if the asset is one that is measured at:

- (a) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;
- (b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

Reclassification

When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of

recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to Statement of Profit or Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

3.14. Cash and cash equivalent

Cash and cash equivalent in the balance sheet includes cash on hand, at banks and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

Notes to the Standalone Financial Statements

For the purpose of the cash flows statement, cash and cash equivalents includes cash, short-term deposits, as defined above, other short-term and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value adjusted for outstanding bank overdrafts as they are considered an integral part of the Company's cash management. Bank Overdrafts are shown within Borrowings in current liabilities in the balance sheet.

3.15. Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised in Statement of Profit or Loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset by equal annual instalments.

3.16. Taxes

Tax expense comprises of current income tax and deferred tax.

Current income tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of taxable temporary differences associated with investments in subsidiaries and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company recognizes tax credits in the nature of MAT credit as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which tax credit is allowed to be carried forward. In the year in which the Company recognizes tax credits

Notes to the Standalone Financial Statements

as an asset, the said asset is created by way of tax credit to the Statement of profit and loss. The Company reviews such tax credit asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period. Deferred tax includes MAT tax credit.

3.17. Employee Benefits

(a) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term benefits. Such benefits include salaries, wages, bonus, short term compensated absences, awards, ex-gratia, performance pay etc. and the same are recognised in the period in which the employee renders the related service.

(b) Post-Employment Benefits

(i) Defined contribution plan

The Company's approved provident fund scheme, superannuation fund scheme, employees' state insurance fund scheme and Employees' pension scheme are defined contribution plans. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service.

(ii) Defined benefit plan:

The employee's gratuity fund scheme, Compensatory Pension Scheme and post-retirement medical benefit schemes are Company's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on the net basis.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

(c) Other long term employment benefits:

The employee's long term compensated absences are Company's defined benefit plans. The present value of the obligation is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation, to recognise the obligation on the net basis.

(d) Termination Benefits :

Termination benefits such as compensation under voluntary retirement scheme are recognised in the year in which termination benefits become payable.

3.18. Share-based payments

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions:

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Notes to the Standalone Financial Statements

Cash-settled transactions:

In case of cash-settled transactions, a liability is recognised for the fair value of cash-settled transactions. The fair value is measured initially and at each reporting date up to and including the settlement date, with changes in fair value recognised in employee benefits expense. The fair value is expensed over the period until the vesting date with recognition of a corresponding liability. The fair value is determined with the assistance of an external valuer.

3.19. Earnings per share (EPS)

Basic EPS is computed by dividing the net profit / loss for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the year.

Diluted EPS is computed by dividing the net profit / loss attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the year adjusted for the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the standalone financial statements by the Board of Directors.

3.20. Dividend

The Company recognises a liability (including tax thereon) to make cash or non-cash distributions to equity shareholders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the Statement of Profit and Loss.

3.21. Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When the Company expects some or all of a provision to be reimbursed from third parties, for example, under an insurance

contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the standalone financial statements when an inflow of economic benefits is probable.

3.22. Non-current assets held for sale/ distribution to owners and discontinued operations

The Company classifies non-current assets (or disposal group) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

The criteria for held for sale classification is regarded met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset,
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification , and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Notes to the Standalone Financial Statements

An impairment loss is recognised for any initial or subsequent write-down of the assets to fair value less cost to sell. A gain is recognised for any subsequent increases in the fair value less cost to sell of an assets but not in excess of the cumulative impairment loss previously recognised. A gain or loss previously not recognised by the date of sale of the non-current assets is recognised on the date of de-recognition.

Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

A discontinued operation qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- Is a subsidiary acquired exclusively with a view to resale

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

3.23. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

4. Critical accounting estimates and assumptions

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

4.1. Estimates and assumption

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Useful life of Property, plant and equipment and Intangible Assets

As described in Note 3.6 and 3.9 of the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

(b) Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

(c) Provisions and contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS. A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Where the effect of time value of money is material, provisions are determined by discounting the expected future cash flows.

The Company has significant capital commitments in relation to various capital projects which are not recognized on the balance sheet. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the standalone financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

(d) Defined benefit plans

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the standalone financial statements.

Further details about defined benefit obligations are provided in Note 30.

Notes to the Standalone Financial Statements

(e) Revenue recognition

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Notes:

1. Deduction of leasehold land represents amortisation.
2. During the year ended March 31, 2021, the Company has changed the useful life of certain Property, Plant & Equipment based upon the technical evaluation by external agency. Accordingly, change in useful life of the Property, Plant & Equipment is being applied prospectively in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors. Had the Company continued with the previously assessed useful life of Property, Plant & Equipment, charge for depreciation for the year ended March 31, 2021 would have been higher by ₹ 6.14 Lakhs.

Balance at the end of the year	20,314.80	14,723.46
Total Other Equity	38,456.89	32,755.91

The description of the nature and purpose of each reserve within equity is as follows:

a. Capital reserve

Capital Reserve is created due to amalgamation/Business Combinations.

b. Capital Redemption Reserve

As per Companies Act, 2013, capital redemption reserve is created when company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve.

c. Securities premium account

Securities premium reserve is created due to premium on issue of shares. These reserve is utilised in accordance with the provisions of the Companies, Act.

d. Share based payment reserve

This reserve relates to share options granted by the Company to its employee share option plan. Further information about share-based payments to employees is set out in Note 33.

Note 25 : Income tax

The major component of income tax expense for the years ended March 31, 2022 and March 31, 2021 are as follows:

Particulars	Year ended March 31, 2022	Year ended March 31, 2021
Statement of Profit and Loss		
Current income tax	1,545.00	1,515.00
Excess Provision for earlier year (Refer Note below)	(1,557.37)	(691.60)
Deferred tax expense/(credit)	(80.85)	(29.22)
Income tax expense in the Statement of Profit and Loss	(93.22)	794.18
Statement of Other comprehensive income (OCI)		
Deferred tax expense/(credit)	(1.45)	(0.67)
Income tax expense/(credit) recognised in OCI	(1.45)	(0.67)

Note : The Company has decided to exercise the option permitted under section 115BAA of the Income-tax Act, 1961 for the year 2019-2020 as introduced by the Taxation Laws (Amendment) Ordinance, 2019 which was subsequently converted into an Act, at the time of filing return of income. Accordingly, the Company has recognised provision for income taxes based on the rate prescribed in the aforesaid section. Further, management reviewed current tax and the components of deferred tax assets/ liabilities leading to a reassessment of its estimates compared to earlier periods. Such re-measurement and change in rate of tax resulted in one-time tax credit of ₹ 443.03 Lakhs which is shown under (Excess)/Short Provision for the year ended March 31, 2021.

Reconciliation of tax expense and the accounting profit multiplied by domestic tax rate for the year ended March 31, 2022 and March 31, 2021.

A. Current tax

Particulars	Year Ended March 31, 2022	Year Ended March 31, 2021
Accounting profit before tax	6,192.02	6,170.61
Tax Rate	25.17%	25.17%
Current tax expenses on Profit before tax expenses at the enacted income tax rate in India	1,558.53	1,553.14
Adjustment		
On account of revaluation of tax base of non-depreciable assets (due to indexation benefit)	(41.88)	(31.41)
Expenditure not deductible for tax/not liable to tax	-	29.50
(Excess)/Short Provision for earlier year	(1,557.37)	(691.60)
Other Adjustment	(52.50)	(65.45)
Total income tax expense	(93.22)	794.18
Effective tax rate	-1.51%	12.87%

Notes to the Standalone Financial Statements

(₹ in Lakhs)

B. Deferred tax

The Company has accrued significant amounts of deferred tax. The majority of the deferred tax liability represents accelerated tax relief for the depreciation of property, plant and equipment. Significant components of Deferred tax (assets) & liabilities recognized in the financial statements of the Company as follows:

Particulars	Balance Sheet as at		Statement of Profit and Loss and OCI for the year ended	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Accelerated depreciation for tax purposes	(992.98)	(980.52)	12.46	64.65
Impact of fair valuation of Land	(315.87)	(357.75)	(41.88)	(31.41)
Expenditure allowable on payment basis	24.43	17.81	(6.63)	4.32
Expenditure allowable over the period (Section 35D)	3.08	6.16	3.08	(0.45)
Others	116.28	66.94	(49.33)	(67.00)
Deferred tax expense/(income)			(82.30)	(29.89)
Net deferred tax liabilities	(1,165.06)	(1,247.36)		
Reflected in the balance sheet as follows				
Deferred tax liabilities	(1,308.85)	(1,338.27)		
Deferred tax assets	143.79	90.91		
Deferred tax liabilities (net)	(1,165.06)	(1,247.36)		

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Note 26 : Contingent liabilities

Particulars	As at March 31, 2022	As at March 31, 2021
Contingent liabilities not provided for		
(i) Guarantees given by banks on behalf of the Company	17,415.71	15,906.70
(ii) Disputed Demands in respect of: Income tax (Refer notes below)	53.90	62.10

Notes :

- It is not practicable for the Company to estimate the timing of cash outflows, if any, in respect of the above pending resolution of the respective proceedings.
- The Company does not expect any reimbursements in respect of the above contingent liabilities.
- The Company believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and results of operations.

Note 27 : Capital commitment and other commitments

Particulars	As at March 31, 2022	As at March 31, 2021
(a) Capital commitments	84.23	398.84
(b) Other commitments	-	-

Notes to the Standalone Financial Statements

Note 28 : Foreign Exchange Derivatives and Exposures not hedged

The Company holds derivative financial instruments such as foreign currency forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank.

All derivative financial instruments are recognized as assets or liabilities on the balance sheet and measured at fair value. The accounting for changes in the fair value of a derivative instrument depends on the intended use of the derivative and the resulting designation.

The fair values of all derivatives are separately recorded in the balance sheet within current and non-current assets and liabilities depending upon the maturity of the derivatives.

The use of derivative instruments is subject to limits, authorities and regular monitoring by appropriate levels of management. The limits, authorities and monitoring systems are periodically reviewed by management and the Board. The market risk on derivatives is mitigated by changes in the valuation of the underlying assets, liabilities or transactions, as derivatives are used only for risk management purposes.

However, the Company does not have any of derivative contracts outstanding as at reporting date.

Exposure Not Hedged

Nature of exposure	Currency	As at March 31, 2022		As at March 31, 2021	
		FC	₹ in Lakhs	FC	₹ in Lakhs
Receivables	USD	9,66,033	732.18	29,58,275	2,162.79
Payable to creditors	USD	6,09,168	461.70	73,500	53.74
	EURO	20,190	17.00	-	-

Note 29 : Segment Reporting

Identification of Segments:

The chief operational decision maker monitors the operating results of its Business segment separately for the purpose of making decision about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Operating segment have been identified on the basis of nature of products and other quantitative criteria specified in the Ind AS 108. Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (“CODM”) of the company.

Operating Segments:

The Company's business activity falls within a single operating business segment of Engineering products.

Geographical segment

Geographical segment is considered based on sales within India and rest of the world.

(₹ in Lakhs)

Particulars	Year Ended/As at March 31, 2022	Year Ended/As at March 31, 2021

* Based on location of Customers

@ Other than financial assets.

Information about major customers:

Considering the nature of business of company in which it operates, the company deals with various customers including multiple geographics. There are three (3) customers together contributing ₹ 17,664.70 Lakhs (March 31, 2021 : 3 customers, ₹ 14,583.61 Lakhs) of the total revenue of the Company from domestic and export sales.

Notes to the Standalone Financial Statements

Note 30 : Disclosure pursuant to Employee benefits

A. Defined contribution plans:

Amount of ₹ 67.96 Lakhs (March 31, 2021: ₹ 60.31 lakhs) is recognised as expenses and included in Note No. 21 "Employee benefit expense".

(₹ in Lakhs)

Particulars	Year Ended	Year Ended
	March 31, 2022	March 31, 2021
Contribution to Provident Fund and Pension [Note (a)]	67.96	60.31
Total	67.96	60.31

Note(a) Employees of the Company receive benefits from a provident fund, which is a defined contribution plan. The eligible employees and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the employees' salary. Amounts collected under the provident fund plan are deposited in a government administered provident fund. The remaining portion is contributed to the government-administered pension fund. Employees of the Company receive benefits from a government administered provident fund, which is a defined contribution plan. The Company has no further obligation to the plan beyond its monthly contributions. Such contributions are accounted for as defined contribution plans and are recognised as employee benefits expenses when they are due in the Statement of profit and loss.

(b) The Company's Superannuation Fund is administered by Life Insurance Company. The Company has no further obligations to the plan beyond its contribution.

B. Defined benefit plans:

The Company has following post employment benefit plans which are in the nature of defined benefit plans:

Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Gratuity plan is a Funded plan administered by a Trust and the Company makes contributions to recognised Trust in India.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. The Company fully contributes all ascertained liabilities to the The Anup Engineering Limited Employees' Gratuity Fund Trust (the Trust). Trustees administer contributions made to the Trusts and contributions are invested in a scheme as permitted by Indian law.

The Company recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligations recognized in other comprehensive income.

Notes to the Financial Statements

Changes in defined benefit obligation and plan assets as at March 31, 2022:

(₹ in Lakhs)

Particulars	As at April 1, 2021		Charged to statement of profit and loss		Benefit paid	Remeasurement gains/(losses) in other comprehensive income		As at March 31, 2022
	Service cost	Net interest expense	Sub-total included in statement of profit and loss (Note 21)	Return on plan assets (excluding amounts included in net interest expense)		Actuarial changes arising from demographic assumptions	Actuarial changes arising from changes in Experience financial adjustments	
Gratuity								
Defined benefit obligation	130.35	20.96	8.85	29.81	(20.04)	4.63	(10.17)	145.68
Fair value of plan assets	(76.74)	-	(5.22)	(5.22)	20.04	-	(0.21)	(61.71)
Net Benefit liability/(asset)	53.61	20.96	3.63	24.59	-	4.63	(10.38)	83.97

Changes in defined benefit obligation and plan assets as at March 31, 2021

Particulars	As at April 1, 2020		Charged to statement of profit and loss		Benefit paid	Remeasurement gains/(losses) in other comprehensive income		As at March 31, 2021
	Service cost	Net interest expense	Sub-total included in statement of profit and loss (Note 21)	Return on plan assets (excluding amounts included in net interest expense)		Actuarial changes arising from demographic assumptions	Actuarial changes arising from changes in Experience financial adjustments	
Gratuity								
Defined benefit obligation	102.30	18.41	7.03	25.44	-	(0.91)	(1.70)	130.35
Fair value of plan assets	(71.85)	-	(4.93)	(4.93)	-	-	(0.04)	(76.74)
Net Benefit liability/(asset)	30.45	18.41	2.10	20.51	-	(0.91)	(1.74)	53.61

The major categories of plan assets of the total plan assets of Gratuity are as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Insurance fund	100.00%	100.00%
(%) of total plan assets	100.00%	100.00%

Notes to the Standalone Financial Statements

The principal assumptions used in determining above defined benefit obligations plans are shown below:

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate	7.23%	6.80%
Future salary increase	8.00%	8.00%
Expected rate of return on plan assets	7.23%	6.80%
Attrition rate	5.00%	5.00%
Mortality rate during employment	Indian Assured lives Mortality (2012-14) Urban	Indian Assured lives Mortality (2006-08) Ultimate
Mortality rate after employment	NA	NA

A quantitative sensitivity analysis for significant assumption is as shown below for the defined benefit plan:

(₹ in Lakhs)

Particulars	Sensitivity level	(increase) / decrease in defined benefit obligation (Impact)	
		Year ended March 31, 2022	Year ended March 31, 2021
Gratuity			
Discount rate	1% increase	(12.65)	(12.15)
	1% decrease	14.76	14.27
Salary increase	1% increase	12.96	13.22
	1% decrease	(12.06)	(11.47)
Attrition rate	1% increase	(1.03)	(1.50)
	1% decrease	1.13	1.67

The above sensitivity analysis may not be representative of the actual benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. In presenting the above sensitivity analysis, the present value of defined benefit obligation has been calculated using the projected unit credit method at the end of reporting period.

In presenting the above sensitivity analysis, the present value of defined benefit obligation has been calculated using the projected unit credit method at the end of reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

The followings are the expected future benefit payments for the defined benefit plan :

Particulars	As at March 31, 2022	As at March 31, 2021
Gratuity		
Within the next 12 months	13.48	9.83
Between 2 to 5 years	29.89	26.31
Beyond 5 years	295.67	266.39
Total expected payments	339.04	302.53

Notes to the Standalone Financial Statements

(₹ in Lakhs)

Weighted average duration of defined plan obligation (based on discounted cash flows)

Particulars	As at March 31, 2022 In Years	As at March 31, 2021 In Years
Gratuity	12	12

Prescribed contribution for next year - ₹ 50.55 Lakhs (Previous year ₹ 45.08 Lakhs)

C. Other Long term employee benefit plans:

Leave encashment

The Company has a policy on leave encashment which are both accumulating and non-accumulating in nature. The expected cost of accumulating leave encashment is determined by actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur. The liability of leave encashment is funded through Life Insurance Corporation.

The Company has recognised ₹ 14.49 Lakhs (March 31, 2021: ₹ 17.41 Lakhs) as expenses and included in Note No. 21 "Employee benefit expense".

Particulars	As at March 31, 2022		As at March 31, 2021	
	Amortised cost	Total	Amortised cost	Total
Trade payable	4,187.20	4,187.20	2,694.66	2,694.66
Other Financial Liabilities	264.83	264.83	249.40	249.40
Total Financial liabilities	4,452.03	4,452.03	2,944.06	2,944.06

For Financial instruments risk management objectives and policies, refer Note 38.

Note 37 : Fair value disclosures for financial assets and financial liabilities

The management assessed that the fair values of cash and cash equivalents, other bank balances, loans, trade receivables, other current financial assets, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Particulars	As at March 31, 2022	As at March 31, 2021
Financial assets		
Investments measured at cost		
Carrying Amount	2,016.00	1.00
Fair Value	2,016.00	1.00

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values.

The fair value of borrowings is calculated by discounting future cash flows using rates currently available for debts on similar terms, credit risk and remaining maturities.

For financial assets and financial liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Note 38: Financial instruments risk management objectives and policies

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company's risk management is carried out by a Treasury department under policies approved by the Board of directors. The Company's treasury identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The board provides written principles for overall risk.

(a) Market risk

Market risk refers to the possibility that changes in the market rates may have impact on the Company's profits or the value of its holding of financial instruments. The Company is exposed to market risks on account of foreign exchange rates, interest rates, underlying equity prices, liquidity and other market changes.

Future specific market movements cannot be normally predicted with reasonable accuracy.

(a1) Interest rate risk

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate.

The Company is exposed to interest rate risk of short-term and long-term floating rate instruments and on the refinancing of fixed rate debt. The Company's policy is to maintain a balance of fixed and floating interest rate borrowings and the proportion of fixed and floating rate debt

Notes to the Standalone Financial Statements

is determined by current market interest rates. The borrowings of the Company are principally denominated in Indian Rupees with mix of fixed and floating rates of interest. These exposures are reviewed by appropriate levels of management at regular interval.

As on March 31, 2022, the Company does not have any borrowings.

(a2) Foreign currency risk

The Company's foreign currency risk arises from its foreign operations and foreign currency transactions. The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Company. The major foreign currency exposures for the Company are denominated in USD and EURO.

Since a part of the Company's revenue is in foreign currency and major part of the costs are in Indian Rupees, any movement in currency rates would have impact on the Company's performance. Exposures on foreign currency sales are managed through the Company's hedging policy, which is reviewed periodically to ensure that the results from fluctuating currency exchange rates are appropriately managed. The Company strives to achieve asset liability offset of foreign currency exposures and only the net position is hedged. Consequently, the overall objective of the foreign currency risk management is to minimize the short term currency impact on its revenue and cash-flow in order to improve the predictability of the financial performance. The Company may use forward contracts, foreign exchange options or currency swaps towards hedging risk resulting from changes and fluctuations in foreign currency exchange rate. These foreign exchange contracts, carried at fair value, may have varying maturities varying depending upon the primary host contract requirements and risk management strategy of the company. Hedge effectiveness is assessed on a regular basis. Details of the hedge & unhedged position of the Company given in Note 28.

Foreign currency sensitivity

The foreign exchange rate sensitivity is calculated by the aggregation of the net foreign exchange rate exposure in USD and EURO with a simultaneous parallel foreign exchange rates shift in the currencies by 2% against the functional currency of the respective entities. The company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Change in Currency rate	Effect on profit before tax in USD rate	(₹ in Lakhs)
			Effect on profit before tax in EURO rate
March 31, 2022	+2%	5.41	(0.34)
	-2%	(5.41)	0.34
March 31, 2021	+2%	42.18	-
	-2%	(42.18)	-

The movement in the pre-tax effect is a result of a change in the fair value of financial instruments not designated in a hedge relationship. Although the financial instruments have not been designated in a hedge relationship, they act as an economic hedge and will offset the underlying transactions when they occur.

(b) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to concentrations of credit risk materially consists of trade receivables, investments and derivative financial instruments.

The Company is exposed to credit risk from its operating activities (primarily trade receivables and also from its investing activities including deposits with banks, forex transactions and other financial instruments) for receivables, cash and cash equivalents, financial guarantees and derivative financial instruments.

All trade receivables are subject to credit risk exposure. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country, in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through established policies, controls relating to credit approvals and procedures for continuously monitoring the creditworthiness of customers to which the Company grants credit terms

Notes to the Standalone Financial Statements

in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit. The history of trade receivables shows a negligible provision for bad and doubtful debts. Therefore, the Company does not expect any material risk on account of non-performance by any of the Company's counterparties. The Company does not have significant concentration of credit risk related to trade receivables. However, 3 customers contribute to more than 10% of outstanding accounts receivable as of March 31, 2022 (2 customers contribute to more than 10% of outstanding accounts receivable as of March 31, 2021).

Trade receivables are non-interest bearing and are generally on 30 days to 180 days credit term.

With respect to derivatives, the Company's forex management policy lays down guidelines with respect to exposure per counter party i.e. with banks with high credit rating, processes in terms of control and continuous monitoring. The fair value of the derivatives are credit adjusted at the period end.

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time, or at a reasonable price. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash & cash equivalents and has undrawn short term line of credits from banks to ensure necessary liquidity. The Company closely monitors its liquidity position and deploys a robust cash management system.

The Company requires funds both for short-term operational needs as well as for long-term investment programmes mainly in growth projects

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

(₹ in Lakhs)

Particulars	< 1 year	>1 year but < 5 years	more than 5 years	Total
March 31, 2022				
Trade payables	4,187.20	-	-	4,187.20
Other financial liabilities	264.83	-	-	264.83
	4,452.03	-	-	4,452.03
March 31, 2021				
Trade payables	2,694.66	-	-	2,694.66
Other financial liabilities	249.40	-	-	249.40
	2,944.06	-	-	2,944.06

Note 39 : Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value.

Notes to the Standalone Financial Statements

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions or its business requirements to optimise return to our shareholders through continuing growth. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The funding requirements are met through a mixture of equity, internal fund generation and other non-current borrowings. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings less cash and short-term deposits (including other bank balance). The Company is not subject to any externally imposed capital requirements.

(₹ in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
(a) Interest bearing loans and borrowings	-	-
(b) Less: cash and bank balance (including other bank balance) (Note 7c & 7d)	5,276.02	2,360.57
(c) Net debt (a) - (b)	(5,276.02)	(2,360.57)
(d) Equity share capital (Note 11)	988.12	983.12
(e) Other equity (Note 12)	38,456.89	32,755.91
(f) Total capital (d) + (e)	39,445.01	33,739.03
(g) Total capital and net debt (c) + (f)	34,168.99	31,378.46
(h) Gearing ratio (c)/(g)	-15.44%	-7.52%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any long term borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the current period.

Note 40 : Impact of Covid-19

The Company has taken into account all the possible impacts of COVID-19 in preparation of these financial statements, including but not limited to its assessment of, liquidity and going concern assumption, recoverable values of its financial and non-financial assets, impact on revenue recognition owing to changes in cost budgets of fixed price contracts, impact on leases and impact on effectiveness of its hedges. The Company has carried out this assessment based on available internal and external sources of information upto the date of approval of these financial statements and believes that the impact of COVID-19 is not material to these financial statements and expects to recover the carrying amount of its assets. The impact of COVID-19 on the financial statements may differ from that estimated as at the date of approval of these financial statements owing to the nature and duration of COVID-19.

Note 41 : Business Combination

During the year ended March 31, 2021 expenses of ₹ 191.93 Lakhs in connection with the Composite Scheme of Arrangement (the Scheme) sanctioned by National Company Law Tribunal vide its order dated October 26, 2018 between Arvind Limited ("AL"), Arvind Fashions Limited ("AFL"), Anveshan Heavy Engineering Limited ("the Company") and The Anup Engineering Limited ("Anup"), has been adjusted against Securities Premium as mentioned in the Scheme.

Note 42 : Code on Social Security, 2020

The Parliament of India has approved the Code on Social Security, 2020 (the Code) which may impact the contributions by the Company towards provident fund, gratuity and ESIC. The Code has been published in the Gazette of India. However, the effective date has not yet been notified. The Company will assess the impact of the Code when it comes into effect and will record related impact, if any, in the period the Code becomes effective.

Note 43 : Recent Pronouncements

"Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian "Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting "Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Notes to the Standalone Financial Statements

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 116 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

Note 44 : Other Notes

- a. During the year ended March 31, 2022 and March 31, 2021, the Company has not advanced or loaned or invested funds (either borrowed funds or share premium or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall:
 - i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or
 - ii) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries. Further, during the year ended March 31, 2022 and March 31, 2021, the Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall: i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or ii) provide any guarantee, security, or the like on behalf of the ultimate beneficiaries.
- b. The Company has not invested or traded in Crypto Currency or Virtual Currency during the year ended March 31, 2022 (Previous year: Nil).
- c. No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder during the year ended March 31, 2022 (Previous year: Nil).
- d. The Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority during the year ended March 31, 2022 (Previous year: Nil).
- e. The Company has not surrendered or disclosed as income any transactions not recorded in the books of accounts in the course of tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961) during the year ended March 31, 2022 (Previous year: Nil).
- f. The Company does not have any transactions with the companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956 during the year ended March 31, 2022 (Previous year: Nil).

Notes to the Standalone Financial Statements

Note (a) : Return on Investment

$$(MV(T_1) - MV(T_0) - \text{Sum}[C(t)])$$

$$(MV(T_0) + \text{Sum}[W(t) * C(t)])$$

Where,

T₁ = End of time period

T₀ = Beginning of time period

t = Specific date falling between T₁ and T₀

MV(T₁) = Market Value at T₁

MV(T₀) = Market Value at T₀

C(t) = Cash inflow, cash outflow on specific date

W(t) = Weight of the net cashflow (i.e. either net inflow or net outflow) on day 't', calculated as (T₁-t)/T₁

Note 46 : Events occurring after the reporting period

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to the approval of financial statements to determine the necessity for recognition and/or reporting of subsequent events and transactions in the financial statements. As of May 18, 2022, there were no subsequent events and transactions to be recognized or reported that are not already disclosed

Note 47 : Dividend

"Dividends paid during the year ended March 31, 2022 include an amount of ₹ 7.00 per equity share towards final dividend for the year ended March 31, 2021." Dividends declared by the Company are based on profits available for distribution. On May 17, 2022, the Board of Directors of the Company have proposed a final dividend of ₹ 8.00 per share in respect of the year ended March 31, 2022 subject to the approval of shareholders at the Annual General Meeting.

Note 48 : Regrouped, Recast, Reclassified

Material regroupings: Appropriate adjustments have been made in the statements of assets and liabilities, statement of profit and loss and cash flows, wherever required, by a reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows in order to bring them in line with the groupings as per the audited financials of the Company as at March 31, 2022, prepared in accordance with amended Schedule III of Companies Act 2013.

Independent Auditor's Report

TO THE MEMBERS OF THE ANUP ENGINEERING LIMITED Report on the Audit of the Consolidated Financial Statements Opinion

We have audited the accompanying consolidated financial statements of **The Anup Engineering Limited** ("the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and the notes to the consolidated financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated

financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiary company which are company incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial

statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of

Profit and Loss including (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and its subsidiary and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditor's reports of the Holding Company and its subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
 - ii. The Company did not have any long-term contract including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no amounts required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary company incorporated in India.
 - iv.
 - 1 The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company and its subsidiary incorporated in India to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"),

- with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its subsidiary company incorporated in India (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
2. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Holding Company and its subsidiary incorporated in India from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 3. Based on the audit procedures conducted by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatements.
 - v. The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.
 2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” To The Independent Auditor’s Report

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of The Anup Engineering Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of The Anup Engineering Limited (“the Holding Company”) and its subsidiary company incorporated in India, for the year ended March 31, 2022 in conjunction with our audit of the Consolidated Ind AS financial statements of the Holding Company.

Management’s Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company, its subsidiary company, which are company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and , both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Holding Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Holding Company are being made only in accordance with authorisations of management and directors of the Holding Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Holding Company’s assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion the Holding Company and its subsidiary company, which are company incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on “the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

1. Corporate Information

The Anup Engineering Limited (“the Company”) is engaged in manufacturing and fabrication of process equipment required for Chemicals, Petrochemicals, Pharmaceuticals, Fertilizers, Drugs and other allied industries.

The Company is a Public Limited Company domiciled in India and incorporated under the provisions of the Companies Act, 2013 (“the Act” erstwhile Companies Act, 1956) applicable in India. Its equity shares are listed on the National Stock Exchange of India Limited (“NSE”) and the BSE Limited. The registered office of the Company is located at Odhav, Ahmedabad.

The consolidated financial statements have been considered and approved by the Board of Directors at their meeting held on 17th May 2022.

2. Statement of Compliance and Basis of Preparation

The consolidated financial statements have been prepared on a historical cost convention on the accrual basis except for the certain financial assets and liabilities measured at fair value, the provisions of the Companies Act, 2013 to the extent notified (“the Act”) and guidelines issued by the Securities and Exchange Board of India (SEBI).

Accounting policies were consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standards requires a change in the accounting policy hitherto in use.

These consolidated financial statements comprising of Balance Sheet, Statement of Profit and Loss including other comprehensive income, Statement of Changes in Equity and Statement of Cash Flows as at March 31, 2022 have been prepared in accordance with Ind AS as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Rounding of amounts

The consolidated financial statements are presented in Indian Rupee (“INR”) and all values are rounded to the nearest Lakhs as per the requirement of Schedule III, except when otherwise indicated.

Principles of Consolidation of Subsidiaries

The Group consolidates entities which it owns or controls. The Consolidated Financial Statement comprise the financial statements of the Group and its subsidiaries. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights

result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group’s voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Financial Statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group’s accounting policies. All intra-group assets and liabilities, equity, income, expenses including unrealized gain /loss and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent’s share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

3. Summary of Significant Accounting Policies

3.1. Current versus non-current classification

The Group presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or

Notes to the Consolidated Financial Statements

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

Operating cycle of the Group is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. As the Group's normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

3.2. Use of estimates and judgements

The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Difference between actual results and estimates are recognised in the period in which the results are known / materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

3.3. Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets.

Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.

- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.

- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.

- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent to its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Notes to the Consolidated Financial Statements

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

Business Combination under Common Control

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Ind AS 103. Such transactions are accounted for using the pooling-of-interest method. The assets and liabilities of the acquired entity are recognised at their carrying amounts of the parent entity's consolidated financial statements with the exception of certain income tax and deferred tax assets. No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies. The components of equity of the acquired companies are added to the same components within the Group's equity. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to other equity and is presented separately from other capital reserves. The Group's shares issued in consideration for the acquired companies are recognized from the moment the acquired companies are included in these financial statements and the financial statements of the commonly controlled entities would be combined, retrospectively, as if the transaction had occurred at the beginning of the earliest reporting period presented.

3.4. Foreign currencies

The Group's functional and presentation currency is Indian Rupee. Transactions in foreign currencies are initially recorded by the Group's functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Differences arising on settlement of such transaction and on translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rate are recognised in profit or loss. They are deferred in equity if they relate to qualifying cash flow hedges.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

3.5. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Notes to the Consolidated Financial Statements

- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and for non-recurring measurement, such as asset held for sale.

External valuers are involved for valuation of significant assets, such as properties. Involvement of external valuers is decided upon annually by the management after discussion with and approval by the Group's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. Management decides, after discussions with the Group's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Group's accounting policies. For this analysis, management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

Management, in conjunction with the Group's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on yearly basis.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Significant accounting judgements, estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Property, plant and equipment & Intangible assets measured at fair value on the date of transition
- Investment properties
- Financial instruments (including those carried at amortised cost)

3.6. Property, plant and equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the

recognition criteria are met. When significant parts of Property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Borrowing cost relating to acquisition / construction of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Capital work-in-progress comprises cost of fixed assets that are not yet installed and ready for their intended use at the balance sheet date.

De-recognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is de-recognised.

Depreciation

Depreciation on property, plant and equipment is provided so as to write off the cost of assets less residual values over their useful lives of the assets, using the straight-line method as prescribed under Part C of Schedule II to the Companies Act 2013 except for Buildings and Plant and Machinery.

When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (Major Components) and are depreciated over their useful life or over the remaining useful life of the principal assets whichever is less.

Depreciation on certain Buildings and Plant and Machinery are provided on straight line method over the useful lives of the assets based upon the technical evaluation by external agency which are as follows:

Particulars	Useful life
Building	45 Years
Plant and Machinery	30 Years

The management believes that the useful life as given above best represent the period over which management expects to use these assets. Hence the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II to the Companies Act 2013.

Depreciation for assets purchased/sold during a period is proportionately charged for the period of use.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Notes to the Consolidated Financial Statements

3.7. Leases

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (1) the contract involves the use of an identified asset (2) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.8. Borrowing cost

Borrowing cost includes interest expense as per Effective Interest Rate (EIR) and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. Where funds are borrowed specifically to finance a project, the amount capitalised represents the actual borrowing costs incurred. Where surplus funds are available out of money borrowed specifically to finance a project, the income generated from such current investments is deducted from the total capitalized borrowing cost. Where the funds used to finance a project form part of general borrowings, the amount capitalised is calculated using a weighted average of rates applicable to relevant general borrowings of the Group during the year. Capitalisation of borrowing costs is suspended and charged to profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

All other borrowing costs are expensed in the period in which they occur.

3.9. Intangible Assets

Intangible Assets that the Group controls and from which it expects future economic benefits are capitalised upon acquisition and measured initially:

- for assets acquired in a business combination at fair value on the date of acquisition
- for separately acquired assets, at cost comprising the purchase price and directly attributable costs to prepare the asset for its intended use.

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are charged to the Statement of Profit and Loss unless a product's technological and commercial feasibility has been established, in which case such expenditure is capitalised.

Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is recognised in the Statement of Profit and Loss in the period in which expenditure is incurred.

The useful lives of intangible assets are assessed as finite.

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the

Notes to the Consolidated Financial Statements

Statement of Profit and Loss when the asset is derecognised.

Amortisation

Software is amortized over management estimate of its useful life of 3 years or License Period whichever is lower and Patent/Knowhow is amortized over its useful life of 5 years. Licences are amortized over 10 years.

3.10. Inventories

Inventories of Raw material, Work-in-progress and Finished goods are valued at the lower of cost and net realisable value. However, Raw material and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- **Raw materials and accessories:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- **Finished goods and work in progress:** cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.

Inventories of stores and consumables are valued at cost. The stock of waste is valued at net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.11. Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs to sell and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets of the Group. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecasts which are prepared separately for each of the Group's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period

of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses, including impairment on inventories, are recognised in the Statement of Profit and Loss in those expense categories consistent with the function of the impaired asset, except for a property previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

3.12. Revenue Recognition

The Group derives revenues primarily from sale of manufactured goods, traded goods and related services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expects to receive in exchange for those products or services.

Revenue from time and material and job contracts is recognised as the related services are performed.

Revenue related to fixed price maintenance and support services contracts where the Group is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

The Group satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs; or
2. The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Group's performance does not create an asset with an alternative use to the Group and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to

Notes to the Consolidated Financial Statements

the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue from rendering of services is recognised over time as and when the customer receives the benefit of the Group's performance and the Group has an enforceable right to payment for services transferred.

Export Incentive

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Interest Income

Interest income from debt instruments are recorded using the effective interest rate (EIR) and accrued on timely basis. The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit or loss.

Dividend Income

Dividend income from investments is recognised when the Group's right to receive is established which generally occurs when the shareholders approve the dividend.

Profit or loss on sale of Investments

Profit or Loss on sale of investments are recorded on transfer of title from the Group, and is determined as the difference between the sale price and carrying value of investment and other incidental expenses.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms except in the case where incremental lease reflects inflationary effect and rental income is accounted in such case by actual rent for the period.

Insurance claims

Insurance claims are accounted for to the extent the Group is reasonably certain of their ultimate collection.

3.13. Financial instruments – initial recognition and subsequent measurement

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments. For recognition and measurement of financial assets and financial liabilities, refer policy as mentioned below:

Initial recognition of financial assets and financial liabilities:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Subsequent measurement of financial assets:

For purposes of subsequent measurement, financial assets are classified in four categories:

- (a) Financial assets at amortised cost
- (b) Financial assets at fair value through other comprehensive income (FVTOCI)
- (c) Financial assets at fair value through profit or loss (FVTPL)
- (d) Equity instruments measured at fair value through other comprehensive income (FVTOCI)

(a) Financial assets at amortised:

A financial asset is measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Group. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss.

(b) Financial assets at fair value through other comprehensive income

A financial asset is measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets included within the FVTOCI category are measured at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously

Notes to the Consolidated Financial Statements

recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI financial asset is reported as interest income using the EIR method.

(c) Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable of financial assets at fair value through profit or loss are immediately recognised profit or loss.

The Group may elect to designate a financial asset, which otherwise meets amortized cost or fair value through other comprehensive income criteria, as at fair value through profit or loss. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL.

(d) Equity instruments:

All equity investments in scope of Ind-AS 109 other than Investment in subsidiaries, Joint Ventures and Associates are measured at fair value. Equity instruments which are held for trading, are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Equity Investment in subsidiaries, Joint Ventures and Associates are measured at cost as per Ind AS 27 - Separate Financial Statements.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Impairment of financial assets

The Group assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses (ECL) are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECL are measured at an amount equal to the 12 months ECL, unless there has been significant increase in credit risk from initial recognition in which case these are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised as an impairment gain or loss in Statement of Profit and Loss.

Derecognition of financial assets

Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Group has transferred substantially all of the risks and rewards of ownership.

Concomitantly, if the asset is one that is measured at:

- (a) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;
- (b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

Reclassification

When and only when the business model is changed, the Group shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to Statement of Profit or Loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

Notes to the Consolidated Financial Statements

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group are recognised at the proceeds received, net of direct issue costs.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Group are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

3.14. Cash and cash equivalent

Cash and cash equivalent in the balance sheet includes cash on hand, at banks and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the cash flows statement, cash and cash equivalents includes cash, short-term deposits, as defined above, other short-term and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value adjusted for outstanding bank overdrafts as they are considered an integral part of the Group's cash management. Bank Overdrafts are shown within Borrowings in current liabilities in the balance sheet.

3.15. Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised in Statement of Profit or Loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset by equal annual instalments.

3.16. Taxes

Tax expense comprises of current income tax and deferred tax.

Current income tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of taxable temporary differences associated with investments in subsidiaries and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable

Notes to the Consolidated Financial Statements

that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Group recognizes tax credits in the nature of MAT credit as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which tax credit is allowed to be carried forward. In the year in which the Group recognizes tax credits as an asset, the said asset is created by way of tax credit to the Statement of profit and loss. The Group reviews such tax credit asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period. Deferred tax includes MAT tax credit.

3.17. Employee Benefits

(a) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term benefits.

Such benefits include salaries, wages, bonus, short term compensated absences, awards, ex-gratia, performance pay etc. and the same are recognised in the period in which the employee renders the related service.

(b) Post-Employment Benefits

(i) Defined contribution plan

The Group's approved provident fund scheme, superannuation fund scheme, employees' state insurance fund scheme and Employees' pension scheme are defined contribution plans. The Group has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service.

(ii) Defined benefit plan:

The employee's gratuity fund scheme, Compensatory Pension Scheme and post-retirement medical benefit schemes are Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on the net basis.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

(c) Other long term employment benefits:

The employee's long term compensated absences are Group's defined benefit plans. The present value of the obligation is determined based on the actuarial valuation using the Projected Unit Credit Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation, to recognise the obligation on the net basis.

(d) Termination Benefits :

Termination benefits such as compensation under voluntary retirement scheme are recognised in the year in which termination benefits become payable.

3.18. Share-based payments

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions:

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

Notes to the Consolidated Financial Statements

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Cash-settled transactions:

In case of cash-settled transactions, a liability is recognised for the fair value of cash-settled transactions. The fair value is measured initially and at each reporting date up to and including the settlement date, with changes in fair value recognised in employee benefits expense. The fair value is expensed over the period until the vesting date with recognition of a corresponding liability. The fair value is determined with the assistance of an external valuer.

3.19. Earnings per share (EPS)

Basic EPS is computed by dividing the net profit / loss for the year attributable to ordinary equity holders of the Group by the weighted average number of ordinary shares outstanding during the year.

Diluted EPS is computed by dividing the net profit / loss

attributable to ordinary equity holders of the Group by the weighted average number of ordinary shares outstanding during the year adjusted for the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the consolidated financial statements by the Board of Directors.

3.20. Dividend

The Group recognises a liability (including tax thereon) to make cash or non-cash distributions to equity shareholders of the Group when the distribution is authorised and the distribution is no longer at the discretion of the Group.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the Statement of Profit and Loss.

3.21. Provisions and Contingencies

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When the Group expects some or all of a provision to be reimbursed from third parties, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not

Notes to the Consolidated Financial Statements

recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the consolidated financial statements when an inflow of economic benefits is probable.

3.22. Non-current assets held for sale/ distribution to owners and discontinued operations

The Group classifies non-current assets (or disposal group) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

The criteria for held for sale classification is regarded met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Group treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset,
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

An impairment loss is recognised for any initial or subsequent write-down of the assets to fair value less cost to sell. A gain is recognised for any subsequent increases in the fair value less cost to sell of an assets but not in excess of the cumulative impairment loss previously recognised, A gain or loss previously not recognised by the date of sale of the non-current assets is recognised on the date of de-recognition.

Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

A discontinued operation qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- Is a subsidiary acquired exclusively with a view to resale

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

3.23. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

4. Critical accounting estimates and assumptions

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

4.1. Estimates and assumption

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Useful life of Property, plant and equipment and Intangible Assets

As described in Note 3.6 and 3.9 of the significant accounting policies, the Group reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

(b) Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested.

Notes to the Consolidated Financial Statements

The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

(c) Provisions and contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS. A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Where the effect of time value of money is material, provisions are determined by discounting the expected future cash flows.

The Group has significant capital commitments in relation to various capital projects which are not recognized on the balance sheet. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the consolidated financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Group involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

(d) Defined benefit plans

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the consolidated financial statements.

Further details about defined benefit obligations are provided in Note 30.

(e) Revenue recognition

Contracts are subject to modification to account for changes in contract specification and requirements. The Group reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the consolidated selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the consolidated selling price, or as a termination of the existing contract and creation of a new contract if not priced at the consolidated selling price.

The Group's contracts with customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Notes to the Consolidated Financial Statements

Add: Other comprehensive loss for the year	(4.32)	(1.98)
Balance at the end of the year	20,210.88	14,699.34
Total Other Equity	38,352.97	32,731.79

The description of the nature and purpose of each reserve within equity is as follows

a. Capital reserve

Capital Reserve is created due to amalgamation/Business Combinations.

b. Capital Redemption Reserve

As per Companies Act, 2013, capital redemption reserve is created when company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve.

c. Securities premium account

Securities premium reserve is created due to premium on issue of shares. These reserve is utilised in accordance with the provisions of the Companies, Act.

d. Share based payment reserve

This reserve relates to share options granted by the Company to its employee share option plan. Further information about share-based payments to employees is set out in Note 33.

Note 25 : Income tax

The major component of income tax expense for the years ended March 31, 2022 and March 31, 2021 are as follows:

Particulars	Year ended March 31, 2022	Year ended March 31, 2021
Statement of Profit and Loss		
Current income tax	1,545.00	1,515.00
Excess Provision for earlier year (Refer Note below)	(1,557.37)	(691.60)
Deferred tax expense/(credit)	(80.85)	(29.22)
Income tax expense in the Statement of Profit and Loss	(93.22)	794.18
Statement of Other comprehensive income (OCI)		
Deferred tax expense/(credit)	(1.45)	(0.67)
Income tax expense/(credit) recognised in OCI	(1.45)	(0.67)

Note : The Holding Company has decided to exercise the option permitted under section 115BAA of the Income-tax Act, 1961 for the year 2019-2020 as introduced by the Taxation Laws (Amendment) Ordinance, 2019 which was subsequently converted into an Act, at the time of filing return of income. Accordingly, the Company has recognised provision for income taxes based on the rate prescribed in the aforesaid section. Further, management reviewed current tax and the components of deferred tax assets/ liabilities leading to a reassessment of its estimates compared to earlier periods. Such re-measurement and change in rate of tax resulted in one-time tax credit of ₹ 443.03 Lakhs which is shown under (Excess)/Short Provision for the year ended March 31, 2021.

Reconciliation of tax expense and the accounting profit multiplied by domestic tax rate for the year ended March 31, 2022 and March 31, 2021.

A. Current tax

Particulars	Year Ended March 31, 2022	Year Ended March 31, 2021
Accounting profit before tax	6,112.22	6,146.50
Tax Rate	25.17%	25.17%

(Excess)/Short Provision for earlier year	(1,557.37)	(691.60)
Other Adjustment	(32.42)	(59.38)
Total income tax expense	(93.22)	794.18
Effective tax rate	-1.53%	12.92%

Notes to the Consolidated Financial Statements

(₹ in Lakhs)

B. Deferred tax

The Group has accrued significant amounts of deferred tax. The majority of the deferred tax liability represents accelerated tax relief for the depreciation of property, plant and equipment. Significant components of Deferred tax (assets) & liabilities recognized in the financial statements of the Company are as follows:

Particulars	Balance Sheet as at		Statement of Profit and Loss and OCI for the year ended	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Accelerated depreciation for tax purposes	(992.98)	(980.52)	12.46	64.65
Impact of fair valuation of Land	(315.87)	(357.75)	(41.88)	(31.41)
Expenditure allowable on payment basis	24.43	17.81	(6.63)	4.32
Expenditure allowable over the period (Section 35D)	3.08	6.16	3.08	(0.45)
Others	116.28	66.94	(49.33)	(67.00)
Deferred tax expense/(income)			(82.30)	(29.89)
Net deferred tax liabilities	(1,165.06)	(1,247.36)		
Reflected in the balance sheet as follows				
Deferred tax liabilities	(1,308.85)	(1,338.27)		
Deferred tax assets	143.79	90.91		
Deferred tax liabilities (net)	(1,165.06)	(1,247.36)		

The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Note 26 : Contingent liabilities

Particulars	As at March 31, 2022	As at March 31, 2021
Contingent liabilities not provided for		
(i) Guarantees given by banks on behalf of the Company	17,415.71	15,906.70

Notes :

- It is not practicable for the Company to estimate the timing of cash outflows, if any, in respect of the above pending resolution of the respective proceedings.
- The Company does not expect any reimbursements in respect of the above contingent liabilities.
- The Company believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and results of operations.

Note 27 : Capital commitment and other commitments

Particulars	As at March 31, 2022	As at March 31, 2021
(a) Capital commitments	2,522.86	398.84
(b) Other commitments	-	-

Notes to the Consolidated Financial Statements

Note 28 : Foreign Exchange Derivatives and Exposures not hedged

The Group holds derivative financial instruments such as foreign currency forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank.

All derivative financial instruments are recognized as assets or liabilities on the balance sheet and measured at fair value. The accounting for changes in the fair value of a derivative instrument depends on the intended use of the derivative and the resulting designation.

The fair values of all derivatives are separately recorded in the balance sheet within current and non-current assets and liabilities depending upon the maturity of the derivatives.

The use of derivative instruments is subject to limits, authorities and regular monitoring by appropriate levels of management. The limits, authorities and monitoring systems are periodically reviewed by management and the Board. The market risk on derivatives is mitigated by changes in the valuation of the underlying assets, liabilities or transactions, as derivatives are used only for risk management purposes.

However, the Group does not have any of derivative contracts outstanding as at reporting date.

Exposure Not Hedged

Nature of exposure	Currency	As at March 31, 2022		As at March 31, 2021	
		FC	₹ in Lakhs	FC	₹ in Lakhs
Receivables	USD	9,66,033	732.18	29,58,275	2,162.79

	EURO	20,190	17.00	-	-

Note 29 : Segment Reporting

Identification of Segments:

The chief operational decision maker monitors the operating results of its Business segment separately for the purpose of making decision about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Operating segment have been identified on the basis of nature of products and other quantitative criteria specified in the Ind AS 108. Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (“CODM”) of the Group.

Operating Segments:

The Group's business activity falls within a single operating business segment of Engineering products.

Geographical segment

Geographical segment is considered based on sales within India and rest of the world.

There are three (3) customers together contributing ₹ 17,664.70 Lakhs (March 31, 2021 : 3 customers, ₹ 14,583.61 Lakhs) of the total revenue of the Company from domestic and export sales.

Notes to the Consolidated Financial Statements

Note 30 : Disclosure pursuant to Employee benefits

A. Defined contribution plans:

Amount of ₹ 67.96 Lakhs (March 31, 2021: ₹ 60.31 lakhs) is recognised as expenses and included in Note No. 21 "Employee benefit expense".

(₹ in Lakhs)

Particulars	Year Ended	Year Ended
	March 31, 2022	March 31, 2021
Contribution to Provident Fund and Pension [Note (a)]	67.96	60.31
Total	67.96	60.31

Note(a) Employees of the Group receive benefits from a provident fund, which is a defined contribution plan. The eligible employees and the Group make monthly contributions to the provident fund plan equal to a specified percentage of the employees' salary. Amounts collected under the provident fund plan are deposited in a government administered provident fund. The remaining portion is contributed to the government-administered pension fund. Employees of the Group receive benefits from a government administered provident fund, which is a defined contribution plan. The Group has no further obligation to the plan beyond its monthly contributions. Such contributions are accounted for as defined contribution plans and are recognised as employee benefits expenses when they are due in the Statement of profit and loss."

(b) The Group's Superannuation Fund is administered by Life Insurance Group. The Group has no further obligations to the plan beyond its contribution.

B. Defined benefit plans:

The Group has following post employment benefit plans which are in the nature of defined benefit plans:

Gratuity

The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Gratuity plan is a Funded plan administered by a Trust and the Group makes contributions to recognised Trust in India.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. The Group fully contributes all ascertained liabilities to the The Anup Engineering Limited Employees' Gratuity Fund Trust (the Trust). Trustees administer contributions made to the Trusts and contributions are invested in a scheme as permitted by Indian law.

The Group recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligations recognized in other comprehensive income.

Particulars	As at April 1, 2020		Charged to statement of profit and loss		Benefit paid	Remeasurement gains/(losses) in other comprehensive income			As at March 31, 2021
	Service cost	Net interest expense	Sub-total included in statement of profit and loss (Note 21)	Return on plan assets (excluding amounts included in net interest expense)		Actuarial changes arising from demographic assumptions	Actuarial changes arising from changes in financial assumptions	Sub-total included in OCI	
Gratuity									
Defined benefit obligation	102.30	18.41	7.03	25.44	-	(0.91)	(1.70)	(2.61)	130.35
Fair value of plan assets	(71.85)	-	(4.93)	(4.93)	-	-	(0.04)	(0.04)	(76.74)
Net Benefit liability/(asset)	30.45	18.41	2.10	20.51	-	(0.91)	(1.74)	(2.65)	53.61

The major categories of plan assets of the total plan assets of Gratuity are as follows:

Particulars	As at March 31, 2022		As at March 31, 2021
	(%) of total plan assets	(%) of total plan assets	
Insurance fund	100.00%	100.00%	100.00%
(%) of total plan assets	100.00%	100.00%	100.00%

Notes to the Consolidated Financial Statements

The principal assumptions used in determining above defined benefit obligations plans are shown below:

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate	7.23%	6.80%
Future salary increase	8.00%	8.00%
Expected rate of return on plan assets	7.23%	6.80%
Attrition rate	5.00%	5.00%
Mortality rate during employment	Indian Assured lives Mortality (2012-14) Urban	Indian Assured lives Mortality (2006-08) Ultimate
Mortality rate after employment	NA	NA

A quantitative sensitivity analysis for significant assumption is as shown below for the defined benefit plan:

(₹ in Lakhs)

Particulars	Sensitivity level	(increase) / decrease in defined benefit obligation (Impact)	
		Year ended March 31, 2022	Year ended March 31, 2021
Gratuity			
Discount rate	1% increase	(12.65)	(12.15)
	1% decrease	14.76	14.27
Salary increase	1% increase	12.96	13.22
	1% decrease	(12.06)	(11.47)
Attrition rate	1% increase	(1.03)	(1.50)
	1% decrease	1.13	1.67

The above sensitivity analysis may not be representative of the actual benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. In presenting the above sensitivity analysis, the present value of defined benefit obligation has been calculated using the projected unit credit method at the end of reporting period.

In presenting the above sensitivity analysis, the present value of defined benefit obligation has been calculated using the projected unit credit method at the end of reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

The followings are the expected future benefit payments for the defined benefit plan :

Particulars	As at March 31, 2022	As at March 31, 2021
Gratuity		
Within the next 12 months	13.48	9.83
Between 2 to 5 years	29.89	26.31
Beyond 5 years	295.67	266.39
Total expected payments	339.04	302.53

Notes to the Consolidated Financial Statements

(₹ in Lakhs)

Weighted average duration of defined plan obligation (based on discounted cash flows)

Particulars	As at March 31, 2022 In Years	As at March 31, 2021 In Years
Gratuity	12	12

Prescribed contribution for next year - ₹ 50.55 Lakhs (Previous year ₹ 45.08 Lakhs)

C. Other Long term employee benefit plans:

Leave encashment

The Group has a policy on leave encashment which are both accumulating and non-accumulating in nature. The expected cost of accumulating leave encashment is determined by actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur. The liability of leave encashment is funded through Life Insurance Corporation.

The Group has recognised ₹ 14.49 Lakhs (March 31, 2021: ₹ 17.41 Lakhs) as expenses and included in Note No. 21 "Employee benefit expense".

Total Financial liabilities	4,594.34	4,594.34	2,944.06	2,944.06

For Financial instruments risk management objectives and policies, refer Note 38.

Note 37 : Fair value disclosures for financial assets and financial liabilities:

The management assessed that the fair values of cash and cash equivalents, other bank balances, loans, trade receivables, other current financial assets, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values.

The fair value of borrowings is calculated by discounting future cash flows using rates currently available for debts on similar terms, credit risk and remaining maturities.

For financial assets and financial liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Note 38: Financial instruments risk management objectives and policies

The Group's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Group's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Group's risk management is carried out by a Treasury department under policies approved by the Board of directors. The Group's treasury identifies, evaluates and hedges financial risks in close co-operation with the Group's operating units. The board provides written principles for overall risk.

(a) Market risk

Market risk refers to the possibility that changes in the market rates may have impact on the Group's profits or the value of its holding of financial instruments. The Group is exposed to market risks on account of foreign exchange rates, interest rates, underlying equity prices, liquidity and other market changes.

Future specific market movements cannot be normally predicted with reasonable accuracy.

(a1) Interest rate risk

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate.

The Group is exposed to interest rate risk of short-term and long-term floating rate instruments and on the refinancing of fixed rate debt. The Group's policy is to maintain a balance of fixed and floating interest rate borrowings and the proportion of fixed and floating rate debt is determined by current market interest rates. The borrowings of the Group are principally denominated in Indian Rupees with mix of fixed and floating rates of interest. These exposures are reviewed by appropriate levels of management at regular interval.

As on March 31, 2022, the Group does not have any borrowings.

(a2) Foreign currency risk

The Group's foreign currency risk arises from its foreign operations and foreign currency transactions. The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Group. The major foreign currency exposures for the Group are denominated in USD and EURO.

Notes to the Consolidated Financial Statements

Since a part of the Group's revenue is in foreign currency and major part of the costs are in Indian Rupees, any movement in currency rates would have impact on the Group's performance. Exposures on foreign currency sales are managed through the Group's hedging policy, which is reviewed periodically to ensure that the results from fluctuating currency exchange rates are appropriately managed. The Group strives to achieve asset liability offset of foreign currency exposures and only the net position is hedged. Consequently, the overall objective of the foreign currency risk management is to minimize the short term currency impact on its revenue and cash-flow in order to improve the predictability of the financial performance. The Group may use forward contracts, foreign exchange options or currency swaps towards hedging risk resulting from changes and fluctuations in foreign currency exchange rate. These foreign exchange contracts, carried at fair value, may have varying maturities varying depending upon the primary host contract requirements and risk management strategy of the Group. Hedge effectiveness is assessed on a regular basis.

Foreign currency sensitivity

The foreign exchange rate sensitivity is calculated by the aggregation of the net foreign exchange rate exposure in USD and EURO with a simultaneous parallel foreign exchange rates shift in the currencies by 2% against the functional currency of the respective entities. The Group's exposure to foreign currency changes for all other currencies is not material.

Particulars	Change in Currency rate	Effect on profit before tax	
		in USD rate	in EURO rate
March 31, 2022	+2%	5.41	(0.34)
	-2%	(5.41)	0.34
March 31, 2021	+2%	42.18	-
	-2%	(42.18)	-

The movement in the pre-tax effect is a result of a change in the fair value of financial instruments not designated in a hedge relationship. Although the financial instruments have not been designated in a hedge relationship, they act as an economic hedge and will offset the underlying transactions when they occur.

(b) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to concentrations of credit risk materially consists of trade receivables, investments and derivative financial instruments.

The Group is exposed to credit risk from its operating activities (primarily trade receivables and also from its investing activities including deposits with banks, forex transactions and other financial instruments) for receivables, cash and cash equivalents, financial guarantees and derivative financial instruments.

All trade receivables are subject to credit risk exposure. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country, in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through established policies, controls relating to credit approvals and procedures for continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit. The history of trade receivables shows a negligible provision for bad and doubtful debts. Therefore, the Group does not expect any material risk on account of non-performance by any of the Group's counterparties. The Group does not have significant concentration of credit risk related to trade receivables. However, 3 customers contribute to more than 10% of outstanding accounts receivable as of March 31, 2022 (2 customers contribute to more than 10% of outstanding accounts receivable as of March 31, 2021).

Trade receivables are non-interest bearing and are generally on 30 days to 180 days credit term.

With respect to derivatives, the Group's forex management policy lays down guidelines with respect to exposure per counter party i.e. with banks with high credit rating, processes in terms of control and continuous monitoring. The fair value of the derivatives are credit adjusted at the period end. Hedge effectiveness is assessed on a regular basis. Details of the hedge & unhedged position of the Group given in Note 28.

Notes to the Consolidated Financial Statements

(c) Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time, or at a reasonable price. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash & cash equivalents and has undrawn short term line of credits from banks to ensure necessary liquidity. The Group closely monitors its liquidity position and deploys a robust cash management system.

The Group requires funds both for short-term operational needs as well as for long-term investment programmes mainly in growth projects

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

(₹ in Lakhs)

Particulars	< 1 year	>1 year but < 5 years	more than 5 years	Total
March 31, 2022				
Trade payables	4,329.51	-	-	4,329.51
Other financial liabilities	264.83	-	-	264.83
	4,594.34	-	-	4,594.34
March 31, 2021				
Trade payables	2,694.66	-	-	2,694.66
Other financial liabilities	249.40	-	-	249.40
	2,944.06	-	-	2,944.06

Note 39 : Capital management

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions or its business requirements to optimise return to our shareholders through continuing growth. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The funding requirements are met through a mixture of equity, internal fund generation and other non-current borrowings. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings less cash and short-term deposits (including other bank balance). The Group is not subject to any externally imposed capital requirements.

(₹ in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
(a) Interest bearing loans and borrowings	-	-
(b) Less: cash and bank balance (including other bank balance) (7b & 7c)	5,279.08	2,360.65
(c) Net debt (a) - (b)	(5,279.08)	(2,360.65)
(d) Equity share capital (Note 11)	988.12	983.12
(e) Other equity (Note 12)	38,352.97	32,731.79
(f) Total capital (d) + (e)	39,341.09	33,714.91
(g) Total capital and net debt (c) + (f)	34,062.01	31,354.26
(h) Gearing ratio (c)/(g)	-15.50%	-7.53%

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any long term borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the current period.

Notes to the Consolidated Financial Statements

Note 40 : Impact of Covid-19

The Group has taken into account all the possible impacts of COVID-19 in preparation of these financial statements, including but not limited to its assessment of, liquidity and going concern assumption, recoverable values of its financial and non-financial assets, impact on revenue recognition owing to changes in cost budgets of fixed price contracts, impact on leases and impact on effectiveness of its hedges. The Group has carried out this assessment based on available internal and external sources of information upto the date of approval of these financial statements and believes that the impact of COVID-19 is not material to these financial statements and expects to recover the carrying amount of its assets. The impact of COVID-19 on the financial statements may differ from that estimated as at the date of approval of these financial statements owing to the nature and duration of COVID-19.

Note 41 : Business Combination

During the year ended March 31, 2021 expenses of ₹ 191.93 Lakhs in connection with the Composite Scheme of Arrangement (the Scheme) sanctioned by National Group Law Tribunal vide its order dated October 26, 2018 between Arvind Limited ("AL"), Arvind Fashions Limited ("AFL"), Anveshan Heavy Engineering Limited ("the Group") and The Anup Engineering Limited ("Anup"), has been adjusted against Securities Premium as mentioned in the Scheme.

Note 42 : Code on Social Security, 2020

The Parliament of India has approved the Code on Social Security, 2020 (the Code) which may impact the contributions by the Group towards provident fund, gratuity and ESIC. The Code has been published in the Gazette of India. However, the effective date has not yet been notified. The Group will assess the impact of the Code when it comes into effect and will record related impact, if any, in the period the Code becomes effective.

Note 43 : Standards issued but not yet effective

"Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the Group is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its financial statements.

Ind AS 116 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The

Notes to the Consolidated Financial Statements

Group does not expect the amendment to have any significant impact in its financial statements.

Note 44 : Other Notes

- a. During the year ended March 31, 2022 and March 31, 2021, the Group has not advanced or loaned or invested funds (either borrowed funds or share premium or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall:
- i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
 - ii) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries. Further, during the year ended March 31, 2022 and March 31, 2021, the Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall: i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or ii) provide any guarantee, security, or the like on behalf of the ultimate beneficiaries.
- b. The Group has not invested or traded in Crypto Currency or Virtual Currency during the year ended March 31, 2022 (Previous year: Nil).
- c. No proceedings have been initiated on or are pending against the Group for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder during the year ended March 31, 2022 (Previous year: Nil).
- d. The Group has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority during the year ended March 31, 2022 (Previous year: Nil).
- e. The Group has not surrendered or disclosed as income any transactions not recorded in the books of accounts in the course of tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961) during the year ended March 31, 2022 (Previous year: Nil).
- f. The Group does not have any transactions with the companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956 during the year ended March 31, 2022 (Previous year: Nil).

Refer Note a below					

Notes to the Consolidated Financial Statements

Note (a) : Return on Investment

$$(MV(T_1) - MV(T_0) - \text{Sum}[C(t)])$$

$$(MV(T_0) + \text{Sum}[W(t) * C(t)])$$

Where,

T₁ = End of time period

T₀ = Beginning of time period

t = Specific date falling between T₁ and T₀

MV(T₁) = Market Value at T₁

MV(T₀) = Market Value at T₀

C(t) = Cash inflow, cash outflow on specific date

W(t) = Weight of the net cashflow (i.e. either net inflow or net outflow) on day 't', calculated as (T₁-t)/T₁

Note 46 : Events occurring after the reporting period

The Group evaluates events and transactions that occur subsequent to the balance sheet date but prior to the approval of financial statements to determine the necessity for recognition and/or reporting of subsequent events and transactions in the financial statements. As of May 18, 2022, there were no subsequent events and transactions to be recognized or reported that are not already disclosed

Note 47 : Dividend

Dividends paid during the year ended March 31, 2022 include an amount of ₹ 7.00 per equity share towards final dividend for the year ended March 31, 2021. Dividends declared by the Group are based on profits available for distribution. On May 17, 2022, the Board of Directors of the Group have proposed a final dividend of ₹ 8.00 per share in respect of the year ended March 31, 2022 subject to the approval of shareholders at the Annual General Meeting.

The Anup Advantages

The Anup Engineering Limited

India's Leading Heat Exchanger Manufacturer

Expertise

- Full range of Engineering services : Thermal, Mechanical, FEA, CFD, 3 D Modelling
- Technology Products such as Helixchanger

Efficient

- Unparalleled Delivery Record
- Versatile and Flexible : Offer equipment from 20 MT to 500 MT weight
- Managing Large Project concurrently

Excellence

- More than 60 years of experience in fabrication of different type of HE
- With Wide Range of metallurgies

Experience

- Supplied Equipment in more than 20 Countries across All continents
- In Compliance with Global Construction codes
